The Meadow Walk-In Loop

Basic, Tent, Walk-In Sites

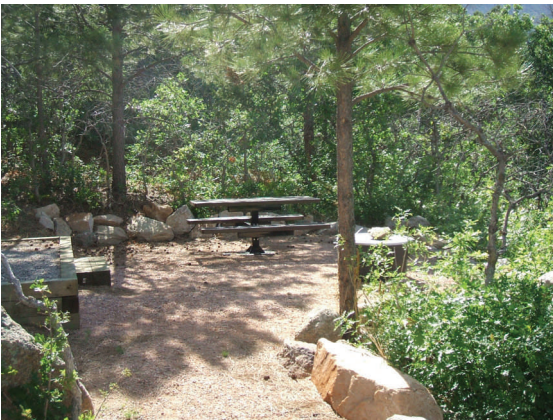

Site 45 – The Meadow Walk-In Loop

**This site is a handicap accessible, basic walk-in, tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 144'. Walk-way from parking to site is paved. 12'x12' tent pad. No tents off developed site. There is a space about 8'x8' for an additional tent, but it is right next to fire ring and would be on concrete. Would not be able to have fire with tent up in that space. Site next to scrub oak which may provide partial shade. Accessibility features include: paved site, elevated tent pad, close proximity to restroom.

Site 46 – The Meadow Walk-In Loop

**This site is a handicap accessible, basic walk-in, tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 103'. Walk-way from parking to site is paved. 12'x12' tent pad. No tents off developed site. There is a space about 8'x8' for an additional tent, but it is right next to fire ring and would be on concrete. Would not be able to have fire with tent up in that space. Site has nice shade. Accessibility features include: paved site, elevated tent pad, close proximity to restroom.

Site 47 – The Meadow Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 144'. Must climb several stairs to get to the site. 12'x12' tent pad. No tents off developed site. There is a space about 8'x4' for an additional tent, but it is right next to fire ring. Would not be able to have fire with tent up in that space. This site has nice shade. One of the nicest sites in the park!

Site 48– The Meadow Walk-In Loop

**This is a basic walk-in tent site. No electricity. Must carry all equipment into site. There is only one single parking space that will hold one passenger vehicle. No trailers, RV's , or additional vehicles. The distance from the parking lot/nearest rest room to site is 1177'.
