Guests: Seth Schwolert, CPW

Budget Report

The budget at the start of the meeting was \$13,829.

New Business

Steinhoff Hill State Trust Land Fence

Seth Schwolert presented a fence project to replace approximately a half mile of dilapidated fence along the eastern boundary of the STL. The implementation of wildlife friendly fence will serve as a benefit to pronghorn, deer, and elk in the area. The new section of fence will aid in preventing future wildlife entanglements and will more affectively contain livestock. Justin abstained from the approval decision.

The project was approved for up to \$3,000 from State Council funds and 2 rolls of white vinyl wire from committee inventory.

Remaining Committee Business

Next Meeting- The committee tentatively selected June 17, 2022 to tour completed projects in the Livermore area.

Adjournment

The meeting was adjourned at approximately 5:30 pm.
