FISHING FUNDS CONSERVATION

101 PLACES TO TAKE A KID FISHING

CO OUTDOORS “QUICK TIP”: SPINCAST REELS

GET THE CPW FISHING APPS:
The CPW Fishing app can help you discover over 1,300 fishing locations, check local conditions, read up on regulations and more!
The CPW Match a Hatch app can help you match your fly to the same insects where you’re fishing!

© CPW
These are special regulations for fishing waters. Legal fishing methods, special conditions & restrictions, statewide bag & possession limits, and map information are included. Each section provides additional information on how to improve fisheries, fishing laws, and any specific fishing regulations for the mentioned areas.
WHAT’S NEW: 2021

STATEWIDE BAG & POSSESSION LIMITS FOR MOUNTAIN WHITEFISH: Mountain whitefish are currently found in NW and NE Colorado. In the NW, these fish are present in the Yampa, White and Colorado River drainages, along with their associated tributaries. In the NE, these fish are present in the Poudre River drainage, along with its associated tributaries. Mountain whitefish now have a bag limit of 4 and a possession limit of 8 statewide. See pages 10 and 11.

FISHING REGULATIONS ADJUSTED ON CERTAIN STREAMS TO PROTECT COLORADO RIVER & RIO GRANDE CUTTHROAT TROUT (LOOK FOR THE NEW TAG!): See pages 11–39.

Delta Co.:
- Deep Creek
- Kaufman Creek
- Minnesota Creek, South Fork
- Robinson Creek
- Rock Creek
- Schaeffer Creek
- Second Creek
- Twin Creek, North and South

Mesa Co.:
- Escalante Creek, North Fork
- Points Creek

Mineral Co.:
- Roaring Fork
- Wolf Creek, South Fork

Ouray Co.:
- Beaver Dams Creek
- Pryor Creek

NEW FISHING REGULATIONS FOR THE FOLLOWING WATERS (LOOK FOR THE NEW TAG!):

Berthoud Res. (Larimer Co.):
- Meadow Creek Res. (Grand Co.)
Boedecker Res. (Larimer Co.):
- Meadow Creek Res. (Jackson Co.)
Colorado River, North Fork (Grand Co.):
- Pella Crossing: Webster Pond
Horseshoe Res. (Larimer Co.):
- (Boulder Co.)
Lake Granby (Grand Co.):
- Roaring Creek, East Fork (Larimer Co.)
Lake Loveland (Larimer Co.):
- Shadow Mountain Spillway (Grand Co.)

ANNUAL LICENSES ARE VALID MARCH 1–MARCH 31 THE NEXT YEAR (13 MONTHS)

WHAT YOU NEED TO BUY A LICENSE

1 PROPER IDENTIFICATION and PROOF of residency (for Colorado residents).

2 HABITAT STAMP: A 2021 or lifetime Habitat Stamp is required prior to buying a license for anyone ages 18–64. One will be automatically added to your purchase, if applicable. (See page 2.)

NOTE: A Social Security number is required for new customers age 16 and older (age 12 for a second-rod stamp), per federal law.

LICENSE REQUIREMENTS

ADULTS: People 16 and older are required to buy and carry with them a fishing license to fish or take fish, amphibians and crustaceans, except as prohibited.

YOUTH: Residents ages 16–17 can purchase a fishing license for $10.07. Those under 16 can take a full bag and possession limit without a license. However, they must have a second-rod stamp if fishing with a second line.

SENIORS: Colorado residents age 65 and older can obtain an annual senior fishing license for $10.07 or an annual senior combo small game/fishing license for $30.50, both of which include the 25-cent search-and-rescue fee and the $1.50 Wildlife Education Fund fee. License must be carried while fishing. Seniors must have a second-rod stamp if fishing with a second line.

Senior lifetime low-income fishing licenses also are available for Colorado residents 65 or older. For information and eligibility requirements, contact any CPW location.

SECOND-ROD STAMP: Anglers can use a second rod, hand line or tip-up by purchasing a second-rod stamp. One stamp is allowed per season and is non-transferable. A second-rod stamp does not entitle an angler to an additional bag limit, nor can it be used for another person to fish.

- Those with disability licenses must purchase a stamp if fishing with a second line.
- A second-rod stamp is not required when using trot-lines or jugs.
- Youth under 16 must have and carry with them a second-rod stamp if fishing with a second line.
- Seniors fishing with a senior license must have and carry with them a second-rod stamp if fishing with a second line.

COMMERCIAL LICENSE: $40; an annual license is required to take or possess bait fish, amphibians or crustaceans for commercial purposes. Licensees must provide live-fish buyers with a receipt stating the seller’s name, date of sale, species and number sold. For application and annual reporting requirements, visit cpwshop.com/purchase-special-license.page

CHILD SUPPORT DELINQUENCY: State and federal law require a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is deemed noncompliant by Child Support Enforcement.

ARMED FORCES EXEMPTION: Colorado residents on active duty with U.S. armed forces out of state can fish free without a license while on temporary leave, maximum of 30 days a year. You must carry official leave papers while fishing.

LICENSE FEES, HABITAT STAMPS, ANS STAMP

HABITAT STAMPS
- Annual Habitat Stamp (nonrefundable) .......................................................... $10.40
- Lifetime Habitat Stamp ............................................................................. $312.30

AQUATIC NUISANCE SPECIES (ANS) STAMP
- RESIDENTS
  - Annual ........................................................................................................ $25.00
- NONRESIDENTS
  - Annual ...................................................................................................... $50.00

LICENSES

- RESIDENTS
  - Adult annual (18–64) ............................................................................. $36.08
  - Senior annual (65+) ................................................................................ $10.07
  - Small game & fishing combo ................................................................. $51.68
  - Senior small game & fishing combo (65+) ........................................... $30.50

- NONRESIDENTS
  - Annual ...................................................................................................... $100.57
  - Five-day ................................................................................................ $32.95
  - YOUTH
  - Residents ages 16–17 ........................................................................... $10.07
  - Second-rod charge still applies.
  - Second-rod stamp ................................................................................ $11.11

RESIDENTS & NONRESIDENTS

- Second-rod stamp ................................................................................ $11.11
  A second-rod stamp per year is available to anyone who has purchased a fishing license and any youth under 16 (see "Second-rod Stamp" below).
  - One-day fishing: residents ................................................................. $14.23
  - One-day fishing: nonresidents ............................................................ $17.35
  - Additional-day fishing ........................................................................ $6.95

Customers buying a one-day or additional day license are exempt from the Habitat Stamp fee with the first two of these licenses. The Habitat Stamp fee will be assessed when a third license of this type is purchased. All license fees include a 25-cent search-and-rescue fee and a $1.50 fee for the Wildlife Education Fund.
RESIDENCY REQUIREMENTS

1. STANDARD COLORADO RESIDENT
   a. Requirements: You must live in Colorado for at least 6 consecutive months prior to buying or applying for any resident CPW product, have your primary residence in Colorado and have not applied for or purchased a resident license or pass outside of Colorado in the last 6 months.
   b. Proof: Current and valid Colorado driver’s license/ID with a Colorado address issued 6 or more months prior. If the Colorado driver’s license/ID is not 6 months old, you must provide at least two forms of additional residency proof, as outlined in “Additional Residency Proofs” below.

2. STUDENT: ATTENDING SCHOOL FULL-TIME IN COLORADO
   a. Requirements: You must be attending school full time at an accredited Colorado school starting at least 6 months prior to buying or applying for any resident CPW product.
   b. Proof: Student ID, name of institution, date you became a full-time student, school transcript showing full-time status.

3. STUDENT: ATTENDING SCHOOL FULL-TIME OUTSIDE OF COLORADO
   a. Requirements: You must meet Colorado residency requirements and be attending an accredited school outside of Colorado, paying nonresident tuition.
   b. Proof: Student ID, name of institution, date you became a full-time student, proof of out-of-state tuition payment.

4. MILITARY: STATIONED IN COLORADO
   a. Requirements: You must be active-duty military stationed in Colorado (including your spouse/dependents). Residency begins the date the orders begin.
   b. Proof: Military ID and orders.

5. MILITARY: COLORADO HOME OF RECORD
   a. Requirements: You must be active-duty military stationed outside of Colorado, but with Colorado as your home of record, paying income tax as a Colorado resident (including your spouse/dependents).
   b. Proof: Military ID and orders.

6. YOUTH
   Children under the age of 18 have the same residency status as their parent, legal guardian or person with whom they live the majority of the time per court order.

OTHER RESIDENCY INFORMATION

1. ADDITIONAL RESIDENCY PROOFS
   If you otherwise meet residency requirements but your Colorado driver’s license or ID was issued or renewed less than 6 months ago, or you have a CPW-approved religious exemption to photo identification on your record, you must provide at least two additional proofs of residency showing 6 consecutive months of Colorado residency immediately prior to buying or applying for a license. Those proofs include: income sources (pay stubs), utility bills, state income tax documents (as a full-time resident), lease agreements/rent receipts, motor vehicle registration, voter registration.

2. MULTIPLE HOMES
   If you have a home in Colorado and another location, call 303-297-1192 to make sure you comply with Colorado residency requirements before obtaining a CPW license or state park pass.

HABITAT STAMPS

- Habitat Stamps are $10.40 and only one is required per person, per year for anyone ages 18–64. Stamps are valid March 1–March 31 (13 months).
- You must purchase a stamp before buying or applying for a hunting or fishing license.
- A lifetime stamp is available for $312.30.
- Anyone who holds one type of the free lifetime disability licenses or is an approved Big Game Mobility Impaired Program member is exempt from the Habitat Stamp requirement. See: cpw.state.co.us/accessibility
- Learn more online: cpw.state.co.us/habitatstamp

ANGLERS WITH DISABILITIES

CPW offers several programs for hunters and anglers with disabilities. Go to cpw.state.co.us/accessibility for more information on each program and how to apply.

These programs require advance legal paperwork submissions: Please apply AT LEAST 30 days prior to when you wish to use the permit or license. Due to volume, applications cannot be expedited.

RESIDENT FISHING LIFETIME PROGRAM
Colorado residents who are totally and permanently disabled can apply for a free lifetime fishing license.

RESIDENT VETERAN LIFETIME PROGRAM
Military veterans who are disabled and residents of Colorado are eligible to apply for a lifetime fishing and small game combo license. The veteran must have proof of a service-connected disability, with an overall-combined rating of 60% or more by the Department of Veteran’s Affairs. Purple Heart recipients are also eligible to apply for the combo license.

RESIDENT FIRST RESPONDER LIFETIME PROGRAM
Colorado residents who are disabled first responders can obtain a lifetime first responder combination small game/fishing license. The first responder must have proof of a permanent occupational disability.

HEALTH ADVISORIES

EATING YOUR CATCH?
Colorado Parks and Wildlife encourages Colorado residents to go fishing and enjoy eating the fish they catch. Keep in mind that not all fish should be eaten in unlimited amounts. Fish are an important part of a healthy diet: They are a lean, low-calorie source of protein and nutrients.

However, some fish meat may contain chemicals that could pose health risks. The Colorado Department of Public Health and Environment, in cooperation with CPW, tests fish throughout the state for the presence of certain contaminants (such as mercury, arsenic and selenium) that may be present in some fish.

CURRENT ADVISORIES ARE ONLINE:
colorado.gov/cdphe/wq-fish-consumption
WILD TROUT PROGRAM

CPW is responsible for the preservation and protection of native and non-native wild trout populations. Most mountain streams and some high lakes in Colorado support populations of wild trout. These resources are important to the integrity of Colorado’s trout fisheries; as an indicator of properly functioning aquatic ecosystems; and for their intrinsic value to those seeking a unique, aesthetic and significant fishery resource.

To assure the continuation and availability of wild self-sustaining trout populations the Parks and Wildlife Commission has established specific management guidelines for those aquatic habitats which support all life stages of trout. These waters are to be managed to the extent possible to maintain these wild trout populations.

GOLD MEDAL WATERS

Gold Medal Waters are the highest quality cold-water habitats and have the capability to produce many quality-sized (14 inches or longer) trout.

CPW has established criteria and management guidelines to support the public interest in angling, observing and protecting these significant cold-water fishery resources.

Gold Medal Waters are defined as any river or lake which is producing a standing stock of at least 60 pounds per acre, and at least 12 trout that are 14 inches or longer per acre on a sustained basis. River segments designated as Gold Medal Waters must be a minimum of 2 miles in length, and lakes must be a minimum of 50 acres.

The following lakes and streams in Colorado offer the greatest potential for trophy trout fishing:

GOLD MEDAL STREAMS

- **ANIMAS RIVER**: From Lightner Creek to Rivera Crossing bridge.
- **ARKANSAS RIVER**: From the confluence with the Lake Fork of the Arkansas, near Leadville, downstream to Parkdale at the U.S. 50 bridge crossing above the Royal Gorge. From the U.S. 24 river overpass downstream to the lower boundary of the Hayden Ranch, as posted. From the stockyard bridge (Chaffee CR 102) below Salida downstream 7.5 miles to the confluence with Badger Creek.
- **BLUE RIVER**: From Dillon Reservoir dam to Hamilton Creek Road bridge; also from Green Mountain Reservoir dam to Colorado River.
- **COLORADO RIVER**: From Fraser River to Troublesome Creek, and from Canyon Creek (Grand Co.) to Rock Creek.
- **FRYINGPAN RIVER**: From Ruedi Reservoir dam to the Roaring Fork River.
- **GORE CREEK**: From Red Sandstone Creek to Eagle River.
- **GUNNISON RIVER**: From 200 yards downstream of Crystal Reservoir dam to the North Fork of the Gunison.
- **NORTH PLATTE RIVER**: From south boundary of Routt National Forest to Wyoming (Northgate Canyon).
- **ROARING FORK RIVER**: From the Fryingpan River to the Colorado River.
- **SOUTH PLATTE RIVER**: From the confluence of the middle and south forks to Spinney Mountain Reservoir inlet. From Spinney Mountain Reservoir outlet to Eleven Mile Reservoir inlet. From Cheesman Reservoir dam to the south boundary of the Wigwam Club property. From the north boundary of Wigwam Club property to Scrappy View picnic ground. Middle fork, from the U.S. 9 bridge to the south fork confluence.
- **NORTH DELANEY BUTTE LAKE** in Jackson Co.
- **SPINNEY MOUNTAIN RESERVOIR** in Park Co.
- **STEAMBOAT LAKE** in Routt Co.
- **GOLD MEDAL LAKES**
- **BLUE RIVER**: From Dillon Reservoir dam to Hamilton Creek Road bridge; also from Green Mountain Reservoir dam to Colorado River.
- **COLORADO RIVER**: From Fraser River to Troublesome Creek, and from Canyon Creek (Grand Co.) to Rock Creek.
- **FRYINGPAN RIVER**: From Ruedi Reservoir dam to the Roaring Fork River.
- **GORE CREEK**: From Red Sandstone Creek to Eagle River.
- **GUNNISON RIVER**: From 200 yards downstream of Crystal Reservoir dam to the North Fork of the Gunison.
- **NORTH PLATTE RIVER**: From south boundary of Routt National Forest to Wyoming (Northgate Canyon).
- **ROARING FORK RIVER**: From the Fryingpan River to the Colorado River.
- **SOUTH PLATTE RIVER**: From the confluence of the middle and south forks to Spinney Mountain Reservoir inlet. From Spinney Mountain Reservoir outlet to Eleven Mile Reservoir inlet. From Cheesman Reservoir dam to the south boundary of the Wigwam Club property. From the north boundary of Wigwam Club property to Scrappy View picnic ground. Middle fork, from the U.S. 9 bridge to the south fork confluence.

WILD TROUT & GOLD MEDAL WATERS POLICY:
cpw.state.co.us/fish/goldmedalpolicy

STREAM SURVEYS HELP BIOLOGISTS MANAGE FISHING

Colorado Parks and Wildlife is the state agency responsible for fisheries management of public waters in Colorado. The primary tool that guides fish management is the lake and stream survey. These surveys periodically monitor fish populations.

During the process, fish are collected using a variety of gear and the necessary biological data is recorded. This gauges the entire fish community rather than a single species.

The collected data is used to track fish population trends, evaluate the effectiveness of management actions such as stocking and regulations, and establish realistic management goals for a given lake or stream. The fisheries section of CPW conducts hundreds of lake and stream surveys each year.

High-priority and brood waters such as Chatfield, Pueblo and Horse-tooth reservoirs and the Gunnison River are surveyed annually. Smaller, more remote, or lightly used lakes or streams may only be surveyed once every 5–10 years.

Most of the survey fieldwork takes place from early June through late September; however, many areas also conduct more specialized sampling beginning right after ice-out and again in the fall prior to freeze-up.

</table>
**MEASURE YOUR CATCH**

1. Fish must be hooked, played and landed on sport tackle by the entrant. (Snagged fish are not eligible.)
2. Only fish caught in Colorado are eligible for entry and must be submitted within 60 days of catch.
3. All state fishing regulations must be followed.
4. How to measure your fish’s length: Close the fish’s mouth and measure from the tip of jaw to the tip of the tail with a measuring device behind the fish and not following the curvature of the fish. This is the total length.

**HELP IMPROVE YOUR FISHERIES**

**SOME FISH SPECIES ARE GOOD WHERE THEY BELONG, BUT IN THE WRONG BODY OF WATER THEY CAN RUIN A FISHERY:**

- CPW biologists are no longer stocking fish in some waters because illegally introduced fish can compete with and/or eat fish that would normally be stocked. Fish are stocked by CPW in other waters to ensure better use of your license dollars. CPW hatcheries are also raising larger sized fish to stock so that illegally introduced fish have a smaller chance of eating stocked fish. This situation results in increased expenses to CPW, and fewer fish available to anglers.

- In the wrong place, some fish species can change the entire ecosystem, reducing the quality of fishing overall and interfering with CPW fishery management. Unlimited bag and possession limits are often established to aid in the management of species that were illegally stocked and/or not compatible with CPW fishery management.

- For waters with no bag and possession limits for certain species, anglers are encouraged to “catch and keep” these fish.

**HERE ARE SOME WATERS WHERE YOU CAN KEEP ALL YOU CATCH OF CERTAIN SPECIES:**

- Crawford Reservoir: northern pike
- Elkhead Reservoir: northern pike; smallmouth bass
- Green Mountain Reservoir: northern pike
- Harvey Gap Reservoir: northern pike; smallmouth bass
- Juniata Reservoir: smallmouth bass
- Kenney Reservoir: northern pike
- Ridgway Reservoir: smallmouth bass
- Rifle Gap Reservoir: northern pike; smallmouth bass
- Stagecoach Reservoir: northern pike; smallmouth bass; walleye
- Wolford Mountain Reservoir: northern pike

- Many other rivers and lakes on the west slope have no bag and possession limits for certain species. Check the Special Regulations on pages 11–39 of this brochure.

- Check online health advisories at: [colorado.gov/cdphe/wq-fish-consumption](http://colorado.gov/cdphe/wq-fish-consumption)

**REMEMBER:**

- Do not move fish from one body of water to another! Anyone caught moving fish illegally may be fined up to $5,000, can lose hunting and fishing privileges and may be held liable for the costs of eradication or removal. Collection and transportation of wild-caught live fish as bait is restricted in most of the state. Know these rules and follow them if you use live bait.
- Report any poaching activity to Operation Game Thief:

**REPORT POACHERS**

**OPERATION GAME THIEF: 1-877-265-6648**
**EMAIL: GAME.THEIF@STATE.CO.US**

Earn a reward payment for reporting wildlife violations by calling Operation Game Thief. Callers can remain anonymous. (This number is not for information requests or emergencies.)
AQUATIC NUISANCE SPECIES (ANS)

DON’T LET INVASIVE SPECIES RUIN YOUR FAVORITE FISHING SPOT

Aquatic nuisance species (ANS) are a significant and rapidly growing threat to Colorado’s fisheries and water supplies. ANS are invasive animals, plants and diseases that are not native to our rivers, lakes, streams and wetlands. Once introduced, most ANS cannot be eradicated and cost millions to manage. Preventing the introduction and spread of ANS is critical to maintaining our fisheries.

ANS STAMP: required for motorboats and sailboats

To help CPW detect, prevent and manage aquatic nuisance species in Colorado’s waters, and to protect human health, safety and welfare from aquatic nuisance species, each motorboat or sailboat must now have an ANS stamp before launching in Colorado waters. Boat owners are required to purchase the ANS Stamp, and boat operators must retain proof of purchase (an electronic or printed receipt) on their person, motorboat or sailboat when operating the vehicle.

RESIDENTS: Boaters registering in Colorado will purchase the ANS Stamp at the time of registration, renewal online, or at any CPW office or state park. Residents with motorboats or sailboats documented by the U.S. Coast Guard or otherwise exempt from in-state registration can purchase the ANS stamp online at cpw.state.co.us (click “Buy and Apply”), or in person at any CPW office, state park or sales agent.

NONRESIDENTS: Nonresidents can purchase the ANS stamp online at cpw.state.co.us (click “Buy and Apply”), or in person at any CPW office, state park or sales agent.

RUSTY CRAYFISH

AGGRESSIVE AND OPPORTUNISTIC

Crayfish are not native to parts of Colorado, yet they have become established in many waters throughout the state. Rusty crayfish endanger native aquatic species and sportfish by:

- PREYING on all life stages of fish, amphibians and invertebrates and other species of crayfish.
- COMPETING aggressively for habitat and food.
- DESTROYING productive habitat in our streams, ponds and lakes.

Crayfish can be taken for personal consumption, but care should be taken with their use and disposal.

- Even though crayfish can be taken live east of the Continental Divide, it is recommended that tails of all crayfish be removed immediately and packed in ice for transport.
- Do not throw unused bait crayfish, or bait of any kind, back in the water alive.

LIVE TRANSPORT PROHIBITED

FROM WATERS WEST OF THE CONTINENTAL DIVIDE

All crayfish caught west of the Continental Divide must be immediately killed (by removing the head from the thorax) and taken into possession, or immediately returned to the water from which they were taken.

AT SANCHEZ RESERVOIR SWA

Rusty crayfish have been discovered at Sanchez Reservoir State Wildlife Area (SWA) in Costilla Co. To prevent their spread within and beyond this area, a CPW order prevents the transport of any live crayfish from Sanchez Reservoir SWA.

LEARN HOW TO HELP STOP THE SPREAD OF RUSTY CRAYFISH:

cpw.state.co.us/rustycrayfish

DISINFECTING YOUR GEAR

Disinfect waders or boots between uses. Scrub the bottom of waders with a wire brush and remove all mud, plants and organic materials. Following all label precautions, perform one of the following before going into the next body of water:

- OPTION 1: Submerge waders and gear in a tub filled with mixture of 6 ounces of a quaternary ammonium-based institutional cleaner (such as Super HDQ Neutral) per gallon of water for at least 10 minutes, scrubbing debris from gear and visually inspecting the gear for mud, plants or snails before rinsing. Rinse with water from ANS-free source. Dispose of chemicals properly, away from the water body.
- OPTION 2: Spray or soak gear with water hotter than 140 degrees F for at least 10 min.
- OPTION 3: Dry waders and equipment completely for at least 10 days in between uses.
- OPTION 4: Place waders and boots in a freezer overnight between uses.

REPORT IT

If you find what you think is an invasive species on your boat or in a body of water, report it to CPW by emailing: invasive.species@state.co.us, or call: 303-291-7295!
**FISHING TERMS GLOSSARY**

- **ARTIFICIAL FLIES AND LURES** means devices made entirely of, or a combination of, natural or synthetic nonedible, nonscented materials (regardless if the scent is added in the manufacturing process or applied afterward), or materials such as wood, plastic, silicone, rubber, epoxy, glass, hair, metal, feathers or fiber, designed to attract fish. This does not include anything defined as bait below.

- **BAIT** means any hand-moldable material designed to attract fish by the sense of taste or smell; those devices to which scents or smell attractants have been added or externally applied (regardless if the scent is added in the manufacturing process or applied afterward); scented manufactured fish eggs and traditional organic baits, including but not limited to worms, grubs, crickets, leeches, dough baits or stink baits, insects, crayfish, human food, fish, fish parts or fish eggs.

- **CHUMMING** is placing fish, parts of fish or other feeding material in the waters for the purpose of attracting fish to a particular area in order that they might be taken. This does not include fishing with baited hooks or live traps.

- **COMMON HOOK** is any hook or multiple hooks having a common shank. All hooks attached to a manufactured artificial lure shall be considered a common hook.

- **FISHING** is defined as efforts to take fish, amphibians or crustaceans, including by hook and line, handline, trot-line, jug, seine, net, underwater spearfishing, archery, snagging or gigging.

- **FLOAT TUBE** means a floating device which suspends a single occupant in the water from the seat down and is not propelled by oars, paddles or motors.

- **GAME FISH** means all species of fish except unregulated species, prohibited nongame, endangered and threatened species, which currently exist or may be introduced into the state and which are classified as game fish by the Parks and Wildlife Commission. This includes, but is not limited to brown, brook, cutthroat, golden, lake (Mackinaw), and rainbow trout; cutbow (rainbow/cutthroat hybrids), spalek (lake trout/brook trout hybrids) and tiger trout (brown/brook trout hybrids); Arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, striped and white bass; wiper (striped bass/white bass hybrids); carp; bullhead, blue, channel and flathead catfish; black and white crappie; drum; northern pike; tiger muskie; Sacramento and yellow perch; sauger; saugeye (walleye/ sauger hybrids); speckled dace; rainbow smelt; tench; walleye; bluegill; bluegill hybrids (bluegill/green sunfish); green, reedar and pumpkinseed sunfish; gizzard shad; longnose and white suckers; and minnows.

- **GIG** is a barbed fork with one or more tines attached to a handle.

- **JUGS** means floats to which are attached a line and common hook.

- **MINNOW** means all members of the families of fish classified Cyprinidae (which includes, but is not limited to: carp, chub, dace, fathead minnow, shiner, stoneroller and tench), Cyprinodontidae (including but not limited to: killifish) and Clupeidae (gizzard shad), except those designated as nongame, threatened or endangered, or those designated as nonregulated. See pages 8–9 and Chapters 10 and 11 of CPW regulations online.

- **NATURAL STREAM** is one where water naturally flows regularly or intermittently for at least part of the year. Man-made ditches or other channels are not considered natural streams.

- **NET** means seine, dip net, gill net, cast net, trap net, hoop net or similar devices used to take or as an aid in taking fish, amphibians or crustaceans.

- **PERSONALLY ATTENDED LINE** means a rod and line, hand line or tip-up that is used for fishing and which is under the personal control of a person who is in proximity to it.

- **SIZE OR LENGTH** means the total length of a fish with head and tail attached measured from the tip of the snout to the tip of the tail.

- **SEINING** means the capture of live fish with the use of a net that hangs vertically in the water and is used to enclose fish when its ends are pulled together, or are drawn ashore.

- **SLINGBOW** means a hand-held device, not drawn or held mechanically, with the arms or attachment points to which an elastic band is attached for propelling an arrow. Also includes string releases or mechanical releases which are hand-drawn and handheld, with no other attachment or connection to the slingbow other than to the bowstring. Wrist-brace attachments are considered normal components of a slingbow.

- **SNAGGING** is the taking of fish by snatching with hooks, gang hooks, artificial flies or lures, or similar devices where the fish is hooked in a part of the body other than the mouth.

- **TROT-LINE** is a single, anchored line with a float at each end from which droplines are attached.
1. **ONE PERSONALLY ATTENDED LINE**: Each line shall have only three common hooks attached.

2. **TROT-LINES**
   a. Permitted only on these reservoirs *(as listed in this brochure)*: Adobe Creek, Bonny, Henry, Horse Creek, John Martin, Meredith, Navajo, Nee Gronda, Nee Noshe, Nee So Pah, Queens (North and South), Thurston and Two Buttes.
   b. No one may use more than one trot-line.
   c. Must be anchored, marked at each end by floats, be no longer than 150 feet with no more than 25 droplines, and shall be weighted to place the line at least 3 feet under water.
   d. Only three barbed hooks allowed on a common hook on each dropline.
   e. Must be tagged with the user’s CID number and date set or user’s name when CID is unavailable.
   f. All trot-lines shall be personally checked at least once every 24-hour period.

3. **JUGS**
   a. Permitted only on these reservoirs *(as listed in this brochure)*: Adobe Creek, Bonny, Henry, Horse Creek, John Martin, Meredith, Nee Gronda, Nee Noshe, Nee So Pah, Queens (North and South), Thurston and Two Buttes.
   b. Only 10 jugs are allowed for each license holder, each with only one single line and one common hook.
   c. Must be tagged with the user’s CID number or name when CID is unavailable.
   d. Must be personally checked at least once 2an hour.

4. **UNDERWATER SPEARFISHING, ARCHERY, SLINGBOWS AND GIGS**
   Bow anglers are advised to reference the current State Recreation Lands brochure for more regulations on waters that allow archery fishing.
   
   a. Underwater spearfishing, archery, slingbows and gigs may be used statewide for the taking of carp and northern pike, except as prohibited by these regulations or land management agencies. East of the Continental Divide, gizzard shad and white or longnose suckers may also be taken, unless otherwise prohibited in Special Regulations: Fishing Waters, pages 11–39. Other fish may be taken when authorized for specific waters in this brochure. 
   
   b. Archery and slingbows may be used to take kokanee if a water is otherwise open to snagging. In such cases, the following applies:
      1. Bows must have reel, fishing line and arrow attached to bow.
      2. Bows must have arrow safety-slide mechanism that keeps fishing line in front of the arrow at all times.
   c. Additional restrictions apply to underwater spearfishing:
      1. CO2 guns or cartridge-powered spears are prohibited.
      2. Guns must be loaded and unloaded while the gun is submerged.
      3. Divers must stay within a radius of 100 feet of a float bearing the National Divers’ Symbol.
   d. Spears must be attached by a safety line.
   e. Archery, slingbows and gigs are allowed for taking bullfrogs.

5. **SNAGGING** is permitted for taking kokanee salmon only, on specific waters listed in this brochure. Other species snagged must be returned to the water immediately.

6. **SEINES AND CAST-NET** See Use and Collection of Bait Fish on next page.
   a. Seines are allowed only for bait fish, gilled form of aquatic tiger salamander larvae and crayfish; or if authorized for emergency salvage.
   b. Seines must be made of a quarter-inch or less nonmetallic square mesh.
   c. Seines cannot exceed 20 feet long and 4 feet in depth.

7. **BY HAND OR WITH DIP NETS** See Use and Collection of Bait Fish on next page.
   a. Allowed for bullfrogs, crayfish and the gilled form of aquatic tiger salamander larvae.
   b. Fish may be taken by these means or others approved by CPW for emergency salvage.
   c. Hand-held dip nets may be used for taking bait fish according to restrictions.

8. **LIVETRAPS** See Use and Collection of Bait Fish on next page.
   Cage or box traps, including set pots, shall be used only for the taking of crayfish, snapping turtles and fish captured as bait fish or for personal consumption. Traps must be tagged with the user’s CID number or name when CID is unavailable.

9. **ARTIFICIAL LIGHT** may be used as a fishing aid.

10. **BAIT** may be used where permitted as fishing aid, except by chumming.

**LEGAL FISHING METHODS**

---

**SPECIAL CONDITIONS & RESTRICTIONS**

**THREATENED, ENDANGERED & NONGAME SPECIES**

If caught, these species must be returned to the water immediately. Except, taking greenback cutthroat trout is permitted in specific waters and with restrictions as listed in this brochure.

**IT IS ILLEGAL TO TAKE OR USE THE FOLLOWING:**

---

**NOTICE:**

It is illegal to go onto private land to fish without permission, including touching any part of private land by person or watercraft. Private land is not required to be posted or fenced. Trespassers may be suspended for up to 5 years.

**1. CATCH AND RELEASE:** Any fish released upon catch must be released alive and into the same body of water from which it was taken.

**2. PROHIBITED FISHING METHODS INCLUDE:** Chumming, using toxicants or poisons, stupefying substances, electrofishing.

**3. ALLOWABLE SPECIES — THE FOLLOWING AQUATIC WILDLIFE MAY BE POSSESSED BY ANY PERSON IN THE STATE OF COLORADO:**

   a. **AMPHIBIANS**: Bullfrogs; aquatic gilled forms of tiger salamanders; any amphibians allowed under Chapter W-10 regulations; any amphibian designated as unregulated wildlife under Chapter W-11 regulations: [cpw.state.co.us/regulations](http://cpw.state.co.us/regulations)

   b. **CRUSTACEANS**: The following crustaceans may be possessed east of the Continental Divide: virile crayfish, water nymph crayfish, calico crayfish, ringed crayfish and Southern Plains crayfish. 

   **NEW** The following crustaceans may be possessed on either side of the Continental Divide: freshwater shrimp, commercially available brine shrimp and commercially available krill. All other species are not allowed to be possessed in Colorado. See “**h. Crustaceans**” on next page.

   c. **FISH**: Brown, brook, cutthroat, golden, lake and rainbow trout, and their hybrids; arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, stripped and white bass; wipers; common carp; triploid grass carp; bullhead, blue, channel and flathead catfish; black and white crappie; drum; northern pike; tiger muskie; Sacramento
and yellow perch, and their hybrids; sauger and saugeye; speckled dace; rainbow smelt; tench; walleye; bluegill and bluegill hybrids; green, reedcar and pumpkin-seed sunfish; gizzard shad, longnose and white suckers; fathead minnow; families of fish classified Cyprinidae except for bighed carp, black carp and silver carp; any fish designated as unregulated wildlife under regulations. All other species are not allowed to be possessed in Colorado.

4. USE AND COLLECTION OF BAIT FISH:

a. Except as otherwise noted in this brochure, in waters east of the Continental Divide and below 7,000 feet elevation, live fish collected for use as bait may only be used in the same body of water from which they were collected. In addition, collection and use is allowed in any man-made ditches and canals within one-half of a mile of the adjoining lake or reservoir. Use of any baitfish collected in those ditches and canals is restricted to only the water from which it was collected and the adjoining lake or reservoir. Baitfish collected under this provision may not be otherwise transported or stored for later use.

b. The collection, use or possession of live fish for use as bait is prohibited in all waters east of the Continental Divide above 7,000 feet elevation and all waters west of the Continental Divide, except in Navajo Reservoir; collection, use or possession of live fish for bait is also prohibited in the Arkansas River above Parkdale (in Fremont and Chaffee counties) and in Watson Lake in Larimer Co.

c. In Baca, Bent, Crowley, Kiowa, Otero and Prowers counties, live fish collected for personal use as bait may be transported, stored or used anywhere within these counties. Transportation to, or use of, any such baitfish in any other Co. is prohibited.

d. The only fish allowed to be taken for commercial use are minnows, gizzard shad, white and longnose suckers and carp. All live aquatic organisms from a commercial source and transported by anglers must at all times be accompanied by a receipt from the source. It is illegal to import any live native or non-native aquatic wildlife into Colorado without authorization from CPW or as stated in regulations.

e. The only species allowed to be taken and used for personal use as bait (either alive or dead) by fishing, seining, netting, trapping or dipping are minnows, bluegill, hybrid bluegill, carp, sunfish, gizzard shad, sculpin, white and longnose suckers, yellow perch and rainbow smelt. Statewide bag limits apply to sunfish, bluegill, hybrid bluegills and yellow perch.

f. The seining, netting, trapping and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage. This does not apply to fish handled or produced at commercially licensed aquaculture facilities.

g. BULLFROGS AND SALAMANDERS: Bullfrogs and the aquatic gilled form of the tiger salamander for private and commercial use are permitted. Statewide bag limits apply. Bullfrogs can be taken by fishing, archery, hand, gigs and nets. Artificial light is allowed. Salamander larvae can be taken by fishing, hand, traps, seines or nets.

h. CRUSTACEANS: Take methods include by hand, baited lines, traps, pots, nets or seines for food or bait. Taking crustaceans, crayfish, with a commercial fishing license is allowed with the following restrictions: The minimum size is 3 inches for commercial food (measured from the tip of the acumen (bony spike between the eye) to the telson (last bony plate in the tail)); crayfish with eggs attached must be returned to the water immediately; all set pots and traps must be labeled with the user's CID or user's name if a CID is unavailable.

Only the following species are allowed to be possessed east of the Continental Divide: virile crayfish, water nymph crayfish, calico crayfish, ringed crayfish and Southern Plains crayfish. Only the following crustaceans may be possessed on either side of the Continental Divide: freshwater shrimp, commercially available brine shrimp and commercially available krill. All other species are not allowed to be possessed in Colorado.

In all waters west of the Continental Divide and from Sanchez Reservoir SWA, all crayfish must be returned to the water of origin immediately or killed by separating the abdomen from the cephalothorax (tail from body) and taken into possession immediately upon catch.

h. MOLLUSKS: Taking mollusks is prohibited.

5. ICE FISHING: The following rules apply to waters open for ice fishing:

a. Ice-fishing holes cannot exceed 10 inches in diameter, or 10 inches on any side.

b. All fires on the ice must be enclosed in a container.

c. No litter allowed on the ice.

d. Portable ice-fishing shelters (where permitted) must be removed at the end of the day.

e. Permanent ice-fishing shelters (where permitted) must display the name and CID number of the owner or user on the outside of the shelter facing the shore. Writing must be in legible, contrasting color letters at least 2 inches high.

6. TAGGING FISH & RELEASING TAGGED FISH: It is illegal to tag or mark fish prior to releasing it. It is also illegal to release tagged or marked fish, except for approved contests, into public waters. Tagged or marked fish can be released in public waters for scientific research with written application and approval by CPW at least 30 days before release.

7. DONATING FISH: You can donate edible parts of fish to like-license holders anywhere or to anyone at the recipient's home. Donor and recipient subject to bag and possession limits. A “like-license” is a Colorado fishing license.

8. TRANSPORTING, EXPORTING FISH: The license holder must accompany any species in this brochure, or parts of game fish, that are transported within or exported from Colorado. Wildlife shipped by common carrier must be accompanied by license or photocopy of license and donation certificate, if needed.

9. ILLEGAL TAKE AND TRANSFER OF FISH: Only people designated by the U.S. Fish and Wildlife Service may take fish, amphibians, mollusks or crustaceans within the boundaries of any Federal fish hatchery or rearing unit.

a. Molting, disturbing or damaging gill nets, traps, seines or trot-lines set by CPW is prohibited.

10. EMERGENCY CLOSURE OF FISHING WATERS: Emergency closure of waters may be authorized for up to nine months when environmental conditions in these waters warrant and fishing could result in unacceptable levels of fish mortality. Public notice will be given if waters are closed and notice will be posted at the site. Closures may occur when any of these criteria are met:

a. Daily max. water temperature exceeds 71 degrees F.

b. Measured stream flows are 50 percent or less of the daily average flow.

c. Fungus and other visible signs of deterioration and/or stress may be present.

d. Daily minimum dissolved oxygen levels are below 6 parts per million (ppm).

e. When environmental events such as wildfires, mudslides, oil spills or similar events have occurred, resulting in the need for recovery time or remedial action for a fish population.

11. PROTECTED WATERS: Fishing may be prohibited as posted to protect threatened or endangered species, spawning areas, waters used in CPW research projects, newly acquired access to fishing waters and the integrity of aquatic wildlife.

12. EMERGENCY PUBLIC SALVAGE: If substantial numbers of fish are in imminent danger of being lost, CPW can allow licensed anglers to take fish during daylight hours. Public notice will be given and notice will be posted at the site regarding the catch limit and approved fishing methods.

13. FISHING CONTESTS: Fishing contests cannot be advertised, promoted or conducted without CPW approval if the purpose is to take marked or tagged fish released in waters open to public fishing.

Applications and a $40 nonrefundable fee must be made 60 days before the contest. Written approval must be obtained from landowners or agencies before applying. Contests are not permitted on streams, rivers, other flowing water or Gold Medal Waters, or commercial or private lakes licensed by CPW. All standard fishing regulations apply.

Contests for tagged or marked trout will be permitted only on waters greater than 200 surface acres and managed as a catchable fishery. Public fishing areas will remain open during a contest, regardless of contest fees. Sponsors shall document the number of participants, average time spent fishing and estimated total catch by species in a written report for CPW within 20 days of the contest end.
STATEWIDE BAG & POSSESSION LIMITS

THREATENED, ENDANGERED & NONGAME SPECIES
If caught, these species must be returned to the water immediately. Except, taking greenback cutthroat trout is permitted in specific waters and with restrictions as listed in this brochure.

IT IS ILLEGAL TO TAKE OR USE THE FOLLOWING:

READ THE LIMITS CHART
Statewide limits for species are listed in the chart to the right. Species not on this chart have no bag or possession limits or are restricted or illegal to take. See “Special Conditions and Restrictions,” page 8.

Some waters have more restrictive limits than what is listed on the chart. See Special Regulations: Fishing Waters, pages 11–39, for the area you plan to fish to learn more about specific waters. If a water is not on the list or no bag limit is specified, these statewide limits apply.

FISHING IN STATE PARKS & NATIONAL PARKS
Fishing is available at most of Colorado’s state parks. If you plan a fishing trip to these waters, check the CPW Park Finder for any additional entrance fees and restrictions that may apply where you’re going: cpw.state.co.us/fish/parkfinder

National parks also offer fishing opportunities around the state, but may have different bag limits and regulations. One example of this is at Rocky Mountain National Park. There, you will need a CPW fishing license but restrictions will be specific to the park. Before you plan your trip, check regulations online at: www.nps.gov/romo/planyourvisit/fishing.htm

Fishing is available at more than 270 national wildlife refuges. 29 national fish hatcheries and many other U.S. Fish & Wildlife Service lands and waters. Certain refuges may have individual restrictions. Plan your trip by researching specific refuges online: www.fws.gov/fishing

DAILY BAG LIMIT
Maximum number of fish you can take in a day, regardless of what you do with them that day Fish caught and placed on a stringer, in a container or live well, or not returned to the same water immediately, count in your daily bag or possession limit. Fish released immediately are not part of the limit.

POSSESSION LIMIT
Maximum number of fish allowed at any time, including in the field, transporting, at home or in storage. Transporting live fish without proper permits is prohibited. Fish taken and later smoked, canned, frozen or preserved for consumption are part of the possession limit until consumed.

*In aggregate means the limit may consist of one species or a mixed bag of more than one species.
THE FOLLOWING WATERS AND CPW PROPERTIES HAVE MORE RESTRICTIVE FISHING REGULATIONS THAN STANDARD BAG AND POSSESSION LIMITS, MANNER OF TAKE, FISHING HOURS, ETC.

If a specific water doesn’t appear in this list, statewide regulations (page 10) apply.

ATTENTION! This brochure includes fishing regulations. State wildlife areas have additional access and land regulations. If you plan to visit a SWA, you must consult CPW’s current State Recreation Lands brochure for specific property regulations.

Special regulations are designed to provide the best fishing and maintain the long-term welfare of fish. They include bag limits, size limits and harvest restrictions.

By reducing bag limits and requiring that certain fish be returned to the water, larger fish may result. While many streams and rivers support a daily bag and possession limit, anglers are asked to reduce their harvest by practicing voluntary, selective harvest.

NEW THE FOLLOWING WATERS HAVE NEW MTN. WHITEFISH DAILY BAG & POSSESSION LIMITS:

The daily bag limit for mountain whitefish is now 4 with a possession limit of 8, statewide. See page 10.

NW Colorado:
- **Colorado River drainage**, including the mainstem river and all of its tributaries
- **All tributaries to the Colorado River and their associated drainages**, including but not limited to: Canyon Creek (Garfield Co.), Eagle River, Elk Creek (Garfield Co.), Grizzly Creek, No Name Creek, Piney River and Roaring Fork River
- **Roaring Fork River drainage**, including the mainstem river and all of its tributaries, consisting of but not limited to: the Fryingpan River and Crystal River drainages, and their associated tributaries
- **White River drainage**, including the mainstem river and all of its tributaries, consisting of but not limited to: the North Fork and South Fork drainages, and their associated tributaries
- **Yampa River drainage**, including the mainstem river and all of its tributaries
- **All tributaries to the Yampa River and their associated drainages, including but not limited to: Bear River, Burgess Creek, Elk River, Ell River — North, South and Middle Forks, Fish Creek, Mad Creek, Morrison Creek, Sarvis Creek, Soda Creek, Trout Creek and Walton Creek

NE Colorado:
- **Poudre River drainage**, including the mainstem river and all of its tributaries

**NEW** MAP:

Please see Blue River Basin Map

River Regulations
Statewide regulations apply to all waters except:

- A - Fly/lure only; All cutthroat must be released
- B - Fly/lure only; All rainbow trout must be released
- C - 2 trout limit
- D - Fly/lure only; 2 trout limit
- E - Snagging prohibited; Fishing prohibited Oct. 15 - Nov. 30
- F - Fishing and snagging prohibited Sept. 15 - Nov. 30; Snagging kokanee permitted Sept. 1 - Sept. 14 and Dec. 1 - Dec. 31;
- Northern pike from 24 - 36 inches must be released
- G - Fly/lure only; All trout must be released; *Non-native fish regulation
- H - 2 trout limit; *Non-native fish regulation

*Non-native fish regulation - No limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie

Gold Medal Water - Colorado River from Fraser River confluence to Troublesome Creek confluence
The rugged topography of the Rocky Mountain West has led to stream isolation and, in turn, the evolution of 14 recognized subspecies of cutthroat trout, making it the most diverse and wide-ranging trout species in North America.

The greenback, Colorado River and Rio Grande cutthroat trout still call Colorado home, but all three have endured dramatic reductions in their native ranges, primarily due to the introduction of non-native trout.

Rainbow trout hybridize with native cutthroat trout, while brook and brown trout tend to replace them in streams and rivers where they occur together.

All three cutthroat trout subspecies are either currently listed or have been petitioned to be listed under the Endangered Species Act as a result.

In an effort to preserve the legacy of these prized game fish, multiagency conservation teams have been established for each subspecies. Aquatic biologists on these teams use a variety of conservation measures to reclaim historic habitats and establish new populations.

**PROTECTED CUTTHROAT WATERS**

Various cutthroat waters, specifically those considered Cutthroat Conservation and Recreation Waters, are protected throughout the state.

In these waters, fishing is allowed by artificial flies and lures only, and all cutthroat trout must be returned to the water immediately upon catch.

These restrictions protect the growing number of cutthroat trout streams and lakes that are being included in conservation and recovery efforts.

CPW recommends anglers disinfect waders and other fishing gear between uses (see page 6) to limit the spread of aquatic nuisance species and their potential to negatively impact cutthroat trout.

### TROUT FAMILY

**RAINBOW TROUT**
- Black spots on a light body, red stripe along sides

**BROWN TROUT**
- Spotting pattern is made up of black spots; red-orange spots inside light blue circles

**BROOK TROUT**
- Pectoral, pelvic and anal fins often orange, edged with black and white; body is dark with white and red spots inside blue circles

**CUTTHROAT (NATIVE) TROUT**
- Crimson slash on either side of the throat beneath the lower jaw; heavier spotting towards the tail

**LAKE TROUT (MACKINAW)**
- Has a white, irregular spot pattern on dark body; veriform markings over back and head; unlike other trout, they have a deeply indented tail fin

**TIGER TROUT**
- Cross between a brown trout and a brook trout; pronounced stripes on body, resembling a tiger

**PIKE**

**NORTHERN PIKE**
- Horizontal rows of light-colored round/oval spots, on dark background

**TIGER MUSKIE**
- Northern pike and muskie hybrid; irregular, dark-colored vertical markings on a light background; long snout

**CHANNEL CATFISH**
- Barbels (whiskers); forked tail; sporadic black spotting

**BASS**

**SMALLMOUTH BASS**
- Upper jaw does not extend beyond eye; fish usually has vertical stripes along sides

**LARGEMOUTH BASS**
- Upper jaw extends beyond eye; often has horizontal stripe extending the length of body

**WIPER**
- Hybrid between white bass and striped bass

### OTHER SPORTFISH

**WALLEYE**
- Two separate dorsal fins; large, well-developed canine teeth; large eyes with milky corneas; white-tipped tail

**SAUGER**
- Spotted dorsal fin; no white tip on tail; darker color

**SAUGEYE**
- Walleye-sauger hybrid with black mottling marks on body; black color between dorsal fins

**YELLOW PERCH**
- Two separate dorsal fins; large vertical dark stripes on yellow sides
**Western Slope Native Fish That Must Be Released**

Anglers may possibly catch these species if fishing in the Colorado River Basin. These fish must be returned to the water unharmed as quickly as possible. See pages 8 and 10 for a full list of protected species to be released.

- **Bontail Chub**
  - Slight hump and a long, narrow tail

- **Humpback Chub**
  - Green to silver and white with an abrupt hump behind the head

- **Roundtail Chub**
  - Silver to olive with fine scales; adult males often with red to orange pigment on cheeks, fins, belly

- **Flannelmouth Sucker**
  - Yellow to bronze backs with lighter-colored belly; large fleshy lips and large sickle-shaped dorsal fin

- **Bluehead Sucker**
  - Blue to gray head; olive to gray back with lighter belly; pebble-patterned scales near tail

- **Razorback Sucker**
  - Bronze to yellow fish with a sharp-edged keel behind the head

- **Colorado Pikeminnow**
  - Adults may be green-gray to bronze on backs and silver to white along sides and bottoms

---

**How to Release a Fish**

If you practice catch and release while fishing, follow these steps to ensure the fish returns to the water with minimal damage. Any fish you plan to release MUST be returned to the water immediately.

1. **Time is Essential.** Quickly play and release fish. A fish played for too long will be too exhausted to recover.
2. **Keep Fish in the Water** as much as possible.
3. **Remove the Hook as Quickly as Possible.** Single barbless hooks can often be removed while the fish is still in the water.
4. **Gentle Handling is Essential.** Avoid squeezing or putting your fingers in the gills or eye sockets.

**How to Safely Remove Hooks:** Use a pair of forceps, longnosed pliers or a purposely made hook-out to quickly, efficiently remove the hook.

- If the fish is hooked deep in the throat or stomach, cut the line as close to the hook as possible and leave the hook in the fish — it could do more damage trying to remove a deeply set hook than leaving it where it is.
- It’s best to hold a fish gently by its belly or by the area in front of the tail.
- **To Revive an Unconscious Fish** hold it upright in the water. Move the fish forward and backward so that water runs through the gills. This may take a few minutes. When it begins to struggle, release it.
- **When Photographing a Fish,** hold it horizontally and do not squeeze the fish. Do not put your hands in its gills or hold it vertical by its gills.
NOTICE: This brochure includes information on fishing in Colorado. It is not a legal notice nor a complete collection of fishing regulations and laws. It is a condensed guide issued for anglers' convenience. Copies of statutes and regulations can be obtained from a Colorado Parks and Wildlife area office, or at cpw.state.co.us/regulations. For questions, call CPW at 303-297-1192.

The unauthorized transplanting or stocking of fish into any body of water is **ILLEGAL**. This includes live bait or aquarium fish. It causes severe damage to public fisheries, harms the environment and is highly unethical.

**THE PENALTIES INCLUDE:**
- Significant fines, up to $5,000.
- Permanent loss of your hunting and fishing privileges.
- Paying up to hundreds of thousands of dollars to reclaim the body of water.

**WARNING!**
**DO NOT TRANSPLANT FISH**
