MONTE VISTA
2020 COLORADO REGULAR WALK-IN ATLAS
WHAT’S NEW: 2020

- **VALID DATES FOR ANNUAL LICENSES & HABITAT STAMPS HAVE CHANGED**: Annual hunting and fishing licenses (such as fishing, small game, furbearer, resident combo small game/fishing) and Habitat Stamps will be valid March 1–March 31 of the following year (13 months), instead of April 1–March 31.

- **NEW FURBEARER HARVEST PERMIT COMING IN 2021**: To hunt furbearers beginning with the March 1, 2021—March 31, 2022, annual license year, you will need to purchase either:
  - a furbearer license (to harvest furbearers ONLY), or;
  - a small-game license (including daily small-game licenses and resident small-game/fishing combo licenses) AND **NEW** a $10 annual furbearer harvest permit. This will allow you to hunt all small-game and furbearer species. If you only want to hunt small game and aren’t interested in hunting furbearers, you’ll purchase a small-game license only. Go online to get more information on how the new furbearer harvest permit will work: cpw.state.co.us/smallgame

- **NEW RESIDENT SENIOR LICENSE OPTIONS**: Resident seniors (65+) can now purchase an annual small-game/fishing combo license for $29.75. Resident senior lifetime fishing license holders can now make their license an annual small-game/fishing combo for $21.65. See license fee table below.

Prices include the 25-cent search-and-rescue fee and the $1.50 fee for the Wildlife Education Fund if applicable.

WHAT YOU NEED TO BUY A LICENSE

See page 2 for details

1. **PROPER IDENTIFICATION** and **PROOF** of residency (for Colorado residents).
2. **PROOF** of hunter education.
3. **HABITAT STAMP**: A 2020 ($10.13) or lifetime ($304.11) Habitat Stamp is required prior to buying a license for anyone ages 18–64.

**LICENSE REQUIREMENTS**

1. Hunters must have an annual youth small-game, small-game (annual, 1-day or additional-day) annual combo small-game/fishing license or furbearer license. Hunters must carry their license when hunting and show it when requested by law enforcement officers.
2. Annual fishing, small-game and furbearer licenses, as well as Colorado Waterfowl Stamps and Habitat Stamps, are valid March 1 through March 31 of the following year (13 months). Lifetime small-game and fishing combination licenses are valid as long as you are a Colorado resident.
3. In order to hunt small game in any seasons that continue beyond March 31, 2021, you must purchase a 2021 small-game license.
4. **TO HUNT AND TAKE SMALL GAME**, you need a small-game license, a combination small-game/fishing or a lifetime small-game/fishing license. Small-game hunters must register with HIP before their first hunt. See details about the Harvest Information Program (HIP) on page 2.
5. **TO HUNT EURASIAN COLLARED-DOVES**, and other invasive species, you must have a hunter education card; however, a hunting license is not required.
6. **TO HUNT FURBEARERS**, you must have a small-game or furbearer license.

**NEW** These requirements will change March 1, 2021. See the 2020 Small Game/Waterfowl brochure for more information.

7. **TO HUNT COMMON SNAPPING TURTLES**, you need a small-game or fishing license.

8. **TO HUNT COYOTES**, you need a small-game or furbearer license. (Also see number 6 above). During big-game seasons, if you have an unfilled big-game license for the same season and unit, you may hunt coyote without a small-game or furbearer license. You must use the same method of take for coyotes as your big-game license allows. Once the big-game license has been filled, hunters must purchase a small-game or furbearer license to continue hunting coyotes, and if using a rifle, it must be .23 caliber or smaller.

9. **TO HUNT WATERFOWL**, you need a small-game hunting license. If you are 16 or older, you also must have a $25 Federal Migratory Bird Hunting and Conservation Stamp (Duck Stamp) AND a $10.13 Colorado State Waterfowl Stamp to hunt waterfowl.

**COLORADO WATERFOWL STAMP**: The state stamp is printed on your hunting license and validated by signing your name in ink on the license. The gumback stamp is available online for $5 and is not valid for hunting: cpw.state.co.us/thingstodo/Pages/Waterfowl.aspx

**FEDERAL DUCK STAMP**: The federal stamp is available after July 1 online, by phone and at select post offices (fws.gov/birds/get-involved/duck-stamp.php). It is valid when you sign your name in ink across the face of the stamp. It is also available at CPW offices and sales agents. When purchased at state outlets, an electronic stamp is issued. This instantly gives you a unique code that is valid for 45 days from the date of issue, sufficient time for the gum-backed stamp to arrive in the mail. A federal stamp is not required to take light geese during the conservation order season.

10. **TO HUNT SANDHILL CRANES**, a separate federal permit number, available through HIP (see page 2), is required.

11. **TO HUNT BAND-TAILED PIGEONS**, a permit ($5) is required in addition to the small-game license. The permit is available online, by phone, at CPW offices and at sales agents.

12. If a license is restricted to a specific area, you can hunt only that area.

13. Licenses are not transferable.

14. False statements made in buying a license and altering a license are illegal and void the license.

15. Lost or destroyed licenses can be replaced by buying a new one or signing an affidavit and paying half the license fee, not to exceed $25. Forms are available at CPW offices, state parks, authorized sales agents and online.
At age 18, hunters must buy an adult license.

While hunting, youths and mentors must be able to see and hear each other. A mentor must be 18 or older and must meet hunter education requirements; mentors aren’t required to hunt. While hunting, youths and mentors must be able to see and hear each other without binoculars, radios, or other aids. Youths also have the option to purchase an adult small-game license, which allows them to hunt without a mentor, as long as they meet hunter education requirements. At age 18, hunters must buy an adult license.
GENERAL HUNTING LAWS

1. Colorado Parks and Wildlife can post firing lines at its properties.
2. It is illegal to kill, capture, injure or harass wildlife from a motor vehicle or an aircraft. It is also illegal to operate aircraft with intent to injure, harass, drive or rally wildlife. It is illegal to discharge a firearm or release an arrow from a motor vehicle or an aircraft.
3. It is illegal to discharge a firearm or release an arrow from, on or across a public road. Hunting with rifles, handguns, shotguns firing a single slug and archery equipment is prohibited within 50 feet on each side of the center line of any public road. On a divided road, the prohibition includes the median, and the 50-foot requirement is measured from the center line of both roads.
4. It is illegal to carry or have a firearm, except a pistol or revolver, in or on a motor vehicle unless the chamber is unloaded. While using artificial light from a vehicle, it is illegal to have a firearm with cartridges in the chamber or magazine, or possess a strung bow unless the bow is cased.
5. You must take edible parts of game meat home to eat or provide it for human consumption. Do not leave wounded wildlife (or wildlife that might be wounded) without attempting to track and kill it.
6. Possession of wildlife is evidence you hunted.
7. Small-game and migratory bird hunters are not required to wear solid, fluorescent orange or pink clothes. However, CPW encourages you to wear fluorescent orange or pink clothes for safety.
8. You must stop at CPW check stations when told to do so.
9. Violations of Colorado wildlife laws carry point values. You can face suspension of license privileges for up to five years or more if you accumulate 20 or more points in five years.
10. During deer, elk, pronghorn and bear seasons, firearms (except handguns) must be unloaded in the chamber and magazine when carried on an off-highway vehicle (OHV). Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This regulation does not apply to landowners or their agents carrying a firearm on an OHV for the purpose of taking depredating wildlife on property owned or leased by them.
11. CALIBER RESTRICTION: It is illegal to hunt game birds, small-game animals or furbears with a centerfire rifle larger than .23 caliber in regular rifle deer and elk seasons west of I-25, unless you have an unfilled deer or elk license for the season you are hunting. A small-game license is required.

Restrictions

CHILD SUPPORT DELINQUENCY
State law requires a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is noncompliant with child support.

WEAPONS RESTRICTIONS
Colorado and federal laws prohibit people convicted of certain crimes, such as domestic violence, from possessing weapons even for hunting. If you’ve been convicted of a crime, check with the appropriate law enforcement authority to find out how the laws apply to you.

DONATING GAME MEAT
You can donate edible parts of wildlife to a like-license holder anywhere or to anyone at the recipient’s home. A like-license is for the same species, sex, dates and manner of take as the donor’s license. Bag and possession limits apply to donors and recipients and birds must be properly tagged. See the 2020 Small Game & Waterfowl brochure for more information.

Safe Handling of Game Meat

Concern has grown about diseases affecting wild animals that could potentially make humans sick. Most of the time, properly handled and prepared game meat poses no greater risk than domestic meat of causing disease in humans. Hunters are encouraged to contact their local public health department or CPW office for information on wildlife diseases that may be present where they plan to hunt.

Public health officials recommend the following precautions when handling and preparing game meat:
1. Do not handle animals that are obviously sick or found dead. Report sick or dead animals you find to a CPW office.
2. Keep game cool, clean and dry.
3. Do not eat, drink or smoke while dressing game.
4. Use disposable gloves when cleaning game.
5. Wash your hands with soap and water, or use alcohol wipes after dressing game.
6. Clean all tools and surfaces immediately afterward. Use hot, soapy water, then disinfect with a 10 percent chlorine bleach solution.
7. Cook game meat to an internal temperature of at least 165 degrees F to kill disease organisms and parasites. Juices from adequately cooked game meat should be clear.
8. Do not eat any raw portions of wild game.
9. Do not feed raw wild game to domestic pets.

Report Poachers

Operation Game Thief. Callers can remain anonymous. (This number is not for information requests or emergencies.)
GENERAL INFORMATION

BIRD SPECIES IDENTIFICATION
A fully feathered wing or head must be attached to all birds, except turkeys, doves and band-tailed pigeons, in transit to hunter’s home or commercial processor. For pheasants, a foot with visible spur can be substituted.

NOTE: While in the field or during transport, all dressed (not fully feathered) doves, including Eurasian collared-doves, count against the daily bag and possession limit for mourning and white-winged doves during the Sept. 1–Nov. 29 dove season. Eurasian collared-doves must be fully feathered while in the field or during transport at all other times.

HUNTING INVASIVE BIRDS
EURASIAN COLLARED-DOVES, EUROPEAN STARLINGS AND HOUSE (ENGLISH) SPARROWS are considered invasive species in Colorado. Because of this designation, these species may be hunted year-round. No license or Habitat Stamp is required to hunt invasive species; however hunters must have and carry with them a hunter education card.

Hunters may harvest any number of each of these species and by any method of take approved for big- or small-game hunting. These species may be taken at night with the use of artificial light and night vision equipment.

Commercial hunting of invasive species is prohibited, as is receiving or attempting to receive compensation by hunting these species. Eurasian collared-doves must remain fully feathered while in the field or during transport, except when counted as part of the mourning or white-winged dove bag and possession limit during the dove season that runs from Sept. 1–Nov. 29. See page 7 for season dates and bag limits.

ENROLL YOUR PROPERTY
Are you interested in enrolling your land in the Walk-In Access program? CPW wants to enroll quality hunting lands across the state. To offer land for the 2020–2021 season, please contact a CPW office for details. See office listings on inside cover.

WATCH FOR BANDED BIRDS
Wildlife managers need help gathering information about the migratory bird populations. If you kill or find a banded bird, please report it to the USGS Bird Banding Lab: www.reportband.gov

BE A RESPONSIBLE HUNTER
The WIA program depends on private landowners enrolling property for walk-in hunting and maintaining good relations with those landowners and their neighbors. Here are some additional guidelines that, if followed, will improve the opportunities for all hunters and contribute to future WIA enrollments.

▶ WHERE DESIGNATED PARKING AREAS ARE ESTABLISHED, USE THEM. Do not block gates or roads for the landowner or their agents who may need to work on the property. Do not park along highways. Do not park in tall grassy or weedy areas where your vehicle’s catalytic converter can cause a fire.

▶ IF YOU SMOKE, make sure to completely extinguish cigarettes. Do not smoke or extinguish cigarettes in grassy or weedy areas where you could cause a fire.

▶ DON’T LITTER OR CLEAN GAME ON WIA PROPERTIES OR ALONG ROADSIDES. If trash is present, please pick it up.

▶ DON’T SHOOT NEAR OR TOWARDS HOUSES, farm buildings, livestock or equipment.

▶ DON’T HUNT IF CATTLE ARE IN, or adjacent to, enrolled parcels.

▶ HUNTERS MUST WALK INTO WIA PROPERTIES. Access by vehicle, horseback or other means is prohibited.

This is the Wild Life
Supported by hunting and fishing license fees.

2020 Collector Waterfowl Stamp Available Now!
PURCHASE STAMPS & PRINTS ONLINE: WWW.CPWSHOP.COM
GENERAL INFORMATION

SMALL-GAME SURVEYS

Colorado Parks and Wildlife conducts several small-game harvest surveys annually to estimate harvest, hunter numbers and recreation days, in addition to assessing satisfaction and crowding. Past surveys are available on the CPW website at cpw.state.co.us/small-game-stats, and updated reports are available after annual surveys conclude. Hunters are selected randomly to participate. Small-game surveys are by telephone or by email. If contacted, your participation is not required, but responding — even if you did not hunt or harvest an animal — helps CPW manage small game.

NOVICE HUNTER PROGRAM

CPW has identified some properties as Novice Hunter Walk-In Access Properties. Please see the late cropland Walk-In Atlas for more details, or visit our website at cpw.state.co.us/novicehunterprogram.

BIG-GAME HUNTING

Colorado Parks and Wildlife expanded the big game access component within the Walk-In Access Program (WIA) to the entire eastern plains, totaling approximately 109,000 acres for big game in 2019.

The big game program will allow public access to specified Colorado WIA properties for deer, elk and antelope hunting within specified big game season dates, from Sept. 1–Dec. 31, 2020.

Hunters should be aware that many WIA properties will be open for both small game and big game, while other properties will remain small game only. Small/big game combo properties will be shown as YELLOW polygons on the printed and mobile maps, and marked in the field with yellow boundary signs. Small game-only signs will be depicted as white polygons on the maps, and will be marked with white boundary signs.

Big game hunters thinking of applying for licenses in 2021, on the basis of hunting on Walk-In Access properties, should consider that each property is enrolled on an annual basis in July of each year. There can be significant turnover in properties that are available each year. All big-game properties are enrolled for the Regular Walk-in Access Brochure.

BEWARE OF HITCHHIKING SEEDS

Many “noxious” weeds reproduce primarily by seed. These seeds are often transported by wind, birds, rodents and other animals, but they can also be carried on shoelaces or pant cuffs. Please help control their spread by taking a few minutes as you leave the field to clean your shoelaces and pant cuffs of any seeds that may have become attached. And don’t forget to give your hunting dog a quick brush over to remove any hitchhiking seeds before traveling to a new hunting spot!

GET THE LEAD OUT

SEE THE CDPHE PUBLIC HEALTH STATEMENT: WWW.COLORADO.GOV/PACIFIC/CDPHE/LEAD-IN-WILD-GAME

From the field to the table, ensuring your next harvest is safe for your family is important. Switching from lead bullets may be an option that’s right for you. Science tells us ingesting lead can cause potential health problems over time. Risks are low for most people; however, you can also:

1. Use lead-free shot or bullets.
2. Choose a firearm with lower-velocity bullets, so bullet fragments don’t scatter as far into the wound. Liberally trim and discard meat damaged by the bullet when you process an animal.
3. Clean your meat grinder between each animal. Lead is soft and can go through your grinder, contaminating an entire batch of ground meat. If you don’t grind the meat yourself, speak with your commercial processor about their equipment cleaning process between animals.
4. Avoid eating game meat from animals harvested with lead bullets if you are pregnant. Children younger than 6 should also avoid it.

Take a friend hunting.

ENTER TO WIN PRIZES.

CPW.STATE.CO.US/TAKEAFRIEND
Public access is allowed:

1. Lands are open for public access one hour before sunrise until one hour after sunset. When hunting waterfowl, deer, elk and pronghorn, public access is allowed two hours before sunrise until two hours after sunset.

2. Species of take will be restricted as follows:
   a. Lands enrolled and posted as Regular, Late Cropland or Extended Season Walk-In Access properties are open for the take of all small game, furbearers, migratory game birds and Eurasian collared-doves, except Gambel’s quail, Gunnison sage-grouse and greater sage-grouse.
   b. Lands enrolled and posted as Big Game Walk-In Access properties are open for the take of deer, elk and pronghorn by hunters holding a valid license for the GMU in which the property lies.
   c. Lands enrolled and posted as Big Game Walk-In Access properties.

3. Public access is allowed:
   a. From September 1 through the end of February annually for lands enrolled and posted as Regular Season Walk-In Access properties.
   b. From the opening day of pheasant season through the end of March annually for lands enrolled and posted as Late Season Cropland Walk-In Access properties.
   c. From September 1 through the end of the mountain sharp-tailed grouse season annually, for all lands enrolled and posted as Grouse Walk-In Access properties.
   d. From the opening day of pheasant season through the end of March annually for lands enrolled and posted as Extended Walk-In Access properties.
   e. From the opening day of pheasant season through the end of February annually for lands enrolled and posted as Novice Hunter Program Walk-In Access properties.
   f. From September 1 through the end of December annually for lands enrolled and posted as Big Game Walk-In Access properties.

4. Access shall be by foot only. Entry by horseback, motorized vehicle or other means is prohibited.

5. Access is allowed for small-game hunting only; all other activities are prohibited.

6. Access is prohibited as posted when the landowner is actively harvesting crops.

WALK-IN PROPERTY SIGNS

There are a variety of Walk-In Access program boundary signs. Knowing what to look for in the field will help during your hunt.

ACCESS SIGNS in the field will have an access date of Sept. 1 through the end of Feb. that tell when the property is open for hunting.

PHEASANT SEASON ACCESS SIGNS have an access date of “The opening day of pheasant season” through the end of Feb. Properties that are posted to open on the opening day of pheasant season cannot be accessed prior to Nov. 14, 2020.

EXTENDED ACCESS properties are posted to close at the end of March. These signs have an access date of “The opening day of pheasant season” through the end of March. These properties cannot be accessed prior to Nov. 14, 2020.

PARKING SIGNS designate where hunters should park at some walk-in areas. The majority of WIA properties do not have established parking areas. Instead, hunters should park along the road, taking care to stay out of the traveled portion of the road but also not park in tall weeds and grass where a fire hazard exists.

SAFETY ZONE SIGNS are common on or near WIA properties. These signs are used to delineate safety zones around buildings, homesteads, livestock corrals or neighboring landowners’ homes and properties. Please respect safety zone signs wherever you find them posted.

WARNING!

This property is no longer available for walk-in hunting.

DO NOT HUNT IF FIELDS HAVE YELLOW “WARNING!” SIGNS. Rarely, it is necessary to remove a property from the WIA program after this brochure is printed. When that happens, boundary signs are replaced with yellow warning signs to notify hunters the property is no longer available for walk-in hunting. Remember, if you find a WIA property listed in the brochure but boundary signs are not present at the field corners, please do not hunt that field!

CLOSED!

Walk-In Hunting Program

CPW and partnering landowners are offering big game hunting access on many Walk-In Access (WIA) properties in Eastern Colorado. Properties that allow big-game hunting are yellow in the WIA maps in this brochure. These properties will be signed with yellow WIA boundary signs in the field. These properties are open for big-game hunting to properly licensed hunters during established big-game seasons from Sept. 1, 2020, through Dec. 31, 2020, and to small-game hunting from Sept. 1, 2020, through Feb. 2, 2021. Big-game hunters must possess a valid pronghorn, deer or elk license valid for the Game Management Unit (GMU) in which the Walk-In Access property lies. All normal WIA regulations apply. All big-game hunting regulations apply.
SEASON DATES

Select big-and small-game season dates are included within this atlas for your convenience; however, all season dates are not listed.

A complete synopsis of the big-game hunting season dates can be found in the 2020 Colorado Big Game brochure, while the complete small-game hunting season dates can be found in the 2020 Small Game & Waterfowl brochure. These brochures are available at license agents, CPW offices and online in downloadable PDF and interactive, searchable formats at cpw.state.co.us/bg/brochure and cpw.state.co.us/sgwf/brochure.

SMALL-GAME SEASON DATES AND BAG LIMITS

► COTTONTAIL RABBIT
► SNOWSHOE HARE
► JACKRABBIT: WHITE-TAILED, BLACK-TAILED
SEASON: Oct. 1–end of Feb. 2021
DAILY BAG LIMIT: 10 of each species
POSSESSION LIMIT: 20 of each species

► DOVE: MOURNING, WHITE-WINGED
SEASON: Sept. 1–Nov. 29
AREA: Statewide
DAILY BAG LIMIT: 15 singly or in aggregate for either species
POSSESSION LIMIT: 45 singly or in aggregate
NOTE: See “Bird Species Identification” on page 4 for transit requirements.

► DOVE: EUARSIAN COLLARED
SEASON: Year-round
AREA: Statewide
DAILY BAG, POSSESSION LIMITS: Unlimited
NOTE: Eurasians must be fully feathered while in the field and during transport, unless counted as part of the mourning and/or white-winged dove bag limits. A small-game license is not required, as these are considered an invasive species. However, a hunter education card is still required to hunt them. See page 4, “Hunting Invasive Birds.”

► PHEASANT
SEASON 1: Nov. 14–Jan. 31, 2021
AREA: East of I-25
SEASON 2: Nov. 14–Jan. 31, 2021
AREA: West of I-25
DAILY BAG LIMIT: 3 cocks
POSSESSION LIMIT: 9 cocks

► TEAL
SEASON: Sept. 12–20
AREAS: Lake and Chaffee counties and all areas east of I-25.
DAILY BAG LIMIT: 6 teal — blue-winged, green-winged and cinnamon teal, in aggregate
POSSESSION LIMIT: 18

BIG-GAME SEASON DATES

► DEER
PLAINS ARCHERY
SEASON: Oct. 1–23, Nov. 4–30, Dec. 15–31*

PLAINS MUZZLELOADER
SEASON: Oct. 10–18

PLAINS RIFLE
SEASON: Oct. 24–Nov. 3

LATE PLAINS RIFLE
SEASON: Dec. 1–14*

*Unless otherwise noted in the 2020 Big Game brochure tables. Please refer to the 2020 Big Game brochure for a detailed listing of all GMUs and dates.

► ELK
PLAINS ARCHERY
SEASON: Sept. 2–30” GMUS: 104

PLAINS MUZZLELOADER
SEASON: Sept. 12–20” GMUS: 104, 128, 133, 134, 141, 142

PLAINS RIFLE
SEASON: Sept. 1–Jan. 31, 2021*

*Unless otherwise noted in the 2020 Big Game brochure tables. Please refer to the 2020 Big Game brochure for a detailed listing of all GMUs and dates.

► PRONGHORN
PLAINS ARCHERY
SEASON: Aug. 15–Sept. 20” GMUS: 87, 88

PLAINS MUZZLELOADER
SEASON: Sept. 21–29*

PLAINS RIFLE
SEASON: Oct. 3–11**

*Unless otherwise noted in the 2020 Big Game brochure tables. **Check hunt code tables in the 2020 Big Game brochure for early and late rifle season dates for certain hunts, pages 56–57.

LEGAL HUNTING HOURS

Legal hunting times for big game are one-half hour before sunrise to one-half hour after sunset, unless specifically restricted. Legal times to hunt small game are one-half hour before sunrise to sunset. An exception is for furbearers, which can be hunted from one-half hour before sunrise to one-half hour after sunset.

The sunrise/sunset chart below lists time in Denver. Subtract 1 minute from opening and closing time for each 12 1/2 miles east of Denver. Add 1 minute to opening and closing time for each 12 1/2 miles west of Denver.

(These changes assume that each degree of longitude equals 50 miles and a change of 1 degree of longitude equals a 4-minute change in sunrise and sunset times.)

HUNTING LAWS
DOVE HUNTING TIPS
THE WHEN, WHERE, HOW AND WHAT OF DOVE HUNTING

Where: Look for doves where you have a combination of food, water and shelter. In a dry year, when water is scarce, windmills or ponds near grain stubble can be fantastic. However, in a wet year water may not hold the strongest attraction. If you do hunt water, look for a clean landing area like sand or hard mud near the water; heavy foliage at the water’s edge won’t be as attractive. Wheat and other grain stubble are a preferred food source, but don’t overlook wild sunflowers and other seed-bearing plants such as pigweed (amaranthus spp). Doves tend to roost in large deciduous trees like cottonwoods.

When: Doves typically leave the roost at first light to feed. Then they find a drink and loaf through midday — often in smaller and less leafy trees like Russian olives. Toward evening they will feed, then water and then roost at twilight. Start the morning in a field and when that slows down, look for water. A waterhole in the hour before dusk can be spectacular.

Position: Like many birds, doves follow landmarks and sightlines. They tend to skirt tree lines, fence lines, ditches, etc. So take advantage of these natural landscape lines to intercept their paths.

Identification: A lot of small, drab, pointed-wing birds can be mistaken for doves, so be mindful of plovers (such as killdeer), kestrels and night-hawks, which are easily mistaken. The dove’s flight style can help here. Except for pre-landing or a quick turn, doves are almost always flapping. They have a purposeful flight like they are in a hurry to be somewhere, whereas hawks and plovers will periodically glide.

How: You don’t really need anything but ammo, a gun, a stool and bug spray. That said, doves can be somewhat susceptible to decoys. Don’t expect doves to react to decoys like ducks do, but decoys give a target which can help create better shooting opportunities. A couple of dove decoys in a dead tree (or artificial loafing structure) can draw birds to where you want them. A spinner decoy placed near those elevated dove decoys can be extra effective.

What: Wear drab colors and find something to break up your outline. But other than that, doves are pretty insensitive to hunters. Leaning against a fencepost or sitting in the shadow of a small shrub is fine as long as you don’t move excessively.

Caution: Dove country is also snake country, so be mindful of rattlers – especially if you bring your dog.

Tips written by Erik Wettersten. Wettersten is the regional director of Ducks Unlimited.

There are three types of doves in Colorado.

Knowing how to identify each is important to avoid violating the law while hunting.

White-winged doves are not common in Colorado, and live mostly along the Front Range. The white-winged dove is pioneering new habitats north of its historic range in the southwest U.S. Eurasian collared-doves are sporadic throughout the state. It is an exotic introduced into the United States, and is considered an invasive species.

DOVE BANDING
Mourning doves are banded in Colorado and other states as part of a program to monitor their status.

Hunters should report banded Mourning doves to the USGS Bird Banding Lab: www.reportband.gov
Reading the Maps

In this Walk-In Atlas, lands enrolled in the Walk-In Access program for small game hunting only are colored in **WHITE**.

Colorado Parks and Wildlife is offering a Big Game Access program on select Walk-In Access properties. Properties that allow big game hunting are colored in **YELLOW**.

Do not hunt on fields depicted in this atlas unless you also see Walk-In Access Program signs posted on the boundaries.

---

**Legend**

- **W** A property enrolled in the Walk-In Program having wheat - usually harvested wheat stubble - as its cover type.
- **G** A property enrolled in the Walk-In Program having some type of grass as its cover type. Typically, this property is also enrolled in the Conservation Reserve Program (CRP).
- **C** A property enrolled in the Walk-In Program having corn - usually harvested corn - as its cover type.
- **O** A Walk-In property having “other” types of cover, e.g. creek bottom, tree rows, food plot, CRP cover crop, etc. as its cover type.
- **G_W** A Walk-In property having both grass and wheat as cover types, for example.
- **O** An irregularly shaped Walk-In property having “other” cover types, e.g. an L-shaped habitat planting or a tree-row windbreak.
