New Business:

1. Ranch Advisory Partners Habitat Monitoring Presentation- Katie Meiklejohn presented an overview of the monitoring project that has been completed annually since 2009. Five particular project sites were discussed in depth to show the findings over the several years of monitoring and assess the short and long term results. Katie presented the [Habitat Planner](#) tool on the Ranch Advisory Partners website that was created based on all the data acquired from the WRHPP monitoring project. The tool also serves as the database for all monitoring information collected from the WRHPP committee area.

Adjournment: The meeting was adjourned at approximately 6:45 pm.
