RE: Commercial Use regulation changes  
DATE: July 3, 2024

### Introduction

Colorado Parks and Wildlife is proposing changes to commercial use regulations and fees on CPW owned and managed properties. The administrative directives associated with commercial uses will also be updated to reflect the proposed regulatory changes on CPW properties. Colorado Parks and Wildlife properties are used by commercial providers that provide specialized knowledge, skills, experience, and equipment for the benefit of the general public. Examples of commercial use include river outfitting, marina management, shooting range management, hunting or fishing guide services, races, outdoor education, firearms training, paddleboard rental, fishing tournaments, filming, and numerous other activities.

Commercial use is prohibited on all CPW properties by C.R.S 33-6-113.5 and 33-15-114. The statutes state that it is unlawful to provide goods or services for compensation on property owned or managed by the division unless permitted by commission rule. Chapter P-1 #100 10 describes exceptions to this statute for Parks properties and Wildlife Regulation #900 G-H describes when commercial use may be allowed in State Wildlife Areas.

Commercial use is currently administered by different regulations and administrative directives that reflect the separate Parks and Wildlife operations. Wildlife managers issue a Commercial Use agreement to administer activities such as outfitting. Wildlife Managers issue a Special Use Agreement to administer non-wildlife related activities. Park Managers issue Concession Agreements for long-term commercial uses that require capital investments on park properties. A Park Manager may issue a Special Use or Special Activity Permit/Agreement for up to a one-year term for ongoing activities or for one-time activities or events on consecutive days on park properties.

In 2023, CPW created a workgroup to update regulations and administrative directives that govern commercial use. These proposed changes would replace the various types of agreements/permits that currently exist. The proposed regulations will simplify the existing commercial use permitting process. It will standardize the regulations governing both Parks and Wildlife properties and move them into a common location, Chapter 16. The proposed changes will provide a consistent and transparent application process, provide a uniform fee

structure, and provide standard forms used by permittees.

CPW has engaged with the public and stakeholders in several ways. A news release was issued on May 13th, and on May 20th CPW hosted an informational virtual meeting. Participants asked questions using a chat feature and approximately 60 answers were posted. CPW has also contacted all existing commercial permittees and used Engage CPW to solicit public comment. Public input was accepted via EngageCPW.org. Internal comments were also received from CPW managers across the state. CPW made substantial changes to the proposed commercial use regulations in response to internal and public input.

### Goals and Objectives

Colorado Parks and Wildlife has developed several proposed goals and objectives to improve the current commercial use regulations and directives.

- To rewrite commercial use regulations and administrative directives to reflect Colorado Parks and Wildlife priorities for the effective management of properties.
- To increase consistency across CPW by clarifying and further defining terms and procedures related to commercial use.
- To provide a consistent and transparent process statewide for all commercial uses on CPW managed properties.
- To provide standardized statewide forms to simplify the application process for commercial permittees.
- To standardize all fees associated with commercial use.

The proposed new structure for commercial use will simplify the current system to four commercial use options.

1. A concession agreement will be used for commercial uses that are longer than one year and may require investments in infrastructure on CPW properties. These agreements will be entered by the Division and may require advisement of the Colorado Office of the Attorney General.
2. A cooperative agreement will be used for commercial uses that develop and promote parks and outdoor recreation programs or wildlife programs. These agreements will be entered by the Division and may require advisement of the Colorado Office of the Attorney General.
3. A commercial use permit will replace all other commercial use authorizations. Commercial use permits are split into two categories: activity permits and event permits. The primary difference between activity and event permits is the length of time the permits are valid for. An activity permit allows specific commercial uses for up to one year while event permits allow specific commercial uses for a specific day or days, not to exceed 7 consecutive days.
  - a. An Activity Permit will replace the Wildlife Commercial Use Agreements/Special Use Agreements and Parks special use/activity permits. Activity Permits are up to one year in length and will require an application,

- application fee, liability insurance, worker compensation insurance, vehicle insurance, First Aid/CPR certifications, and other certifications as needed.
- b. An Event Permit will replace Wildlife Commercial Use Agreements/Special Use Agreements and Parks Special Activity Permits. The Event Permit is for one-time daily or consecutive days for specific dates as approved by CPW. If a permittee requests more than one event in a calendar year, each event will be handled as a separate event. An Event Permit requires an application, application fee, liability insurance, as well as relevant certifications.

### Fee Structures

The existing fee structure for commercial use allows CPW to charge different application fees and different percentages of gross revenues for commercial permittees. The current proposal is to charge commercial users under Activity Permits 5% of gross revenues derived from their commercial activities on CPW properties. The current proposal will charge commercial users under Event Permits based on the number of people attending the event. All commercial use permit applicants will pay an application fee of \$150 for an activity permit, and event permit applicants will pay an application fee of \$50. Commercial users at the Cameo Shooting and Education Complex will have modifications to the commercial use fees that reflect the unique nature of this CPW property. Additionally, an impact fee may be assessed to ensure that CPW does not assume any cost for the commercial use. Impact fees are intended to address things like CPW staff time for administering the permit or staffing an event, utilities, property supplies, trash removal, extended property hours, etc. A property manager may waive or partially waive fees associated with commercial use permits. Any commercial use permit with reduced fees must benefit the CPW mission.

### New Regulations

To implement the revised commercial use system, several existing regulations need modified or deleted and new regulations implemented in Chapter 16. The draft regulations reflect the updates that the commercial use workgroup proposes to achieve the goals and objectives of this commercial use regulation rewrite.

**Re: Public Input on Commercial Use Fee and Regulation Proposals**

**Background**

At the Commission’s July meeting, CPW staff will present information on proposed fee and regulation changes for commercial use of CPW properties. Prior to finalizing draft proposals, staff identified stakeholders who may be impacted by the proposed fee, regulatory, and administrative changes. Division staff provided background information and working copies of the draft regulation changes and fee structure for review, held an informational public meeting, and solicited input on the proposals through an online input form on EngageCPW.

**Informational Public Meeting**

CPW staff held a virtual informational meeting on May 20, 2024 to share background information on the proposals and respond to questions from members of the public who may be impacted. Attendees were also encouraged to submit input through the EngageCPW input form for consideration by CPW before finalizing the draft proposals.

**Public Input Received on Proposals**

An input form on the proposed fee and regulation changes was provided on EngageCPW for three weeks in May and June. Thirteen stakeholders submitted input through EngageCPW. Additional feedback, which largely mirrored input through EngageCPW, was also captured through other outreach to impacted stakeholders.

Several stakeholders (54% on EngageCPW) raised concerns over increasing fees and potential impacts on commercial operators or non-profit organizations. Some commercial operators suggested lowering the proposed fees to be more in line with industry norms. Additionally, multiple stakeholders (38%) advocated for set commercial use fees for activity permits, instead of allowing for a fee range that can be set regionally. This feedback often cited perceived concerns over CPW properties potentially having inconsistent fees set arbitrarily.

Much of the input (54%) suggested that CPW conduct more stakeholder engagement and advocated for CPW to reconsider the timing of rulemaking. A frequent objection heard referenced busier than usual schedules for some user groups during May and June.

Some input received (38%) voiced general support for implementing consistent policies, processes, and regulations for commercial use of CPW properties. Such feedback acknowledged that some changes may be warranted, but often questioned specific details about the proposals.

**DRAFT REGULATIONS - CHAPTER W-16 - PARKS AND WILDLIFE PROCEDURAL RULES**

**ARTICLE IV – COMMERCIAL USE OF PROPERTY OWNED OR MANAGED BY THE DIVISION**

**#1610 – Definitions**

- A. “Application Fee” means the fee charged by the Division for all permit applications. The Application Fee provides funds to the Division for the review and administration of permits.
- B. “Commercial Use” means any commercial purpose of any kind including but not limited to operating a commercial business; soliciting business; providing goods or services for compensation of any kind including trades or bartering; marketing a business or organization; activities or events which charge participants a fee to participate or attendees a fee to view; raising funds for charitable organization; or any other activity where anyone collects a fee or receives other compensation that is not strictly a sharing of, or is in excess of, actual expenses incurred for the purposes of the activity, service, or use. Commercial Use includes scientific, educational, therapeutic, not-for-profit, nonprofit, and community organization uses of CPW Property.
- C. “Commercial Use Fee” means the amount that will be charged to the permit holder for the permit itself. Commercial Use Fees will be established as provided by this regulation. The Commercial Use Fee is charged in addition to the Application Fee and Impact Fee.
- D. “CPW Property” means any real property owned, controlled, or managed by the Colorado Division of Parks and Wildlife including but not limited to state parks, wildlife areas, state fish units, recreation areas, state administrative areas, and water rights.
- E. “CPW Property Manager” means, for the purpose of this regulation only, the relevant decision making employee for the CPW Property affected by the Commercial Use request. The CPW Property Manager may be a Park Manager, Hatchery Manager, Area Wildlife Manager, or any other local or regional Division staff with delegated decision making authority for Commercial Use on a particular CPW Property.
- F. “Impact Fee” means an amount that will be charged to the permit holder to address specific impacts to the Division or the CPW Property as a result of the Commercial Use authorized by a permit. An Impact Fee may not be required in all circumstances and will vary from permit to permit. The Impact Fee is in addition to the Application Fee and Commercial Use Fee.
- G. “Incidental Commercial Use” means a commercial activity that may occur on CPW Property that is provided to recreational users when the provider does not advertise or solicit for business specifically for CPW Property, the provider maintains a separate place of business, and the service is not one for which the provider is required by law to obtain a guide or outfitter license. Examples of Incidental Commercial Use include, but are not limited to, emergency vehicle repairs, locksmiths, or tow services; food delivery services; transportation services; dog tracking services; or other similar incidental services.
- H. “Property Entry Fee” means the fee established by regulation which every attendee or vehicle is required to pay in order to enter the CPW Property. See CPW Regulations Chapter P-7 #712, and Chapter W-9.

## **#1611 – Commercial Use Prohibited**

- A. Commercial Use is prohibited on all CPW Property without written permission from CPW as permitted by Commission rule. See §33-6-113.5 & §33-15-114, C.R.S. These Regulations provide guidance on when Commercial Use may be permitted on CPW Property and the process for obtaining written permission for the Commercial Use.
- B. Incidental Commercial Use may be allowed on CPW Property by the CPW Property Manager as reasonably necessary to prevent any adverse impact on the CPW Property's intended purpose(s), CPW's mission, wildlife resources, or the CPW Property's primary management objectives, and to protect wildlife, wildlife habitat, and public health, safety, or welfare of property visitors.
- C. Commercial Use allowed under specific licensing or permitting requirements provided in different regulations is allowed in accordance with the terms and conditions of those regulations. Any Commercial Use provided for by such regulations must be conducted as required by the regulations and if conducted with the proper licenses as required by the regulations may not need to obtain an additional separate Commercial Use agreement or permit.
  - 1. Commercial fishing is permitted as provided in Chapter W-1 #102. Separate Commercial Use authorizations are not required to put a commercial fishing license to use on a CPW Property.
  - 2. Field trials and training of hunting dogs are licensed as provided in Chapter W-8. A field trial license holder under W-8 #802 must separately obtain a Commercial Use permit to charge participants in accordance with this regulation for all field trial events or hunting dog training events on CPW Property. An individual dog training permit holder under W-8 #803 is not required to obtain separate Commercial Use authorization under this regulation.

## **#1612 – Agreements**

- A. Commercial Use may be allowed on CPW Property through written agreements as provided by this regulation or as otherwise authorized by law.
- B. Concession Agreement
  - 1. A concession agreement is an agreement:
    - a. between the Division and a private individual or company (concessionaire)
    - b. with a term greater than one (1) year
    - c. for the concessionaire to provide goods or services on a CPW Property.
  - 2. Concession agreements may require investments of infrastructure on CPW Property in order for the concessionaire to provide the goods or services.
  - 3. Concession agreements may be negotiated by the Division.
  - 4. Concession agreements must be issued in accordance with state procurement and fiscal rules.
- C. Cooperative Agreement

1. The Commission may enter cooperative agreements with state and other agencies, educational institutions, municipalities, political subdivisions, corporations, clubs, landowners, associations, and individuals for the development and promotion of parks and outdoor recreation programs or wildlife programs. §§ 33-1-105(1)(e) & 33-10-107(1)(d), C.R.S. Cooperative Agreements that allow cooperating parties to charge third parties fees for participating in the authorized Commercial Use are permissible. Nothing in these regulations impairs the specific authority of the Commission pursuant to sections 33-1-105(1)(e) and 33-10-107(1)(d) C.R.S. to enter into cooperative agreements for the development and promotion of Division programs, or the general authority of the Commission pursuant to sections 33-1-104 and 33-10-106 C.R.S. to manage all CPW Properties for both commercial and noncommercial purposes. The authority granted to CPW Managers is intended to allow them to address events of limited and local impact, and is specifically intended to coexist with, and not to exclude, the Commission's statutory authorities.

### **#1613 – Commercial Use Permits**

#### **A. The Division may allow Commercial Use on CPW Property through Commercial Use Permits as provided in this regulation.**

1. Commercial Use Permits may be approved or denied by the Division as reasonably necessary to prevent any adverse impact on the CPW Property's intended purpose(s), CPW's mission, wildlife resources, or the CPW Property's primary management objectives, and to protect wildlife, wildlife habitat, and public health, safety, or welfare of property visitors.
2. Permits should ensure that authorized Commercial Uses will not have an adverse impact on the CPW Property's intended purpose(s), the mission of the Commission and Division, wildlife resources, health, safety, or welfare of property visitors, and should address special planning or scheduling for proper management.
3. Commercial Use Permits should not allow the use of a CPW Property in a manner which exceeds the CPW Property's established capacity or is contrary to the Property's primary management objective(s).
4. Commercial Use Permits may be considered based on a demonstrated need for the goods or services to be provided.
5. Commercial Use Permits should not unreasonably interfere with or degrade the quality of experience for the general public using the property.

#### **B. Commercial Use Permits (Activity Permits and Event Permits)**

1. Activity Permits are required for any Commercial Use that will occur on a routine or ongoing basis for up to one (1) year. Activity permits may not be valid for longer than one(1) year.
2. Event Permits are required for any Commercial Use that will occur one time or daily for a short period of consecutive days on specific date(s). If an applicant requests more than one event in a calendar year separated by seven (7) days or more, each request will be handled as a separate event. CPW Property Managers may use Event Permits to authorize events or activities on the CPW Property that are not Commercial Uses but are not allowed under any

other regulation. All other requirements for Event Permits in this regulation still apply to event permits for events or activities that are not for Commercial Uses. Event Permits may not be used where a separate regulation otherwise controls the event or activity.

### C. Commercial Use Permit Applications

#### 1. An application for a Commercial Use Permit must be submitted to the CPW Property in writing and include the following:

##### a. Application:

- 1) Activity Permit: Submission of a completed application form provided by the Division. The application, at a minimum, must include an individual to contact for the Activity Permit and a reasonable description of the desired Commercial Use.
- 2) Event Permit: Submission of a completed application form provided by the Division. The application, at a minimum, must include an individual to contact for the Event Permit, the specific location of the Event, the anticipated number of attendees for the Event, the specific date(s) and time(s) of the Event, and a reasonable description of the Event.

##### b. Application fee.

##### c. Proof of general liability insurance naming the State of Colorado as an additional insured as determined by the CPW Property Manager.

##### d. Proof of additional insurance as determined by the CPW Property Manager.

##### e. Proof of appropriate certifications and licenses as determined by the CPW Property Manager.

##### f. Additional information or documents as determined by the CPW Property Manager.

##### g. Commercial Use Permit on a CPW Property not owned in fee title by CPW. If the CPW Property where a Commercial Use Permit will be used is not owned in fee title by CPW, the Property owner may require significant evaluation of the impacts of the Commercial Use Permit as part of the application process. If required by the property owner, the CPW Property Manager may retain third party consultants to evaluate the potential adverse impacts of the proposed Commercial Use and develop appropriate strategies to offset or mitigate such risks. The applicant shall be notified if the evaluation is required, and if the CPW Property Manager decides to retain a consultant, shall be given the opportunity to provide input concerning consultant selection and scope of work. The applicant shall be responsible for the actual costs associated with this consultant review.

#### 2. Commercial Use Permit Application timing:

- a. Activity Permit applications should be submitted at least 90 days before the proposed start date for the Commercial Use. The Division may waive the 90-day application requirement or set an application date schedule in rare circumstances where arrangements can be

made in a shorter time or a date schedule will not put undue administrative burden on the CPW Property Manager and the CPW Property Manager deems the shorter time or date schedule appropriate to meet the needs of the CPW Property.

b. Event Permit applications should be submitted to the Division at least 90 days in advance of the proposed event. The CPW Property Manager may consider Event Permit applications less than 90 days in advance where arrangements can be made in a shorter time and the shorter time will not put undue administrative burden on the CPW Property Manager and the CPW Property Manager deems the shorter time appropriate to meet the needs of the CPW Property.

3. The Division may give preference to Activity Permit applications from applicants who have previously held an Activity Permit for the same type of activity and are in good standing when the CPW Property Manager deems such preference is appropriate when evaluating multiple applications for the same Commercial Use opportunity.

#### 4. Commercial Use Permit Approval

a. Upon approval of a Commercial Use Permit, a signed and approved permit will be delivered to the permit applicant. The final permit may include additional terms and conditions as reasonably necessary to prevent any adverse impact on the CPW Property's intended purpose(s), CPW's mission, wildlife resources, or the CPW Property's primary management objectives, and to protect wildlife, wildlife habitat, and public health, safety, or welfare of property visitors.

b. Terms and conditions on permits should be tailored to the specific type of Commercial Use authorized by the permit.

c. Terms and conditions may include requirements that the permit holder pay for and provide any services to be used by the participants including but not limited to sanitary services (trash receptacle and removal and portable toilets), signage, security, and EMS.

d. Terms and conditions may include requirements established by the property owner in instances where CPW manages a property through a lease or other agreement with a third party.

e. Approved Commercial Use Permits may include fees as provided by this regulation.

f. Approved Event Permits will require separate vendors for the event to obtain individual Event Permits to participate in the event as a vendor.

#### 5. Transferability

a. Activity Permits: Activity Permits are non-transferable without written authorization from the Division. Transfer of Permits will only be approved as reasonably necessary by the Division to prevent any adverse impact on the CPW Property's intended purpose(s), CPW's mission, wildlife resources, or the CPW Property's primary management objectives, and to protect wildlife, wildlife habitat, and public health, safety, or welfare of property visitors, and subject to a probationary period.

b. Event Permits: Event Permits are not transferable.

D. Permits may be granted, denied, revoked, suspended, annulled, limited, or modified by the Division if the Division concludes such action is reasonably necessary to prevent any adverse impact on the CPW Property's intended purpose(s), CPW's mission, wildlife resources, or the CPW Property's primary management objectives, or to protect wildlife, wildlife habitat, and public health, safety, or welfare of property visitors. The issuance of a permit is not guaranteed. Examples of reasons Commercial Use Permits may be denied, delayed, revoked, suspended, or annulled include, but are not limited to:

1. The provisions of this regulation #1613.A.1-5.
2. Failure to provide complete application materials.
3. Failure to submit application materials by the relevant deadline.
4. Failure to pay application or other fees required for the permit, including a history of failure to pay fees by the requester.
5. Failure to comply with the terms or conditions of a permit or any prior permit held by the requester. Permit holders may correct previous errors in permit compliance, but the Division is under no duty to issue new permits following corrections.
6. Failure to properly document and report the use of CPW Property as required by a permit.
7. Conducting activities or uses of CPW Property not expressly authorized by a valid Commercial Use Permit.

E. Administrative Procedure

1. A decision to grant, deny, revoke, suspend, annul, limit, or modify a Commercial Use Permit under this regulation is subject to the Colorado Administrative Procedures Act, §24-4-104, C.R.S.

## **#1614 – Fees**

A. Agreements

1. Concession Agreement: Fees for concession agreements shall be negotiated by the Division. Fees may include annual administration fees, commission fees based on a percentage of the total gross receipts collected by the concessionaire, property or improvement rental fees, or any other fees deemed appropriate by the Division.
2. Cooperative Agreement: Fees for cooperative agreements shall be negotiated by the Division. Fees may include annual administration fees, fees associated with planned activities under the agreement, property or facility rental fees, or other fees deemed appropriate by the Division. Cooperative agreements may be entered on the basis of trades of goods or services with CPW as deemed necessary by the Division.

B. Commercial Use Permits

1. Application Fee: All permits require a non-refundable application fee for CPW to process the permit application. The application fee shall be:

a. Activity Permit: \$150.

b. Event Permit: \$50.

2. Property Entry Fee: In addition to any other fees required for a permit, every attendee or vehicle may be required to pay the Property Entry Fee assessed on the public to enter the CPW Property. The Division may establish means to manage any administrative burden that may be incurred by the CPW Property as a result of issuing a permit. The CPW Property Manager may also make permit specific alternative arrangements as allowed by CPW regulations. See CPW Regulations Chapter P-7 #712, and Chapter W-9.

3. Permit Fees:

a. Commercial Use Fee:

i. A Commercial Use fee shall be charged by the Division for every permit unless a fee waiver is approved as provided by this regulation. The Commercial Use fee is intended to ensure that the Division realizes a reasonable rate of return over and above the administrative and property impact costs to the Division for allowing Commercial Use on a CPW Property. Commercial Use fees shall be implemented by the Division in a consistent and predictable manner according to the following restrictions.

ii. The CPW Property Manager may require some or all of the Commercial Use fee as a non-refundable deposit to be paid in advance of use of the permit as reasonably necessary to ensure that Commercial Use Permits are reliably used.

iii. The Commercial Use fees shall be:

1) Activity Permits: 5% of gross revenue earned by the permit holder under the permit.

2) Event Permits: 50% of the property entry fee per attendee under the permit.

<u>e. 50-74 people.....</u>	<u>\$750.00/day</u>
<u>f. Over 75 people.....</u>	<u>\$1000.00/day</u>

b. Impact Fees: In addition to the Commercial Use fee, the permit may require the permit holder to pay for the cost of any services that are necessary to facilitate the Commercial Use and prevent any negative impact on the CPW Property. Impact fees may include, but are not limited to, the costs of trash receptacles and trash removal, toilet facilities and clean up.

property clean up services, security, additional hours for CPW staff that are not normally provided (e.g. additional ANS inspection hours), traffic control, or EMS services. Impact Fees ensure that CPW does not bear the cost of the Commercial Use of CPW Property.

4. Fee Waivers: Applicants for a Commercial Use permit may request a waiver of part or all of the fees required for permits. Waivers must be requested in writing with a statement explaining why the waiver should be granted. Fee waivers may be approved by the Division only in limited circumstances outlined below. Approved waivers will be noted on the final permit. Fees may be waived:
  - a. For errors committed by the Division.
  - b. For Division sponsored education, outreach, volunteer or safety activities or events.
  - c. For supporting partner activities or events.
  - d. For research activities that directly support the Division.
  - e. For official business by other governmental agencies.
  - f. The use allowed by the permit aligns with CPW's mission.
  - g. The use allowed by the permit aligns with or enhances the CPW Property specific management objectives.

The \$15.00 processing fee will not be charged for refunds requested on youth licenses, in the case of Division error, or if any of the following circumstances prevent the license holder from exercising the intended benefits of the license: extreme medical circumstances involving the license holder or a license holder's immediate family member, death of the license holder, death of the license holder's immediate family member, military orders, or jury duty. Requests must have a valid U.S. postmark, or be submitted at a Division office at least fourteen (14) days prior to the opening day of the applicable turkey season or thirty (30) days prior to the opening day of any other season for which the license was issued. Youth are exempt from the (14) days prior requirement for turkey licenses and the (30) days prior requirement for big game licenses and may submit a request up to the day before the start of the season.

If the season closes prior to October 31 in the unit, the license will be valid through October 31. **Basis and Purpose:**

**Commercial Use of Property Owned or Managed by the Division**

Commercial use is prohibited on all CPW property without written permission from CPW as permitted by Commission rule. §33-6-113.5, §33-15-114, C.R.S. The current regulations establish varying authorizations for commercial use on CPW properties with a variety of restrictions, fees, and processes to allow the commercial use. In 2023, the Division began working to move all the regulations that address commercial use on any CPW properties from multiple locations in the regulations to a single place in Chapter W-16 and to update the regulations to create a consistent and transparent process for customers. The proposed changes eliminate the variations to establish a consistent process and set of regulations to control all commercial use on all properties owned or managed by CPW. These regulation changes address how commercial use is allowed on CPW properties, establish commercial use permits for the Division to manage most commercial uses on CPW properties, set fees that may be charged by the Division for all commercial uses, and establish property specific requirements and fees for the highly unique Cameo Shooting and Education Complex.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

**The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, § 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: § 33-6-106, C.R.S. and §33-1-106(1)(a), C.R.S.**

**EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JANUARY 1, 2025 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.**

**Basis and Purpose:**

**Updating regulations related to commercial use of Parks and Outdoor Recreation Lands**

Commercial use is prohibited on all CPW property without written permission from CPW as permitted by Commission rule. §33-6-113.5, §33-15-114, C.R.S. The current regulations establish varying authorizations for commercial use on CPW properties with a variety of restrictions, fees, and processes to allow the commercial use. In 2023, the Division began working to move all the regulations that address commercial use on any CPW properties from multiple locations in the regulations to a single place in Chapter W-16. These changes remove all the current explanation and authorization of commercial use and directs all authorization for commercial use to the new regulations adopted in Chapter W-16. These changes also make commercial use at Cameo Shooting and Education Complex consistent with commercial use on all CPW properties with appropriate exceptions provided in Chapter W-16.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

**The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Parks Act, §§ 33-10-101 to 33-33-113, C.R.S., and specifically including, but not limited to: §§ 33-10-106, C.R.S.**

**EFFECTIVE DATE – THE REGULATIONS HEREIN SHALL BECOME EFFECTIVE JANUARY 1, 2025 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.**

The Park Manager may retain third party consultants to evaluate the potential adverse impacts of the proposed activity and develop appropriate strategies to offset or mitigate such risks. The applicant shall be notified if the Park Manager decides to retain a consultant, shall be given the opportunity to provide input concerning consultant selection and scope of work. Otherwise, the Regional Manager shall make the decision of whether to approve the permits. The decision of whether to approve special activities permits will be based on the impact on park values and/or the health, safety and welfare of park visitors and other affected persons, and also will be based on:~~

    - (1) ~~The total number of park visitors (including participants and spectators in the special activity) expected to utilize such facilities; and~~
    - (2) ~~The total number of vehicles, vessels or persons expected to participate in or be attracted to such activities.~~~~
  - c. ~~The extent to which the special activity will contribute to the variety of outdoor recreational opportunities available to the people of this state and its visitors.~~
  - d. ~~The extent to which the activity places an administrative burden on the staff of the park area.~~
3. ~~Whenever it is determined that any special activity will involve the use of a park or recreation area by a group of persons totaling more than the park's or recreation area's established carrying capacity a thirty day written public comment period and a public meeting shall be required prior to the granting of a permit. The Park Manager or Operational Manager shall publish notice of both the written comment period and the meeting at least once in a newspaper of general circulation in the county or counties wherein said park or recreation area is located. The meeting shall be conducted by the Division representative responsible for the permit issuance decision and shall be held either at the park or recreation area, or within a county in which the park or recreation area is located. Such public meeting is not intended to be an adjudicatory licensing hearing under the provisions of the Colorado Administrative Procedures Act, but only as an opportunity for public comment.~~
  4. ~~Every decision respecting the grant, denial, revocation, suspension, annulment, limitation or modification of a special activity permit is subject to § 24-4-104, C.R.S.~~
  5. ~~Upon written request, the Division shall waive the requirement for a parks pass for those vehicles when all the occupants are entering state recreation areas and state parks for the purpose of administering permitted special activities and not for the purpose of their own recreation.~~
  6. ~~For special activities where the Division representative responsible for the permit issuance decision determines it will be a greater administrative ease for the Division to administer the activity, an alternative fee of \$4.00 per person per day may be charged for admission of persons attending or participating in the special activity. This permission shall apply only to groups of twenty or more persons.~~
  7. ~~Nothing in this regulation impairs the specific authority of the Commission pursuant to 33-10-107(1)(d) C.R.S. to enter into cooperative agreements for the development and promotion of Division programs, or the general authority of the Commission pursuant to 33-10-106 C.R.S. to manage all state recreation areas and state parks for both commercial and noncommercial purposes.     - (1) Colorado Parks and Wildlife (CPW) deems hunting activities on Lone Mesa State Park as those which currently require “special planning and/or scheduling for proper management.” Therefore, CPW issues special use permits to visitors wishing to engage in hunting use of the park.

- (4) If, at a later date, an applicant's payment of the HUP fee is found to be insufficient due to payment stops, insufficient funds or any other reason, an HUP will not be issued to them. And, if an HUP had been issued prior to CPW discovering the insufficient payment, that permit will be voided.

2. Special use permit procedure
  - A. Permit numbers
    - (1) Colorado Parks and Wildlife deems hunting activities on the Green Ranch portion of Golden Gate Canyon State Park as those which currently require "special planning and/or scheduling for proper management." Therefore, the Division issues special use permits to visitors wishing to engage in hunting on the Green Ranch portion of the park.
    - (2) The maximum number of approved hunting special use permits (HUPs) for the Green Ranch on Golden Gate Canyon State Park at any one time during the 2003 big game season is as follows:

The next qualified applicant on the alternate list (see section c.8) will be offered an HUP.
- (5) If, at a later date, an applicant's payment of the HUP fee is found to be insufficient due to payment stops, insufficient funds or any other reason, an HUP will not be issued to them. If an HUP had been issued prior to CPW discovering the insufficient payment, that permit will be voided.

C. Allocation of permits

- (1) Advertising: it shall be the responsibility of the park manager or his/her designee to advertise the availability of the HUPs for the Green Ranch through normal media and internet formats.

- (7) Drawing: the drawing will be held no later than the first Sunday in August. There will be one random drawing for each of the six seasons on the Green Ranch: pre-muzzleloading archery, muzzleloading, post-muzzleloading archery, 1st separate limited elk, 2nd combined deer and elk, 3rd combined deer and elk, and 4th combined deer and elk. Permits will be issued up to the numbers outlined in this regulation, #711.2.a.

**MAILING 07/03/2024**  
**Basis and Purpose**  
**Chapter P-7 - Passes, Permits and Registrations**

**Basis and Purpose:**

Commercial use is prohibited on all CPW property without written permission from CPW as permitted by Commission rule. §33-6-113.5, §33-15-114, C.R.S. The current regulations establish varying authorizations for commercial use on CPW properties with a variety of restrictions, fees, and processes to allow the commercial use. In 2023, the Division began working to move all the regulations that address commercial use on any CPW properties from multiple locations in the regulations to a single place in Chapter W-16. These changes eliminate the variations to establish a consistent process and set of regulations to control all commercial use on all properties owned or managed by CPW as provided in Chapter W-16. These changes remove the exception to the parks vehicle pass requirement based on special activities permits which are being replaced by the new commercial use regulations in Chapter W-16. Current regulation #703 provides special activities permits for commercial uses of State Parks outside of concession agreements. These special activities permits are not consistent with commercial use authorized on wildlife properties. These changes replace special activities permits with commercial use permits in new regulations adopted in Chapter W-16. Current regulation #708 provides fees for the special activity permits in regulation #703.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

**The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Parks Act, §§ 33-10-101 to 33-33-113, C.R.S., and specifically including, but not limited to: §§ 33-10-106 and 33-10-107, C.R.S.**

**EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JANUARY 1, 2025, AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED, OR SUPERSEDED.**

**Basis and Purpose:**

Commercial use is prohibited on all CPW property without written permission from CPW as permitted by Commission rule. §33-6-113.5, §33-15-114, C.R.S. The current regulations establish varying authorizations for commercial use on CPW properties with a variety of restrictions, fees, and processes to allow the commercial use. **Basis and Purpose:**

**Updating regulations related to commercial use of Wildlife Properties**

Commercial use is prohibited on all CPW property without written permission from CPW as permitted by Commission rule. §33-6-113.5, §33-15-114, C.R.S. The current regulations establish varying authorizations for commercial use on CPW properties with a variety of restrictions, fees, and processes to allow the commercial use. In 2023, the Division began working to move all the regulations that address commercial use on any CPW properties from multiple locations in the regulations to a single place in Chapter W-16. These regulation changes remove all the current explanation and authorization of commercial use and directs all authorization for commercial use to the new regulations adopted in Chapter W-16. The changes also provide cross references to the new commercial use regulations for all commercial use in Chapter W-16.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

**The statutory authority for these regulations includes, but is not limited to:**

- § 24-4-103, C.R.S.
- §§ 33-1-101 to 33-6-209, C.R.S., particularly §§ 33-1-105, -106, -107, and 33-4-102, C.R.S.
- § 33-9-102, C.R.S.

**EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JANUARY 1, 2025 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.**
