

## Scott Winans

Scott Winans has been involved with singletrack trail creation for 25 years, and has served since 2011 as the President of the Colorado Plateau Mountain Bike Trail Association, Inc. (COPMOBA), a 29+ year western Colorado regional non-profit organization committed to advocacy for, and construction and maintenance of, non-motorized singletrack trail.

Via its current five chapters, COPMOBA furthers its mission through active and responsible partnership with Federal and State management agencies, County, Municipal, and organizational agents, as well as business and individual members in all of the communities in which it operates. Scott believes that these community relationships, and the demonstrated lifestyle and economic benefits of trails in the communities, are the keys to the grounded success of the organization.
