TO: Members of the Colorado Parks and Wildlife Commission
FROM: Krista Heiner, Regulations Manager
RE: Chapter W-9 Final Regulations for the July 2021 Parks and Wildlife Commission Meeting
DATE: July 2, 2021

Final regulatory changes for Chapter W-9 are summarized below. If there are questions about the agenda item below, or if additional information is needed, please feel free to contact me at 303-291-7625 or krista.heiner@state.co.us.

Agenda Item 11: Chapter W-9 - "Wildlife Properties" 2 CCR 406-9 (Step 2 of 2)

- Creating property-specific regulations pertaining to methods of take on Copper Gulch State Trust Land.

Copper Gulch State Trust Land (STL) has an intermittently used gravel pit on the northeast boundary, and a sub-division is located along the property's north boundary. A large heavily timbered ridge acts as a barrier between the sub-division and the interior of the parcel. Limiting the discharge of firearms to hunting with muzzleloaders, shotguns, and rimfire rifles only on this parcel helps to address safety concerns, while allowing hunting to take place in a manner that is safe and ethical.

- Creating property-specific regulations pertaining to safety zones and methods of take on Lost Creek State Trust Land

Lost Creek STL provides opportunities for small game and deer hunting. Lost Creek STL has an oil and gas train transport depot to the west, a large dairy to the southwest, as well as oil and gas wells and agricultural equipment in the southeast corner of the property. Additional restrictions on the discharge of firearms to hunting with muzzleloaders, shotguns, and rimfire rifles only helps ensure that hunting on the property is done safely without affecting neighboring landowners, oil and gas structures, and agricultural equipment. Additionally, hunting has been prohibited in designated safety zones along the western and southwestern boundaries, as well as along the oil and gas and agricultural equipment on the southeastern corner of the property.

- Clarifying property-specific regulations pertaining to discharge of firearms on Rosita State Trust Land

To maintain consistency with the property-specific regulations pertaining to the discharge of firearms on Copper Gulch and Lost Creek STLs, the wording of the property-specific regulations pertaining to the discharge of firearms on Rosita STL has also been clarified.

- Including Dry Creek STL within Whiterock STL in Appendix B.2

To reduce confusion with similar property names, Dry Creek STL in Appendix B.2 has been included as a part of Whiterock STL in Appendix B.2.

Basis and Purpose:

Creating property-specific regulations pertaining to methods of take on Copper Gulch State Trust Land.

Copper Gulch State Trust Land (STL) has an intermittently used gravel pit on the northeast boundary, and a sub-division is located along the property's north boundary. A large heavily timbered ridge acts as a barrier between the sub-division and the interior of the parcel. Limiting the discharge of firearms to hunting with muzzleloaders, shotguns, and rimfire rifles only on this parcel helps to address safety concerns, while allowing hunting to take place in a manner that is safe and ethical.

Creating property-specific regulations pertaining to safety zones and methods of take on Lost Creek State Trust Land

Lost Creek STL provides opportunities for small game and deer hunting. Lost Creek STL has an oil and gas train transport depot to the west, a large dairy to the southwest, as well as oil and gas wells and agricultural equipment in the southeast corner of the property. Additional restrictions on the discharge of firearms to hunting with muzzleloaders, shotguns, and rimfire rifles only helps ensure that hunting on the property is done safely without affecting neighboring landowners, oil and gas structures, and agricultural equipment. Additionally, hunting has been prohibited in designated safety zones along the western and southwestern boundaries, as well as along the oil and gas and agricultural equipment on the southeastern corner of the property.

Clarifying property-specific regulations pertaining to discharge of firearms on Rosita State Trust Land

To maintain consistency with the property-specific regulations pertaining to the discharge of firearms on Copper Gulch and Lost Creek STLs, the wording of the property-specific regulations pertaining to the discharge of firearms on Rosita STL has also been clarified.

Including Dry Creek STL within Whiterock STL in Appendix B.2

To reduce confusion with similar property names, Dry Creek STL in Appendix B.2 has been included as a part of Whiterock STL in Appendix B.2.

- § 33-9-102, C.R.S.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE SEPTEMBER 1, 2021 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.
