

## Camping Rules

- Maximum: 1 hard side unit (trailer, pickup camper, pop-up, RV) and 1 tent—OR—2 tents per campsite.
- Maximum: Six (6) individuals per campsite.
- A dump station is located on the south side of the visitor center for our paying customers. It is illegal and a health hazard to dump waste water and sewage, including dishwasher, anywhere else.
- The camper service buildings provide showers, toilets, laundry facilities and drinking water. Several community water hydrants are strategically placed in each camp-ground. Please be courteous of fellow campers by not staying connected to the hydrants.
- As a courtesy to other campers: All radios, televisions, and generators need to be turned off to observe QUIET HOURS which are from 10:00 PM until 6:00 AM.
- Camping permits expire at noon.
- Fires are permitted only in the fire rings and grills provided. Firewood collection is strictly prohibited.
- After your arrival, park visitors needing to cancel their reservation will be refunded an amount controlled by the system based on CPW rules.
- During the off-season (mid-September through March) some of the campgrounds remain open; however the shower buildings are winterized and water to hydrants in the campgrounds is turned off. Vault toilets will remain open in those campgrounds. Be prepared to purchase vehicle pass(s) at the kiosk.

## Swimming

Swimming is recommended in the no wake zones on the west and south shores. Swimming is not recommended beyond the no wake buoys. Swimming is at your own risk so take the necessary precautions.

## Jackson Lake State Park Campground Guidelines

## Welcome!

Jackson Lake campgrounds are provided for your use and enjoyment. Campsite reservations are recommended before arriving at the park. Campsite reservations can be made 24 hours/7 days a week and up to 6 months in advance. Please have a reservation before occupying a campsite.

Jackson Lake is a certified International Dark-Sky Park through the International Dark-Sky Association. Due to pristine stargazing, astro-photography, and astronomy opportunities, we ask that campers are cognizant of reducing their light trespass onto fellow visitors. Excessive lighting within the campgrounds

can have a negative effect on the astro-recreation opportunities within the park. Please only use light when necessary and remember to *Light your site, not the night.*

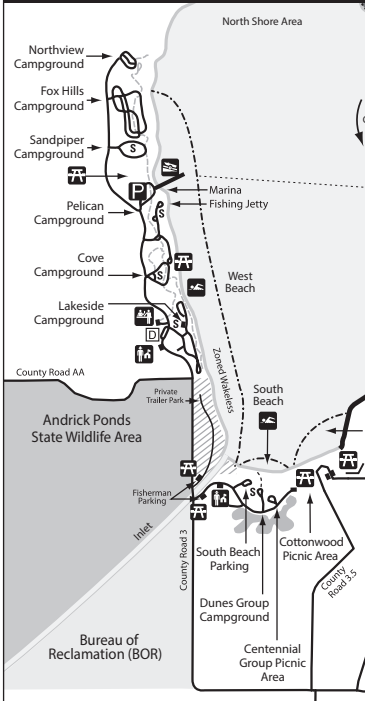

**Some of our regulations are included in this brochure for your convenience. A complete listing of park regulations is available at the entrance station or visitor center.**

- In addition to camping fees, all vehicles are required to have a parks pass.
- **STATE LAW:** Marijuana use is prohibited within the park and in public. Any violation is subject to prosecution and confiscation. Please respect your neighbors.
- For the safety of your pet, our visitors, and wildlife, pets must be kept on a maximum 6' leash at all times. Clean up after your pet. Always carry bags with you. (To keep your park beautiful, it is helpful to pick up trash along the way.) Keep pets away from other animals. The park is home to a variety of wildlife. Respect their natural habitat and keep pets away from nests and other animal homes.
- Vehicles must be kept on roads and parking areas. Driving or parking on grass or other vegetation is prohibited.
- All other state and park laws also apply. Your cooperation in keeping the park peaceful and safe is appreciated.
