- **LEFTOVER LIMITED LICENSES & OVER-THE-COUNTER (OTC) LICENSES NOW ON SALE ON THE SAME DAY:** Leftover limited and OTC licenses (including add-on bear) will go on sale on the same day and at the same time, starting 9 a.m. on Aug. 3 for 2021.

- **YOU CAN NOW USE A CPW GIFT CERTIFICATE AS YOUR PAYMENT KEPT ON FILE FOR YOUR LICENSE:** If you draw a license, you can use a credit card number, Visa or Mastercard gift certificate number, or now a CPW gift certificate as the payment kept on file for your license in your online account. - **NEW LIMITED LICENSE REISSUE PROCESS:** We now have a new process for reissuing returned limited licenses. Instead of hunts being randomly released Tues.–Fri. as in the past, a new REISSUE PREVIEW LIST will be posted online every Tuesday at 11 a.m., and those hunt codes will be moved to the Leftover List and available for purchase every Wednesday, starting at 11 a.m.

- **BEGINNING AUG. 10, THE REISSUE PREVIEW LIST WILL BE POSTED ONLINE EVERY TUESDAY AT 11 A.M.** Find the Reissue Preview List here: cpw.state.co.us/refunds#reissue

- **The Reissue Preview List will be cleared after sales begin on Wed. through the Leftover List and will repopulate the following Tuesdays.**

- **See pages 4 and 8, and go online for more:** cpw.state.co.us/refunds#reissue

- **CERTAIN MOOSE HUNT CODES WILL HAVE LIMITED QUOTA IN THE DRAW IN 2021:** Some of the quota for certain hunt codes for moose have been reserved for 2020 moose license holders who were affected by the 2020 wildfires. Hunt codes shaded in orange in the moose hunt code tables on pages 59–61 have limited quota available for the 2021 draw as a result. Unless you were contacted directly by CPW about this opportunity, any other 2020 moose licenses held are not eligible for a guaranteed 2021 license.

- **NEW YOUTH EXTENDED HUNT LICENSE CONVERSION FORM ONLINE:** Youth ages 12–17 can now easily convert their unfilled limited either-sex elk or either-sex pronghorn license (where the season has ended) to a female (antlerless) license through the new online form. See pages 17–19 for more on youth hunting, and find the form online: cpw.state.co.us/youthhunting

- **NEW HUNTING CLOSURES FOR KENOSHA PASS & GUANELLA PASS RDs:** GMUs 39, 46, 500 and 501 are affected. See the hunt code tables and page 68.

- **YOU CAN NOW GET AN APPRENTICE CERTIFICATE TWICE IN A LIFETIME:** See “Hunter Education Exemptions,” page 6, for details.

- **FISHERS PEAK STATE PARK HUNTING OPPORTUNITIES:** Up to 7 hunters will have the opportunity to hunt deer, elk or bear on Fishers Peak, near Trinidad, in 2021. Access is by permit only, issued by drawing. Information about how to apply for these opportunities will be posted online by mid-June. For more details, go to: cpw.state.co.us/fisherspeak

- **MANDATORY CHRONIC WASTING DISEASE (CWD) TESTING:** In 2021, CPW will require mandatory submission of CWD test samples (heads) from all elk and deer harvested for specific hunt codes. There will be no charge for mandatory testing. Get more information about where and how to submit a CWD sample at cpw.state.co.us/cwd. Hunt codes selected for mandatory testing are highlighted on pages 22–32 of “Deer” and 41–52 of “Elk.”

PLANNING YOUR HUNT

This brochure will help you decide which big-game species you’d like to hunt, when and where you’d like to hunt, what method of take you’d like to use and the requirements for getting your hunting license. It only takes a few steps to plan your hunt!

1. DO YOU HAVE YOUR HUNTER EDUCATION?
   You’ll need to have your hunter education certification and card number before applying for the draw(s) or purchasing a hunting license if you were born after Jan. 1, 1949. Remember that you must carry proof of hunter education in the field when you hunt! See pages 5–6 for additional license requirements and how to obtain an apprentice certificate.

2. WHICH SPECIES DO YOU WANT TO HUNT?
   Colorado offers 10 big-game species. This brochure has hunting rules and options for deer (mule and whitetail), elk, pronghorn, moose and bear. Pick the species and sex you’re interested in hunting: Page 11 has information that helps identify different big-game animals.

3. WHERE DO YOU WANT TO HUNT?
   Colorado is divided into hunting areas called game management units (i.e., GMUs). It’s important that every hunter knows the boundaries of their hunting area, including private land boundaries. Check out the state map and unit descriptions in the back of this brochure or online: cpw.state.co.us/maps

4. WHEN DO YOU WANT TO HUNT?
   In general for deer, elk and bear hunting, archery season starts in early Sept. and lasts almost a month. Muzzleloader season starts in the middle of archery season, and four rifle seasons follow that. The first rifle season is limited to elk and bear hunting only. The second, third and fourth rifle seasons are for elk, bear and deer hunters, who will be in the field at the same time.

5. WHAT DO YOU WANT TO HUNT WITH?
   Colorado has seasons for archery, muzzleloader and rifle/associated methods hunting. Legal requirements for the various methods and transporting them in the field are described in this brochure.

6. TYPES OF LICENSES YOU CAN GET
   Each year, a set (limited) number of licenses is allotted to each GMU. You can apply for the big game draw(s) to get one of these limited licenses, or after the draws are over, you can purchase a remaining limited license (leftover limited license) when they go on sale.
   Some licenses for elk, pronghorn and bear are also available without needing to enter the draw(s) and are not restricted in quantity (unlimited). These can be purchased over the counter after they go on sale online, by phone and in person at sales agents around the state.

7. READ THIS BROCHURE!
   Now that you have a plan, be sure to read through this brochure to help get your license and be prepared out in the field.
   The first 19 pages have all of your basic hunting information: new changes, license information, options and sales dates, general information, hunting laws, application information and deadlines, and how to read the hunt code tables.
   Pages 20–67 break out each of the five big-game species in this brochure into their own sections. Each section has species-specific regulation changes, season dates, how to get more than one license and hunt code tables.
   The last few pages, 68–73, provide a GMU map and detailed descriptions of the GMU boundaries and specific land restrictions.

Send us your hunter testimonial photos and stories for a chance to be featured on a brochure cover or CPW’s online blog!

LICENSE TYPES

- **Qualifying licenses:** A current-year qualifying license is required in order to apply for any of the big-game draws. See page 4 for more.

- **Limited licenses:** A set (limited) number of licenses are available for specific units and dates for each species, and are issued through an application and draw process.

**LIMITED LICENSES INCLUDE:****

- **Public land licenses:**Licenses you can get through the draw(s) that are valid on all CPW-owned or leased public lands, private lands and most federal lands in the specific units listed on your license/in this brochure.

- **Private-land-only licenses:** Licenses you can get through the draw(s) that are only valid on private lands in the specific GMUs listed on your license/in this brochure. If your license hunt code has a “P” in the second-to-last part, it’s valid on private land only. For example: E-F-007-PS-R. You **MUST** get landowner permission before applying for these licenses.

- **Over-the-counter (OTC) licenses:** Licenses (unlimited, unlimited add-on bear and leftover limited) that are available without having to go through the draw(s). They do not require buying/having a qualifying license, do not use preference points and may be purchased any time before and during a season. They’re available at over 650 sales agents around the state, including CPW offices and state parks, online, or by phone.

**OVER-THE-COUNTER LICENSES INCLUDE:**

- **Unlimited licenses:** Licenses that are not restricted in quantity by CPW. You may purchase these licenses when over-the-counter licenses go on sale. “Unlimited” does not mean you can purchase an unlimited number of licenses. See the “List A, B & C” definition at top right.

- **Add-on bear licenses:** If you have an archery or muzzleloader deer or elk license, you can purchase an OTC bear license for the same method of take. At least one hunting unit must overlap on both licenses. See the “List A” definition at the bottom right and page 6. The bottom portion of a hunting license, to be signed, removed and kept with the carcass ONLY after harvesting the animal. See page 16.

- **Leftover limited licenses:** Licenses that weren’t issued in the primary draw. They become the licenses eligible for the secondary draw, and any remaining licenses after the secondary draw become available as over-the-counter leftover limited licenses (see “leftover limited licenses” below).

- **Ranching for Wildlife (RFW) licenses:** Licenses that are not restricted in quantity by CPW. You may purchase these licenses when over-the-counter licenses go on sale. "Unlimited" does not mean you can purchase an unlimited number of licenses. See the “List A, B & C” definition at top right.

- **Landowner preference program (LPP) vouchers:** The LPP encourages private landowners to provide habitat for the benefit of wildlife populations and to relieve hunting pressure on public lands. Deer, elk and pronghorn vouchers are allocated to landowners who meet certain qualifications. Applications are drawn during the primary draw, and successful landowners receive a voucher for each winning hunt code. The voucher is transferred directly to a hunter, who then purchases a license to hunt. See page 7 and cpw.state.co.us/bg/landowner.

BIG GAME DRAWS

- **Primary draw:** The first, main big-game draw of the year for hunters applying for limited hunting licenses.

- **Secondary draw:** This draw replaces the big-game leftover draw from past years and includes deer, elk, pronghorn and bear. Applicants can apply for the secondary draw whether or not they applied for the primary draw. Preference points are not used or awarded in this draw.

LIST A, B & C

All big-game hunting licenses are either List A, B or C, as indicated in the hunt code tables (see image at right). See pages 26 and 65 for the most of the OTC maps. The List types exist so that you know if you can get more than one license for the same species.

- **List A:** You can only get **ONE** List A license = A

- **List B:** If a hunt is List B, you can get up to **TWO** licenses: one List A license and one List B license, or two List B licenses = A+B

- **List C:** If a hunt is List C, you can get up to **ANY** number of List C licenses, as well as one List A license and one List B license, or two List B licenses = A+B+C

**PREFERENCE POINTS**

**Preference points:** Preference points help hunters to be successful in future primary draws because points add up per species until an applicant draws a first-choice license. One preference point is awarded to each applicant who qualifies for and **DOES NOT** draw their first-choice limited license for deer, elk, pronghorn or bear in the primary draw, or who applies using a specific preference-point hunt code that gets them a preference point only as their first choice.

**Weighted preference points:** For moose, Rocky Mountain bighorn sheep and mountain goat, applicants with at least three preference points will be awarded a weighted preference point in subsequent draws and will be given weighted preference during the license draw. See page 9 and cpw.state.co.us/weightedpreference for more details.

**OTHER DEFINITIONS**

- **Carcass tag:** The bottom portion of a hunting license, to be signed, removed and kept with the carcass ONLY after harvesting the animal. See page 16.

- **CWD:** Chronic wasting disease (CWD) is a fatal neurological disease that attacks the brains of deer, elk and moose, and has been found in several regions in the state. In 2021, CPW will require mandatory submission of CWD test samples for deer and elk from certain GMUs/hunt codes. See pages 13, 20 and 35.

- **Float groups:** When the quota — or number of licenses available — is assigned to a group of hunt codes, rather than just one, that is considered a float group. If you draw or purchase a hunt code in a float group, you may exchange that hunt code for another hunt in that group for a fee as long as your season hasn’t started.

- **GMU:** Huntable areas are broken down into units called “game management units.” These units help you decide where you’d like to hunt. See the GMU map on the inside back cover.

- **Method of take:** Colorado has hunting seasons based on archery, muzzleloader and rifle/associated methods. See table on page 14 for details on which method you can use to hunt each of the big-game species in this brochure.

- **Refunds:** You can get a refund **OR** have your preference points restored for a big-game license that you drew. You must return the license to CPW at least 30 days before the start of the season for which the license is valid.

- **Reissues:** Most limited licenses that have been returned will be made available to other hunters through a reissue process. Returned limited licenses that took 5 or more preference points to draw will be offered to the next applicant in line, up to 5 applicants. Those that took 4 or fewer preference points to draw will be available to the public on the Leftover List. **NEW** See “What’s New” and page 8 for changes to the reissue process.

- **Exchanges:** You can exchange a license, as long as the license you want to get is for a hunt code for the same species as the current license and there is quota remaining (except for float groups and some unlimited licenses). In most cases, you can exchange from an OTC license to a limited license of the same species and vice versa. Note that there are no refunds or preference point restorations available on exchanged licenses. The fee to exchange is half the cost of the license, not to exceed $25. Once a season starts, an exchange is no longer available.
LICENSE OPTIONS, AVAILABILITY & DATES

LICENSE SALES DATES

Colorado offers many different options for obtaining the various types of big-game licenses:

▶ QUALIFYING LICENCES

On sale starting March 1

All applicants must first purchase (online, by phone or in person at sales agents) or hold a qualifying hunting license for the current license year BEFORE applying for either the primary or secondary draws. Draw applications will not be accessible until you purchase your qualifying license. Licenses must be valid for the current 2021 license year. A 2021 Habitat Stamp will be automatically added when purchasing your qualifying license, if applicable.

Qualifying licenses:
- annual resident and nonresident small game
- annual resident combo small game/fishing
- annual resident senior combo small game/fishing
  ▶ Annual licenses are valid March 1–March 31 (13 months)
- resident and nonresident spring turkey
- NEW resident and nonresident fall turkey (valid for the secondary draw ONLY)
- resident veteran lifetime combo small game/fishing
- resident first responder lifetime combo small game/fishing
- NEW annual small-game license for resident senior lifetime fishing license holders

▶ LIMITED LICENSES: PRIMARY DRAW

Available through the draw process

Applications accepted: March 1–April 6 (8 p.m. MT)

To get limited licenses or preference points, hunters must apply online or by phone for the draw by April 6, 8 p.m. MT. These licenses include public-land, private-land-only (PLO) and Ranching for Wildlife (RFW) licenses.

▶ LIMITED LICENSES: SECONDARY DRAW

Available through the draw process

Applications accepted: June 16–30 (8 p.m. MT)

The secondary draw has replaced the leftover draw of previous years. It is open to everyone, whether you applied for the primary draw or not. It includes the remaining limited licenses with quota from the primary draw for deer, elk, pronghorn and bear. To get limited licenses, hunters must apply for the draw online or by phone by June 30, 8 p.m. MT.

If you draw a license in the primary draw, you can still apply for the secondary draw, too. You must have a qualifying license in order to apply. The $7 resident and $9 nonresident application fees apply. This draw does NOT use preference points, and you cannot apply for them. Youth ages 12–17 receive priority for all licenses. Any licenses remaining after the secondary draw (except for Ranching for Wildlife licenses) will be placed on the Leftover List and available for purchase starting Aug. 3 at 9 a.m. (see below).

NONRESIDENT LICENSE ALLOCATIONS

Nonresident allocations are determined by the average number of preference points a Colorado resident needed to draw a specific license during a 3-year period that ended with the 2009 drawing. (Units with low numbers of available licenses may not have any remaining for nonresidents after resident licenses are drawn.)

1. For elk and deer hunt codes that required six or more points for a Colorado resident to draw, up to 20 percent may go to nonresidents. These hunts are designated in unit tables by a + under the SEX column.

2. For hunt codes that required fewer than six points for a Colorado resident to draw an elk or deer license, up to 35 percent may go to nonresidents.

3. Nonresident allocations may increase if licenses remain after all Colorado resident first choices have been drawn for that hunt code.

4. License allocations do not apply to private-land-only and Ranching for Wildlife licenses.

5. In a group of applications made up of both residents and nonresidents, all nonresidents in the group will count against the nonresident allocation; if all nonresident allocation is gone, the group will not draw.

WHAT YOU NEED TO BUY A LICENSE

1 ▶ PROOF IDENTIFICATION
   AND:
   ▶ PROOF of residency for Colorado residents (page 6).

2 PROOF of hunter education (page 6).

3 HABITAT STAMP: A 2021 or lifetime Habitat Stamp is required prior to buying a license or purchasing a qualifying license to apply for the draw(s) for anyone ages 18–64. One will be automatically added to your purchase, if applicable (page 6).

4 QUALIFYING LICENSE: Required ONLY for participation in the big-game draws (page 6).

LICENSE REQUIREMENTS

▶ You must have a license to hunt. Carry the original with you while hunting.
▶ You must carry proof of hunter education while in the field.
▶ You may hunt only the animal, sex, season, units and method of take authorized by the license, and you must follow the specific land-use rules. Complete season dates may not be printed on the license because of space constraints. Check the details in this brochure for your specific license.
▶ It is illegal to give false information to obtain a license. It also is illegal to alter a license, or to loan, transfer, sell or give your license to someone else.
▶ If you lose or destroy your license, a duplicate is available for half the price of the original license, not to exceed $25. You can get a duplicate before the season opens from any sales agent. After the season begins, duplicate licenses are available only at CPW locations.
▶ Licenses expire on the expiration date printed on the license.
▶ Nonresidents can continue to use their combo fishing license after harvesting a big-game animal, as long as the carcass tag is the only part of the license that has been detached. The rest of the license must remain intact. The fishing license is good through March 31, 2022.
1 RESIDENCY REQUIREMENTS

- The physical residence address you give to buy or apply for a license must be the same as the address given for Colorado state income tax purposes.

OTHER LICENSE OPTIONS

LANDOWNER PREFERENCE PROGRAM (LPP)

FOR LANDOWNERS:
1. Deer, elk and pronghorn licenses (in units that are totally limited for all rifle licenses) are allocated to deeded landowners who own at least 160 contiguous acres of private agricultural land. Further qualifications apply: cpw.state.co.us/bg/landowner
2. Landowner preference quotas are:
   ▶ GMUs WEST OF I-25: 10 percent of the quota of public licenses may be issued as a voucher valid for a specific hunt code. An additional 10 percent of the public quota may be issued as a private-land-only voucher.
   ▶ GMUs EAST OF I-25: 15 percent of the quota of public licenses may be issued as a voucher valid for a specific hunt code. An additional 10 percent of the public quota may be issued as a private-land-only voucher and may only be transferred to a youth or an immediate family member.
3. LPP applications are drawn just before CPW’s public limited drawing. Successful landowners receive a voucher for each winning hunt code. Landowners will be notified at the same time as public applicants.
4. The deadline to register for 2021 has passed. Registrations for 2022 may be submitted through Dec. 1, 2021, at the web address listed above. Registrations are valid for up to five years.

FOR HUNTERS:
1. The landowner or designated land manager must transfer the voucher directly to the hunter. A voucher that has been transferred by any person who is not the landowner or designated land manager is void. A voucher that is brokered for another person is void. A hunting license obtained for use with a void voucher is also void. No person shall broker a voucher on behalf of any landowner or person, or use or possess any brokered voucher.
2. Landowner vouchers may be transferred one time only. The transfer of the voucher occurs when the hunter’s name is written on the voucher, or the landowner or designated land manager hands (or mails) the voucher to the hunter.
3. If a hunter cannot use a voucher, the voucher becomes VOID. The voucher CANNOT be reprinted or transferred to another hunter, even if the voucher has not been redeemed for a license.
4. Annual bag limits still apply. Be sure you can legally have the license before acquiring a landowner voucher. List A, B or C is printed on the voucher. See pages 20, 36 and 53 for details.
5. The transfer of a voucher by a landowner or designated land manager must include permission to access and hunt all of the registered land for which the voucher was awarded, and for the entire season for which the voucher was awarded, without discrimination among hunters entering the land. Restrictions are not allowed, except for manner of access (i.e. foot, horseback, vehicle) reasonably necessary to prevent damage to land.
6. The voucher must be taken to a sales agent or CPW location in person to be redeemed for a proper and valid license PRIOR to hunting. The appropriate license fees are paid at that time.
7. A list of landowners is NOT available from Colorado Parks and Wildlife.

HUNTERS WITH DISABILITIES

CPW offers several programs for hunters and anglers with disabilities. Go to cpw.state.co.us/accessibility for more information on each program and how to apply. These programs require advance legal paperwork submissions: Please apply AT LEAST 30 days prior to when you wish to use the permit or license. Due to volume, applications cannot be expedited.

HUNTERS WITH DISABILITIES
Accommodation permits are available to hunters with disabilities. Hunters must have a temporary or permanent disability that significantly impairs major daily life functions and the ability to hunt.

Some doe deer, cow elk and doe pronghorn licenses are offered to hunters with mobility impairments. Hunters must have a mobility impairment resulting from permanent medical conditions, making it physically impossible to hunt without someone else’s help.

REFUNDS

1. Application fees, the $10.40 Habitat Stamp fee, qualifying licenses, and preference point fees are nonrefundable.
2. If you drew a license you would like to return, payment for the license is still required first. You can then return it for a refund OR preference point restoration. You must relinquish your license AND carcass tag at least 30 days before opening day of the season for which the license is valid.
   ▶ License must be accompanied by a completed request form obtained at a CPW location or our website. Most refunds are subject to a $15 processing fee. Preference points are reinstated to a pre-draw level. You do NOT receive an additional preference point for 2021.
   ▶ Requests must be postmarked at least 30 DAYS before the season for which the license is valid starts and mailed to CPW, attn: Refund Office, 6060 Broadway, Denver, CO 80216. A license cannot be recovered once it has been returned along with a refund or preference point restoration request form to CPW.
3. Once there are fewer than 30 days until the season starts, refunds or preference point restorations are limited to extreme medical circumstances of the licensee, death of the licensee or death of the licensee’s immediate family member, members of the U.S. military whose service prevented them from requesting a refund or reinstatement on time, or jury duty which overlaps with the season dates on the license.
   ▶ These requests must be accompanied by evidence that the license has not been used AND the circumstances that precluded the licensee from being able to make their request 30 days or more from season start.
   ▶ Customers with an extreme medical circumstance will need to fill out the new Extreme Medical Exception request form. Find instructions online: cpw.state.co.us/refunds

REISSUES

NEW CPW has a new process for reissuing returned limited licenses. Instead of hunts being randomly released Tues.–Fri. as in the past, a new REISSUE PREVIEW LIST will be posted online every Tues. at 11 a.m., and those hunt codes will be moved to the Leftover List and available for purchase every Wed. starting at 11 a.m.
   ▶ Beginning AUG. 10, the Reissue Preview List will be published on the website every TUES. at 11 A.M. Find the Reissue Preview List here: cpw.state.co.us/refunds#reissue
   ▶ Hunt codes that were on the Reissue Preview List are moved to the Leftover List and become available for purchase each WED. starting at 11 A.M.
   ▶ All hunt codes will be released 11 a.m.–1 p.m. on Wed. of every week, starting the week after leftover licenses go on sale. No new hunt codes will be added to the list after 1 p.m. each Wed.
   ▶ The Reissue Preview List will be cleared after sales begin on Wed. through the Leftover List and will repopulate the following Tues.
   ▶ Go online for more details: cpw.state.co.us/refunds#reissue

EXCHANGES

1. All license exchanges will be charged a fee of half the cost of the original license, not to exceed $25.
2. No refunds or preference point restorations are available on exchanged licenses.
3. Exchanges can be completed at a CPW office or park up until the day before the season starts on the original license. Once a season starts, an exchange is no longer available.
4. Licenses may only be exchanged for a hunt code for the same species as the current license.
5. Exchanges cannot be completed until leftover limited licenses and OTC licenses go on sale, Aug. 3 at 9 a.m.
1. **PREFERENCE POINTS**

1. **ONE PREFERENCE POINT IS AWARDED PER SPECIES APPLIED FOR** to hunters who apply properly and are unsuccessful in drawing a license for a first-choice hunt code in the primary draw for big-game species in this brochure. You may apply for a preference point as your first-choice hunt code (see below).

Preference points are only used during the primary draw, they do NOT apply for the secondary draw.

2. **YOUTH AGES 12–17** can apply for a point. Youth age 11 can also apply for a point provided they turn 12 in 2021.

3. **PREFERENCE POINT HUNT CODE**: You can gain a preference point as a first choice on your application to use another year; specific preference-point hunt codes are listed at the beginning of each species section in this brochure. You can also choose other hunt codes as your second, third or fourth choices. Do not submit a separate application for preference points, or both applications will be disqualified.

4. **IF YOU ARE ISSUED A FIRST-CHOICE LICENSE**, all accumulated preference points for that species become void and return to zero.

5. **POINTS ACCUMULATE** until you draw a first-choice license. If an applicant fails to apply for a species or has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void.

6. **PRIORITY** goes to those with the most points, except when the license quota or nonresident cap would be exceeded, and except for the hybrid draw. See page 19 for hybrid draw information and hunt codes.

7. **GROUP APPLICATION** priority is based on the member with the fewest points. See “Apply as a Group for Hunts” at cpw.state.co.us/applyforgrouphunts.

8. **SECOND-, third-, fourth-choice, over-the-counter, leftover limited licenses and the secondary draw** don’t use or generate points.

9. **PREFERENCE POINT FEE**: The preference point fee no longer applies to deer, elk, pronghorn or bear. See right for details on the preference point system.

10. **CURRENT PREFERENCE POINT LEVELS** will be listed in your CPW account: Go to cpw.state.co.us and click “Buy and Apply.”

11. **PREFERENCE POINTS ARE NOT TRANSFERABLE BETWEEN HUNTERS**. Points are awarded for specific species, not for hunt codes, sex, unit(s), season(s) or method of take.

12. **ACTIVE DUTY U.S. MILITARY** stationed in Colorado or who claim Colorado as their home of residence and are deployed outside the U.S. are eligible, when they return home, to apply for preference points for any primary draws they missed while deployed. Applications will be available at the end of July.

---

**PREFERENCE POINT FEE**

- Moose, Rocky Mountain bighorn sheep and mountain goat have a preference and weighted preference point fee. If you apply for a preference point hunt code as your first choice or are unsuccessful in drawing your first choice hunt, you’ll be charged a $50 resident or $100 nonresident preference point fee. The fee is waived for youth and resident lifetime license holders. Residents who are in the military on active duty outside Colorado can request a preference point fee refund.

- You’ll have the option to **OPT OUT** of paying the preference point fee while filling out your draw application(s), and therefore will not be charged the fee and will NOT acquire a preference or weighted point for 2021. This includes if you apply for a preference point hunt code as your first choice.

- If you apply for a point only, your credit card on file will be charged after the draw. The application fee, $10.40 Habitat Stamp and qualifying license are nonrefundable. If your card can’t be charged, we will email you. If you don’t pay by the payment deadline (JUNE 11), you will forfeit your preference point for 2021.

---

**WEIGHTED PREFERENCE POINTS**

1. There are three species of big-game animals that use the weighted preference point system to award licenses in Colorado: moose, Rocky Mountain bighorn sheep and mountain goat.

2. Weighted preference increases your probability of drawing and applies to both male and female licenses.

3. Hunters can only accumulate up to three points for moose, Rocky Mountain bighorn sheep and mountain goat. If you have three preference points and you fail to draw a first-choice license, you will receive weighted preference.

4. Weighted preference is calculated by converting your application number into a different, random application number, then dividing that new application number by the number of weighted points you have, plus one. Individuals with three preference points and no weighted preference will have their application number divided by one.

5. **This generates a new application number. Applications are sorted by this new number from lowest to highest, and low numbers for each hunt code are awarded licenses.**

**NOTE**: The preference point fee for moose, Rocky Mountain bighorn sheep and mountain goat applies to preference points AND weighted preference points. Go to cpw.state.co.us/weightedpreference for more details.

**GET THE LEAD OUT**

**SEE THE CDPane PUBLIC HEALTH STATEMENT:**

cdphe.colorado.gov/lead-wild-game

From the field to the table, ensuring your next harvest is safe for your family is important. Switching from lead bullets may be an option that’s right for you. Science tells us that ingesting lead can cause potential health problems over time. Risks are low for most people; however, you can also:

1. Use lead-free shot or bullets.

2. Choose a firearm with lower-velocity bullets, so the bullet fragments don’t scatter as far into the wound. Liberally trim and discard meat damaged by the bullet when you process an animal.

3. Clean your meat grinder between each animal. Lead is soft and can go through your grinder, contaminating an entire batch of ground meat. If you don’t grind the meat yourself, speak with your commercial processor about their equipment cleaning process between animals.

4. Avoid eating game meat from animals harvested with lead bullets if you are pregnant.

Children younger than 6 should also avoid it.

### HOW TO READ HUNT CODES

**HUNT CODES CONTAIN A LOT OF INFORMATION:**
Learning how to read hunt codes can ensure that you apply for the right hunt in the limited license draw(s) each year. **Hunt codes are an 8-character code used to designate species, sex, GMU, season and method of take:**

#### RIFLE — LIMITED LICENSES

<table>
<thead>
<tr>
<th>UNIT</th>
<th>VALID GMUs</th>
<th>DATES</th>
<th>SEX</th>
<th>HUNT CODE</th>
<th>LIST</th>
</tr>
</thead>
<tbody>
<tr>

<td>Sept. 11–19 Early</td>
<td>Buck</td>
<td>D-M-014-E1-R</td>
<td>A</td>
<td></td>
</tr>
</tbody>
</table>

For example, the hunt code at left reads:

- **D** = deer
- **M** = male
- **014** = unit number 14
- **E1** = early season
- **R** = rifle

A deer hunt, for a buck, in unit 14, during the early season for rifle.

1. **FIRST CHARACTER** designates the species:
   - **D** = deer
   - **E** = elk
   - **A** = pronghorn
   - **M** = moose
   - **B** = bear

2. **SECOND CHARACTER** designates the sex of the animal:
   - **M** = male
   - **F** = female
   - **E** = either sex

3. **THIRD CHARACTER** designates the game management unit (GMU):
   - **001** = unit 1
   - **201** = unit 201
   - etc.

4. **FOURTH CHARACTER** indicates the season/hunt dates:
   - **01** = first season
   - **02** = second season
   - etc.
   - **P** = private-land-only hunts (followed by the season number: P1, P2, P3, P4, P5)
   - **E1** = early season
   - **L1** = late season
   - **K2, K3** = youth-only
   - **W or J** = Ranching for Wildlife

5. **FIFTH CHARACTER** designates the method of take:
   - **A** = archery
   - **M** = muzzleloader
   - **R** = rifle and associated methods
   - **X** = season choice

### OTHER HUNT CODE TABLE SYMBOLS

1. A **SQUARE BULLET (•)** in the **UNIT** column indicates there is a special note about that unit, displayed below the hunt code information.

2. A **PLUS (+)** in the **SEX** column indicates hunt codes for which an average of at least six preference points are needed for a resident to draw that license. This is only an average and does not guarantee a license will be drawn. These calculations are based on a 3-year period ending with the 2009 drawing.

### HOW TO READ HUNT CODE TABLES

**HUNT TABLES SHOW THE LIMITED LICENSES AVAILABLE:**
These are available through the primary or secondary draws. **Hunt tables for bear on pages 66–67 contain hunt codes for over-the-counter licenses. These are not available through the draw.**

1. **THE TITLE** above each table indicates the method of take for the hunt codes within that table. Start here to find the method of take you wish to use.

2. **THE UNIT COLUMN** is where you’ll look next to locate the game management unit (GMU) you wish to hunt. Please read the unit tables carefully. Some licenses are valid in one unit only, while others are valid in multiple units. This column also indicates which hunts offer add-on bear licenses in the over-the-counter deer and elk archery and muzzleloader tables: Look for the bear paw symbol!

3. **THE VALID GMUS COLUMN** will display information for each hunt and whether it is private land or has other restrictions. **If a hunt is labeled as private land, you must get permission from a landowner in that unit before you hunt.**
   - If the hunt code for a certain unit is also valid in additional units, the **VALID GMUs column** will list all the game management units (GMUs) where you can hunt with that same license.
   - If a unit has the same hunt details and hunt codes as another unit, the chart will read “**SEE UNIT ___**.” Look up the unit referred to for the correct hunt codes for your hunt.

4. **THE DATES COLUMN** lists the applicable season/hunt dates when the license is valid. Each unit may have multiple hunt dates, so please read carefully.

5. **THE SEX COLUMN** indicates which sex of animal can be hunted for that specific hunt code. Read the information carefully because the sex of an animal that is huntable in a unit may have changed from previous years.

6. **THE HUNT CODE COLUMN** displays the code you will use to apply for the license you want. There are many possible hunt codes associated with each unit, and they may have changed since the last time you hunted, so please read carefully. **See section at left on how to read hunt codes.**

7. **THE LIST COLUMN** displays what type of license you are buying. There are opportunities to purchase more than one license during the year, as long as the licenses meet the requirements of being List A, B or C.

For details, see the “List A, B & C: Get More Than One License” charts under the big-game species you’d like to hunt in the following brochure pages. When applying in the draw, **DO NOT** include the list letter on the application.

**NOTE:** You may submit one application for each species, per draw, per year. For each application, you may fill in up to 4 hunt code choices.
## General Information

### Big-Game Species Identification

1. **ID First, Trigger Finger Second.**
   - Take as much time as necessary to identify an animal before you shoot. Use your binoculars, not your rifle scope, to make a positive ID on an animal. Then put your finger on the trigger.

2. **Study the Body.**
   - There are telltale ways to tell different animals apart. Don't just look at an animal's antlers, study the entire head and body of an animal before you shoot. This will help distinguish elk from moose and mule deer from whitetails.

3. **Watch for Babies.**
   - When hunting elk or moose, be careful not to mistake a moose calf for a cow elk. Young moose have a reddish coat, similar to an elk. Also, it is illegal to kill a bear that has cubs with it. Bear cubs younger than a year old cannot be harvested.

4. **Make a Mistake?**
   - Accidents happen. If you've shot the wrong species of animal in the field, don't panic. Field dress the animal, then call the local district wildlife manager or the CPW office nearest to you listed at the front of this brochure. Admitting a mistake is a hunter’s most responsible plan of action.

---

**Attention!**

It is quite common to find both mule deer and white-tailed deer in the same areas, especially on the Eastern Plains. Since both types of deer have the same general body shape and size, hunters can look for a few key differences to make a positive identification. The primary telltale characteristic a hunter should look for is the tail.

**Attention!**

Moose can be found in the same habitat as elk in Colorado. Elk hunters must know the difference between the two species to avoid accidentally killing a moose.

HUNTING RESERVATION SYSTEM (HRS) FOR BIG GAME

Hunters must make big-game hunting reservations for all properties that require them, either online or through the new reservation phone number: 800-244-5613. Reservations are available starting at 9 a.m. Go online to learn more and find properties that require reservations: cpw.state.co.us/bghuntingreservations

BIG GAME WALK-IN ACCESS PROGRAM

The Big Game Walk-In Access Program will now offer big-game hunting on many properties across eastern Colorado. There will be overlap in small-game and big-game seasons, and properties will be signed with WIA boundary signs.

In 2021 these properties are open for big-game hunting to properly licensed hunters during established big-game seasons from Sept. 1–Dec. 31 and to small-game hunting from Sept. 1–Feb. 28, 2021. Big-game hunters must possess a valid pronghorn, deer, or elk license valid for the unit in which the Walk-In Access property lies. All normal WIA regulations apply. All big-game hunting regulations apply. Go to: cpw.state.co.us/wia

SHED ANTLER COLLECTION CLOSURE

WEST OF I-25, PUBLIC LANDS: Collection and possession of antlers or horns on public lands west I-25 from Jan 1–April 30, is prohibited. The public lands west of I-25 are open to collection and possession of shed antlers or horns May 1–Dec. 31 ONLY, except in GMUs 54, 55, 66, 67 and 551, where collecting antlers or horns is further restricted May 1–May 15 between legal sunset and 10:00 am.

WEST OF I-25, PRIVATE LANDS: On private lands west of I-25, any person may, with lawful access, collect shed antlers or horns at any time.

EAST OF I-25, PUBLIC AND PRIVATE LANDS: On any lands east of I-25, any person may, with lawful access, collect shed antlers or horns at any time.

NOTE: Public land management agencies may have additional restrictions on use of public lands and removal of shed antlers. Refer to land manager restrictions prior to shed hunting.

RANCHING FOR WILDLIFE (RFW)

Public Ranching for Wildlife licenses are available only to Colorado residents by draw. Licenses are valid only for the season and ranch specified. RFW landowners must provide free access to hunters who draw a public license for their ranch. By applying for a RFW license, hunters allow CPW to provide applicant information to the ranch. Hunting rules differ for each ranch. Read ranch rules before applying: cpw.state.co.us/rfw

OUTREACH LICENSES: YOUTH & NOVICE ADULTS

Outreach licenses for youth ages 12–17 are offered to qualified organizations that teach youth participants about hunting techniques, hunting ethics and wildlife management. Outreach licenses for novice adults are offered to qualified organizations sponsoring educational, novice adult or youth hunting activities.

Outreach licenses for youth are offered on a first-come, first-served basis on private land for youth hunters ages 12–17. Application procedures are online at: cpw.state.co.us/youthoutreachlicense

Outreach licenses for novice adults are offered on a first-come, first-served basis on private land for novice adult hunters who are 18 and older, and who have never purchased a big-game license, have not purchased a big-game license in the last 5 years, or who have only purchased a big-game license in the previous year. Application procedures are online at: cpw.state.co.us/novicehunterprogram

DREAM HUNT LICENSES

Deer, elk, pronghorn, mountain lion and bear licenses are available to hunters ages 12–21 with a terminal illness or life-threatening disease or injury.

Requested dates for hunting events must occur between Aug. 15 and Jan. 31 each year. Licenses are now offered in those units with at least one hunt code that requires 10 or more resident preference points to draw (excluding Ranching for Wildlife).

Before a license is issued, hunters must obtain written permission from the landowner to hunt on private land. Sponsoring organizations must request licenses in writing and document the life-threatening or terminal condition, hunting experience, logistical considerations, hunt location and dates. Submit requests to CPW, Hunter Outreach Coordinator, 6060 Broadway, Denver, CO 80216.

LEGAL BIG-GAME HUNTING HOURS

Legal hunting hours for big game are one-half hour before sunrise to one-half hour after sunset, unless specifically restricted. Go to cpw.state.co.us/hunting resources for a link to current sunrise/sunset tables and more information.

GUIDES & OUTFITTERS

Guides and outfitters must be registered, bonded and insured in Colorado. They also need permits to operate on public land and must register with the Office of Outfitter Registration, 1560 Broadway, Suite 1340, Denver, CO 80202; 303-894-7778; or dpo.colorado.gov/outfitters.

Legal, legitimate outfitters operate around the state and can provide invaluable resources for your hunting trip. Verify an outfitter’s registration by contacting the above office or the Colorado Outfitters Association online: coloradooutfitters.org

KNOW BEFORE YOU GO!

HUNTER ORANGE & PINK

Hunters must wear at least 500 square inches of solid fluorescent orange or pink material and a fluorescent orange or pink hat, visible from all angles, while hunting deer, elk, pronghorn, moose or bear with any firearm. Note that camouflage does not qualify. See page 15 for more details.

CARCASS TAGS

Be sure to sign and detach your carcass tag from your hunting license directly AFTER you harvest your animal, and make sure you attach it to your take properly. See page 16 for all the information you need on carcass tags.

OFF-HIGHWAY VEHICLES (OHVs)

All off-highway vehicles operated in Colorado on public lands or traveling on an OHV-designated route must have a valid Colorado OHV registration or a Colorado OHV permit (except on private property).

Registrations/permits are $25.25, valid April 1–March 31. OHV permits (applicable for nonresidents and street-legal/plated vehicles) are available online at cpw.state.co.us/bg/ohvpermit, at CPW locations and sales agents. Questions, call 303-297-1192. Renewal registrations are available online and at CPW locations. New registrations and transfers must be done in person or by mail. Visit cpw.state.co.us for details.

Contact each public land management agency for their current motor vehicle-use rules, regulations, agency maps and game retrieval specifications and hours. Most areas do not allow off-trail game retrieval with any motorized vehicle. If you witness or observe a violation of OHV misuse on public lands, please report it to any law enforcement officer in that area.

MARK YOUR HARVEST SITE WITH YOUR GPS

Hunters who have GPS units are encouraged to mark the location of their harvest in the field. This is especially important for hunters who harvest a moose or bear, as these species require mandatory inspections. See pages 13, 58 (moose) and 63 (bear).

During mandatory inspections, hunters will be asked to give a location of their harvest. Having GPS coordinates makes reporting simple and precise. Use your GPS to set a waypoint where you harvest an animal, and save the UTM or longitude and latitude coordinates. Bring that information to record on the check report form during harvest inspections.

HUNTERS USING HORSES

If you are bringing a horse into Colorado from out of state, you must contact a veterinarian to get a Certificate of Health Inspection no more than 30 days before. Horses need a Coggins blood test for equine infectious anemia within a year before coming to Colorado. Call the Colorado State Veterinarian’s office, 303-869-9130. Residents: Horses may require brand inspection before transportation. Call the brand inspector: 303-869-9160.

EAR TAGS, RADIO COLLARS

If you shoot a big-game animal with a collar or ear tag, report the number, color, harvest location and date to CPW, and return the radio collar.
HUNTER SURVEYS HELP ASSESS HARVEST

CPW conducts big-game harvest surveys each year to estimate harvest, hunter numbers and recreation days. Deer, elk and pronghorn hunters may receive a phone call or email, asking to take part in a survey. This includes questions such as: where you hunted, if you harvested an animal and if you saw overcrowding from other hunters.

Only randomly selected hunters can participate. Participation is not required, but responding (even if you didn’t hunt or harvest) is an important part of setting future seasons and license numbers. If interested, you can take the survey online at coloradogame.com, or call the toll-free phone number 1-855-924-4278. The survey runs 24 hours daily, Oct. through mid-Feb. See the CPW website for details: cpw.state.co.us

HERD MANAGEMENT: YOUR INPUT IS WANTED!

Approximately every 10 years, each big-game population undergoes a herd management plan review process during which CPW updates management objectives for that herd. These plans set objectives for population size and the ratio of males to females. Management objectives influence decisions about how many licenses of each type can be made available in any given year.

Every plan update allows for public comment and review. CPW appreciates hearing from all interests to help guide decisions about how big-game populations are managed. Please do not miss these opportunities to have your voice heard.

Information about current plans and opportunities to inform plan updates are available on our webpage. You can also receive notices by signing up for CPW’s Insider email list from our webpage. Find herd management plan info: cpw.state.co.us/hmp

TURN IN POACHERS (TIPS) PROGRAM

The TIPs program awards licenses and preference points to eligible persons that report the illegal take, possession or willful destruction of big game or turkey that results in a person being charged for the illegal take, possession or willful destruction of big game or turkey. Advise the charging officer of your interest in a TIPs award. Go to cpw.state.co.us/bg/tips for the criteria to qualify for a preference point or license, or contact CPW for details at 303-297-1192.

MANDATORY INSPECTIONS FOR MOOSE & BEAR

MOOSE: Hunters must personally present their moose to a CPW office (listed on inside front cover) during normal business hours within 5 working days of harvest for a mandatory inspection. The inspection will include a mandatory report and lower incisor extraction. Heads must be unainted. Hunters must submit the head and lower jaw of an antlered moose with antlers attached, or the head and lower jaw OR an incisor of antlerless moose.

Additionally, all moose license holders must complete and return a mandatory report provided by CPW within 30 days after their hunting season ends. Anyone who does not complete and return it, including those who were unsuccessful or did not hunt, will not be eligible for a future moose license or point. See “Mandatory Moose Inspections,” page 58.

BEAR: Hunters must personally present their bear to any CPW office (listed on inside front cover) during normal business hours within 5 working days of harvest for a mandatory inspection. The inspection will include a mandatory report, sealing and premolar tooth extraction. Heads and hides must be unainted. See “Mandatory Bear Inspections & Seals,” page 63, for more.

CERTIFIED HAY MUST BE MARKED

Hay, straw and mulch are illegal on federal land and CPW property unless certified free of noxious weeds. Hay must be clearly marked by certifying agency. People who transport these materials on public roads crossing CPW property are exempt. For a list of weed-free forage, contact Colorado Dept. of Agriculture, 303-869-9031; Forest Service or BLM; or go to colorado.gov/pacific/agconservation/weedfreeforage

CHRONIC WASTING DISEASE (CWD)

WHAT IS IT?
Chronic wasting disease (CWD) is a fatal neurological disease that attacks the brains of deer, elk and moose. It causes animals to become emaciated, display abnormal behavior and eventually die. Infected animals often show no signs of illness.

WHERE IS IT?
The map in the back of this brochure highlights game management units in red and yellow where CWD has been detected (inside back cover). CWD has been found in several regions in Colorado, as well as other states and provinces. For deer, infection rates tend to be highest in prime-aged mature bucks.

MANDATORY TESTING 2021
In 2021, CPW will require mandatory submission of CWD test samples (heads) from all elk and deer harvested during rifle seasons from specific hunt codes to better evaluate the prevalence of CWD in herds. There will be no charge for mandatory testing. Find the hunt codes selected for mandatory testing of deer on pages 22–32 and elk on pages 41–52.

VOLUNTARY CWD TESTING
If a hunter is not selected for mandatory testing but wants to know whether their harvested deer, elk or moose has CWD, they can submit their animal and pay a testing fee of $25. Voluntary submissions are accepted annually statewide.

In 2021, testing fees for voluntary submissions will be waived for all deer ONLY (not elk) harvested within the same GMUs selected for mandatory testing (pages 22–32). During inspection, hunters may choose to have their moose tested for chronic wasting disease. Testing cost for moose is $25.

IMPORTANT PUBLIC HEALTH MESSAGE
Disease in humans resulting from CWD exposure has not been reported to date. However, public health officials cannot determine there is no risk from eating meat from infected animals. Consequently, officials recommend that people avoid exposure to CWD-infected animals. Please see the Colorado Department of Public Health and Environment website (cdhpe.colorado.gov/animal-related-diseases/prion-diseases) for the most current recommendations on carcass testing and other preventive measures.

To minimize exposure to CWD and other diseases of potential concern, Colorado Parks and Wildlife (CPW) and state public health officials advise hunters not to shoot, handle or consume any deer, elk or moose that is acting abnormally or appears to be sick. When field-dressing game, wear rubber gloves and minimize the use of a bone saw to cut through the brain or spinal cord ( backbone). Minimize contact with brain or spinal cord tissues, eyes, spleen or lymph nodes. Always wash hands and utensils thoroughly after dressing and processing game meat.

THE TOP 10 MOST COMMON HUNTING VIOLATIONS IN COLORADO:

1. **TRESPASSING.** Going onto private lands without getting permission first while hunting, fishing or performing any related activity is illegal. Private lands do not need to be posted or fenced, so it can be difficult to see boundaries. Violators may be suspected for up to 5 years for trespassing. This includes State Land Board properties not leased and signed by CPW, unless permission is given by the lessee.

   You must have permission from the landowner to enter private land to retrieve a harvested animal. First, you should try to contact the landowner on your own. If that effort fails, call the local CPW office (inside front cover).

2. **Failing to make a reasonable attempt to track and kill animals you wound or may have wounded.** Remember that it's against the law to pursue wounded wildlife that goes on private property without first obtaining permission from the landowner or person in charge.

3. **Failing to reasonably dress, care for and prepare edible wildlife meat for human consumption.** At a minimum, the four quarters, tenderloins and backstraps are edible meat. Internal organs are not considered edible meat.

4. **Hunting without a proper license.** Anyone who hunts wildlife must have in their possession the appropriate and valid Colorado resident or nonresident license that includes their Customer Identification (CID) number, and must only harvest wildlife of the species and type indicated on the license.

5. **Mistakenly killing wildlife.** You must report big-game animals unintentionally killed, not due to carelessness or negligence, to a CPW office (inside front cover) or the local Sheriff's office after CPW regular hours before continuing to hunt and as soon as practical. Before contacting CPW, field dress the animal. CPW evaluates the circumstances, including shots fired, species and number of animals present, firearms, ammunition, etc. Big game accidentally killed does not count toward annual bag limits.

6. **Not showing evidence of sex.** Be sure to leave evidence of sex naturally attached to the carcass. Evidence includes the head, the vulva or the scrotum. See 'Evidence of Sex' on page 16 for more details.

7. **Carrying loaded firearms while in or on any motor vehicle.** Firearms must be unloaded in the chamber. Muzzleloading rifles are considered unloaded if the percussion cap or shotshell primer is removed, or if the powder is removed from flashpan. It is illegal for anyone to have a loaded electronic-ignition muzzleloader in or on a motor vehicle; the chamber must be unloaded or the battery must be disconnected and removed from its compartment. Most accidents involving firearms occur in or near vehicles.

8. **Carrying loaded firearms (except handguns) on an OHV during deer, elk, pronghorn and bear seasons.** Firearms (except handguns) must be unloaded in the chamber and magazine. Firearms (except handguns) and bows must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This does not apply to landowners or their agents who carry a firearm on an OHV to take depredating wildlife on property they own or lease.

9. **Improperly voiding and/or attaching a carcass tag.** You must sign and detach the carcass tag from your hunting license immediately following taking your animal. It is illegal to sign or tear the carcass tag before harvest. The tag must also be attached to the animal properly. See ‘Carcass Tags’, page 16.

10. **Hunting with rifles, handguns or shotguns firing a single slug, or archery equipment within an area 50 feet on each side of the center line of any state highway or municipal or county road, as designated by the county. Before firing a shot, you must be at least 50 feet off a designated state or county road, and just off U.S. Forest Service or BLM roads. You also cannot shoot across a road.**

### ILLEGAL ACTIVITIES

Find complete regulations online: [cpw.state.co.us/regulations](http://cpw.state.co.us/regulations)

### HUNTER ORANGE & PINK

HUNTERS MUST WEAR FLUORESCENT ORANGE OR PINK. The law requires hunters to wear at least 500 square inches of solid daylight fluorescent orange or fluorescent pink material on an outer garment above the waist while hunting deer, elk, pronghorn, bear or moose during all rifle seasons, except for the limited Sept. rifle bear season. A fluorescent orange or pink hat or head covering, visible from all directions, is also required.

*This includes all muzzleloader hunters. It also includes archery hunters who hunt during rifle season.* Archers hunting with an archery bear, deer, elk, pronghorn or mousse license, or licensed for private land hunting through the Ranching for Wildlife program do not have to wear fluorescent orange or pink, but should consider wearing it to increase safety while in the field.

Auction- and raffle-license holders do not have to wear orange or pink when hunting with archery equipment when no rifle seasons are open. If using a ground blind or pop-up blind, hunters should display orange or pink that is visible from all directions on the outside of the blind.

CAMOUFLAGE ORANGE OR PINK DOES NOT QUALIFY! Mesh garments are legal but not recommended. CPW strongly recommends wearing daylight fluorescent orange or fluorescent pink clothes in the field, even if you're not hunting. Wearing orange or pink is for hunter safety, as big-game animals don't see these colors like we do. Movement, sound and smell are what give hunters away.

IT IS ALSO AGAINST THE LAW TO:

- Hunt carelessly or discharge a firearm or release an arrow disregarding human life or property.
- Hunt outside of legal hunting hours (one-half hour before sunrise to one-half hour after sunset).
- Interfere with hunters. This includes distracting or frightening prey; causing prey to flee by using light or noise; chasing prey on foot or by vehicle; throwing objects; making movements; harassing hunters by using threats or actions; erecting barriers to deny access to hunting areas; intentionally injecting yourself into the line of fire. Violators face prosecution and may have to pay victim's damages and court costs.
- Hunt under the influence of alcohol or controlled substances.
- Operate or ride a snowmobile with a firearm unless it's completely unloaded and closed, or with a bow unless it's unstrung or unstrung.
- Shoot, store or use a motor vehicle, motorcycle, off-highway vehicle, snowmobile or aircraft to hunt, intercept, chase, harass or drive wildlife.
- Use aircraft to hunt, to direct hunters on the ground or to hunt the same day or day after a flight was made to find wildlife.
- For two or more people on the ground, in a vehicle or vessel to use electronic devices to communicate information that violates any wildlife law or regulation.
- Use computer-assisted remote technology (any device, equipment or software used to remotely control a weapon, including the Internet) to hunt or fish. Hunters and anglers must be physically present in the immediate vicinity while hunting/fishing.
- Use unmanned or remote-control drones to look for, scout or detect wildlife.
- Use live-action game cameras to locate, surveil, or aid/invest in locating/surveilling wildlife in order to take/tray to take wildlife during the same or following day. ‘Live-action’ game camera is any device capable of recording and transmitting photographic/video data wirelessly to a remote device (such as a computer or smart phone). This doesn’t include game cameras that record photographic/video data and store such data for later use, as long as the device cannot transmit data wirelessly.
- Use artificial light as an aid in hunting.
- Use poison, drugs or explosives to hunt or harass wildlife.
- Fail to extinguish a campfire completely.
- Party hunt (i.e. harvest someone else’s game or let someone harvest yours).
- Use dogs. A leashed dog may be used as an aid in locating/recovering wounded big-game animals, except for black bears, with purchase of annual tracking permit.
- Hunt big game over bait, whether or not the person hunting personally placed the bait. Bait means to put, expose, distribute or scatter salt, minerals, grain, animal parts or other food as an attraction for big game. Salt or mineral blocks used for normal agricultural purposes are not considered bait. Scent sticks that smell like food are illegal for bears.
- Post, sign or indicate that public lands, not under an exclusive-control lease, are private.
- Establish a permanent structure or plant vegetation on CPW-owned land or waters. Only portable blinds and tree stands for big-game hunting can be erected on CPW land, and no more than 30 days prior to the season during which they will be used. Nails can be driven into trees. Man-made materials for blinds or stands must be removed within 10 days after the season they are used in ends. The owner's CID number and dates of use must be visible on outside of portable blinds or underside of tree stands. Placement of blinds or stands does not reserve them for personal use: They may be used on first-come, first-served basis.

See page 62 for additional hunting laws applying specifically to bear.
HUNTING LAWS

LICENSE RESTRICTIONS

FELONY OFFENSES & WEAPONS
Colorado and federal laws prohibit people convicted of certain crimes, including felony offenses and domestic violence-related offenses, from possessing weapons even for hunting. If you’ve been convicted of a crime, check with the appropriate Colorado and federal law enforcement authority to find out how these laws apply to you.

CHILD SUPPORT DELINQUENCY
State and Federal law require a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is deemed noncompliant by Child Support Enforcement.

BAG LIMITS

1. BAG LIMITS, LICENSE PURCHASES: The bag and possession limit is the total number of animals you can legally take of each species. Big game taken in Jan. and Feb. seasons set as part of the previous license year’s seasons fall under the previous year’s bag and possession limit. When a license allows hunting in more than one unit, the unit in the hunt code determines the maximum number of licenses a hunter can obtain per year for that species.

2. MOOSE: The lifetime bag limit for bull moose is one, except for auction, raffle, or special management licenses.

3. COYOTES: You can hunt coyotes without a small-game license during big-game seasons if you have an unfilled big-game license. You can hunt coyotes only in the same unit, season and manner of take as on your big-game license. Once you fill your big-game license, you must buy a small-game or furbearer license to hunt coyotes. Harvesting a coyote does not void your big-game license.

CARCASS TAGS

►You must attach a carcass tag to animals you harvest per instructions on tag. Tags must be signed, dated and detached from the license immediately upon harvest. See image at right for where to sign.

►The carcass tag should be attached to the carcass (not to detached hides, horns or antlers carried separately) immediately prior to and during transportation in any vehicle, or while in camp or at a residence or other place of storage. Tags must stay on until meat is processed and remain with meat until consumed.

►The carcass tag, when dated, signed and attached to the species lawfully taken or killed and lawfully in possession, authorizes the possession, use, storage, and transportation of the carcass, or any part thereof.

►It is illegal to sign the tag before harvesting an animal.

►Do not remove any parts of a license except the carcass tag only after harvest. Doing so voids the license and you must buy a duplicate. The upper part of the license must be kept by whoever harvested the animal.

►If you lose, accidentally destroy or detach the tag, you must buy a duplicate from a CPW office before hunting and prove the loss, detachment or destruction was accidental.

►If you have a nonresident big game/licensing combo license, the fishing license is valid after the carcass tag is detached, as long as the rest of the license is intact.

EVIDENCE OF SEX

1. It is illegal to have or transport a big-game carcass without evidence of sex naturally attached. It is illegal to have only detached evidence of sex accompany the carcass. If you submit a deer or elk head for CWD testing, leave evidence of sex on the carcass.

2. EVIDENCE OF SEX IS:
   A. BUCK/BULL: Head with antlers or horns attached to carcass; or testicle, scrotum or penis attached to carcass.
   B. DOE/COW: Head, udder (mammary) or vulva attached to carcass.
   C. BLACK BEAR: Male: testicles or penis. Female: vulva.
   3. Heads detached from carcass are not adequate evidence of sex.
   4. If a carcass is cut in pieces or deboned, evidence of sex needs to be attached to a quarter or another major part of carcass. All portions must be transported together.
   5. Evidence of sex is not required if a donation certificate accompanies less than 20 pounds of meat or after the carcass is cut into processed meat, wrapped and frozen, or stored at licensee's home.

TIP: If you shoot a young buck or bull with antlers less than 5 inches long, it can be considered “antlerless.” But what do you do about evidence of sex?

►Leave the head and antlers naturally attached to a portion of the carcass to prove it meets the requirement.

►Leave the testicles attached to a portion of the carcass, and then you can detach the head or skull plate and carry it out with the antlers intact.

TRANSPORTING GAME

1. You can be cited for illegally transporting game animals even if someone else made an error. When you transport carcasses or processed meat:
   a. Carcasses must be properly tagged. You must meet evidence of sex and antler-point requirements. Hunters must keep their own license.
   b. Carcass tags or donation certificates (for 20 pounds of meat or less) must accompany processed game meat.
   2. Carcass tags must be securely attached to carcass, not antlers or horns, or must accompany processed meat.
   3. To ship by commercial carrier, the license, photocopy of license, carcass tag and donation certificate must accompany carcass or processed meat.
   4. Hunters transporting game through national parks or monuments must follow federal regulations. Contact the National Park Service.
   5. Nonresident hunters should follow their home state regulations in place for transporting harvested deer, elk or moose back from a state known to have CWD.
   6. See page 36 of the “Elk” section for antler-point restrictions.

DONATING GAME MEAT

Donation certificates are required for all game-meat donations. Certificates must show names, addresses and telephone numbers of donor and recipient; donor’s hunting license number; species and amounts donated; date of kill; donor’s signature. The certificate can be a simple note; no special form required. It must stay with the meat until completely consumed. Donor and recipient are subject to bag and possession limits. NOTE: A “like license” is a license for exactly the same species, sex, season and method of take as a donor’s license.

1. You can donate to someone WITH or WITHOUT a like license:
   a. any amount of processed and packaged game meat, anywhere.
   2. You can donate to someone WITH a like license:
      a. up to 20 pounds of unprocessed meat, anywhere.
      b. more than 20 pounds of unprocessed meat, only at recipient’s home.
   3. You can donate to someone WITH a like license:
      a. up to 20 pounds of unprocessed meat, anywhere.
      b. more than 20 pounds of unprocessed meat, anywhere, only if:
         (1) recipient’s license is unfilled, and
         (2) recipient’s carcass tag is on the meat. This establishes recipient’s claim to his/her portion of meat and voids his/her license. Donor’s tag must remain with his/her portion.
      c. the entire carcass, if:
         (1) recipient’s license is unfilled, and
         (2) donor’s carcass tag and recipient’s like-license carcass tag is on the meat, voiding both licenses.
BIG-GAME HUNTING RULES FOR YOUTH

Youth AGES 12–17 who meet hunter education requirements (see page 6) have the opportunity to hunt big game in several ways: through the draw(s) or over the counter for regular seasons for deer, elk, pronghorn and bear; during the youth extended season for female deer, elk or pronghorn; and through youth outreach licenses.

AGE REQUIREMENTS:

▶ Youth ages 12–17 are offered reduced-cost licenses for deer, elk, pronghorn and bear.

▶ At age 11, youth may buy or apply for a license if they will turn 12 before the end of season on the license. Youth cannot hunt with the license until they turn 12.

▶ Youth who get their original license when they are 17 and later turn 18 may participate in the extended season hunt. Youth hunting rules still apply, even though the hunter is 18 while hunting.

▶ Youth must be 12–17 at time of purchase to buy a youth unlimited or leftover license.

▶ In order to receive a reduced-cost license and/or youth preference in the draw, youth must be 17 or younger at the time of application.

THE DRAW(S): YOUTH DRAW PREFERENCE

▶ A minimum of 15 percent of limited licenses for doe pronghorn, antlerless deer and antlerless elk for each GMU shall be available for youth ages 12–17 who meet hunter education requirements (see page 6).

These licenses are available by draw for all seasons and methods of take, including early and late rifle seasons. Licenses not drawn by youth are available to the public. (The Air Force Academy unit and Ranching for Wildlife hunts are excluded from this.)

Youth may pursue antlerless deer or elk during any rifle season open to antlerless hunts in valid GMUs (see page 18), as well as hunt pronghorn does during Dec. and the season that runs until Jan. 31, 2022 in GMUs 9 and 191 (see page 19).

HOW TO PARTICIPATE:

▶ Youth must have an unfilled limited antlerless deer, antlerless elk or either-sex elk license after their original season ends. Then they may participate in any open rifle antlerless deer or elk hunt that begins after the last day of the season listed on their original license. (Does not include Ranching for Wildlife.) See pronghorn rules on page 19.

Youth may hunt in the areas specified on the maps (pages 18–19), and must hunt the same species listed on their original license.

NEW Youth can now easily convert their unfilled limited either-sex elk or either-sex pronghorn license (where the season has ended) to a female (antlerless) license through the new online Youth Extended Hunt License Conversion Request form. Find the form here: cpw.state.co.us/youthhunting. Youth can also take their original license to a CPW location to have it converted to an antlerless license before hunting any extended seasons.

▶ Youth hunters 12–15 years old must be accompanied by a mentor who is 18 or older and also meets hunter education requirements. Youth and mentors must be able to see and hear each other while hunting. Mentors can hunt only if they have a current license valid for the same units and dates the youth will be hunting.

▶ Youth must follow all applicable regulations for any hunts and units they select during the extended season, including season dates and geographic restrictions.

▶ Antlered licenses, over-the-counter licenses and either-sex plains rifle elk licenses may not be converted for extended youth hunting.

YOUTH OUTREACH LICENSES

Youth outreach licenses are offered for deer, elk and pronghorn to qualified organizations sponsoring youth hunting activities. Application procedures: cpw.state.co.us/youthoutreachlicense

YOUTH EXTENDED SEASON: DEER & ELK HUNTS

1. CHOOSE YOUR SPECIES

   Youth may hunt antlerless deer or elk in extended seasons. Youth may hunt only the species that is on their original license. “Antlerless” means female deer (does) and elk (cows), as well as young males of both species with antlers less than 5 inches long.

2. CHOOSE WHEN TO HUNT

   If a youth does not fill their original limited antlerless deer, antlerless elk or either-sex elk license (see “Purchasing and Converting Licenses” to the right) — whether it’s for archery, muzzleloader or rifle hunting — they may continue to hunt during any of the rifle seasons listed in this brochure, except for Ranching for Wildlife. They must hunt within areas specified on the maps on page 18, and there must be an antlerless hunt going on in the unit and season they wish to hunt.

3. PLAN AHEAD

   To hunt deer or elk in the extended season, youth must buy a limited antlerless deer, antlerless elk or either-sex elk license. If they don’t fill their tag during the original season, they will be able to continue hunting in certain areas of the state. Look at the maps on page 18 to make sure you purchase the original deer or elk license within the area you intend to hunt during the extended season.

4. FOLLOW THE RULES

   When participating in the extended season, youth MUST follow all the rules of hunting during the rifle season, including wearing blaze orange or pink and using a method of take allowed in rifle season. Youth must also follow all unit restrictions where they choose to hunt in the extended season, including any private-land-only designations and any unit boundary restrictions.

YOUTH EXTENDED SEASON EXPLAINED ONLINE

PURCHASING & CONVERTING LICENSES

▶ Youth must purchase their original license through the draw or from the leftover license list.

▶ Unfilled either-sex elk licenses must be converted to an antlerless license if the youth wishes to continue hunting an antlerless animal, either through the online Youth Extended Hunt License Conversion Request form (cpw.state.co.us/youthhunting) or at a CPW office.

▶ Over-the-counter archery licenses, OTC whitetail licenses, antlered licenses and either-sex plains rifle elk licenses may NOT be converted to participate in the extended season.
DEER EXTENDED SEASON: YOUTH

- Youth may hunt in any area on the map within the red boundary that also contains the unit for which they purchased their original license. (Units with lines through them and blank, white areas are not open to extended-season hunting.)
- Youth may only hunt the extended season when an open antlerless rifle hunt is going on in the unit they choose to hunt.
- Unfilled antlered elk and deer licenses may not be used to participate in the program. Limited either-sex elk licenses must be converted to antlerless licenses, either through the online Youth Extended Hunt License Conversion Request form (cpw.state.co.us/youthhunting) or at a CPW office, and are only valid to hunt and take antlerless elk after doing so.

FOR EXAMPLE: (see elk map at bottom left)
- An original license is purchased in the draw for a youth to hunt either-sex elk in unit 49 during archery season.
- The youth does not harvest during archery season and converts their unfilled license.
- The youth, accompanied by a mentor, may continue to hunt during any of the rifle seasons listed in this brochure for units 49, 57 or 58, as long as there is an antlerless season in progress in the unit the youth wants to hunt. Look at the rifle elk tables in this brochure to find these hunts, or look at the list of acceptable hunts online at cpw.state.co.us/youthhunting.
- If the youth wishes to continue hunting in unit 49, they may hunt Oct. 30–Nov. 7, Nov. 13–19 or Nov. 24–28. They may also hunt in units 57 or 58 from Oct. 16–20, Oct. 30–Nov. 7, Nov. 13–19 or Nov. 24–28, or on private land only during the late season, Oct. 1–Jan. 31, 2022.
- Why Oct. 1? The original archery season (Sept. 2–30) must be over before the youth can begin hunting the late season.
- During the extended season, the youth may use any method of take allowed during rifle season. See page 14.

ELK EXTENDED SEASON: YOUTH

WHERE TO HUNT DEER & ELK

- Youth may hunt in any area on the map within the red boundary that also contains the unit for which they purchased their original license. (Units with lines through them and blank, white areas are not open to extended-season hunting.)
- Youth may only hunt the extended season when an open antlerless rifle hunt is going on in the unit they choose to hunt.
- Unfilled antlered elk and deer licenses may not be used to participate in the program. Limited either-sex elk licenses must be converted to antlerless licenses, either through the online Youth Extended Hunt License Conversion Request form (cpw.state.co.us/youthhunting) or at a CPW office, and are only valid to hunt and take antlerless elk after doing so.

FOR EXAMPLE: (see elk map at bottom left)
- An original license is purchased in the draw for a youth to hunt either-sex elk in unit 49 during archery season.
- The youth does not harvest during archery season and converts their unfilled license.
- The youth, accompanied by a mentor, may continue to hunt during any of the rifle seasons listed in this brochure for units 49, 57 or 58, as long as there is an antlerless season in progress in the unit the youth wants to hunt. Look at the rifle elk tables in this brochure to find these hunts, or look at the list of acceptable hunts online at cpw.state.co.us/youthhunting.
- If the youth wishes to continue hunting in unit 49, they may hunt Oct. 30–Nov. 7, Nov. 13–19 or Nov. 24–28. They may also hunt in units 57 or 58 from Oct. 16–20, Oct. 30–Nov. 7, Nov. 13–19 or Nov. 24–28, or on private land only during the late season, Oct. 1–Jan. 31, 2022.
- Why Oct. 1? The original archery season (Sept. 2–30) must be over before the youth can begin hunting the late season.
- During the extended season, the youth may use any method of take allowed during rifle season. See page 14.
**HYBRID DRAW**

**DEER, ELK, PRONGHORN**

To expand quality opportunities to big-game hunters, the Colorado Parks and Wildlife Commission offers a “hybrid” drawing for select elk, deer, pronghorn and bear licenses.

The purpose of the draw is to give hunters additional opportunity to draw a license for some of the state's premier hunting areas.

Hunters who normally would not have enough preference points to draw these licenses now have a slight chance to draw a small number of the most coveted licenses through this process. Nonresident caps apply.

**HUNTER QUALIFICATIONS**

Qualiﬁed hunters wishing to participate in the hybrid draw must meet the following criteria and choose from the hunt codes listed at right as their ﬁrst choice on their application.

1. Hunters must have a minimum of ﬁve preference points for the species they wish to hunt. They may participate in any Dec. pronghorn doe season in the state. For 2021, those units are: 79, 87, 88, 99, 95, 97, 105, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 143, 144, 145, 146, 147, 791 and 951. Hunters who normally would not have licenses available for the hybrid draw in 2021.

2. Hunters must apply individually; group applications are not accepted.

3. Hunt codes that contain a W are those licenses through this process. Nonresident caps apply.

**HOW IT WORKS**

Hunt codes that require 10 or more resident preference points to draw (based on a 3-year average ending with the 2009 drawing), up to 20 percent of the available licenses may be issued through a random drawing.

Qualified resident and nonresident hunters who select applicable hunt codes (listed at right) and have at least 5 preference points for that species will automatically enter the hybrid draw.

- These hunt codes must be entered as your first choice on your application.
- Winning applicants in the hybrid draw will be selected randomly.
- Hunters who successfully draw a license in the hybrid draw lose all of their preference points for that species. Unsuccessful applicants will be awarded one point.

**WHERE TO HUNT PRONGHORN**

- Youth must be ages 12–17.
- Youth must have an unfilled pronghorn or either-sex license for a season anywhere in the state that has ended. If so, then they may participate in any Dec. pronghorn doe season in the state. For 2021, those units are: 79, 87, 88, 99, 95, 97, 105, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 143, 144, 145, 146, 147, 791 and 951.

- Youth may also hunt through Jan. 31, 2022 in units 9 and 191.

- Youth with an unfilled either-sex pronghorn license can either convert it to a doe license through the online Youth Extended Hunt License Conversion Request form (cpw.state.co.us/youthhunting) or at a CPW office before hunting in a Dec. season or the late Jan. season.

- Youth with doe licenses do not need to convert those licenses, the original license is valid for an extended hunt.

- Unﬁlled pronghorn buck licenses may not be used to participate in this program.

- Youth must comply with all regulations that apply to the Dec. season or the late Jan. season they hunt.

**NOTE:** There are no qualifying hybrid draw hunts for bear in 2021.

Check the archery and muzzleloader hunt code tables for deer (pages 23–26) and elk (pages 42–44), and the OTC archery maps for elk (pages 38–39) for the available add-on OTC bear license hunts. Note that for some unit groupings, not every unit is valid for adding on an OTC bear license. Check the unit information in the tables carefully! Also see page 66 of the “Bear” section.

Go to cpw.state.co.us/bearhunts and check out the full list of every available bear hunt broken out by unit and hunt code to help find your ideal hunt.

- **Mandatory Chronic Wasting Disease (CWD) Testing:** In 2021, CPW will require mandatory submission of CWD test samples (heads) from all elk and deer harvested for specific hunt codes. There will be no charge for mandatory testing. Get more information about where and how to submit a CWD sample at cpw.state.co.us/cwd. Hunt codes selected for mandatory deer testing are highlighted on pages 22–32 of this section.

**PREference POINTS**

To apply for a point, enter D-P-999-99-P as your first-choice hunt code on your application. You can gain a preference point as a first choice on your primary draw application to use another year. You can use your second through fourth choices on the same application to apply for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.

All big game species, except for moose, Rocky Mountain bighorn sheep and mountain goat, do not have a preference point fee. The application fee, $10.40 Habitat Stamp and qualifying license are nonrefundable. See page 9.

**SEASON CHOICE LICENSES**

Hunt all seasons until you fill your deer license!

- Season choice licenses are available to residents and nonresidents for hunting deer in the units specified in the table at right.
- You may use these licenses to hunt in any or all of the seasons in the specified units until your tag is filled: archery, muzzleloader and/or rifle seasons.
- You MUST use the correct method of take and follow the dates for each season. All other season restrictions also apply.
- **NOTE:** Season choice hunt codes now end with "X" instead of "R."

**REMEMBER:** Hunters can hunt with archery equipment during any rifle season. They **must** wear fluorescent orange or pink during first, second, third or fourth rifle season.

WHAT CAN I EXPECT?
These over-the-counter licenses provide an opportunity to hunt white-tailed deer in a portion of the state where mule deer are the primary species of management interest.

This means there are few white-tailed deer in the area, and hunters can expect to see more mule deer than white-tailed deer when hunting in these GMUs.

WHERE ARE THE WHITETAILS FOUND IN THIS SEASON?
White-tailed deer in these GMUs can be most commonly found along lower-elevation river bottoms.

Hunters should focus on these areas to improve their chances of finding white-tailed deer. Much of the white-tailed deer habitat is located on private lands where permission is required prior to hunting.

WHAT METHOD OF TAKE CAN I USE?
The license is valid for any legal method of take. However, because this is a rifle season, hunters are required to follow blaze orange or pink requirements (see page 15), regardless of the type of weapon used.

Some public properties prohibit the use of rifles and/or muzzleloaders. Check property regulations to determine what types of weapons are legal before going afield.

WHAT IS THE BEST WAY TO IDENTIFY A WHITE-TAILED DEER?
The best way to tell the difference between a white-tailed deer and a mule deer is the tail. White-tailed deer tails are broad and brown from top to bottom with a white fringe, all white when tail is up.

WHAT IF I SHOOT A MULE DEER ACCIDENTALLY?
Hunters must be certain of their target to avoid killing a mule deer with a whitetail-only license.

However, accidents happen. Please report any mistaken kills immediately to the nearest CPW office (listed on the inside front cover of this brochure) or the District Wildlife Manager in the area. See the “Hunting Laws” section on page 15 for more details.

SEASON DATES: Dec. 1–31
LICENSES: Either Sex
LIST: B
LICENSE AGENTS ONLY: D-E-048-U6-R
VALID UNITS:
48, 49, 56, 57, 58, 59, 69, 84, 85, 86, 140, 481, 511, 561, 581, 591, 691, 851 except Bosque del Oso SWA, 861

These licenses are sold only at CPW offices and state parks that sell hunting licenses. Hunters will receive more information about whitetail identification when a license is purchased. These are unlimited in number and go on sale starting at 9 a.m. AUG 3.

Unit numbers in red indicate chronic wasting disease (CWD) has been detected in that unit.

ATTENTION HUNTERS:
Whitetails are at low-density populations in this area and are mostly found on private land.

IDENTIFYING WHITETAIL VS. MULE DEER

WHITE-TAILED DEER
➤ PRIMARY CHARACTERISTIC — THE TAIL: The first thing to look for is the tail. It’s broad and brown with white fringe, all white when tail is up
➤ ANTLERS: consist of one main beam with three to five tines pointing upward. Caution: Mule deer with small antlers may appear to have a similar antler formation.
➤ EARS: smaller in proportion to head
➤ GAIT: a graceful lope, flag-like tail often held up
➤ RANGE: common on Eastern Plains, in streamside wooded areas and cropland along rivers

MULE DEER
➤ TAIL: rope-like tail with black tip
➤ ANTLERS: fork and fork again — often very evenly — on older males
➤ EARS: large in proportion to head on both bucks and does
➤ GAIT: stiff-legged bounce, tail held down
➤ RANGE: statewide, in mountain shrubs, foothills, communities

## Need to Know

- **NEW** MANDATORY CHRONIC WASTING DISEASE (CWD) TESTING: In 2021, CPW will require mandatory submission of CWD test samples (heads) from all Elk and Deer harvested for specific hunt codes. There will be no charge for mandatory testing. Get more information about where and how to submit a CWD sample at cpw.state.co.us/cwd. Hunt codes selected for mandatory elk testing are highlighted on pages 41–52.

- **NEW** CERTAIN EITHER-SEX LICENSES IN GMU 70 ARE NOW SEX SPECIFIC: For muzzleloader, first season rifle and fourth season rifle, cow and/or bull licenses are available to apply for instead of either-sex licenses as in past years. See page 44 and 49.

- **NEW** ALL COW LICENSES IN GMU 521 THAT WERE LIST B ARE NOW LIST A: Cow licenses for archery, muzzleloader and rifle seasons are now all List A. This means GMU 521 is no longer available for over-the-counter archery antlerless elk hunts; limited muzzleloader and rifle seasons now each have a new GMU 521 hunt code; and cow licenses for limited muzzleloader and rifle seasons that were in GMU grouping 41, 42, 52, 411, 421 and 521 are now in a new GMU grouping without unit 521 as a valid GMU to hunt. See pages 43–51.

- **NEW** THE SEASON FOR HUNT CODE E-F-009-L1-R IN GMU 9 NOW STARTS EARLIER AND ENDS LATER: This cow hunt now runs from Sept. 1–Nov. 30 and has been changed from a List A to a List B license. See page 45.

- **NEW** HUNT CODE E-F-074-P5-R HAS BEEN REMOVED AND IS NO LONGER AVAILABLE TO APPLY FOR.

- **NEW** THE SEASON FOR HUNT CODE E-F-008-L1-R IN GMU GROUPING 85, 140 & 851 IS NOW SHORTER: This late-season cow hunt now runs from Dec. 15–31 instead of into Jan. as in past years. See page 50.

- **NEW** GMUs 105 & 106 HAVE BEEN REMOVED FROM THE GMU GROUPING 104, 105 & 106 FOR HUNT CODE E-F-104-P5-R: This hunt code is only valid in GMU 104 now. Hunters can still get over-the-counter plains rifle either-sex elk licenses for GMUs 105 and 106. See pages 41 and 50.

- **NEW** LOOK FOR THE BEAR PAW SYMBOL TO GET AN ADD-ON OVER-THE-COUNTER ARCHERY OR MUZZLELOADER BEAR LICENSE! Some archery and muzzleloader bear licenses are available in unlimited numbers as “add-on” licenses only: You can add on one of these bear licenses if you have a deer or elk license for the same method of take and at least one unit overlaps. Check the archery and muzzleloader hunt code tables for deer (pages 23–26 and elk (pages 42–44), and the OTC archery maps for elk (pages 38–39) for the available add-on OTC bear license hunts. Note that for some unit groupings, not every unit is valid for adding on an OTC bear license. Check the unit information in the tables carefully! Also see page 66 of the “Bear” section. Go to cpw.state.co.us/bearhunts and check out the full list of every available bear hunt broken out by unit and hunt code.

- **NEW** ARCHERY. Only legal hand-held bows are allowed in archery season. See page 14.

- **NEW** MUZZLELOADING. Muzzleloading elk licenses are limited, available through the draw. Only legal muzzleloading rifles and smoothbore muskets are allowed in muzzleloading season. See page 14.

## Preference Points

To apply for a point, enter E-P-999-99-P as your first-choice hunt code on your application. You can gain a preference point as a first choice on your primary draw application to use another year. You can use your second through fourth choices on the same application to apply for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.

All big game species, except for moose, Rocky Mountain bighorn sheep and mountain goat, do not have a preference point fee. The application fee, $10.40 Habitat Stamp and qualifying license are non-refundable. See page 9.

## Table Symbols

- **A PLUS (+)** in the SEX column is for hunt codes for which an average of at least six preference points are needed for a Colorado resident to draw that license. This is only an average and does not guarantee a license will be drawn. Calculated on a 3-year period ending with the 2009 drawing.

### Definitions

- **SPECIES IDENTIFICATION PAGE.** See page 11.
- **BULL (ANTLERED):** A male animal with antlers at least 5 inches long. See “Antler Point Restrictions” on page 36 and online at cpw.state.co.us/huntingresources#InTheField
- **COW (ANTLERLESS):** A female animal with no antlers. “Antlerless” can also mean a young male with antlers less than 5 inches.
- **EITHER SEX:** A legal bull or cow.

## Other Hunts

### San Luis Valley Refuge Elk Permits

Access permits are now available for the Alamosa (GMU 83) and Monte Vista (GMU 80) National Wildlife Refuges. To be eligible for one of the access permits, hunters must have purchased an archery, muzzleloader or rifle license valid for the GMU in which the desired refuge lies. For information on how to enter into the permit drawing, email the CPW Monte Vista Office at montevista.wildlife@state.co.us Aug. 5–10, 2021 with name, CID number, huntcode of license held and which refuge you would like to enter for the permit drawing. The Baca National Wildlife Refuge (GMU 82) is now open to hunters who have purchased a valid regular season public land elk license for GMU 82. Contact the Monte Vista office for refuge-specific rules and information.

### San Luis Valley Damage Elk Hunt

A private-land-only elk damage hunt may be offered in units 79, 82, 682 and 791. Contact the CPW office in Monte Vista, 719-587-6900, for details. These licenses are List B.

- **GMUs 79, 82, 682 & 791:**
  - **Bull seasons:** May 15–July 31 and Aug. 15–Feb. 28
  - **Cow season:** Aug. 15–Feb. 28
LIST A, B & C: GET MORE THAN ONE ELK LICENSE

All big-game hunting licenses are either List A, B or C, as indicated in the last column of the hunt code tables (see table example below). The List types exist so that you know if you can get more than one license for the same species:

- **List A:** You can only get ONE List A license = A
- **List B:** If a hunt is List B, you can get up to TWO licenses: one List A license and one List B license, or two List B licenses = A+B or B+B
- **List C:** If a hunt is List C, you can get ANY number of List C licenses, as well as one List A license and one List B license, or two List B licenses = A+B+C+C, etc. or B+B+C+C, etc.

See the chart below for your options of getting more than one elk license!

### TAXIDEMY

If you leave the head of your harvest with its antlers at a taxidermist, you are encouraged to get a receipt from the taxidermist — with date delivered and a description of the antlers — before you take the carcass home or to a commercial processor.

### HANDLING ANTLERS IN CAMP

Head or skull plate, with both antlers naturally attached, must accompany the carcass of bulls in camp or in transit, even when the scrotum or testicles are used as evidence of sex.

**20 License only valid in small area of unit 20; landowner permission is strongly advisable before applying.**

Valid in area bounded on N by Little Thompson River; on E by U.S. 287; on S by Boulder Cnty. 34 (Niwot and Newa rds.), U.S. 36 and 94 (Left Hand Canyon Dr.); on W by Denver Cnty. 7 (Old St. Vrain Rd.) and Colorado 711 (Blue Mountain Rd.), Larimer CR 37E, Longs Peak Rd., then Stagecoach Trail N at the intersection of Lonestar Rd. and Stagecoach Trail.

PRESERVE. CONSERVE. ENJOY. LEAVE NO TRACE!

The LEAVE NO TRACE PRINCIPLES are the best way to minimize your impact while hunting:

- **PLAN AHEAD AND PREPARE:** Get permission to hunt private land, respect road closures, leave gates as found.
- **TRAVEL AND CAMP ON DURABLE SURFACES:** Good campsites are found, not made. Use existing sites whenever possible.
- **DISPOSE OF WASTE PROPERLY:** Pack it in, pack it out. All trash including food scraps.
- **LEAVE WHAT YOU FIND:** Sight-in firearms away from hunting areas, do not use signs for target practice. Clean all gear between trips.
- **MINIMIZE CAMPFIRE IMPACTS:** Use an established fire ring or fire pit, and don’t put trash or food in the fire pit.
- **RESPECT WILDLIFE:** Never feed wild animals; store your camp food and trash securely.
- **BE CONSIDERATE TO OTHER VISITORS:** Be aware of the direction you shoot and be courteous and welcoming to others you see.

### TIPS FOR SAFELY HANDLING GAME MEAT

Most of the time, properly handled and prepared game meat poses no greater risk than domestic meat of causing or carrying disease that could make humans sick. Hunters are encouraged to contact their local public health department or CPW office for information on wildlife diseases where they plan to hunt. Public health officials recommend the following precautions when handling and preparing game meat:

1. **Do not handle animals that are obviously sick or found dead.** Report sick or dead animals you find to a CPW office near you.
2. **Keep game cool, clean and dry.**
3. **Do not eat, drink or smoke while dressing game.**
4. **Use disposable gloves when cleaning game.**
5. Wash your hands with soap and water or use alcohol wipes after dressing game.
6. **Clean all tools and surfaces immediately after use.** Use hot soapy water, then disinfect with a 10 percent chlorine bleach solution.
7. **Cook game meat to an internal temperature of at least 165°F to kill disease organisms and parasites.** Juices from adequately cooked game meat should be clear.
8. **Do not eat any raw portions of wild game.**
9. **Do not feed raw wild game to domestic pets.**

**ATTENTION HUNTERS:**

**MOST LAND IS PRIVATE EAST OF I-25, IN MANY PRONGHORN HUNTING AREAS.** Landowner permission is advisable for applying for the following units, as most land is private: 9, 104, 107, 110, 112, 113, 114, 115, 116, 120, 121, 128, 129, 130, 132, 136, 137 and 214.

**NEED TO KNOW**

- **NEW ARCHERY HUNTS FOR GMUs 48, 56 & 481 ARE NOW LIMITED INSTEAD OF OVER-THE-COUNTER:** Customers can apply for the new buck and doe hunts in the draw(s). GMU 561 is no longer a valid unit for OTC archery hunts. See “Archery” table, page 55.

- **NEW PRIVATE-LAND-ONLY RIFLE HUNTS IN GMUs 89, 95, 132, 139 & 145:** GMUs 89 and 95 now each have a late-season PLO hunt for doe. The GMU grouping of 132, 139 and 145 has one new buck hunt and one new doe hunt. See “Rifle” table, pages 56–57.

- **ARCHERY.** Only legal hand-held bows are allowed in archery season. See page 14.

- **MUZZLELOADING.** Only legal muzzleloading rifles and smooth-bore muskets are allowed in muzzleloader season. See page 14.

**PREFERENCE POINTS**

To apply for a point, enter A-P-999-99-P as your first-choice hunt code on your application.

You can gain a preference point as a first choice on your primary draw application to use another year. You can use your second through fourth choices on the same application to apply for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.

All big game species, except for moose, Rocky Mountain big-horn sheep and mountain goat, do not have a preference point fee. The application fee, $10.40 Habitat Stamp and qualifying license for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.

**DEFINITIONS**

- **SPECIES IDENTIFICATION.** See page 11.

- **EITHER:** A legal buck or doe.

- **BUCK:** A male animal with horns at least 5 inches long from skull to tip, excluding a prong or point between the base and tip. Bucks have a black cheek patch.

- **DOE:** A female has horns that are less than 5 inches and no black cheek patch. Young bucks do have a black cheek patch; those with horns less than 5 inches long are also in this category. Fawns of either sex are considered does.

**LIST A, B & C: GET MORE THAN ONE PRONGHORN LICENSE**

All big-game hunting licenses are either List A, B or C, as indicated in the last column of the hunt code tables (see table example below). The List types exist so that you know if you can get more than one license for the same species:

- **List A:** You can only get ONE List A license = A
- **List B:** If a hunt is List B, you can get up to TWO licenses: one List A license and one List B license, or two List B licenses = A+B or B+B
- **List C:** If a hunt is List C, you can get ANY number of List C licenses, as well as one List A license and one List B license, or two List B licenses = A+B+C+C+C, etc. or B+B+C+C+C, etc.

See below for your options of getting more than one pronghorn license!

**Note:** Landowner permission advisable before applying. Most land is private.
DON'T FORGET: You can exchange your moose license for a different method of take within the same unit. Take your tag to a CPW location to exchange it to hunt in a different season. The exchange fee still applies.

MOOSE SEASON DATES
[ ARCHERY ] SEPT. 11–30
[ MUZZLELOADER ] SEPT. 11–19
[ RIFLE ] OCT. 1–14
Check the hunt code tables for separate cow and bull/either-sex moose hunting opportunities.

NEED TO KNOW
[ NEW ] CERTAIN MOOSE HUNT CODES WILL HAVE LIMITED QUOTA IN THE DRAW IN 2021: Some of the quota for certain hunt codes for moose have been reserved for 2020 moose license holders who were affected by the 2020 fires. Hunt codes shaded in orange in the moose hunt code tables on pages 59–61 have limited quota available for the 2021 draw as a result. Unless you were contacted directly by CPW about this opportunity, any other 2020 moose licenses held are not eligible for a guaranteed 2021 license.
[ NEW ] NEW BULL & COW HUNTS IN GMU GROUPING 25, 26 & 231 AND GMU GROUPING 47, 444 & 471: You can apply to hunt cows for the archery, muzzleloader or rifle seasons, and apply to hunt bulls for season choice: archery, muzzleloader or rifle seasons. See page 59 and 61.
[ NEW ] NEW COW HUNTS IN GMU 43: A new cow hunt is available to apply for in archery, muzzleloader and rifle seasons. See page 59.
[ NEW ] NEW BULL HUNT FOR GMU GROUPING 56 & 561: A new bull hunt is available to apply for in season choice: archery, muzzleloader and rifle seasons. See page 61.
[ NEW ] HUNTERS CAN NOW SUBMIT THE HEAD OR INCISOR OF ANTLERLESS MOOSE AT MANDATORY INSPECTIONS: See “Mandatory Moose Inspections” below.
[ UNITS ] 1, 20, 38, 44, 53, 54, 55, 63, 65, 68, 74, 75, 79, 201, 551 & 681 have low-density moose populations, and currently there is very little harvest history for these hunts. Some moose habitat occurs on private land, so be sure to get landowner permission before hunting.
[ THE LIFETIME BAG LIMIT ] for antlered moose is one. All licenses available by draw. If you’ve harvested a bull, you may not apply for an antlered or either-sex license.

MANDATORY MOOSE INSPECTIONS

1. ALL MOOSE LICENSE HOLDERS must complete and return a mandatory report provided by CPW within 30 days after their hunting season ends. Anyone who does not complete and return it, including those who were unsuccessful or did not hunt, will not be eligible for a future moose license or point.
2. ALL MOOSE MUST BE PRESENTED IN PERSON FOR INSPECTION within five working days of harvest. Hunters must submit the head and lower jaw of antlered moose with antlers attached, and either the head and lower jaw, or an incisor of antlerless moose to a CPW office during normal business hours. A mandatory report will be completed during inspection.
3. TOOTH EXTRACTION IS MANDATORY. An incisor will be removed from the lower jaw and retained to determine age. Heads must be unfrozen for inspection.
4. VOLUNTARY CWD TESTING. During inspection, hunters may choose to have their moose tested for chronic wasting disease. Testing cost is $25.

LIST A, B & C: GET MORE THAN ONE MOOSE LICENSE
All big-game hunting licenses are either List A, B or C, as indicated in the last column of the hunt code tables (see table example below). The List types exist so that you know if you can get more than one license for the same species:
- List A: You can only get ONE List A license = A
- List B: If a hunt is List B, you can get up to TWO licenses: one List A license and one List B license, or two List B licenses = A+B or B+B
- List C: If a hunt is List C, you can get ANY number of List C licenses, as well as one List A license and one List B license, or two List B licenses = A+B+C+C, etc. or B+B+C+C+C, etc.

See the chart below for your options of getting more than one moose license!

PREPARE POINT FEE & WEIGHTED PREFERENCE POINTS

To apply for a preference point only, enter M-P-999-99-99 as your first-choice hunt code on your application. You can gain a preference point as a first choice on your primary draw application to use another year. You can use your second choice on the same application to apply for a license.

Moose, Rocky Mountain bighorn sheep and mountain goat have a preference and weighted preference point fee. If you apply for a preference point hunt code as your first choice or are unsuccessful in drawing your first choice hunt, you'll be charged a $50 resident or $100 non-resident preference point fee. The fee is waived for youth and resident lifetime license holders. Residents who are in the military on active duty are NOT entitled to a preference point fee while filling out your draw application(s), and therefore will NOT acquire a preference or weighted point for 2021. This includes if you apply for a preference point hunt code as your first choice.

If you apply for a point only, your credit card on file will be charged after the draw. The application fee, $10.40 Habitat Stamp and qualifying license are nonrefundable. If your card can't be charged, you will get an email notification. If you don't pay by the payment deadline (JUNE 11), you will forfeit your preference point for 2021. For more, see "Preference Points" on page 9.

MOOSE LICENSE DRAWS USE WEIGHTED PREFERENCE POINTS:

1. There are three species of big-game animals that use the weighted preference point system to award licenses in Colorado: moose, Rocky Mountain bighorn sheep, and mountain goat.

2. Weighted preference increases your probability of drawing and applies to both male and female licenses.

3. Hunters can only accumulate up to three points for moose. If you have three preference points and you fail to draw a first-choice license, you will receive weighted preference.

4. Weighted preference is calculated by converting your application number into a different, random application number, then dividing that new application number by the number of weighted points you have, plus one. Individuals with three preference points and no weighted preference will have their application number divided by one.

5. This generates a new application number. Applications are sorted by this new number from lowest to highest, and low numbers for each hunt code are awarded licenses.

NOTE: The preference point fee for moose, Rocky Mountain bighorn sheep and mountain goat applies to preference points AND weighted preference points. For more details, go to: cpw.state.co.us/weightedpreference

LIMITED LICENSES

Be aware that hunt codes shaded orange in the following tables (pages 59–61) have quota reserved for 2020 moose license holders who were affected by the 2020 fires. These hunt codes have limited quota available for the 2021 draw. See the "Licenses Guaranteed for 2020 Hunters" table on the next page for details.

**LICENSES GUARANTEED TO 2020 HUNTERS**

The hunt codes in this table have quota reserved for 2020 moose license holders who were affected by the 2020 fires. These hunt codes have limited quota available for the 2021 draw. See the archery, muzelleloader and rifle tables above, and the season choice tables on the next page for reference.

### LICENSES FOR THE HUNT CODES ENDING IN A, M OR R IN THE TABLE AT LEFT (SHADED ORANGE IN THE HUNTING CODES ABOVE) WILL FLOAT BETWEEN THE MOOSE SEASONS — ARCHERY, MUZELLELOADER, RIFLE — BASED ON THE HUNT CODE CHOSEN BY SUCCESSFUL APPLICANTS.

### LICENSES FOR THE HUNT CODES ENDING IN X IN THE TABLE AT LEFT (SHADED ORANGE IN THE HUNTING CODES ABOVE) ARE SEASON CHOICE LICENSES AND VALID DURING ARCHERY (A), MUZELLELOADER (M) AND RIFLE (R) SEASONS UNTIL FILLED.

NEED TO KNOW

LOOK FOR THE BEAR PAW SYMBOL TO GET AN ADD-ON OVER-THE-COUNTER ARCHERY OR MUZZLELOADER BEAR LICENSE!

Some archery and muzzleloader bear licenses are available in unlimited numbers as “add-on” licenses only. You can add on one of these bear licenses if you have a deer or elk license for the same method of take and at least one unit overlaps.

Check the archery and muzzleloader hunt code tables for deer (pages 23–26) and elk (pages 42–44), and the OTC archery maps for elk (pages 38–39) for the available add-on OTC bear license hunts. Note that for some unit groupings, not every unit is valid for adding on an OTC bear license. Check the unit information in the tables carefully! Also see page 66 of this section.

Go to cpw.state.co.us/bearhunts and check out the full list of every available bear hunt broken out by unit and hunt code to help find your ideal hunt.

BEAR-SPECIFIC HUNTING LAWS

INSIDE DENS: Hunting, harvesting or harassing bears inside their dens is prohibited.

CUBS: Black bears accompanied by one or more cubs cannot be killed. Cubs (bears younger than one year old) cannot be killed.

HIDES: Having a carcass, hide, skull, claws or parts of bears without a valid hunting license or unless authorized by CPW is illegal. It is also illegal to sell, trade, barter or offer to sell, trade or barter bear gall bladders or edible portions of bears.

CARCASS TAGS: See page 16 for detailed instructions on when to detach your tag and how to transport your harvest.

PREFERENCE POINTS

To apply for a point, enter B-P-999-99-P as your first-choice hunt code on your primary draw application. You can gain a preference point as a first choice on your primary draw application to use another year. You can use your second through fourth choices on the same application to apply for a license. You may only submit one application per species, per draw, per year. Note that the secondary draw does not gain or use preference points.

All big game species, except for moose, Rocky Mountain bighorn sheep and mountain goat, do not have a preference point fee. The application fee, $10.40 Habitat Stamp and qualifying license are non-fundable. See “Preference Points” on page 9.

LIST A, B & C: GET MORE THAN ONE BEAR LICENSE

All big-game hunting licenses are either List A, B or C, as indicated in the last column of the hunt code tables (see table example below). The List types exist so that you know if you can get more than one license for the same species:

- List A: You can only get ONE List A license = A
- List B: You can get up to TWO licenses: one List A license and one List B license, or two List B licenses = A+B or B+B
- List C: If a hunt is List C, you can get ANY number of List C licenses, as well as one List A license and one List B license, or two List B licenses = A+B+C+C+C, etc. or B+B+C+C+C, etc.

See below for your options of getting more than one bear license!

LIST A

GET 1 LICENSE

A

- Check the hunt tables for List A licenses.

GET UP TO 2 LICENSES

A+B or B+B

- Some private-land-only licenses
- Some over-the-counter licenses for hunt code B-E-087-U6-R

GET ANY NUMBER

A+B+C+C... / B+B+C+C...

IN ADDITION TO ANY LICENSES

- Game-damage, population-management or disease-management licenses
- Ranching for Wildlife licenses held for youths or hunters with mobility impairments
- One TIPS reward program license a year
- Check the hunt tables for List C licenses.

HOW TO GET THEM:

- List A & B: You may purchase ONE List A and ONE List B license per year, OR TWO List B licenses per year. These licenses are available through the primary draw, secondary draw, or leftover licenses and over-the-counter as available.
- List C: You may purchase as many List C licenses per year that you’d like, in addition to any other licenses you hold. These are available through the primary draw, secondary draw, or leftover licenses and over-the-counter as available.
- EXAMPLE: If you get a List B license in the primary draw, you can get either a List A or List B license in the secondary draw, and multiple List C licenses as leftover or over-the-counter licenses.
- OVER-THE-COUNTER: Sold at sales agents, CPW locations and online for rifle, archery and muzzleloader seasons. OTC archery and muzzleloader bear licenses are add-on only licenses. See page 66 for details.
MANDATORY BEAR INSPECTIONS & SEALS

Hunters must personally present bears to any CPW office during normal business hours, or by appointment with a CPW officer, for a free inspection, check report and sealing within five working days after harvest.

Bear heads and hides must be unsealed within five working days after a free inspection, check report and sealing. Having a bear hide without a seal after the five-day period is illegal, and the hide becomes state property.

To transport a bear or parts to a foreign country, you must first obtain CITES documents. Contact the U.S. Fish and Wildlife Service, 303-342-7430. Do not call the U.S. Fish and Wildlife Service about inspections or seals for bears.

MULTIPLE OPTIONS FOR HUNTING BEAR!

There are multiple ways to get a license and hunt bear in Colorado. For example:

Hunter A: Hunter A only likes to hunt bear, so hunter A would need to:

1. Apply for a limited archery, muzzleloader or rifle bear license from the hunt code tables on pages 63–65. And/or:
2. Buy an over-the-counter rifle bear license when OTC licenses go on sale Aug. 3 at 9 a.m. (hunt code tables on page 67).

Hunter B: Hunter B is planning to draw a deer or elk license, so hunter B has two options:

1. Also apply for a limited archery, muzzleloader or rifle bear license.
2. Wait to see if they are awarded an archery or muzzleloader deer or elk license, and then add on an over-the-counter bear license of the same method of take that matches at least one of the same units when OTC licenses go on sale.

Hunter C: Hunter C does not participate in the draw, but hunts an over-the-counter archery elk license every year. Hunter C will wait until over-the-counter licenses go on sale, purchase an OTC archery elk license, and then add on an OTC archery bear license that matches at least one of the same units. There are no OTC archery deer licenses or OTC muzzleloader licenses for any species available.

ADD-ON OVER-THE-COUNTER LICENSES

Hunting bear during archery and muzzleloader deer and elk seasons:

▶ WHEN YOU SEE THE BEAR PAW SYMBOL: You can purchase an add-on over-the-counter archery or muzzleloader bear license ONLY if you have a deer or elk license for the same method of take:

- You must have any deer or elk license that is valid during archery season before you can purchase an over-the-counter archery bear license.
- You must have any deer or elk license that is valid during muzzleloader season before you can purchase an over-the-counter muzzleloader bear license.
- At least one game management unit on your deer or elk license must match one unit listed on your bear license.

▶ CHECK THE DEER & ELK HUNT CODE TABLES: Look for the bear paw symbol in the archery and muzzleloader hunt code tables for deer (pages 23–26) and elk (pages 42–44), and the OTC archery maps for elk (pages 38–39) to find hunts with add-on archery and muzzleloader bear licenses available.

▶ WHEN YOU CAN HUNT: You may hunt bear any time during the dates specified in the archery and muzzleloader tables below, with the correct method of take.

▶ WHERE YOU CAN HUNT: You may hunt bear in any of the unit(s) listed in the table for which your bear license is valid. If your deer or elk license is for private land only, you must use your bear license on private land only.

OVER-THE-COUNTER RIFLE LICENSES: OTC rifle bear licenses are NOT add-on licenses, meaning you don’t have to have an elk or deer license in order to purchase one of these bear licenses. See the next page for more information on over-the-counter rifle licenses.

**OVER-THE-COUNTER LICENSES**

All archery, muzzleloader and rifle bear licenses that are sold over the counter are unlimited in number. **There are no longer licenses with caps.** These are either-sex licenses and can be purchased at CPW locations, sales agents, by phone (1-800-244-5613) or online at cpw.state.co.us. **NEW** You can now purchase licenses even after a season has started! Available online, by phone and in person at CPW offices and sales agents around the state.

These licenses are **NOT** available through the draws. If you apply for these hunt codes in a draw, your application will be automatically disqualified. Licenses are available on a first-come, first-served basis starting at 9 A.M. AUG 3.

Certain rules apply to over-the-counter archery and muzzleloader bear licenses: See “Add-on Over-the-Counter Licenses” on the previous page.

**REMEMBER!** Over-the-counter rifle bear licenses are **NOT** add-on licenses, meaning you don’t have to have an elk or deer license in order to purchase one of the bear licenses in the tables below.

LAND CLOSURES & USE RESTRICTIONS

STATEWIDE RESTRICTIONS

1. Hunting is prohibited within 50 feet of centerline of state highways or municipal or county roads. Land between divided highways is closed to hunting.

2. HUNTERS: Be aware that specific restrictions apply on State Wildlife Areas and State Trust Lands leased by CPW. Before hunting on any of these properties, please consult the CPW State Recreational Lands brochure, available at CPW offices, license agents or online.

3. Hunting is prohibited in Gore Creek drainage south of I-70 from Lion’s Head ski lift to I-70 and US. 24. Hunting is prohibited north of I-70 and within a half-mile of I-70 between Vail and I-70 and US. 24.

4. Certain counties and national wildlife refuges may have individual restrictions. Consult specific counties and refuges websites for more information.

5. National parks and monuments managed by the National Park Service are closed to hunting. Check park websites for more information.

6. Research your hunting area before your hunting season. CPW cannot offer refunds after the start of the season if hunting access is unavailable.

STATE TRUST LANDS (STL)
CPW participates in the State Trust Lands public access program, but not all State Trust Lands designated on maps are in the CPW program. Only STL properties in CPW’s State Recreational Lands brochure may be open for wildlife recreation.

PUBLIC LANDS USE & CLOSURES
Public lands throughout Colorado are managed by several different agencies. At any time, projects and other uses can be occurring on the land and impact hunting destination, access or change animal distribution. Hunters must be aware that destinations or travel routes might be altered during hunting seasons. Contact the agency that manages the land where you will be hunting before the start of the hunting season.

Forest Service closures: www.fs.usda.gov/about-agency/contact-us to find regional offices.

ROADS and trails were damaged by the 2013 flood in GMUs 7, 8, 19, 20 and portions of 39, 38 and 191. Motorized and foot access may still be limited. Project work could also impact these and additional GMUs on the Arapaho and Roosevelt national forests. Go to www.fs.usda.gov/goto/arp/hunting.
