Royal Gorge Field Office

Welcome!

Motorized travel is limited to designated routes only. It is illegal to create new routes.

Look for signs that show types of use permitted on each route.

Trail Difficulty

Trail difficulty ratings are an estimation of trail difficulty. They are solely an indicator to compare one trail to another. Use this data as you see fit, at your own risk.

Easiest 4-wheel Drive Roads. Rugged terrain, some exposure and sandy sections.

- 6020, 6020A, 6021, 6024, 6040, 6040A, 6040B, 6040C, 6041, 6041A, 6055, 6055A, 6056, 6060, FCR27

More difficult ATV trails. Little exposure, be prepared for steep climbing and rocky terrain.

- T6022, T6025, T6026

Most difficult ATV trails (50" or less). Be prepared for steep rocky climbing, difficult switchbacks, exposure, rock drops.

- T6027A, T6035A, T6035B, T6036, T6041, T6055A, T6057A, T6061A,

- Singletrack T6062

Ride and drive at your own risk. You are fully responsible for your own actions and equipment.

Use your discretion and check with the local land management agency before riding or driving on public lands.
