2018 Outdoor Recreation Legacy Partnership (ORLP) Grant Program

In 2018, the National Park Service (NPS) offered an additional Land and Water Conservation Fund competitive grant program called the Outdoor Recreation Legacy Partnership (ORLP).

The purpose of the ORLP program is to provide grants to acquire and/or develop public lands for outdoor recreation purposes consistent with the purposes of the LWCF, but with further specific goals of funding projects that:

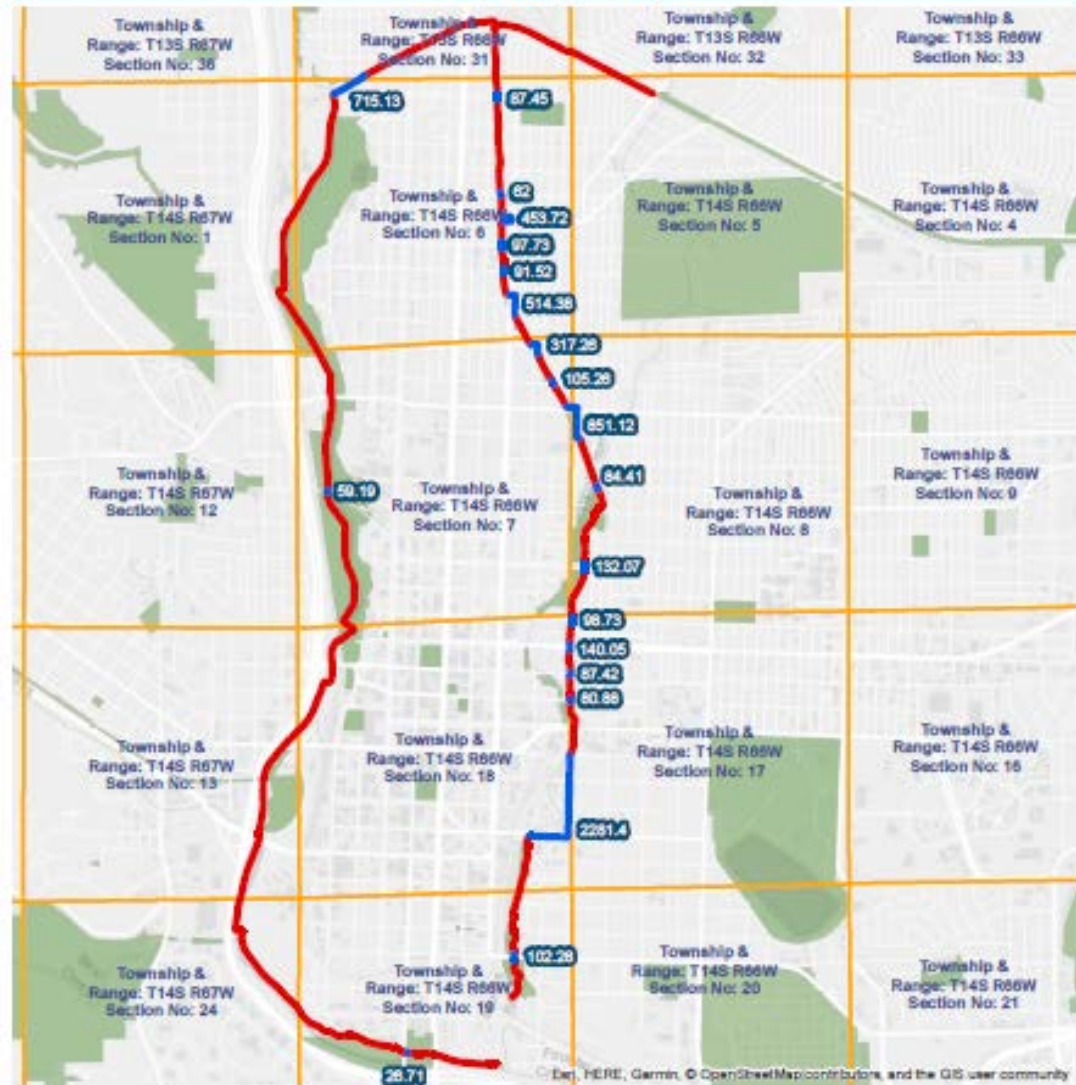

- Are located within or serve jurisdictions delineated by the Census Bureau from the 2010 Census as “urbanized areas,” that is, areas with a population of 50,000 or more people and consisting of densely settled territory.
- Are located in or directly accessible to neighborhoods or communities that are underserved in terms of parks and recreation resources and where there are significant populations of people who are economically disadvantaged.

After internal review of the applications received by trails program and regional staff, Colorado submitted the Legacy Loop - Rock Island Trail Segment in Colorado Springs.
