

# Buffalo Horn Ranch Rules

The following ranch rules are intended to keep a safe and successful hunting atmosphere. If you have any special needs or special considerations please contact Grant Edinger at the ranch (970-878-5450). Thank you in advance for your cooperation. Have a great hunt!

1. The ranch is divided into 9 hunting access areas. Each area will have an access through a designated gate. A maximum number of hunters will be allowed in each hunting area.
2. Hunters must check in and out of the ranch office one hour before sunrise and one hour after sunset of each hunting day.
3. Buffalo Horn Ranch makes available to the public game retrieval by BHR staff for a minimum of \$50.00
4. Motorized vehicles are not allowed access on the property except in the case of game retrieval. This limits the movement of game as much as possible. As proven in the past, hunting success is considerably higher when everyone respects this rule. All vehicles should be parked at the designated gate/area where you will be hunting. A BHR parking permit (issued at check-in) must be visibly displayed on your vehicle dashboard. Methods of access from vehicle parking areas include horseback and walking. The layout of the ranch readily allows for this type of access as it is relatively narrow.
5. Please do not bring your dog, as dogs are not allowed in the hunting areas.
6. Each licensed hunter is allowed to carry one gun while hunting on the ranch.
7. Licensed hunters may bring one non-hunting companion while on the ranch. The companion must remain the same during the length of your hunt and may not hold a regular season deer or elk tag for the same time frame as your hunt.
8. All areas surrounding dwellings and livestock handling facilities will be closed to hunting for the safety of residents and livestock.
9. We cannot accommodate overnight camping on the ranch, but camping and motels are available in or near Meeker.
10. Please do not start fires or litter on the ranch.
11. Hunters and companions must sign a liability release form prior to hunting.

Thank you for your cooperation and understanding in these matters. Have a great and enjoyable hunt!
