To: Members of the Colorado Parks and Wildlife Commission

From: Brian Dreher, Terrestrial Section Manager

Subject: Herd Management Plan Presentations for the June 11-12 Meeting

At the June 11-12 Parks and Wildlife Commission meeting, Terrestrial staff will be presenting seven draft Herd Management Plans (HMP). Presentations of HMPs have been adapted for a virtual delivery and an efficient use of Commissioner and staff time. Biologists have pre-recorded their presentations for viewing by both Commissioners and the public ahead of the June 11-12 Commission meeting. Each of the 5-8 minute HMP presentations can be viewed individually; to view the presentations, click on the titles below and you will be taken to the YouTube video of the presentation. Presentations will not be shown during the meeting, but there will be 10 minutes scheduled for each draft HMP to address questions or comments that Commissioners or the public may have. If you have questions on the draft HMP or presentations, it would be helpful if you emailed the biologists ahead of the meeting so they could prepare a thorough response.
