Meeting called to order at 10:03 AM

### New Business

#### Tire Tanks Order

The committee's stockpile of tire tanks is almost depleted and needs to be replenished. Landowner interest continues to be high, so the committee feels it is important to keep a good amount of tire tanks in Canon City so that they can be distributed for water projects in the committee area. 8ft tanks seem to be the most popular because they are easier to move, but 10 and 12ft tanks should be available for projects that need more water storage. The committee will place an order for 1-2 12ft tanks, 1-2 10 ft tanks, and a load of 8ft tanks.

**The committee approved the project to purchase tire tanks for up to \$10,000**

#### Homestead Spring Development Funding Increase

The spring development project that was approved at the last meeting had a small increase of \$96 after getting the final quote.

**The committee approved the project increase by \$96. Final project amount is \$2676.00 and one 8 ft tire tank from the stockpile.**

The meeting was adjourned at 10:15 AM

Next meeting: July 18<sup>th</sup> 10:00 AM in Canon City (Location TBD)
