RE: Chapter P-1 Final Regulations for the May 2022 Parks and Wildlife Commission Meeting
DATE: April 22, 2022

Final regulatory changes for Chapter P-1 are summarized below. If there are questions about the agenda item below, or if additional information is needed, please feel free to contact me at krista.heiner@state.co.us.

Agenda Item 15: Chapter P-1 - “Parks and Outdoor Recreation Lands” - 2 CCR 405-1 (Step 2 of 2)

Pilot testing a timed entry reservation system at Eldorado Canyon State Park

Since 2001, Eldorado Canyon State Park reaches vehicle capacity almost every Saturday, Sunday and holiday from April through October. Visitation has increased by 90% over the last 5 years. The increased visitation has created significant traffic volume and vehicle speed concerns, along with public safety and health issues, for the town of Eldorado Springs and the visitors of Eldorado Canyon State Park.

To help manage the number of visitors and vehicles at Eldorado Canyon State Park and to reduce impacts to the community of Eldorado Springs, a timed entry reservation system is being pilot tested. The pilot test will run for two years starting July 1, 2022 - Sept 15, 2022 and from May 15, 2023 - Sept 15, 2023. During this time, a no-cost reservation is required for each vehicle entering the park from 5:30 am to 5:30 pm on Saturdays, Sundays, and federal or state holidays. Reservations are required for all motorized vehicle entry. Park staff will evaluate the effectiveness of the reservation system at the conclusion of the 2023 season.

Boulder County and the community of Eldorado Springs support CPW’s efforts to manage visitor numbers at Eldorado Canyon State Park with a reservation system. Public comments received during the Eldorado Canyon management plan process indicated visitors wanted to be able to plan their visit, to have entry windows instead of exact times for reservations, to require reservations on peak visitation days only, and to have no guarantee of where you will park and no limits on length of stay.

Basis and Purpose:

Pilot testing a timed entry reservation system at Eldorado Canyon State Park

Since 2001, Eldorado Canyon State Park reaches vehicle capacity almost every Saturday, Sunday and holiday from April through October. Visitation has increased by 90% over the last 5 years. The increased visitation has created significant traffic volume and vehicle speed concerns, along with public safety and health issues, for the town of Eldorado Springs and the visitors of Eldorado Canyon State Park.

To help manage the number of visitors and vehicles at Eldorado Canyon State Park and to reduce impacts to the community of Eldorado Springs, a timed entry reservation system is being pilot tested. The pilot test will run for two years starting July 1, 2022 - Sept 15, 2022 and from May 15, 2023 – Sept 15, 2023. During this time, a no-cost reservation is required for each vehicle entering the park from 5:30 am to 5:30 pm on Saturdays, Sundays, and federal or state holidays. Reservations are required for all motorized vehicle entry. Park staff will evaluate the effectiveness of the reservation system at the conclusion of the 2023 season.

Boulder County and the community of Eldorado Springs support CPW's efforts to manage visitor numbers at Eldorado Canyon State Park with a reservation system. Public comments received during the Eldorado Canyon management plan process indicated visitors wanted to be able to plan their visit, to have entry windows instead of exact times for reservations, to require reservations on peak visitation days only, and to have no guarantee of where you will park and no limits on length of stay.
