### HUNTER EDUCATION

#### Hunter Education (Safety) Requirements
1. Anyone born on or after January 1, 1949, must have a hunter education card to hunt in Colorado.
2. A hunter education card is needed to apply for or buy a license.
3. Your hunter education card must be carried while hunting, unless verified and marked with a "V" on your hunting license. To get your hunter education verified, take your hunter education card to a CPW office (listed on inside front cover) or state park.
4. CPW honors hunter education cards from other states, provinces and countries.

#### Hunter Education Exemptions
1. Individuals over age 50 or active duty US military and veterans can obtain a hunter education certificate by testing out of hunter education: [cpw.state.co.us/HunterEdTestOut](http://cpw.state.co.us/HunterEdTestOut)
2. A one-time apprentice certificate can be obtained for hunters who are at least 10 years old and who must be accompanied by a mentor in the field: [cpw.state.co.us/apprenticecertificate](http://cpw.state.co.us/apprenticecertificate)

Please see the CPW website for more information: [cpw.state.co.us/HunterEd](http://cpw.state.co.us/HunterEd)

### ACCEPTED FORMS OF PAYMENT
- Online and by phone: Visa, Mastercard, Discover credit/debit cards and CPW gift certificates.
- CPW offices/parks: In addition to the above: check, money order, traveler’s checks and cash.
- Sales agents: Any form of payment the agent accepts. CPW gift certificates are not valid.

### WHAT YOU NEED TO BUY A LICENSE AND HUNT:
1. 1D. Secure and verifiable ID. If you have questions about secure and verifiable identification, please call 303-297-1192, Mon–Fri 8 a.m.–5 p.m.
   A Social Security number is required for new hunters ages 12 and older.
2. PROOF of hunter education. (See below.)
3. PROOF of residency for Colorado residents. (See page 2.)
4. HABITAT STAMP. A 2019 Habitat Stamp is required prior to applying for the draw or buying a license. (See below.)

### HABITAT STAMPS ARE REQUIRED FOR HUNTERS
Habitat Stamps are $10 and only one is required per person, per year for anyone ages 18–64. Stamps are valid April 1–March 31.

- You must purchase a stamp before buying a hunting license.
- A lifetime stamp is $300.25.
- Anyone buying a one-day or additional-day license for fishing and/or small game is exempt from purchasing the Habitat Stamp with the first two of these licenses. The habitat fee will be assessed when a third one-day or additional-day license is purchased for fishing or small game.
- Anyone who holds a free lifetime fishing license, a veteran’s lifetime companion small-game hunting/fishing license or are approved for the Big Game Mobility Impaired Hunting Program is exempt from the Habitat Stamp requirement. See [cpw.state.co.us/accessibility](http://cpw.state.co.us/accessibility).

### RESTRICTIONS

#### Child Support Delinquency
State law requires a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is noncompliant with child support.

#### Weapons Restrictions
Colorado and federal laws prohibit people convicted of certain crimes, such as domestic violence, from possessing weapons even for hunting. If you’ve been convicted of a crime, check with the appropriate law enforcement authority to find out how the laws apply to you.
LICENSE REQUIREMENTS

1. Hunters must have an annual youth small-game, small-game (annual, 1-day or additional day) or annual combo small-game/fishing license. Hunters must carry their license when hunting and show it when requested by law enforcement officers.

2. Annual fishing, small-game and furbearer licenses, as well as Colorado Waterfowl Stamps and Habitat Stamps, are valid April 1 through March 31 of the following year. Lifetime small-game and fishing combination licenses are valid as long as you are a Colorado resident.

3. In order to hunt small game in any seasons that continue beyond March 31, 2020, (see small-game dates, pages 9–11), you must purchase a 2020 small-game license.

4. TO HUNT AND TAKE SMALL GAME, you need a small-game license, a combination small-game and fishing or a lifetime small-game and fishing license. Small-game hunters must register with HIP before their first hunt. See details about the Harvest Information Program (HIP) on page 1.

5. TO HUNT EURASIAN COLLARED-DOVES, and other invasive species, you must have a hunter education card; however, a hunting license is not required. See page 7, “Hunting Invasive Birds.”

6. TO HUNT FURBEARERS, you must have a small-game or furbearer license.

7. TO HUNT COMMON SNAPPING TURTLES, you need a small-game license or fishing license.

8. YOU CAN HUNT COYOTES without a small-game or furbearer license during big-game seasons if you have an unfiled big-game license for the same season and unit. You must use the same method of take for coyotes as your big-game license allows. Once the big-game license has been filed, hunters must purchase a small-game or furbearer license to continue hunting coyotes, and if using a rifle, it must be .22 caliber or smaller. If you’re not hunting big game, a small-game or furbearer license is required to hunt coyotes.

9. TO HUNT WATERFOWL, you need a small-game hunting license. If you are 16 or older, you also must have a $25 Federal Migratory Bird Hunting and Conservation Stamp (Duck Stamp) AND a $10 Colorado State Waterfowl Stamp to hunt waterfowl.

COLORADO WATERFOWL STAMP: The state stamp is printed on your hunting license and validated by signing your name in ink on the license. The gumbacked stamp is available online for $5 and is not valid for hunting: cpw.state.co.us.

FEDERAL DUCK STAMP: The federal stamp is available after July 1 online, by phone and at select post offices (fws.gov/birds/get-involved/duck-stamp.php). It is valid when you sign your name in ink across the face of the stamp. It is also available at CPW offices and authorized sales agents. When purchased at state outlets, an electronic stamp is issued. This instantly gives you a unique code that is valid for 45 days from the date of issue, sufficient time for the gum-backed stamp to arrive in the mail.

A federal stamp is not required to take light geese during the conservation order season: See “Legal Migratory Bird Hunting Methods,” no. 10 on page 6.

10. TO HUNT SANDHILL CRANES, a separate federal permit number, available through HIP (see page 1), is required.

11. TO HUNT BAND-TAILED PIGEONS, a permit ($5) is required in addition to the small-game license. The permit is available online, by phone, at CPW offices and at sales agents.

12. If a license is restricted to a specific area, you can hunt only that area.

13. Licenses are not transferable.

14. False statements made in buying a license and altering a license are illegal and void the license.

15. Lost or destroyed licenses can be replaced by buying a new one or signing an affidavit and paying half the license fee, not to exceed $25. Forms are available at CPW offices, state parks, authorized sales agents and online.

SPECIAL LICENSE INFORMATION

YOUTH LICENSES & MENTOR HUNTING

People under age 18 must have a license to hunt small game. A youth small-game license is for hunters 17 and younger, and costs $1.25. If a youth plans on hunting with a youth small-game license, they must be accompanied by a mentor and must meet hunter education requirements. A mentor must be 18 or older and must meet hunter education requirements; mentors aren't required to hunt. While hunting, youths and mentors must be able to see and hear each other without binoculars, radios, or other aids. Youths also have the option to purchase an adult small-game license, which allows them to hunt without a mentor, as long as they meet hunter education requirements.

RESIDENCY REQUIREMENTS

RESIDENCY REQUIREMENTS cpw.state.co.us/proofofresidency

1. STANDARD COLORADO RESIDENT

a. Requirements: Customer must live in Colorado for at least 6 consecutive months prior to buying or applying for any resident CPW product, have their primary residence in Colorado and have not applied for or purchased a resident license or pass outside of Colorado in the last 6 months.

b. Proof: Current and Valid Colorado driver’s license/ID with a Colorado address issued 6 or more months prior. If the Colorado driver’s license/ID is not 6 months old, the customer must provide at least two forms of additional residency proof, as outlined in “Additional Residency Proofs” below.

2. STUDENT: ATTENDING SCHOOL FULL-TIME IN COLORADO

a. Requirements: Customer must be attending school full time at an accredited Colorado school starting at least 6 months prior to buying or applying for any resident CPW product.

b. Proof: Student ID, name of institution, date customer became full-time student, school transcript showing full-time status.

3. STUDENT: ATTENDING SCHOOL FULL-TIME OUTSIDE OF COLORADO

a. Requirements: Customer must meet Colorado residency requirements and be attending an accredited school outside of Colorado, paying nonresident tuition.

b. Proof: Student ID, name of institution, date customer became full-time student, proof of out-of-state tuition payment.

4. MILITARY: STATIONED IN COLORADO

a. Requirements: Customer must be active-duty military stationed in Colorado (including their spouse/dependents). Residency begins the date the orders begin.

b. Proof: Military ID and Orders.

5. MILITARY: COLORADO HOME OF RECORD

a. Requirements: Customer must be active-duty military stationed outside of Colorado, but with Colorado as their home of record, paying income tax as a Colorado resident (includes spouse/dependents).

b. Proof: Military ID and Orders.

6. YOUTH

a. Children under the age of 18 have the same residency status as their parent, legal guardian or person with whom they live the majority of the time per court order.

OTHER RESIDENCY INFORMATION

1. ADDITIONAL RESIDENCY PROOFS

a. Customers who otherwise meet residency requirements but whose Colorado driver’s license or ID was issued or renewed less than 6 months ago, or who have a CPW-approved religious exemption to photo identification on their record, must provide at least two additional proofs of residency. Those proofs include: income sources (pay stubs), utility bills, state income tax documents (as a full-time resident), lease agreements/rent receipts, motor vehicle registration, voter registration.

2. MULTIPLE HOMES

a. If you have a home in Colorado and another location, call 303-297-1192 to make sure you comply with Colorado residency requirements before obtaining a CPW license or state park pass.

At age 18, hunters must buy an adult license. Mentors are not permitted to hunt ducks, geese, mergansers or coots during the youth waterfowl hunt season. See page 16, “Waterfowl: Youth Hunt,” for season dates.

DISABLED VETERANS

Colorado residents who are disabled veterans or Purple Heart recipients can receive a free lifetime fishing and small game combination license. To qualify, you must have served on active duty and have been honorably discharged. Proof is required of a service-connected disability rated by the Department of Veteran Affairs of at least 60 percent, or DD214 showing Purple Heart or Purple Heart Certificate. More details: cpw.state.co.us/accessibility

2 2019 COLORADO SMALL GAME & WATERFOWL HUNTING
GENERAL INFORMATION

WALK-IN ACCESS PROGRAM (WIA)
The Walk-In Access (WIA) program provides opportunities to hunt small game, migratory game birds and furbearers on enrolled properties, only during established season dates. Properties are closed to hunting Gambel’s quail and greater sage-grouse.

The regular season walk-in properties are open Sept. 1 through the end of Feb. The late cropland season properties are open from the opening day of pheasant season (Nov. 9) through the end of Feb. Extended walk-in properties are open from the start of pheasant season through the end of March.

Properties are open to foot access only, from one hour before sunrise until one hour after sunset. They are open two hours before sunrise until two hours after sunset for waterfowl, deer, elk or pronghorn hunting.

Hunters must have a small-game license and Habitat Stamp to hunt on WIA lands. Properties enrolled are posted with Walk-In Access signs and published in the WIA atlas. Access is prohibited as posted when the landowner is actively harvesting crops.

Two atlases for 2019–20 will be published. The early version, the 2019 SMALL GAME WALK-IN ATLAS, is available in late Aug., and includes properties opened Sept. 1. The 2019 LATE CROPLAND ATLAS will be available in late Oct., and includes an updated property list.

NOTE: Some WIA properties in eastern Colorado will be open for both small-game and big-game hunting as part of the Big Game Access Program. See the 2019 SMALL GAME WALK-IN ATLAS for more details.

SMALL-GAME SURVEYS
Colorado Parks and Wildlife conducts several small-game harvest surveys annually to estimate harvest, hunter numbers and recreation days, in addition to assessing satisfaction and crowding. Past surveys are available on the CPW website at cpw.state.co.us/small-game-stats, and updated reports are available after annual surveys conclude. Hunters are selected randomly to participate. Small-game surveys are by telephone or by email. If contacted, your participation is not required, but responding — even if you did not hunt or harvest an animal — helps CPW manage small game.

DONATING WILDLIFE
You can donate edible parts of wildlife to a like-license holder anywhere or to anyone at the recipient’s home. A like-license is for the same species, sex, dates and manner of take as the donor’s license. Bag and possession limits apply to donors and recipients and birds must be properly tagged. See “Tagging, Transporting Birds,” page 7.

BOBCAT SEALS
All bobcats or their pelts must be personally presented by the hunter for inspection and sealing by CPW within 30 days after take, or within five days after the season closes; whichever is sooner. Any bobcat hide/pelt without a seal within five days after the season closes is illegal and becomes the property of the state. Seals will be placed only on bobcats taken legally in Colorado.

Inspection and sealing is free, and seals must stay attached to hide until processed. Bobcat hides/pelts cannot be transported, shipped or otherwise taken from Colorado until inspected and sealed. It is illegal to buy, sell, trade or barter an untanned bobcat hide/pelt without a seal. One seal per hide/pelt. Contact a nearby CPW office for details (offices listed on inside front cover).

ATTENTION HUNTERS!
We released Canada lynx in southwest Colorado several years ago, which may be found elsewhere in the state. If you see one, please report it to a CPW office. Bobcat hunters should make sure they don’t shoot a lynx. Lynx differ from bobcats in several ways:

- **THE TIP OF A LYNX TAIL** is black all around. On a bobcat, the underside of the tip of its tail is white.
- **THE BELLY FUR** on a lynx is tawny colored. On a bobcat, it is white.
- **THE EAR TUFTS** of lynx are more than 1 inch long.
- **LYNX TRACKS** are 3 1/2 to 4 1/2 inches wide. Bobcat tracks are smaller than 2 1/2 inches wide.

WILDLIFE CAUSING DAMAGE
Colorado law allows landowners to protect private property from most wildlife damage. For information, call CPW at 303-297-1192. Also see cpw.state.co.us/regulations, Chapter W-17: Game Damage, for updated trapping regulations and details on small-game damage.

CALL BEFORE DIGGING: 1-800-922-1987
Colorado law requires waterfowl hunters to call the Utility Notification Center of Colorado before digging hunting pits. By doing so, hunters can avoid accidentally hitting electric, gas, water and other utility lines.

SAFE HANDLING OF GAME MEAT
Concern has grown about diseases affecting wild animals that could potentially make humans sick. Most of the time, properly handled and prepared game meat poses no greater risk than domestic meat of causing disease in humans. Hunters are encouraged to contact their local public health department or CPW office for information on wildlife diseases that may be present where they plan to hunt.

Public health officials recommend the following precautions when handling and preparing game meat:
1. Do not handle animals that are obviously sick or found dead. Report sick or dead animals you find to a CPW office.
2. Keep game cool, clean and dry.
3. Do not eat, drink or smoke while dressing game.
4. Use disposable gloves when cleaning game.
5. Wash your hands with soap and water, or use alcohol wipes after dressing game.
6. Clean all tools and surfaces immediately afterward. Use hot, soapy water, then disinfect with a 10 percent chlorine bleach solution.
7. Cook game meat to an internal temperature of at least 165 degrees F to kill disease organisms and parasites. Juices from adequately cooked game meat should be clear.
8. Do not eat any raw portions of wild game.
9. Do not feed raw wild game to domestic pets.

REPORT POACHERS
OPERATION GAME THIEF: 1-877-265-6648
EMAIL: GAME.THEIF@STATE.CO.US

Earn a reward payment for reporting wildlife violations by calling Operation Game Thief. Callers can remain anonymous.

(This number is not for information requests or emergencies.)
LEGAL HUNTING HOURS

Legal times to hunt small game and/or waterfowl are one-half hour before sunrise to sunset.

An exception is made for furbearers, which can be hunted from one-half hour before sunrise to one-half hour after sunset. Raccoons, coyotes, bobcats, striped skunks, beavers and red, gray or swift foxes can be hunted at night. See Furbearers under Small-Game Hunting Laws on page 5 for details.

In light goose conservation season, hunting is allowed one-half hour before sunrise to one-half hour after sunset.

The sunrise/sunset chart below lists time in Denver. Subtract 1 minute from opening and closing time for each 1/2 miles west of Denver.

(These changes assume that each degree of longitude equals 50 miles and a change in light time is the same as a change in time at the equator measured from the center line of both roads.

The sunrise/sunset chart below lists time in Denver. Subtract 1 minute from opening and closing time for each 12 1/2 miles west of Denver. Add 1 minute to opening and closing time for each 12 1/2 miles west of Denver.

These changes assume that each degree of longitude equals 50 miles and a change in light time is the same as a change in time at the equator measured from the center line of both roads.

4. It is illegal to carry or have a firearm, except a pistol or revolver, in or on a motor vehicle unless the vehicle is unloaded. While using artificial light from a vehicle, it is illegal to have a firearm with cartridges in the chamber or magazine, or possess a strung bow unless the bow is cased.

5. You must take edible parts of game meat home to eat or provide it for human consumption. Do not leave wounded wildlife (or wildlife that might be wounded) without attempting to track and kill it.

6. Possession of wildlife is evidence you hunted.

7. Small-game and migratory bird hunters are not required to wear solid, fluorescent orange or pink clothes. However, CPW encourages you to wear fluorescent orange or pink clothes for safety.

8. You must stop at CPW check stations when told to do so.

9. Violations of Colorado wildlife laws carry point values. You can face suspension of license privileges for up to five years or more if you accumulate 20 or more points in five years.

10. During deer, elk, pronghorn and bear seasons, firearms (except handguns) must be unloaded in the chamber and magazine when carried on an off-highway vehicle (OHV). Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This regulation does not apply to landowners or their agents carrying a firearm on an OHV for the purpose of taking depredating wildlife on property owned or leased by them.

AIDS IN HUNTING SMALL GAME & WATERFOWL

1. Dogs are allowed to hunt small game, waterfowl and furbearers, but only to pursue, bring to bay, retrieve, flush or point. It is illegal to use dogs to hunt cottontail rabbits, snowshoe hares and tree squirrels on land where any regular deer, elk, pronghorn or moose season is in progress.

2. Artificial decoys are permitted.

3. European ferrets are permitted for hawking. Ferrets must be neutered, tattooed on left inguinal area and dyed along one-fourth of their body for easy field identification.

4. Mechanical devices designed to call wildlife are allowed. Recorded or electronically amplified calls can be used to hunt furbearers and crows only.

5. You can hunt migratory game birds over standing crops or feed used in the course of agricultural planting, harvesting or other normal agricultural practices; baiting is not allowed.

6. It is illegal to use drones to look for, scout or detect wildlife as an aid in hunting.

CALIBER RESTRICTION

It is illegal to hunt game birds, small-game animals or furbearers with a centerfire rifle larger than .23 caliber in regular rifle deer and elk seasons west of I-25, unless you have an unfilled deer or elk license for the season you are hunting. A small-game license is required.

SMALL-GAME HUNTING LAWS

LEGAL SMALL-GAME HUNTING METHODS

FOR SMALL-GAME MAMMALS
1. Rifles or handguns allowed for dusky grousse and ptarmigan.
2. Shotguns no larger than 10 gauge. Shotguns cannot be capable of holding more than 3 shells in magazine and chamber combined.
3. Hand-held bows and crossbows.
4. Air guns and slingshots.
5. Hawking.

FOR SMALL-GAME BIRDS (EXCEPT MIGRATORY BIRDS: SEE PAGE 6–7)
1. Rifles, handguns allowed for dusky grouse and ptarmigan.
2. Shotguns no larger than 10 gauge not firing a single slug. Shotguns cannot be capable of holding more than 3 shells in magazine and chamber combined.
3. Hand-held bows and crossbows.
4. Air guns and slingshots allowed for dusky grouse and ptarmigan.
5. Hawking.

FOR FURBEARERS
1. Any rifle, handgun, shotgun, handheld bow or crossbow, live traps (limited to cage or box traps), air gun (pre-charged pneumatic air gun .25 caliber or larger for coyote and bobcat).
2. Use of bait. It must be made solely of plants or animals. Bait cannot contain metal, glass, porcelain, plastic, cardboard or paper. Wildlife used as bait can be carcasses or parts of legally taken furbearers, carp, shad, white and longnose suckers, and inedible parts of legally obtained game mammals, birds or game fish.
3. Use of electronic calls.
4. You must check traps in person, at least daily. In lynx recovery areas, or where lynx are, you must check traps every 24 hours. More on lynx: cpw.state.co.us/lynxresearch
5. Any accidentally captured live animals for which trapping season is open must be killed or released immediately upon checking the trap.
6. Animals captured in live traps cannot be moved from the capture site and must be killed or released on site when trap is checked.
7. If wildlife (except Canada lynx, see No. 8 in this list) is accidentally captured alive when trapping season is closed or is illegal for that species, you must release the animal immediately. You cannot kill it. If you find a dead animal in your trap, you must bring its carcass to a CPW officer or office within 5 days. Failing to do so is evidence of illegal possession of wildlife. Trappers who comply will not be charged with illegal possession.
8. If you accidentally capture a Canada lynx and it’s not injured, you must release it immediately and report it to CPW within 24 hours. If a lynx is accidentally injured, but not in your possession, you must report it to CPW within 24 hours. If you capture a lynx accidentally and injure it, take the lynx to CPW or a licensed veterinarian, and report it to CPW within 24 hours. If you accidentally kill a lynx, you must report it to CPW within 24 hours, and take the carcass to CPW within 3 days after the report. Failing to follow these rules is considered unlawful take and possession. You will not be charged if you comply with these requirements or use the plan’s best management practices to avoid accidentally taking a lynx.

Guidelines available on the CPW website, search for Avoid Lynx Take.
9. On private land, artificial light is allowed at night to hunt, snares, raccoons, coyotes, bobcats, striped skunks and red, gray or swift foxes, with permission of landowner or agent.
10. On public land, artificial light is allowed at night with permit from local district or area wildlife manager. To hunt raccoons, coyotes, bobcats, striped skunks, beavers and red, gray or swift foxes. Permits are valid for time and place specified.
   a. Permits are not valid 24 hours before or during deer, elk or pronghorn rifle seasons, nor opening weekend of grouse, pheasant, quail and waterfowl seasons.
   b. It is illegal to hunt with a light permanently attached to a vehicle, or to project light from inside a vehicle.
   c. It is illegal to take furbearers within 500 yards of a dwelling, building, campground or other structure, or in areas that jeopardize human safety.
   d. You must carry and show the permit while hunting if requested by a law enforcement officer.
   e. CPW can deny a permit for management purposes.
   f. Night-hunting permits are not issued for bobcat on public land in Canada lynx recovery areas or where lynx are. If a bobcat hunter kills a Canada lynx during bobcat hunting season, CPW will not issue any more night-hunting permits for bobcat for the rest of the calendar year in the recovery areas or where the lynx was killed. CPW also will revoke all night-hunting permits previously issued for bobcats.

ILLEGAL SMALL-GAME HUNTING METHODS

1. The use of toxicants, drugs, explosives, stupefying substances or body grip devices, cable device traps, enclosed foothold traps, foothold traps, lethal cable device traps, and to hunt, kill, capture, injure or harass wildlife are illegal, except as allowed under Chapter W-17: Game Damage or permitted by the CO Department of Agriculture.
2. Use of electronic calls is not allowed to hunt small game. (Electronic calls are legal to hunt furbearers.)
3. Use of any artificial light as an aid in hunting wildlife, except as in ‘Legal Small-Game Hunting Methods’ (above) is not allowed.
4. Use of bait to hunt small-game mammals, game birds and migratory birds is not allowed.
5. Use of visual lures, fresh meat baits, fish oil and anise oil lures to attract felids in lynx recovery areas or where lynx are found is not allowed.
6. Except when legally placed on private property by permit, it is illegal to set traps within 50 feet of either side of the travelled part of state or federal highways or county roads.
7. It is illegal to destroy or damage beaver or muskrat houses, dens or dams, except to maintain water flow or prevent property damage.
8. It is illegal to promote, conduct, offer to conduct or participate in a competitive event that involves killing small-game or furbearers for which there is no bag and possession limit (including coyotes and prairie dogs). Contests are allowed if no more than 5 of each species are killed by each participant during the event. Contests of marked or tagged small game and game birds for money or valuable prizes are also illegal. Tokens of recognition without significant monetary value are not considered valuable prizes. This does not apply to wildlife parks and field trials licensed by CPW.
9. It is illegal to promote, conduct, offer to conduct or participate in a competitive event that involves killing small-game or furbearers for which there is no bag and possession limit (including coyotes and prairie dogs). Contests are allowed if no more than 5 of each species are killed by each participant during the event. Contests of marked or tagged small game and game birds for money or valuable prizes are also illegal. Tokens of recognition without significant monetary value are not considered valuable prizes. This does not apply to wildlife parks and field trials licensed by CPW.
10. Air guns: any rifle or handgun .177 caliber or larger firing pellets, slugs or roundball ammunition powered by high-pressure air or compressed inert gas. Includes: pellet guns and pneumatic weapons.

CANADA LYNX RECOVERY AREA: in the San Juan and Rio Grande national forests, and associated land above 9,000 feet, W from a N-S line through Del Norte; E from a N-S line through Dolores; from New Mexico N to Gunnison basin, including Taylor Park E to Collegiate Range. The recovery area includes GMUs 55, 65–68, 70, 71, 74–81, 551, 681, 711 and 751.

CROSSBOW: bow fired from the shoulder, attached perpendicularly to its stock. Has mechanical device to hold string cocked.

DAILY BAG LIMIT: maximum number of wildlife you can take in a day, including any eaten or donated during the day they’re taken.

FALCONRY (OR HAWKING): hunting with a trained raptor.

FURBEARERS: mink, pine marten; badger; red, gray, swift fox; striped, western-spotted skunk; beaver; muskrat; long-tailed, short-tailed weasel; coyote; bobcat; opossum; ring-tailed cat; raccoon.

HAND-HELD BOW: long bow or compound bow with a manually held or drawn string.

HANGUN: pistol, revolver, without shoulder stock or attachment.

LIVE TRAP (CAGE OR BOX): mechanical device designed so an animal enters the trap through a door that closes, preventing exiting.

PRE-CHARGED PNEUMATIC AIR GUN: air gun that is charged from an external high-compression source, such as an air compressor, air tank or external hand pump.

PELT: skin of a furbearer with hair intact.

POSSESSION LIMIT: maximum number of wildlife you can have at any time, including in the field, in transport, at home or in storage.

RIFLE: firearm fired from the shoulder with a rifled bore, at least a 16-inch or longer barrel and at least 26 inches in overall length.

SHOTGUN: firearm fired from the shoulder with a smooth bore, at least an 18-inch barrel and at least 26 inches in overall length.

SLINGSHOT: hand-held device manually drawn or held with elastic band attached to arms, or attachment points for propelling stones or metal projectiles. Wrist-brace attachments and non-elastic projectile pouches are normal parts of a slingshot.

SMALL-GAME BIRDS: dusky, mountain sharp-tailed grouse; greater sage-grouse; white-tailed ptarmigan; pheasant; northern bobwhite, scaled, Gambel’s quail; chukar partridge; greater prairie-chicken.

SMALL-GAME MAMMALS: cottontail rabbit; snowshoe hare; white-tailed, black-tailed jackrabbit; marmot; fox, pine, Abert’s squirrel.

OTHER SMALL GAME: black-tailed, white-tailed, Gunnison’s prairie dog; Wyoming (Richardson’s) ground squirrel; prairie rattlesnake; common snapping turtle.

TRAPPING: taking or attempting to take wildlife with a trap.
MIGRATORY BIRD HUNTING LAWS

LEGAL MIGRATORY BIRD HUNTING METHODS

1. Shotguns cannot be larger than 10 gauge. They cannot be capable of holding more than three shells in magazine and chamber combined. They must be fired from the shoulder. To reduce capacity of shotguns that hold more than three shells in the chamber and magazine combined, the magazine must be cut off, altered or plugged with a one-piece filler that cannot be removed unless the gun is disassembled. Slugs are illegal to hunt waterfowl.

2. Hand-held bows are allowed only if the arrow or bowstring is not held or drawn mechanically. It is illegal to use bows on firing lines designated by the Parks and Wildlife Commission.

3. It is legal to hunt waterfowl in the open, from a blind or other concealed place (except a sink box). When camouflaged with vegetation from agricultural crops, camouflaging cannot result in exposing, depositing, distributing or scattering grain or other feed.

4. Hunting is allowed from vessels (except sink boxes) with motors or sails if motor is off, and/or sails furled and forward movement has stopped. Hunting is allowed from drifting vessels and those propelled by hand. Motorized vessels are only allowed to pick up dead or injured birds, or to put out and retrieve decoys.

5. It is legal to take migratory birds, including waterfowl, coots and cranes, on or over the following lands not otherwise baited: standing or flooded standing crops; standing flooded or manipulated natural vegetation; flooded harvested crop lands; where seeds or grains were scattered solely from normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice; flooded, standing agricultural crops where grain is inadvertently scattered solely by a hunter entering or exiting an area, placing decoys or retrieving downed birds.

   It is also legal to take migratory birds, except waterfowl, coots and cranes, on or over the following lands not otherwise baited: standing or flooded standing crops; flooded, standing agricultural crops where grain is inadvertently scattered solely by a hunter entering or exiting an area, placing decoys or retrieving downed birds.

6. Hawking or falconry permitted.

7. Dogs, artificial decoys, duck calls or goose calls are legal, except recorded or electronically amplified calls or sounds. Recorded or electronically amplified calls are legal to hunt common crows.

8. You don’t need a permit to have and transport plumage or skins of legally taken migratory birds for your use.

9. You don’t need a permit to have, dispose and transport feathers from wild ducks and wild geese legally killed, or from birds seized and condemned by wildlife authorities. It is legal to use feathers to make fishing flies, bed pillows, mattresses and similar commercial items, except for millinery or ornamental use.

10. IN LIGHT GOOSE CONSERVATION ORDER SEASON: Recorded or electronically amplified calls are allowed. Shotguns that hold more than 3 rounds in the chamber and magazine may be used in this season only. Hunting is allowed one-half hour before sunrise to one-half hour after sunset. A federal migratory bird stamp is not required, but a Colorado waterfowl stamp is. (See page 14 for season dates.)

11. THE MOST RESTRICTIVE STATE OR FEDERAL LAWS APPLY. See cpw.state.co.us/waterfowlhunting or www.fws.gov/hunting/whatres.html for a detailed summary of federal regulations on migratory bird hunting. More regulations also may apply to National Wildlife Refuges opened to hunting; go to www.fws.gov/refuges for details.

ILLEGAL MIGRATORY BIRD HUNTING METHODS

1. Baiting is illegal (see description of baiting above, number 5). For information on federal baiting laws, go to www.fws.gov/le/waterfowl-hunting-and-baiting.html.

   It is illegal to take migratory game birds and waterfowl by the aid of baiting, or on or over any baited area, if you know or reasonably should know the area is baited. It is illegal to place or direct placement of bait on or next to an area to cause, induce or allow anyone to take or attempt to take migratory birds with the help of bait or over a baited area.

2. It is illegal to use any artificial light as an aid in hunting or taking wildlife.

3. Traps, snares, nets, rifle, pistols, swivel guns, punt guns, battery guns, machine guns and fish hooks, poisons, toxicants, explosives or stupefying substances are illegal.

4. It is illegal to use live, tame or captive ducks and geese as decoys. All tame, captive ducks and geese must be removed 10 days before hunting. They must be in an enclosure that substantially reduces the sound of their calls, and conceals them from the sight of waterfowl.

5. It is illegal to leave decoys or things used as decoys in the field or on water overnight on state wildlife areas.

6. You cannot hunt migratory birds on a federal reservation, federal land set aside as a wildlife reservation, breeding ground or refuge or federal land closed by the Migratory Bird Treaty Act, except as permitted.

7. It is illegal to hunt migratory birds from, on or across a highway, road, trail, public or private right-of-way in national wildlife refuges. Stricter regulations may apply on wildlife refuges. Contact: Alamosa and Monte Vista NWR, 719-589-4021; Browns Park NWR, 970-365-3613; Arapaho NWR, 970-723-8202.

8. IN THE AREAS BOUNDED on N by Wyoming; E and S by I-76, Hwy. 71, U.S. 36 and I-70; and W by the Continental Divide and Larimer-Jackson county line; and in Bent, Crowley, Kiowa, Mesa, Otero and Prowers counties:
   a. It is illegal to hunt waterfowl within 50 yards on either side of center line of a public road.
   b. It is illegal to hunt waterfowl within 150 yards of a dwelling, including directly above it, without first obtaining permission from owner, occupant or person in charge of the dwelling.

9. PUEBLO COUNTY: It is illegal to hunt waterfowl within 150 yards of a dwelling, including directly above it, without first obtaining permission from owner, occupant or person in charge of the dwelling.

10. You cannot kill, have, transport, import or export migratory birds, their parts, nests or eggs that were taken, bought, sold, transported, possessed or exported illegally.

11. It is illegal to have or transport live migratory birds or waterfowl, including wounded birds. You must kill migratory birds immediately after you injure them, and they become part of your bag limit.

12. It is illegal to buy, sell, barter or offer to buy or sell feathers or mounted specimens of migratory birds.

13. It is illegal to receive or have someone else’s migratory birds unless they are tagged as required.

14. SANDHILL CRANE HUNTERS: Whooping cranes are federally endangered and illegal to hunt. They may be in Colorado during sandhill crane season.

15. The most restrictive state or federal laws apply. See www.fws.gov/hunting/whatres.html for more.
TAGGING, TRANSPORTING BIRDS

1. A carcass tag must be attached to wildlife requiring one.
2. Licensees must accompany wildlife not requiring a carcass tag (except as in No. 4).
3. One fully feathered wing or head must be attached to birds in transit until they arrive at hunter’s home or commercial processing facility.
4. To ship migratory birds, packages must be marked outside with name and address of sender, name and address of receiver and number of birds, by species. Licenses, a photocopy of the license or carcass tag must accompany wildlife shipped by common carrier.
5. It is illegal to leave migratory birds anywhere other than at your home or with someone else for picking, cleaning, processing, permanent or temporary storage or taxidermy, unless the birds or package of birds have a tag attached. You must sign tags and include your address, total number and species of birds, date of kill and your hunting license number.
6. It is illegal to receive or have someone else’s migratory birds unless they are tagged as required.
7. Migratory bird preservation facilities:
   a. If you have someone else’s migratory birds for picking, cleaning, freezing, processing, storing or shipping, you must have records showing the number of each species, date you received them, date birds were disposed of, and name and address of who received the birds.
   b. You must keep records 1 year after the last entry.

BIRD SPECIES IDENTIFICATION

A fully feathered wing or head must be attached to all birds, except turkeys, doves and band-tailed pigeons, in transit to hunter’s home or commercial processor. For pheasants, a foot with visible spur can be substituted.

NOTE: While in the field or during transport, all dressed (not fully feathered) doves, including Eurasian collared-doves, count against the daily bag and possession limit for mourning and white-winged doves during the Sept. 1–Nov. 29 dove season. Eurasian collared-doves must be fully feathered while in the field or during transport at all other times.

HUNTING INVASIVE BIRDS

Eurasian Collared-Doves, European Starlings and House (English) Sparrows are considered invasive species in Colorado. Because of this designation, these species may be hunted year-round. No license or Habitat Stamp is required to hunt invasive species; however hunters must have and carry with them a hunter education card.

Hunters may harvest any number of each of these species and by any method of take approved for big- or small-game hunting. These species may be taken at night with the use of artificial light and night vision equipment. Commercial hunting of invasive species is prohibited, as is receiving or attempting to receive compensation by hunting these species.

Eurasian collared-doves must remain fully feathered while in the field or during transport, except when counted as part of the mourning or white-winged dove bag and possession limit during the dove season that runs from Sept. 1–Nov. 29. See page 10 for season dates and bag limits.

HUNTING TERMS & DEFINITIONS: MIGRATORY BIRDS

AGGREGATE: Total number of animals allowed to be taken in one day, by one person, regardless of species.

DAILY BAG LIMIT: Maximum number of wildlife you can take in a day, including any eaten or donated during the day they’re taken.

CENTRAL FLYWAY: East of the Continental Divide.

GEESE: All species of geese and brant. Light geese means lesser snow geese (including blue), greater snow geese and Ross’ geese. Dark geese means Canada geese, white-fronted geese, brant, new cackling geese and all other species of geese except light geese.

MANIPULATION: Alteration of natural vegetation or agricultural crops by activities that include, but are not limited to, mowing, shredding, discing, rolling, chopping, tramplng, flattening, burning or herbicide treatments. Manipulation does not include distributing or scattering grain, seed or other feed after removal from, or storage on, the field where grown.

MIGRATORY GAME BIRDS: Migratory birds included in conventions between U.S. and foreign countries to protect birds for which seasons are established. They are: waterfowl (ducks, including mergansers, and geese, including brant), mourning and white-winged doves, sandhill cranes, American coots, sora, Virginia rail, Wilson’s snipe, band-tailed pigeons, crows.

NATURAL VEGETATION: Non-agricultural, native or natural plants growing from planting, or existing seeds and other propagules. This does not include planted millet. However, millet growing on its own after planting year is considered natural vegetation.

NONTOXIC SHOT: Any shot type approved to take migratory game birds according to 50 CFR 20.21 (U.S. Fish and Wildlife Service). See page 8 for table and details.

NORMAL AGRICULTURAL OPERATION: Planting, harvesting, post-harvest manipulation or agricultural practice conducted according to 50 CFR 20.11 (U.S. Fish and Wildlife Service).

NORMAL AGRICULTURAL PLANTING, HARVESTING OR POST-HARVEST MANIPULATION: Planting or harvesting to produce and gather crops, or manipulation after harvest and removal of grain, conducted according to 50 CFR 20.11 (U.S. Fish and Wildlife Service).

NORMAL SOIL STABILIZATION PRACTICE: Planting for agricultural soil erosion control or post-mining reclamation conducted according to 50 CFR 20.11 (U.S. Fish and Wildlife Service).

PACIFIC FLYWAY: West of the Continental Divide.

POSSSESSION LIMIT: Maximum number of wildlife you can have at any time, including in the field, in transport, at home or in storage.

SINKBOX: Raft or low-floating device with a depression concealing a person below the surface of the water.

WATCH FOR BANDED BIRDS

Wildlife managers need help gathering information about the migratory bird populations. If you kill or find a banded bird, please report it to the USGS Bird Banding Lab: www.reportband.gov
1. Apprentices may hunt with only one raptor at a time.
2. A resident falconry license is required.
3. Nonresident falconers must buy either:
   a. A nonresident annual falconry license from CPW’s Special Licensing section;
   b. A nonresident small-game license and have proof that they possess a valid falconry license in their home state.
4. Hunter education certificate is not necessary with a resident 3-year falconry license or a nonresident annual raptor license. State and federal Migratory Bird Hunting Stamps are required for hunting migratory waterfowl.
5. Falcons must comply with HIP (see page 1).
6. Firearms are prohibited while hawking.
7. Hawking is prohibited from a public road.
8. Hawking on private property is illegal without permission from the owner or person in charge.
9. Nonresidents also must obtain an import permit at least 30 days in advance from Special Licensing. The permit is free, but a current health certificate issued within 30 days of the proposed entry from state of origin is required. Import permit applications and import permits are available on the CPW website at cpw.state.co.us.

### NONTOXIC SHOT REGULATIONS

1. It is illegal to use or have toxic (lead) shot, either in shotshells or as loose shot for muzzleloading, while taking or attempting to take ducks, geese or coots in Colorado. This includes national wildlife refuges open to hunting. Toxic shot, either in shotshells or as loose shot for muzzleloading, cannot be in a hunter’s gun, on his/her person or near a hunter taking or attempting to take waterfowl. Store lead shot in your vehicle. You can store lead shot elsewhere if it’s not readily accessible while hunting waterfowl.
2. Nontoxic shot is required in commercial wildlife parks, field trials and dog-training while hunting captive-reared mallards.
3. It is illegal to have or use nontoxic shot larger than size T to hunt ducks, geese or coots.

### HAWKING & FALCONRY HUNTING LAWS

**NOTE:** See page 16, Hunting with Hawks & Falcons, for season dates and bag limits.

### GET THE LEAD OUT

From the field to the table, ensuring your next harvest is safe for your family is important. Switching from lead bullets may be an option that’s right for you. Science tells us ingesting lead can cause potential health problems over time. Risks are low for most people; however, you can also:

1. Use lead-free shot or bullets.
2. Choose a firearm with lower-velocity bullets, so bullet fragments don’t scatter as far into the wound. Liberally trim and discard meat damaged by the bullet when you process an animal.
3. Clean your meat grinder between each animal. Lead is soft and can go through your grinder, contaminating an entire batch of ground meat. If you don’t grind the meat yourself, speak with your commercial processor about their equipment cleaning process between animals.
4. Avoid eating game meat from animals harvested with lead bullets if you are pregnant. Children younger than 6 should also avoid it.

SEASON DATES & BAG LIMITS

▶ BAND-TAILED PIGEON
SEASON: Sept. 1–14
AREA: Statewide
DAILY BAG LIMIT: 2
POSSESSION LIMIT: 6
NOTE: A band-tailed pigeon permit ($5) is required in addition to the small-game license. See page 2.

▶ CHUKAR PARTRIDGE
SEASON: Sept. 1–Nov. 30
AREA: Statewide
DAILY BAG LIMIT: 4
POSSESSION LIMIT: 12

▶ CROW
SEASON: Nov. 1–end of Feb. 2020
AREA: Statewide
DAILY BAG LIMIT: Unlimited
POSSESSION LIMIT: Unlimited
NOTE: Recorded or electronically amplified calls may be used during this season.

▶ DOVE: MOURNING, WHITE-WINGED
SEASON: Sept. 1–Nov. 29
AREA: Statewide
DAILY BAG LIMIT: 15 singly or in aggregate
POSSESSION LIMIT: 45 singly or in aggregate
NOTE: See “Bird Species Identification” on page 7 for transit requirements. See “Eurasian Collared” note on this page for influence on bag limits.

▶ DOVE: EURASIAN COLLARED
SEASON: Year-round
AREA: Statewide
DAILY BAG LIMIT: Unlimited
POSSESSION LIMIT: Unlimited
NOTE: Eurasians must be fully feathered while in the field and during transport, unless counted as part of the mourning and/or white winged dove bag limits. See page 7.
NOTE: A license is not required, as these are considered an invasive species. See page 7, “Hunting Invasive Birds.”

▶ EUROPEAN STARLING, HOUSE (ENGLISH)
SPARROW
SEASON: Year-round
AREA: Statewide
DAILY BAG LIMIT: Unlimited
POSSESSION LIMIT: Unlimited
NOTE: A license is not required, as these are considered an invasive species. See page 7, “Hunting Invasive Birds.”

▶ GREATER PRAIRIE-CHICKEN
SEASON: Oct. 1–Jan. 5, 2020
AREA: Only GMUs 93, 97, 98, 100, 101 and 102.
ANNUAL BAG LIMIT: 2 per year
POSSESSION LIMIT: 2 per year

▶ GROUSE: DUSKY (BLUE)
SEASON: Sept. 1–Nov. 17
AREA: West of I-25

COLORADO DOVE IDENTIFICATION

▶ MOURNING DOVE
- 12 inches long from tip of beak to end of tail
- Grayish-brown color
- Long, pointed tail
- Rapid wing beat, erratic flight path
- Soft call — “cooAHoo” — followed by several coos

▶ WHITE-WINGED DOVE
- Slightly larger than mourning dove
- Gray-brown color
- Long, moderately rounded tail
- White bar on upper wing surface
- Soft call — “hoohoo-hoohoo” — with the last note descending

▶ EURASIAN COLLARED-DOVE
- 15 inches from tip of beak to end of tail
- Larger, heavier than mourning dove
- Dark grayish-brown
- Long, squared tail
- Thin black band on neck with white upper border
- Gray belly and undertail coverts with black on tail
- Rapid, three-part cooing — “coo-coo-coo” — middle coo is longest

There are three types of doves in Colorado.

Knowing how to identify each is important to avoid violating the law while hunting.

White-winged doves are not common in Colorado, and live mostly along the Front Range. The white-winged dove is pioneering new habitats north of its historic range in the southwest U.S. Eurasian collared-doves are sporadic throughout the state. It is an exotic introduced into the United States, and is considered an invasive species.

DOVE BANDING
Mourning doves are banded in Colorado and other states as part of a program to monitor their status.
Hunters should report banded mourning doves to the USGS Bird Banding Lab:
