MAILING 01/02/2026

FINAL REGULATIONS - CHAPTER W-2 - BIG GAME

Note: Amendments to the Rules are added in red text and deletions are in red text with strikethrough.

ARTICLE I – General Provisions

#200 – Definitions

See also §33-1-102 C.R.S. and Chapter 0 of these regulations for other applicable definitions.

A. "Antlered" means any deer, elk, or moose with an antler or antlers of at least five (5) inches in length as measured on the outside curve of the antler from the skull to the tip.

B. "Antlerless" means any deer, elk, or moose; including fawn deer and calf elk or moose; without antlers or with antlers of less than five (5) inches in length.

C. "Antler Point" means a projection of the antler at least one (1) inch long and which is longer than the width of its base.

D. "Bait" means any salt, mineral, grain, or other feed. Salt or mineral blocks used for normal agricultural practices are not considered bait.

E. Bighorn Sheep:

1. "One-half (1/2) curl ram" means: A male sheep with a horn or horns that have one (1) or both tips grown at least through one-half (1/2) or 180 degrees of a circle to be measured by first establishing a reference line which bisects the eye and the base of the ear; and which has horn tips which have grown at least as far as the projection of this reference line.

2. "Three-quarter (3/4) curl ram" means: A male sheep with a horn or horns that have one or both tips grown at least through three-quarters (3/4) or 270 degrees of a circle to be measured by first establishing a reference line which bisects the eye and the base of the ear; then by establishing a line which intersects the reference line at the base of the ear, and is perpendicular thereto; and which has horn tips which have grown at least as far as the downward projection of the perpendicular line.

3. "Ewe" means: any female sheep having a horn or horns of at least five (5) inches in length as measured on the outside curve of the horn from the skull to the tip.

F. "Brow tine" means a projection of the antler at least five (5) inches long located on the lower half of the antler.

G. "Buck" means any pronghorn with a black cheek patch and a horn or horns of at least five (5) inches in length as measured on the outside curve of the horn from the skull to the tip, excluding any prong or point occurring between base (skull) and tip.

H. "Doe" means any pronghorn; including fawn pronghorn; without horns, or with a horn or horns of less than five (5) inches in length.

I. "Game Management Objectives" means specific data analysis unit (DAU) objectives relative to long- term population and/or sex ratio objectives.

J. "Intermingled Lands" means lands where: 1) private land deeded to one landowner completely surrounds public land, or 2) public land is intermingled with private lands owned by a landowner

where a quantified access component exists, the landowner possesses some ability to affect game management on the adjacent public land, and the issuance of licenses valid on both private and public lands would help to achieve game management objectives.

K. "Habitat Evaluation Committee (HEC)" means local advisory committees established in units where the Wildlife Landowner Conservation pilot program is implemented.

L. Definitions related to Landowner Preference Program.

1. "**Agricultural Land**" means lands classified for the purposes of taxation as agricultural.

2. "**Broker**" means for a third party to transfer a voucher for compensation or any other consideration, or otherwise arrange for such transfer, on behalf of the landowner, or land manager or on behalf of any individual.

3. **"Land manager"** means an individual designated in writing to CPW by the landowner who is 1) a ranch manager, property manager, business partner, employee, or relative of the landowner who has control of the property or 2) a licensed outfitter or other individual who has entered into a written agreement with the landowner for control of the hunting operations on the property, and who has a working knowledge of the property, including but not limited to, boundaries and access points.

4. "**Landowner**"- means a person that owns private agricultural land in Colorado, as shown by a recorded deed.

5. "**Transfer**"- means to buy, sell, assign, trade, exchange, acquire or otherwise arrange to buy, sell, assign, trade, exchange, acquire or dispose of a voucher.

6. "**Immediate family**"- means the landowner's spouse, parents, grandparent, children, grandchildren, and sibling including in-law and step relations.

7. "**Voucher**"- means a document issued by the division, authorizing the landowner or any individual to whom the document is lawfully transferred to purchase a hunting license for the unit, species, sex and season printed on the document.

8. **"Landowner Preference Program"** – means the license preference program for owners of private agricultural land established by § 33-4-103, C.R.S., and any implementing regulations adopted pursuant thereto.

#205 – Annual Bag Limits and Maximum Numbers of Licenses per Person

A. Deer, elk, pronghorn, black bear, mountain lion, moose, rocky mountain bighorn sheep, and mountain goat, and wild bison.

The annual bag and possession limit for deer, elk, pronghorn, black bear, mountain lion, rocky mountain bighorn sheep, mountain goat, and wild bison shall be the total number of animals taken on all licenses which can be legally obtained by the hunter for each species during that license year, as established in the following lists. Big game taken during a hunting season established as a portion of the preceding license year's hunting seasons shall be counted as part of the preceding year's bag limit. When a license allows hunting in more than one Game Management Unit, the unit listed in the hunt code on the license shall determine the maximum number of annual licenses a license holder may obtain for that species.

Notwithstanding the (“List A,” “List B,” “List C”) license categories set forth in this regulation, any license that is administratively converted to a private-land-only license as part of the Landowner Preference Program will retain the (“List A,” “List B,” “List C”) status of its original hunt code.

1. Deer

    a. One License - Any hunter may obtain one deer license.

    b. Two Licenses - A hunter may obtain two deer licenses if at least one of them is:

        1. a private land only antlered license for GMUs 29, 38, 51, 391 and 461,

        2. a private land only antlerless license,

        3. an over-the-counter either-sex whitetail only license,

        4. an either-sex whitetail only license, except Ranching for Wildlife license, for GMUs 59, 69, 84, 581,

        5. an antlerless whitetail only license, except Ranching for Wildlife license, or

        6. an antlerless license, except for Ranching for Wildlife license, for GMUs 15, 18, 20, 25, 26, 27, 28, 29, 30, 33, 34, 35, 36, 37, 38, 41, 42, 43, 44, 45, 47, 181, 361, 371, 421, 431, 444, 471.

        7. a license issued for hunt code DE087O2X, DE093O2X, DM009L1R, or DM951P5R.

    c. Any Number of Licenses - A hunter may also obtain any number of the following deer licenses:

        1. an auction license,

        2. a raffle license,

        3. a game damage license,

        4. a special population management license (except that a hunter may not purchase more than one extra antlerless Ranching for Wildlife license as provided in #271(A)(2)) , a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments,

        5. a disease management license,

        6. a replacement license for an animal found CWD positive,

        7. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

        8. an Outreach license, as provided in #206(B)(4)(f).

9. a license issued for hunt code DF029P5R, DF038P5R, DF038L1R, DF056L1R, DF069L1R, DF085P5R, DF087O2X, DF091P5X, DF092P5X, DF093O2X, DF096P5X, DF096P6X, DF101O2X, DF104L3R, DF391P5R or DF481P5R.

2. Elk

a. One License - Any hunter may obtain one elk license.

b. Two Licenses - A hunter may obtain two elk licenses if at least one of them is

1. a private land only antlerless license,

2. an over the counter antlerless archery license,

3. an antlerless license, except for Ranching for Wildlife license, issued for GMUs 1, 2, 6, 10, 16, 17, 18, 21, 22, 30, 31, 32, 38, 40, 41, 42, 43, 44, 45, 47, 50, 52, 59, 82, 85, 86, 133, 134, 140, 141, 142, 161, 171,181, 201, 411, 421, 431, 444, 471, 500, 501, 511, 512, 581, 591, 682, 691, 791, 851, or 861,

4. a license issued for hunt codes EF009L1R, EM682P5R or EM682P6R.

c. Any Number of Licenses - A hunter may also obtain any number of the following elk licenses:

1. antlerless private land only license for GMUs 104, 391 or 461,

2. any over the counter either-sex license, except archery license, issued for GMUs 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 129, 130, 132, 135, 136, 137, 138, 139, 143, 144, 145, 146, 147, or 951,

3. a license issued for hunt code, EF020L3R, or EF128L1R.

4. an auction license,

5. a raffle license,

6. a game damage license,

7. a special population management license (except that a hunter may not purchase more than one extra antlerless Ranching for Wildlife license as provided in #271(A)(2)) , a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments,

8. a disease management license,

9. a replacement license for an animal found CWD positive,

10. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

11. an Outreach license, as provided in #206(B)(4)(f).

3. Pronghorn

   a. One license - Any hunter may obtain one pronghorn license.

   b. Two licenses - A hunter may obtain two pronghorn licenses if at least one of them is:

      1. a private land only license,

      2. a doe license, except for Ranching for Wildlife license, issued for GMUs 105, 106, 107, 109, 110, 111, 112, 113, 114, 115, 116, 117,118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146 or 147,

   c. Any Number of Licenses - A hunter may also obtain any number of the following pronghorn licenses:

      1. an auction license,

      2. a raffle license,

      3. a game damage license, if available,

      4. a special population management license, a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments,

      5. a disease management license, if available,

      6. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

      7. an Outreach license, as provided in #206(B)(4)(f).

4. Bear

   a. One license - Any hunter may obtain one bear license.

   b. Two licenses - A hunter may obtain two bear licenses if at least one of them is a private land only license or a bear license, except for a Ranching for Wildlife license, in GMUs 1, 2, 3, 4, 5, 6, 10, 11, 12, 13, 14, 16, 17, 21, 22, 23, 24, 25, 26, 30, 31, 32, 33, 34, 35, 36, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 70, 71, 72, 73, 74, 75, 77, 78, 131,161, 171, 201, 211, 214, 231, 301, 361, 391, 411, 421, 431, 441, 444, 461, 471, 481, 500, 501, 511, 521, 561, 581, 591, 711, 741, 751 or 771.

   c. Any Number of Licenses - A hunter may also obtain any number of the following bear licenses:

      1. a game damage license, if available,

2. a disease management license, if available,

3. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J),

4. a special population management license, a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments.

5. a license issued for hunt code BE087U6R.

6. A private land only license in GMUs 14, 25, 26, 30, 31, 32, 34, 35, 36, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 56, 57, 58, 59, 60, 61, 62, 64, 65, 70, 71, 72, 73, 74, 75, 77, 78, 104, 131, 361, 391, 411, 421, 431, 444, 461, 471, 481, 500, 501, 511, 521, 561, 581, 711, 741, 751, or 771.

5. Moose

a. One License - Any hunter may obtain one moose license. The lifetime bag limit for antlered moose is one, except when taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272. Any person who harvests an antlered moose shall be ineligible to draw either an antlered or either-sex license.

b. Any Number of Licenses - A hunter may also obtain any number of the following moose licenses:

1. an auction license,

2. a raffle license,

3. a game damage license, if available,

4. a special population management license, a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments,

5. a disease management license, if available,

6. a replacement license for an animal found CWD positive,

7. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

6. Mountain Lion

a. One License - Any hunter may obtain one mountain lion license.

b. Any Number of Licenses - A hunter may also obtain any number of the following mountain lion licenses:

1. a game damage license, if available,

2. a disease management license, if available,

3. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

7. Bighorn Sheep

a. One License - Any hunter may obtain one rocky mountain bighorn sheep license or one desert bighorn sheep license. The lifetime bag limit for desert bighorn sheep is one. Provided further that application restrictions in regulation #206 apply. The lifetime bag limit for a bighorn sheep ram is one for rams harvested after January 1, 2028, except when taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272. Any person who harvests a ram, after January 1, 2028, shall be ineligible to draw a ram or either-sex license unless harvested on one of the above listed exempted licenses.

b. Any Number of Licenses - A hunter may obtain any number of the following bighorn sheep licenses:

1. an auction or raffle license for rocky mountain bighorn sheep,

2. a special bighorn sheep management license, a special allocation Ranching for Wildlife license for donation to youths or hunters with mobility impairments,

3. a disease management license, if available,

4. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

8. Mountain Goat

a. One License - Any hunter may obtain one mountain goat license. Provided further that application restrictions in regulation #206 apply. The lifetime bag limit for a mountain goat harvested with a male or either-sex license is one if harvested after January 1, 2028, except when taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272. Any person who harvests a male goat, after January 1, 2028, shall be ineligible to draw a male or either-sex license unless harvested on one of the above listed exempted licenses.

b. Any Number of Licenses - A hunter may obtain any number of the following mountain goat licenses:

1. an auction or raffle license for mountain goat,

2. a special mountain goat management license, if available,

3. a disease management license, if available,

4. a rewards program license (except that a hunter may not be issued more than one Turn In Poachers (TIPS) license per year, as provided in #002(J).

9. Wild Bison

    a. One License – Any hunter may obtain one wild bison license. The lifetime bag limit for wild bison is one, except when issued in accordance with regulation #230, #271, or #272. Provided further that application restrictions in regulation #206 apply.

B. Exceptions to Bag Limit Calculation. The following big game animals shall not be counted against an annual bag and possession limit for that species:

1. Accidental Hunter Take: Any big game animal accidentally taken by a hunter, provided that prior to any further hunting the individual self-reports the incident to the Division as soon as practicable and the Division verifies the claim of accidental kill. For the purposes of this regulation an "accidental kill" means any unintentional taking of wildlife not resulting from carelessness or negligence on the part of the hunter.

    a. Determination of whether the taking involves carelessness or negligence shall be based on a consideration of the totality of circumstance surrounding the taking including but not necessarily limited to, number of shots fired, number of animals present, number of animals killed or wounded, type of firearm or ammunition used, angle and distance of shot, species of animal, topography, ground cover, and light or weather conditions.

2. Accidental Vehicle Kills: Any big game animal accidentally killed by a motor vehicle or train shall not be counted against an annual bag limit for that species.

3. Damage Kills: Any big game animal causing damage and taken under the authority of §33-3-106 C.R.S.

4. Southern Ute Tribal Lands: Any big game animal taken on a Southern Ute Tribal Lands permit.

#206 – Applications and Drawings for Limited Licenses

A. Exceeding of Quota: The Division shall only exceed the number of licenses authorized by the Commission:

1. If there is proof of Division error in the application for or issuance of a limited license, provided that the director or his designee determines there will be no detrimental impact to the subject wildlife population.

2. To issue licenses to hunters with mobility impairments or United States Armed Services Wounded Warrior hunters, who qualify for such licenses in accordance with regulation #206(B)(4)(g) or #206(B)(4)(h), provided there is no detrimental impact to the established herd population and sex ratio objectives. For each of these two programs:

    - no more than 100 limited antlerless deer, 100 limited doe pronghorn, and 200 limited antlerless elk licenses may be issued each year.

    - no more than 100 total antlered or either-sex licenses for deer or elk and buck pronghorn licenses in the aggregate may be issued each year.

    Provided further, that limited license numbers for wildlife ranching properties cannot exceed the levels established by the Division and the landowner on the Ranching for Wildlife Seasons Form.

B. Application and Drawing Provisions and Restrictions:

1. General Provisions and Restrictions

a. Number of Applications: No person may submit more than one application per year for the regular drawing process for a limited license for any big game species, or more than one application per year for the secondary draw for any species.

b. Additional Choice Applications: Any additional choice on any application must be for the same species as the first choice.

c. Valid Applications: Only complete and correct application forms will be accepted. Any forms involved in a violation of (a) or (b) above will be considered to be incorrect. Any incorrect application by one member of a group will invalidate the entire application.

d. To be eligible for any big game license draw an individual must have first purchased either a veterans lifetime resident combination license, a first responder lifetime resident combination license, an annual small game license, an annual small game/fishing combination license, an annual senior small game/fishing combination license, a senior lifetime fishing upgrade to an annual combination small game/fishing combination license, or an annual spring turkey license valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply.

1. To be eligible for the Secondary Draw, an individual must have first purchased either an annual fall turkey license valid for the same license year as the big game license for which they are applying or any one of the licenses listed in #206.B.1.d. valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply for the Secondary Draw.

e. Until January 1, 2028, Group Applications: Group applications are accepted for the regular drawing for all species except moose and desert bighorn sheep, with no limit on the number of applicants per group except as follows:

Bighorn Sheep	2 applicant maximum
Mountain Goat	2 applicant maximum

Provided further that residents and nonresidents may not apply for the sheep or mountain goat on the same group application.

Beginning January 1, 2028, Group Applications: Group applications are accepted for the regular drawing for all species with no limit on the number of applications per group except as follows:

Bighorn Sheep	2 applicant maximum
Mountain Goat	2 applicant maximum
Moose	2 applicant maximum

Provided further that residents and nonresidents may not apply for the sheep, mountain goat, or moose hunt codes on the same group application.

f. Ranching for Wildlife: Non-residents are not eligible to apply for public Ranching for Wildlife licenses for any big game species.

g. Bighorn Sheep Access Program: Non-residents are not eligible to apply for public Bighorn Sheep Access Program licenses.

2. Restrictions by Species

a. Until January 1, 2028, Bighorn Sheep: Any person who harvests a Rocky Mountain bighorn sheep ram, except one taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for, or participate in the drawing for a Rocky Mountain bighorn sheep ram license for the five years following the year in which the harvest occurred. During this five-year period a person may apply for a ewe license, but if unsuccessful will not receive preference points or chances. Any person who harvests a desert bighorn sheep, shall never again be eligible to apply for or participate in a desert bighorn sheep license drawing.

Bighorn Sheep: Any person who harvests a Rocky Mountain bighorn sheep ram, on or after January 1, 2028, except one taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272, shall not be eligible:

1. to apply for, or purchase another license for a Rocky Mountain bighorn sheep ram.

2. to apply for a point, or participate in the drawing for a ewe-only license for the five years following the year in which the harvest occurred.

Any person who harvests a desert bighorn sheep, shall never again be eligible to apply for or participate in a desert bighorn sheep license drawing.

b. Until January 1, 2028, Mountain Goat: Any person who harvests a mountain goat, except one taken on an auction or raffle license, a special goat management license, a rewards program license, or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for or participate in the drawing for a mountain goat license for the five years following the year in which the harvest occurred.

Mountain Goat: Any person who harvests a mountain goat on a male or either-sex license on or after January 1, 2028, except one taken on an auction or raffle license, a special goat management license, a rewards program license, or a license issued in accordance with regulation #271 or #272, shall not be eligible:

1. to apply for or purchase a male or either-sex mountain goat license.

2. to apply for a point, or participate in the drawing for a nanny-only license for the five years following the year in which the harvest occurred.

c. Until January 1, 2028, Moose: Any person who harvests an antlered moose, except one taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272 shall never again be eligible to apply for or participate in an antlered or either-sex moose license drawing.

Beginning January 1, 2028, Moose: Any person who harvests an antlered moose, except one taken on an auction or raffle license, a rewards program license, or a license issued in accordance with regulation #271 or #272, shall never again be eligible:

1. to apply for or purchase an antlered or either-sex moose license.

2. to apply for a point or participate in the drawing for an antlerless moose license for the five years following the year in which the harvest occurred.

3. Application Submittal

   a. Applications for limited licenses will be accepted only by methods (on-line or by phone) provided by the Division.

   b. Application submittal shall include a non-refundable application fee for residents and nonresidents in accordance to the fee structure in Chapter W-0 Appendix F.

   c. Applications for the regular drawing must be submitted appropriately no later than 8:00 PM Mountain Time on the first Tuesday in April. Applications not submitted by this deadline are void.

4. Preference Systems

   Note: see also §33-4-103, C.R.S.

   a. Landowner Preference: General Provisions

      1. Preference for hunting licenses under the Landowner Preference Program shall only be given to eligible landowners who apply using the Landowner registration form(s) provided by the division. Only complete and correct registration forms will be accepted. Except for the carryover registration provided in § 33-4-103(2)(c), C.R.S., registration in the Landowner Preference Program is valid for 5 years. All landowners shall re-register their properties every 5 years (or on or before July 1, 2016 for carryover registrations) to continue participation, if desired, in the Landowner Preference Program.

      2. As a condition of registration and participation in the Landowner Preference Program, landowners shall provide and maintain accurate ownership information with the division for all lands registered in the Program. During the statutory period of carryover registration provided in §33-4-103(2)(c), C.R.S., and any five-year registration period, landowners shall notify the division of any changes to required registration information in writing within 30 days.

      3. Landowner preference is species specific and available only in units that are totally limited for all rifle licenses for deer, elk or pronghorn and vouchers will be allocated to eligible landowners by unit, species, sex and season. In units where vouchers remain after the initial allocation, eligible landowners may apply for the unused vouchers and shall pay $25 for each reallocated female (antlerless/doe) and $40 for each either-sex or male (antlered/buck) voucher. Unsuccessful applicants will receive a refund check.

      4. Vouchers not otherwise allocated to landowners as part of the Landowner Preference Program shall be made available as licenses to the general public in the remaining limited licenses draws or sales.

5. All landowners and hunters participating in the Landowner Preference Program shall file reports using the forms provided by the division. Reports must be complete and correct, and submitted to the Division by within 30 days after the close of the season.

6. Landowners and their registered properties may be audited for compliance with eligibility requirements of the Landowner Preference Program during any carryover or 5-year registration period. Notice of any noncompliance will be provided in writing to the landowner and the landowner shall have 30 days to resolve the noncompliance or withdraw the property from the Landowner Preference Program.

b. Landowner Preference: Voucher Requirements and Restrictions

1. Vouchers shall only be transferred by the landowner or the landowner's land manager, if any, directly to an individual to be used by that individual for the purchase of a license. Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.

2. The transfer of any voucher must include permission to access and hunt all lands in the unit registered in the Landowner Preference Program for the entire season for which the voucher was awarded. Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.

3. The transfer of a voucher by any person other than the landowner or the landowner's land manager to any person other than an individual for purchase of a license is prohibited. Violation of this prohibition shall void the voucher and any license purchased with it.

4. No person shall broker a voucher on behalf of any landowner or person, or use or possess any brokered voucher. Violation of this prohibition shall void the voucher and any license purchased with it.

c. Landowner Preference: Disqualification

1. Landowners, or the landowner's land manager, who fail to comply with any requirements of the Landowner Preference Program, may be disqualified from participation in the Program for up to five years. Disqualification of a joint or co-owner of property registered with the Landowner Preference Program shall disqualify all other joint or co-owners of the registered properties from participation in the Program.

2. Disqualification of a landowner from the Landowner Preference Program shall invalidate all preference points associated with property registered by the landowner in the Program.

3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Landowners that have been disqualified from participation in the Landowner Preference Program shall be required to re-register at the end of their period of disqualification and prior to further participation, if desired, in the Program.

4. Any other person that fails to comply with any requirements of the Landowner Preference Program may also be disqualified from participation in the Landowner Preference Program for up to five years. Any person disqualified shall not participate in the Landowner Preference Program in any manner, including, but not limited to, as a landowner, as a landowner's land manager, enrolling properties in any name,

submitting applications for vouchers, receiving vouchers, transferring vouchers, redeeming vouchers or using licenses obtained with vouchers.

5. Any person convicted of a violation of the Landowner Preference Program will be given notice in writing of their possible disqualification from the Landowner Preference Program and the opportunity to appear and show cause why they should not be disqualified from participation in the Program. Any such disqualification hearing shall be held in the Denver office of the division, or at another location acceptable to the division. Notice of any resulting disqualification shall be sent to the person by certified mail, return receipt requested.

d. Landowner Preference: Ute Mountain Ute Tribe and Pinecrest Ranch

1. The Ute Mountain Ute Tribe (UMU Tribe) owns the Pinecrest Ranch, identified by the Gunnison County assessor as Parcel Id. Nos. 4049-000-00-005, 4049-000-00-018, 3983-000-00-046 and 3981-000-00045.

2. The UMU Tribe may transfer LPP vouchers yielded by the Pinecrest Ranch to any person consistent with § 33-4-103, C.R.S. and the Commission's implementing regulations. If the UMU Tribe transfers such a voucher to a nonresident, enrolled member of the UMU Tribe, such member may elect to redeem the voucher for a reduced price equal to the price a resident would pay for the same license. Provided, however, any license obtained at a reduced price is only valid on the Pinecrest Ranch.

3. In order to redeem a voucher at a reduced price, the recipient must visit a CPW office in person, present a valid voucher, and show proof of enrollment by presenting UMU Tribal identification. The Division shall manually issue licenses redeemed at the reduced price.

e. Youth Preference - a minimum of 15 percent of the number of the limited doe pronghorn licenses, limited either-sex and antlerless deer licenses and limited antlerless elk licenses established for each GMU shall be made available for purchase by qualified youth applicants. Licenses shall be available through application and computer selection from the Division headquarters, 6060 Broadway, Denver, CO 80216. Licenses not allocated to youth shall be made available to the general public in the remaining drawings.

1. Any eligible hunter, ages 12-17 is entitled to youth hunt preference for all seasons and methods of take for the license types listed in the preceding paragraph, except that public, non-youth only Ranching for Wildlife and Air Force Academy licenses shall not be included in this preference. The applicant must submit an individual application for the desired, eligible license on forms provided by the Division. Group applications will not be accepted for youth preference. Where more than one (1) hunt code choice is shown on the application, all hunt codes must be youth preference-eligible hunt codes or youth-only hunt codes.

2. Youth preference will be set at 50% for all antlerless deer licenses in GMUs 54, 55, 66, 67, and 551.

3. Youth preference will be set at 50% for licenses issued under hunt code DF006P5R.

f. Outreach Hunting Licenses – The Director may make additional outreach program deer, elk and pronghorn licenses available to qualified organizations sponsoring youth, novice adult, or disabled veteran hunting activities.

1. There will be no more than 600 elk licenses (100 antlered or either-sex, 500 antlerless), no more than 400 deer licenses (100 antlered or either-sex, 300 antlerless) and no more than 400 pronghorn licenses (60 buck or either-sex, 340 doe) issued annually under this subsection.

2. Licenses in game management units with at least one hunt code requiring 6 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection unless the request is for a hunt exclusively on private land.

3. Licenses are issued on a first come, first served basis to qualified organizations. No more than 10 licenses may be issued per event to any single requesting organization.

4. Requested dates for hunting events must occur between August 15 and January 31 each year.

5. Organizations who wish to request an Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.

6. Licenses are limited to the following:

    a. Youth Outreach Hunting Licenses - Limited to youth hunters 12 to 17 years of age.

    b. Novice Adult Hunting Licenses - For the purpose of these regulations a novice adult hunter is defined as a Colorado resident 18 years of age or older, who has either: no big game license purchase history, only held a big game hunting license(s) in the current or previous year, or has no big game license purchase history in the previous five years.

    c. Disabled Veterans Outreach Hunting License - A disabled veteran for this purpose is defined as a honorably-discharged veteran with written proof to the Division of the following:

        i. DD 214 Form or other documentation indicating the veteran received an Honorable Discharge from a branch of the Armed Services of the United States, AND

        ii. A qualification letter, on official stationary/letterhead, from the Veteran's Administration, Department of Veteran's Affairs, or the branch of service from which the veteran is receiving compensation, that states one of the following:

            1. 50% or greater, service-connected permanent disability;

            2. Loss of use of one or both feet;

            3. Loss of use of one or both hands; or a

            4. Loss of vision in both eyes

g. Hunting Licenses for Hunters with Mobility Impairments - The Director may make certain deer, elk, and pronghorn licenses available to qualified hunters with mobility impairments.

1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.

2. Applications for antlerless deer and elk and doe pronghorn licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the Division, Limited License Office, 6060 Broadway, Denver, Colorado, 80216. Applications for antlered deer and elk and pronghorn buck licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons.

3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. For the 2001 seasons and thereafter, once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.

4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in #250, #257, and #262 of these regulations. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.

5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.

6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify as mobility-impaired in instances where an organization assisting hunters with mobility impairments has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.

7. Hunting licenses for hunters with mobility impairments will be valid only for the season dates and any units included in the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.

h. Wounded Warrior Hunting Licenses - The Director may make certain deer, elk, and pronghorn licenses available to qualified participants in any United States Armed Services Wounded Warrior programs.

1. Applicants must be members of the United States Armed Forces, who are residents of, or stationed in, Colorado returning from post-September 11, 2001 overseas contingency operations who have been so severely injured during combat, including combat-related support activities, that they will require years of intense, ongoing care or assistance. Additionally, applicants must be members of a United States Armed Services Wounded Warrior program, as defined in 33-4-102(1.9) C.R.S., and must be assigned to a military medical treatment facility at the time of application for this program.

2. Applications shall contain a statement from a licensed medical doctor certifying the applicant's eligibility under the criteria in 1 above. Additional documentation may be required if necessary to establish the applicant's eligibility under this program.

3. Applications for antlerless deer and elk and doe pronghorn licenses shall be made on the form available from the Division, Limited License Office, 6060 Broadway, Denver, Colorado. Applications for antlered deer and elk and pronghorn buck licenses shall be made on the form available from the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons. Licenses issued under this program shall be issued as free licenses.

4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in 250, 257, and 262 of these regulations. Licenses issued for military installations will be exempted from these minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.

5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. Licenses issued for military installations will be exempted from these preference point and minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.

6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify under this program in instances where an organization assisting Wounded Warrior hunters has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.

7. Wounded Warrior hunting licenses will be valid only for the season dates and any units included in the authorized hunt code. Wounded Warrior hunting licenses may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.

i. Dream Hunt Hunting Licenses – The Director may make available additional deer, elk, pronghorn, mountain lion and black bear licenses to individuals qualified under this subsection.

1. Applicants for Dream Hunt licenses must be at least 12 and under 22 years of age, and must have a terminal illness or a life-threatening disease or injury.

2. A request for a Dream Hunt license must be made, in writing, by a sponsoring organization, documenting the individual's life-threatening or terminal condition, desired, hunt experience, desired location, time frame and logistical considerations. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.

3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.

4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.

j. Preference Points and Chances

1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:

a. Until January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year rolling average for the previous three limited license draws with a one year lag. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.

Beginning January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited

license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies for a preference point only (no hunt codes) in the regular drawing. Preference points gained will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. A split draw will be used in the regular drawing where the quota for each hunt code will be divided with half of the quota going to a preference point draw, and half going to a bonus draw. In the bonus draw, for every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. When an applicant obtains a first choice license in the regular drawing, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or a point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued all accumulated preference points for that species become void.

b. Until January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

Beginning January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license or who applies for a preference point only (no hunt codes) in the regular drawing. In order to draw a male or either-sex license the person must have a minimum of three (3) preference points for that species. For every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant receives a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

c. Until January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a $50 fee to receive a preference point or weighted preference point. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a $100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.

   Beginning January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice or a resident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a $50 fee to receive a preference point. For deer, elk, bear, and pronghorn a $X fee will be assessed to receive a preference point for those species. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice or a nonresident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a $100 fee to receive a preference point. For deer, elk, bear, and pronghorn a $Y fee will be assessed to receive a preference point for those species.

   The fee, per species, shall entitle the hunter to a preference point for any unsuccessful first choice regular drawing application. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point for that application. Youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado are exempt from preference point fees.

d. Until January 1, 2028, applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

   Beginning January 1, 2028, applications with higher preference points will be given priority over all applications with fewer points in the preference point half of the draw. In the preference point half of the draw, group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group. In the bonus half of

the split draw, group applicants will receive one application per preference point held by the group member with the lowest number of preference points, plus one. Group applications will not be successful when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

e. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

5. Drawing Processes

a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.

b. Beginning January 1, 2028, for the general public drawing for deer, elk, bear and pronghorn, a split draw will be used where the remaining quota (after the landowner and youth preference draws) for each hunt code will be divided, with half of the quota going to a preference point draw, and half going to a bonus draw. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. The regular drawing shall be run processing all first choice applications for the preference point draw first, followed by all first choice applications for the bonus points draw before moving to second choice applications. The regular drawing will continue in that order, until all choices are processed.

c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.

d. Nonresident hunter drawing limitations (until January 1, 2028 first choice applications only, beginning January 1, 2028, first and second application only)

1. Nonresident hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.

2. Until January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available deer, elk, bear and pronghorn licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer, elk, bear and pronghorn licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a rolling three-year average for the previous three limited license draws with a one year lag. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.

Beginning January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available deer, elk, bear, and pronghorn licenses per hunt code in the regular drawing during the first and second choices of the draw. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.

6. Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions

   a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost, except the following licenses will not be issued through a secondary drawing process:

      1. Until January 1, 2028, any license that required five (5) or more resident preference points to draw as determined by the current year's limited license draw unless the license cannot be manually reissued to one of the first five (5) people on the regular draw list prior to the opening of the secondary drawing application period, and

         Beginning January 1, 2028, any surrendered or returned license that was drawn during the regular drawing that can be automatically reissued to the applicant next up in line in the draw order by residency prior to the opening of the secondary drawing application period. During the regular draw application the applicant will have the opportunity to opt-in/opt-out of being added to the automatic reissue list by hunt code, and

      2. Public Ranching for Wildlife licenses.

   b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.

   c. There is no landowner preference for the secondary draw.

   d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.

   e. Group applications are not accepted for the secondary draw.

   f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.

   g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the last business day in June. Applications not submitted by this deadline are void.

   h. Secondary draw applications not submitted by 8:00 PM Mountain Time the last business day in June will become void.

   i. Until January 1, 2028, except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

Beginning January 1, 2028, except for Ranching for Wildlife licenses, any deer, elk, bear or pronghorn licenses remaining after the secondary draw, that cannot be auto-reissued will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

ARTICLE III – Bighorn Sheep

#218 – Season Dates, Hunt Type, Units (As Described in Chapter 0 of These Regulations), and License Numbers

A. All rams taken shall be one half (1/2) curl or larger unless otherwise specified in these regulations.

1. Archery Season Dates, Units, License Types and Numbers

ARTICLE VI – Mountain Lion

#242 – Rifle and Associated Methods Mountain Lion Seasons

A. General and Extended Seasons

1. Dogs may be used to hunt mountain lion. However, the pack size shall be limited to no more than eight (8) dogs.

2. The hunter that takes a mountain lion shall be present at the time and place that any dogs are released on the track of a mountain lion and must continuously participate in the hunt until it ends. After a mountain lion has been pursued, treed, cornered or held at bay, a

properly licensed person shall take or release the mountain lion immediately. No person shall in any manner restrict or hinder the mountain lion's ability to escape for the purpose of allowing a person who was not present at the time and place that any dogs were released, to arrive and take the mountain lion.

3. Hunt Type, Dates, Units (as described in Chapter 0 of these regulations), and Harvest Limit Quotas.

   a. Mountain Lion, Either-sex Season and Harvest Limits – In Game Management Units, as follows, with seasons as specified starting mid November 2025:

Units	Seasons	Lion Harvest Limit
1, 2, 3, 10, 11, 21, 22, 30, 31, 32, 201, 211, 301	Mid November* – March 31 of the following year, annually	85
4 , 5, 12, 13, 14, 23, 24, 33, 131, 214, 231, 441	Mid November* – March 31 of the following year, annually	75
6, 15, 16, 17, 18, 25, 26, 27, 28, 34, 35, 36, 37, 161, 171, 181, 361, 371	Mid November* – March 31 of the following year, annually	36
7, 8, 9, 19, 20, 29, 38, 191	Mid November* – March 31 of the following year, annually	28
39, 46, 50, 51, 391, 461, 500, 501	Mid November* – March 31 of the following year, annually	19
40, 41, 42, 47, 421, 471	Mid November* – March 31 of the following year, annually	31
43, 44, 45, 431, 444	Mid November* – March 31 of the following year, annually	33
48, 49, 56, 57, 58, 481, 561, 581	Mid November* – March 31 of the following year, annually	~~10~~30
~~49, 57, 58, 581~~	~~Mid November* – March 31 of the following year, annually~~	~~12~~
52, 53, 63, 411, 521	Mid November* – March 31 of the following year, annually	31
54, 55, 66, 67, 551	Mid November* – March 31 of the following year, annually	~~18~~20

Units	Seasons	Lion Harvest Limit
59, 511, 591	Mid November* – March 31 of the following year, annually	9
60, 61, 70~~ west of Colo 141, 72, 73~~	Mid November* – March 31 of the following year, annually	~~31~~24
62, 64, 65~~, 70 east of Colo 141, 71, 711~~	Mid November* – March 31 of the following year, annually	~~48~~25
68, 76, 79, 82, 681, 682, 791	Mid November* – March 31 of the following year, annually	16
69, 84, 85, 86, 691, 851, 861	Mid November* – March 31 of the following year, annually	~~35~~47
71, 72, 73, 711	Mid November* - March 31 of the following year, annually	30
74, 75, 77, 78, 741, 751, 771	Mid November* – March 31 of the following year, annually	23
80, 81, 83	Mid November* – March 31 of the following year, annually	18
~~85, 851~~	~~Mid November* – March 31 of the following year, annually~~	~~25~~
87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 106, 107, 109, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 132, 139, 145, 951	Mid November* – March 31 of the following year, annually	5
104, 105, 110, 128, 129, 130, 133, 134, 135, 136, 137, 138, 140, 141, 142, 143, 144, 146, 147	Mid November* – March 31 of the following year, annually	22
TOTAL		**~~610~~607**

* The November opening date is the day after the close of the final combined deer and elk rifle season annually.

B. Licenses and GMU Harvest Limit Status

1. A valid mountain lion license is required to hunt any mountain lion.

2. Except as provided in 33-3-106 C.R.S., it is unlawful for any person to purchase or obtain a mountain lion hunting license or hunt mountain lions unless the person obtains a mountain lion education certificate issued by the Division attesting to the person's successful completion of the Division's certified mountain lion education and identification course. Any person required to obtain such a certificate shall have the certificate on his or her person while hunting or taking mountain lion.

3. Prior to each hunting trip in any game management unit, but not earlier than 5:00 p.m. of the day before hunting, lion hunters must check the *Available Lion Harvest Limit Report* on the Division website or any Division office to determine which game management units have not reached the unit harvest limit and are open to hunting. It shall be unlawful to hunt in a unit after it is closed.

C. Special Restrictions

1. Reporting and Sealing

   a. The taking of mountain lions by licensed hunters shall be reported to the Division within 48 hours after the taking thereof, and except as provided in these regulations, the lion shall be personally presented by the hunter for inspection and sealing within five (5) days after the taking thereof. Mountain lion heads and hides must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads and hides as necessary for thawing sufficient to extract a premolar tooth. A mandatory check report shall be completed at the time of inspection.

   b. At the time of the mandatory check, the Division shall be authorized to extract and retain a premolar tooth.

2. The legal possession seal when attached to the mountain lion skull or hide shall authorize possession, transportation, tanning or mounting thereof. No fee shall be required for the inspection and issuance of a legal possession seal which shall remain attached to the skull or hide until processed. Mountain lions shall not be transported, shipped or otherwise taken out of Colorado until the hide and skull are inspected and sealed.

3. Lions with Kittens – No person shall kill a mountain lion accompanied by one or more kittens or kill a kitten.

4. "Kitten" shall mean a lion with spots.

ARTICLE VIII – Deer

#251-253 – Vacant

ARTICLE IX – Elk

#254 – Antler Point Restrictions by Unit - Elk

A. All antlered elk taken in the following game management units during any established season, including archery, muzzle-loading rifle or rifle seasons, shall have four (4) or more points or a brow tine on one antler: GMU's 3, 4, 5, 6, 7, 8, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 23, 24, 25, 26, 27, 28, 30, 31, 32, 33, 34, 35, 36, 37, 38, 41, 42, 43, 44, 45, 47, 52, 53, 54, 55, 59, 60, 62, 63, 64, 65, 66, 67, 68, 70, 71, 72, 73, 74, 75, 77, 78, 79 ~~(except as referenced in 254.D)~~, 80, 81, ~~82 (except as referenced in 254.D)~~, 83, 85, 86, 131, 140, 161, 171, 181, 191, 211, 214, 231, 301, 361, 371, 411, 421, 431, 441, 444, 471, 511, 521, 551, 581, 591, 681, 691, 711, 741, 751, 771, 851, and 861.

B. There are no antler point restrictions for elk taken during any established season, including archery, muzzle-loading rifle or rifle seasons, in the following game management units: 1, 2, 10, 20, 29, 39, 40, 46, 48, 49, 50, 51, 56, 57, 58, 61, 69, 76, 82, 84, 201, 391, 461, 481, 500, 501, 561, 591, 682, 791, or in any unit east of I-25 except 140.

C. Antler point restrictions on Ranching for Wildlife properties shall follow the antler point restrictions for the GMU/DAU in which the ranch is located. Where a ranch spans multiple GMU/DAUs the most restrictive of the restrictions shall be applied to the entirety of the RFW enrolled property.~~There are no antler point restrictions for elk on Ranching For Wildlife properties during Ranching For Wildlife seasons, except in those GMUs most impacted by the severe winter of 2022-2023. All antlered elk taken on any enrolled Ranching For Wildlife properties within GMUs 3, 4, 5, 11, 12, 13, 14, 23, 24, 25, 26, 33, 34, 131, 211, 214, 231, 301, 441 shall have four (4) or more points or a brow tine on one antler, effective for all 2024-2025 and 2025-2026 hunting seasons.~~

D. There are no antler point restrictions for elk licenses issued for the following hunt codes: EM682P5R, EM682P6R.

#255 – Archery Elk Seasons - Only Lawful Hand Held Bows May Be Used to Hunt or Take Elk During the Following Seasons:

A. Early Seasons - None

B. Regular Archery Elk Seasons

C. Special Restrictions

1. All moose licensees shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their hunting season. Any moose licensee who does not complete and return the mandatory questionnaire as required shall not be considered for any future moose license.

2. All moose harvested through hunting shall be submitted for inspection to an employee of the Division on or before the 5th working day after the taking thereof. Any licensee who takes an antlered moose shall personally present the head, with antlers attached, to any Division office. Any licensee who takes an antlerless moose shall personally present a front incisor tooth or the entire head to any Division office. Moose heads must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads as necessary for thawing sufficient to extract the incisor teeth. A mandatory check report shall be completed at the time of inspection.

3. At the time of the mandatory check, the Division shall be authorized to extract and retain the incisor teeth.

Basis and Purpose:

These regulations amend Chapter 2 – Big Game – of the Parks and Wildlife Commission Regulations and implement 2026 bighorn sheep, mountain goat license numbers and the 2026 mountain lion harvest limits. They also amend season dates for the 2026 big game seasons. These regulations are designed to manage statewide big game herds at herd objective levels and provide a diversity of hunting recreation opportunities for resident and nonresident hunters throughout Colorado; to minimize or control local game damage situations; and to provide opportunity for landowners to cooperatively manage wildlife with the Division. These modifications are the result of public involvement and application of biological information on deer, elk, pronghorn, bear, and moose. All regulation changes are based on the best available biological information and are designed to manage big game herds towards stated objectives. Specific changes include:

Multiple Species

Expanding lifetime bag limits to include reward program licenses

Currently, there is a lifetime limit on harvesting male moose, ram bighorn sheep, and male mountain goats with a standard license. Once a hunter harvests one, they can't apply for another male license for that species. However, certain licenses—like those from auctions or raffles—are exceptions to this rule. Additionally, licenses received through the "Turning in Poachers" (TIPS) program are not included as an exception. This has created a problem, where a hunter who used a TIPS license to harvest a moose now can't apply for another male moose license ever again. To continue encouraging hunters to report poaching these regulations should be updated to include TIPS licenses in the exempted lifetime bag limits. This would allow hunters to receive a reward for reporting wildlife crimes without sacrificing their future opportunities to hunt these species through the regular draw.

Deer

Removing deer hunt codes DM004P5A and DF004P5A

Residents living within the city limits of the City of Craig have been dealing with deer causing property damage for many years now. In response to the issue, private-land-only (PLO) archery hunt codes were created for antlered and antlerless deer, intending to reduce the deer population just outside the city back in 2009. Hundreds of these licenses were initially issued. However, wildlife officers soon found hunters illegally using the licenses outside of the designated 15-square-mile area. They also saw an increase in calls about wounded deer in city limits. Due to these issues, the number of licenses was reduced to 10 each. However, the hunt codes have not had the desired effect of reducing the deer population in the greater Craig area and therefore should be removed.

Creating a private-land-only urban deer management hunt code in game management unit 84

In the Southeast region, the residents of Colorado City and Rye are experiencing increasing conflicts with the urban deer populations that live there. These conflicts include issues like deer entanglements in fences, roadkill, and damage to landscaping. Residents have expressed concern about the growing deer population during a community meeting hosted by CPW. The majority of residents also feel there are too many deer and support a population reduction. Two management options were considered during the

meeting: an in-town archery hunt or a private-land-only doe hunt. Due to safety concerns regarding the archery hunt, residents favored the private-land-only option. Based on this feedback, it is recommended to create a special antlerless deer license for the conflict area. This new license, valid from August 15 to October 15, will allow a targeted reduction of the deer population within the specific boundaries of Colorado City and Rye.

Creating a limited fourth rifle season antlered hunt code in data analysis unit D-19

Chronic Wasting Disease (CWD) is a growing problem in Colorado, including in the data analysis unit D-19 on the Uncompahgre Plateau. The prevalence of CWD in this area has risen significantly, from 3.4% in 2017 to 13.8% in 2022. To combat this spread, CPW proposes implementing management strategies outlined in its CWD Response Plan. Some specific strategies include an early-season rifle hunt in August to harvest resident deer in "hot spots" near Montrose before migratory deer arrive. Additionally, creating new fourth-rifle season hunt codes are recommended to give hunters more opportunities to harvest mature bucks, who are more active during the rut and more likely to carry CWD. The goal is to use hunting as a primary tool to manage the disease, alleviate hunter crowding, and ultimately maintain a healthy deer population.

Creating a private-land-only doe hunt code in data analysis unit D-24

Data analysis unit D-24 is located just Northwest of Durango. In this unit the mule deer population has grown over the past five years and is now at the high end of its management objective. To prevent the population from exceeding its management objective, and to address conflicts with agriculture on private lands, a new management approach is being considered. It is proposed to add private-land-only (PLO) doe hunt codes in two GMUs, similar to what already exists in the other part of this DAU. This strategy aims to balance the public's desire for more deer with the need to mitigate private land damage.

Creating a first rifle season buck hunt code in data analysis unit D-30

Creating a first rifle season buck hunt code is recommended as the buck-to-doe ratio in this herd has been above management objectives for over a decade. This change is constant with the new five-year Big Game Season Structure which allows for the creation of buck hunt codes for the first rifle season. If approved, current licenses will generally be redistributed from the other rifle season quotas to balance hunting opportunities, manage crowding issues, and align with Herd Management Plan (HMP) objectives. As part of this change, CPW will continue to manage towards buck ratio objectives outlined in the HMP.

Creating a private-land-only deer hunt code in game management unit 682

The DAU D-26 mule deer herd is located in the western San Luis Valley. While the DAU is mostly public land with suitable deer habitat, GMU 682 is 89% private land with poor habitat. The few deer in GMU 682 are primarily found near town and mostly found on private property. Therefore, it is recommended GMU 682 be removed from the general DAU hunt codes. Additionally, it is proposed to add a new private-land-only hunt code that would provide a longer season running from Sept. 1- Dec. 30th and allowing hunters to harvest either a male or female deer. This change would also benefit landowners by reducing draw competition for licenses and would relieve hunting pressure on public lands.

Elk

Modifying the antler point restrictions for Ranching for Wildlife enrolled ranches

The current regulation excludes Ranching for Wildlife properties from having an antler-point restriction for elk. This change will set Ranching for Wildlife license restrictions to match the antler-point restriction of the specific DAU or GMU where the ranch is located. If a property covers more than one GMU, the more restrictive antler-point rule would apply. This change will protect young bull elk and provide consistency across licenses.

Adding a cow late season to data analysis unit E-19

The Glade Park DAU E-19 in west-central Colorado has an elk population which is well above its objective range. From 2007 to 2012, a popular late-season antlerless hunt helped manage the population, but it was discontinued due to issues with over-harvest from youth extended seasons. Since then, the population has continued to grow. Reinstating this late-season cow hunt would allow for a much-needed increase in cow harvest. This approach avoids crowding hunters in the regular seasons, where a high number of preference points are needed to draw a license. It is also a better option given that only 65% of the elk summer range in this unit is public land. The previous issues with youth hunts are no longer a concern, as those seasons are now restricted to specific DAUs. By reintroducing this hunt, wildlife managers can better control the elk population without impacting limited-entry hunts for other animals.

Converting antlerless hunt codes in data analysis unit E-16 to be list B

The DAU E-16 elk population, which had fallen below its objective in the mid-2010s, has now grown above its target range over the past three years. This is due to a period from 2018 to 2022 when antlerless license quotas were significantly reduced and public land cow licenses were changed to List A. As a result, cow harvest was minimal, leading to rapid population growth.

Though antlerless quotas were increased in 2023 and 2024 to address this overpopulation, application demand remains low. Many hunters prefer to use their single List A choice for a bull or either-sex license, making the List A cow license less appealing. To increase hunter participation and achieve the necessary cow harvest, it is recommended to change E16's public land cow licenses back to be List B. This would allow hunters to purchase these licenses as a second tag, thereby encouraging more hunters to harvest cows and helping CPW to manage the population back to its HMP objective.

Converting bull rifle licenses to be either-sex licenses in data analysis unit E-10

The Yellow Creek elk herd in DAU E-10 is located in portions of Mesa, Garfield, and Rio Blanco counties and has exceeded its population objective for over a decade. Past attempts to increase cow harvest using existing hunt codes have failed, primarily due to overcrowding, limited public access, and elk using private land as a refuge. Additionally, changes to cow license numbers have only exacerbated hunter crowding without increasing harvest. However, in other areas, changing first and fourth rifle bull seasons to either-sex licenses has proven successful in increasing cow harvest. Therefore, to increase cow harvest and better manage the overpopulated E-10 herd, it is recommended that the current bull-only licenses for the first and fourth rifle seasons be changed to either-sex licenses.

Creating archery licenses in data analysis unit E-23 and converting antlerless licenses to be list B licenses

The DAU E-23 or Eleven Mile elk herd in central Colorado has exceeded its population objective. In 2016, antlerless licenses were changed from List B to List A to help the declining population rebound, which it has successfully done. Despite recent efforts to increase harvest by adding more private-land-only licenses, overall harvest rates have not significantly changed, leading to continued population growth. To

address this overpopulation, two changes are recommended: first, would be to change all antlerless elk licenses in the DAU from List A back to List B, which would give hunters more flexibility; second, is re-establishing an antlerless archery-only season for residents, by adding several GMUs to the over-the-counter list. A new hunt code, EF059V1A, would also be created for non-residents. These changes aim to increase harvest opportunity and help manage the population back to its objective.

Creating new season dates for hunt code EF060P5R

Managing the elk population in GMU 60, located on the Colorado-Utah border, near Gateway and Bedrock, is complex due to herd movements between states and a resident herd in the Paradox Valley that damages crops. To address this, it is proposed to split the extended hunting season into two separate seasons. The first season would run from August 15th to October 31st to target the resident elk herd causing the most damage. A second season from November 1st to January 31st would remain available for potential influxes of elk during winter snow events. Both new hunt codes would be designated as List B licenses, allowing hunters to purchase a second license and increasing harvest opportunity. These changes are intended to better manage the elk population, reduce agricultural damage, and provide more flexibility for hunters.

Modifying second and third rifle season bull elk licenses from unlimited over the counter to limited in game management units 54, 55, and 551

Removing GMUs 54, 55 and 551 from the unlimited bull over-the-counter hunt codes during the second and third rifle seasons and creating limited licenses in those units will improve management of elk in these units. Under the previous system CPW couldn't effectively manage the bull-to-cow ratio in this area. Additionally, there has been a significant push from the Gunnison Basin community to limit these licenses. The potential advantages of this change include better herd management, improved hunter experience, and a reduction in crowding. However, there are also potential disadvantages, such as a negative impact on the local economy and the displacement of hunters into other areas. To ease the transition, it is recommended to initially set the number of limited licenses close to the current three-year average or reducing it by no more than 10% to give hunters time to adapt and to mitigate potential economic impacts.

Removing antler point restrictions in game management unit 82

The Sand Dunes elk herd, located within the San Luis Valley, is managed as an over the counter (OTC) hunting opportunity for bulls. The current post-hunt population is estimated well above the population objective. A recent survey gauged public opinion on removing antler-point restrictions, with the majority of respondents expressing concern that the herd is over its population objective and supported removing the antler-point restrictions. Removing these restrictions would provide greater harvest opportunity, aiding in the management of the herd toward its population and sex ratio goals. This change would also align with the rules for private land agricultural damage vouchers, which currently allow hunters to take any antlered elk, which would increase regulatory consistency for the unit.

Modifying hunt codes for the first and fourth rifle seasons in data analysis unit E-2

Due to the severe winter in 2022-2023, the Bear's Ears elk herd in DAU E-2 saw a significant population drop. In response, antlered-only licenses were issued for the first and fourth rifle seasons in 2024 to help the population recover. This worked, and the herd has rebounded back within its herd objective range. Given this rapid recovery, CPW is concerned the herd will quickly exceed its herd management objective without increased cow harvest. Either-sex licenses have proven to be a highly effective tool for achieving

increased antlerless harvest. The first and fourth rifle hunt codes will be changed from antlered back to either-sex to proactively manage the herd and prevent overpopulation.

Creating a private-land-only hunt code in data analysis unit E-13

The Williams Fork elk herd in DAU E-13 is currently below its population objective and faces challenges with limited public access and hunter crowding. With the new 2025-2029 Big Game Season Structure, non-resident archery licenses are also now limited, which could reduce hunting pressure on private lands. This is a concern because a significant portion of the elk herd uses private land as a refuge during the archery season. To address these issues, a new PLO archery hunt code is proposed. The proposed hunt code would establish an additional license quota for hunters that traditionally hunted on private lands with OTC licenses and help minimize competition for the limited nonresident license quota once those licenses are reduced adequately to address archery crowding issues on public lands. By maintaining hunting pressure on private lands, this proposal aims to redistribute elk and increase their availability for public-land hunters, all without contributing to crowding.

Creating private-land-only archery hunt codes in data analysis units E-20 and E-35

The 2025-2029 Big Game Season Structure changes limited nonresident archery elk licenses, while unlimited over-the-counter licenses remain for residents. To manage elk populations more effectively, a new PLO archery hunt code is proposed for DAUs E-20 and E-35, in southwest Colorado near Montrose, Ridgeway and Nucla. In DAU E-20, the goal is to increase harvest and stabilize a population that is at the high end of its objective range. For DAU E-35, the license would help apply pressure to elk that refuge on private lands, redistributing them and reducing hunting pressure on public lands. This new hunt code would allow both residents and nonresidents to obtain licenses for private land hunting. It would also create an additional license quota for those who hunt on private lands, helping to reduce competition for limited licenses that are valid on both public and private lands.

Pronghorn

Creating muzzleloader private-land-only licenses in data analysis unit A-37

DAU A-37 in Middle Park has a estimated population near the high end of its objective range. To manage this population, buck and doe muzzleloader hunt codes should be created for GMUs 15 and 26. This would increase public hunting opportunities and help meet harvest objectives. Additionally, a significant issue in these GMUs is that pronghorn are concentrating on private lands, making them difficult for public hunters to access. To address this, it is recommended a PLO muzzleloader season be created similar to what already exists in the rest of the DAU. The proposed PLO season would offer female-only licenses to help redistribute the pronghorn and increase doe harvest. This would also make pronghorn more available to public hunters during the regular rifle seasons.

Creating pronghorn licenses in data analysis unit A-22

The DAU A-22 pronghorn herd, located in the North Fruita Desert, has a population that has stabilized and appears to have reached its habitat's carrying capacity. This has led to increasing conflicts with agricultural landowners in the Loma and Mack area, where up to 100 pronghorn are causing game damage to alfalfa fields. To address these conflicts, it is recommended to reinstate a very limited public hunting season. This approach would help control the growing population and mitigate game damage issues. The proposed hunting season would also align with Utah’s management, which manages the other half of this herd and already has a limited hunt. Utilizing public hunters as a management tool is a

way to address these issues and promote a more sustainable balance between the pronghorn herd and local agriculture.

Creating a second antlerless season in data analysis unit A-3

The North Park pronghorn herd in DAU A-3 in Jackson County has an estimated population consistently at or above its objective range. While the herd's buck-to-doe ratio is within its objective, the overall population needs to be slightly reduced. To address this, it is proposed to gradually increase doe harvest opportunities while maintaining conservative buck license quotas to preserve high-quality hunting.
To accomplish this, it is recommended to add a second rifle doe pronghorn season. The primary goal is not to significantly increase the total number of harvested does, but to distribute the existing rifle doe licenses across two seasons. This strategy will reduce hunter crowding during the regular rifle season, especially on public lands, and help maintain the quality of the buck hunting experience. If the population continues to exceed its objective, more doe licenses can be issued in the new season managing to the HMP.

Moose

Creating a female-only moose hunt code in data analysis unit M-12

DAU M-12 contains six game management units with a well-established and sustainable moose population. The bull moose hunt codes for the eastern GMUs (48, 56, 481, and 561) have consistently had high harvest success, leading to an increase in licenses over recent years. However, there are currently no hunting opportunities for female moose in these eastern GMUs, while they are available in the western side of the DAU. To provide more hunting opportunities and align with management strategies in the rest of the DAU, a female-only moose hunt code for the eastern GMUs should be added. This change would mirror the existing female moose hunting opportunities and help manage the population across the entire DAU.

Creating a moose hunt code for game management unit 551 and splitting game management unit 55 into east and west subunits

DAU M-12 in the crested butte, Taylor Park areas has a moose population concentrated in GMU 55, with more than half of the estimated DAU population residing there. Since 2015, hunting efforts have been heavily biased towards just two drainages, which have accounted for 58% of the bull harvest. This concentration is leading to a decrease in the antler spread of harvested bulls and may be contributing to human-moose conflicts in other areas. Furthermore, despite consistent moose sightings in GMU 551, only one bull has been harvested there since 2015. To address these issues, a new management plan is proposed to better distribute hunters and harvest across the DAU. This includes creating a separate hunt code for GMU 551, which has sufficient moose to support its own hunt. Additionally, GMU 55 would be divided into two sub-units, Eastern and Western, with distinct boundaries. These changes aim to spread hunting pressure more evenly, reduce human-moose conflicts, and potentially create more hunting opportunities.

Creating a bull-moose hunt code in game management unit 79

Following moose transplants in the early 1990s, the moose population has expanded in Saguache. A limited moose hunt was established in 2015, with a single bull license for units 68, 681 and 79. Initially, most of the harvest came from GMU 79, but as the population expanded, more moose were sighted in GMUs 68 and 681. Over the past four years, GMU 68 has had consistent moose harvests, and in 2024, it accounted for the majority of the harvest for the first time. The resident moose population is increasing

and spreading throughout the suitable habitats in these GMUs. To provide additional hunting opportunities and distribute pressure, a separate limited bull moose hunt specifically for GMU 79 should be created. This would create a second hunt code, giving hunters more options and potentially reducing competition for licenses, as more than 350 hunters applied in 2025 with up to 22 weighted points.

Adding wilderness only hunt codes to data analysis unit M-4

The DAU M-4 moose population located in Gunnison, Hinsdale, Mineral, Rio Grande, Saguache and San Juan counties, is concentrated primarily in GMUs 66 and 76. While the overall population has been increasing, harvest in GMU 66 is disproportionately focused on easily accessible areas, with only 19% of the harvest since 2020 occurring within wilderness areas despite the abundance of suitable habitat. This leaves a significant portion of the moose habitat in roadless and wilderness areas unpressured by hunters. To address this imbalance and provide additional hunting opportunities, a wilderness-only moose hunt in GMU 66 is proposed. This new hunt would focus hunting pressure on these remote areas, which contain a quality moose population. The goal is to better distribute hunters and harvest throughout the GMU while offering a unique backcountry hunting experience

Bear

Creating a private-land-only bear hunt code in game management unit 211

In the northwest region near the towns of Craig and Meeker private landowners and a Ranching for Wildlife (RFW) property owners have requested the creation of more bear hunting opportunities on private land, by creating a new private-land-only (PLO) rifle bear license. The new hunt code would be valid from October 1st through the end of the fourth rifle season in GMUs 3, 301, 11, and 211. This license would allow RFW elk hunters and other private landowners to hunt bear during elk seasons, providing an opportunity that currently doesn't exist. The new hunt code would align with other bear DAUs in the Northwest Region that already have a PLO license.

Bighorn Sheep

Removing the second season ram hunt in Waterton Canyon

The South Platte River Waterton Canyon bighorn sheep herd in GMU S-42 has fluctuated in population over the decades, experiencing a major die-off in 1980 that led to the closure of hunting in this area. Hunting was later reopened in 2015 in partnership with Denver Water to manage the growing population. And in 2018 a second hunting season with an additional ram and ewe license were added. Both ram seasons have had a high hunter success rates in the past decade. However, recent surveys and observations show a low number of adult rams remaining in the canyon. To allow the ram population to mature and grow, it is proposed to eliminate the second-season ram hunt code in S-42. The herd will continue to be monitored and a second season may be re-established in the future if conditions improve.

Adding a late season archery hunt to game management units S-23 and S-27

The Rocky Mountain Bighorn Sheep herd in Park, Jefferson, and Douglas counties is currently estimated at 150 animals and is showing an increasing trend. To provide more hunting opportunities without causing hunter crowding, it is proposed to add a late archery season to complement the existing rifle season in GMUs S-23 and S-27. This new season would occur later in the fall when ram groups have dispersed, allowing hunters to target smaller sub-groups. The goal is to increase harvest opportunity while maintaining a quality hunting experience.

Adding archery licenses in game management unit S-3

Establishing an early archery season for bighorn sheep in GMU S-3 will increase hunting opportunities and manage the growing bighorn sheep population. The existing rifle seasons in S-3 have 19 licenses, but adding more licenses to these seasons could lead to overcrowding. Instead, a new archery season would provide additional harvest opportunities and help manage the population. It would run in August, with separate hunt codes for rams and ewes. To accommodate this change, the existing rifle seasons will need to be shortened and shifted to begin after Labor Day. This strategy aims to increase harvest, manage the herd more effectively, and alleviate crowding concerns during the rifle seasons.

Adding game management unit 67 to hunt codes SMS59O1R and removing hunt code SMS67O1R

This data analysis unit is located in the Flattops Wilderness Area in the northwest region, and includes four GMUs. While GMU S-59 has a healthy bighorn sheep population and high hunter success, the adjacent GMU S-67 has seen a steady decline in its sheep numbers, making it difficult for hunters to find sheep. To address the challenges in S-67 and maximize hunter opportunities, it is recommended to make the SMS59O1R hunt code valid for both GMU S-59 and S-67. This change would allow hunters to hunt in the more robust S-59 while still providing some opportunity in S-67. Additionally, by spreading out the opportunity, hunters can make better use of the limited sheep population while it is still available, especially given the high risk of a disease event in the area.

Modifying the season dates for game management unit S-34

The Rampart Bighorn Sheep herd in GMU S-34 is an archery-only unit located near Colorado Springs, where the sheep are a popular wildlife-watching attraction. Despite having a designated hunting area, the herd, especially the rams, often use private land, making it difficult for public hunters to access them. This is particularly true during the current October season, as rams have shifted their movements away from accessible public lands. As a result, the harvest rate for mature rams during the first season has been nonexistent for the past four years. To address this issue and increase hunter success, the season dates should be changed. The new dates for the first ram season would be November 15-29, and the second season would be December 7-21. These fixed dates align better with the rams' seasonal movements and will provide a more predictable and consistent hunting opportunity.

Removing hunt code SMS79O1R

Rocky Mountain Bighorn game management unit S-79, located along the Arkansas River, between the towns of Pueblo and Florence, supports a small population of about 35 bighorns. In 2024, the unit was opened to hunting to manage a high number of large, mature rams. This included a Bighorn Sheep Access Program or B-SAP license, a unit-wide draw license, and allowed auction and raffle holders to hunt this unit. Hunters were highly successful, harvesting four rams, and allowing CPW to collect disease samples, which fortunately showed no concerning bacteria. After these two high-harvest seasons, it is recommended to allow the ram population to rebuild by removing the unit-wide license. This would also limit auction and raffle license holders to hunting only on the Ranchland Ranch property, which restricts access for non-BSAP hunters.

Closing hunting in game management unit S-35

GMU S-35 located southwest of Pueblo, is facing a decline in its bighorn population. Since a significant reduction in animals was first noted in 2015, license numbers have been drastically cut to just one

archery and one rifle ram license. Despite these reductions, recent counts in 2025 revealed only a maximum of three legal rams and two sub-legal rams. With recruitment failing to keep up with the current harvest, it is recommended to close the unit to all hunting. This closure will also provide the opportunity for a group of 20 bighorns, recently transplanted into the area, to establish themselves without hunting pressure. The unit will continue to be monitored through additional counts to assess the population's recovery.

Combining sheep hunt codes in game management units S-1 and S-18

The Bighorn Sheep herd in Larimer and Jackson counties, which includes GMUs S-1 and S-18, is facing severe decline. While CPW suspects a disease event possibly in late 2023 is responsible, the exact cause of this decline remains unknown and potential contributing factors include shifts in habitat use following the 2020 Cameron Peak Fire and/or increasing recreation pressure. Ground and aerial surveys from 2023 to 2025 have confirmed the sharp drop in numbers, with very few legal rams remaining.

Currently, there are three hunt codes for these GMUs, but harvest has been inconsistent and largely confined to GMU S-1. To help the population recover, it is recommended to eliminate two hunt codes: the early season sex-specific hunt codes and the late season ram hunt code. A single new either-sex hunt code, SES01O1R, would be created with a quota of one, allowing for minimal, targeted harvest. This will reduce overall harvest and allow the herd to rebound.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

Basis and Purpose:

Updating the Mountain Lion harvest limit groups

In November 2024, the Parks and Wildlife Commission approved the East Slope Mountain Lion Management Plan, which included a two-year plan for changing harvest limit Game Management Unit (GMU) groupings. The first set of changes was implemented in the 2025-2026 season. These changes complete the second round of changes, which are set to take effect for the 2026-2027 season. These changes will follow the conclusion of the decade-long Upper Arkansas lion research project in the winter of 2025-2026. The harvest limit groupings for the research area were intentionally maintained for the final year of the study to avoid disrupting the project.

Additionally, to improve mountain lion management on the west slope it is recommended to reorganize two existing harvest limit groups, L-50 and L-51, into three new groups. This would create three separate harvest groups based on geographic features and ungulate movements that is more logical both biologically and geographically.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.
