WHAT’S NEW: 2019
REGULATION CHANGES & NEW INFORMATION

THE FUTURE GENERATIONS ACT & THE MUSSEL-FREE COLORADO ACT PASSED THE 2018 STATE LEGISLATURE: Thank you to all of the hunters and anglers who helped support the Future Generations Act, the Mussel-free Colorado Act and Colorado Parks and Wildlife. These acts are a huge step for funding wildlife conservation. You’ll see some changes in 2019, including a small fee increase for resident licenses and the Wildlife Education Fund. Please check the website for more information: cpw.state.co.us/feechanges

NEW AQUATIC NUISANCE SPECIES (ANS) STAMP NOW REQUIRED:
Motorboats and sailboats must have an ANS Stamp prior to launching in Colorado waters. Boat owners are required to purchase the ANS Stamp, and boat operators must retain proof of purchase (an electronic or printed receipt) on their person, motorboat or sailboat when operating the vessel.
- Motorboats and sailboats registered in Colorado, and those residents that are exempt from in-state registration: $25.00
- Motorboats and sailboats that are registered outside of Colorado: $50.00

Boaters registering in Colorado will purchase the ANS stamp at time of registration, either online or at any CPW office or state park. Nonresidents, and those residents with watercraft documented by the U.S. Coast Guard or otherwise exempt from in-state registration, can purchase the ANS stamp online at cpw.state.co.us (click “Buy and Apply”), or at any CPW office, state park or sales location.

Funding contributes to the detection, prevention and management of ANS in the state. Thank you for protecting our waters and contributing to conservation in Colorado! Go to cpw.state.co.us/boatingregistration and see “Aquatic Nuisance Species,” page 6 of this brochure, for more details.

LICENSE INFORMATION
LICENSE FEES, HABITAT STAMPS, ANS STAMP

HABITAT STAMPS
- Annual Habitat Stamp (nonrefundable) .................................................. $10
  Only one is required per person, ages 18–64, per year buying or applying for a license.
- Lifetime Habitat Stamp ................................................................. $300.25

NEW AQUATIC NUISANCE SPECIES (ANS) STAMP
- RESIDENTS
  Annual ............................................................................................... $25.00
- NONRESIDENTS
  Annual ............................................................................................. $50.00

LICENSES
- RESIDENTS
  Adult annual (18–64) ........................................................................ $34.75
  Senior annual (65+) ......................................................................... $9.75
  Small game & fishing combo ................................................................ $49.75
- NONRESIDENTS
  Annual ............................................................................................... $96.75
  Five-day ......................................................................................... $31.75

YOUTH
- Residents ages 16–17 ................................................................. $9.75
  Second-rod charge still applies.
- RESIDENTS & NONRESIDENTS
  Second-rod stamp ........................................................................... $10.75
  A second-rod stamp per year is available to anyone who has purchased a fishing license and any youth under 16 (see page 2).
- One-day fishing: residents .............................................................. $13.75
- One-day fishing: nonresidents ....................................................... $16.75
- Additional-day fishing .................................................................... $6.75
  Customers buying a one-day or additional day license are exempt from the Habitat Stamp fee with the first two of these licenses.

All license fees include a 25-cent search-and-rescue fee and a $1.50 fee for the Wildlife Education Fund.

WHAT YOU NEED TO BUY A LICENSE
1. PROOF of residency for Colorado residents. (See page 2.)
2. ID. Secure and verifiable ID.
3. HABITAT STAMP. Habitat Stamps are $10 and only one is required per person, per year for anyone ages 18–64. Stamps are valid April 1–March 31.
4. A SOCIAL SECURITY NUMBER is required for new customers ages 16 and older (age 12 for a second-rod stamp).

HABITAT STAMPS ARE REQUIRED FOR ANGLERS
Habitat Stamps are $10 and only one is required per person, per year for anyone ages 18–64. Stamps are valid April 1–March 31.
- You must purchase a stamp before buying or applying for a hunting or fishing license.
- A lifetime stamp is $300.25.
- Anyone who holds a free lifetime fishing license, a veteran’s lifetime combination small game/fishing license or are approved for the Big Game Mobility Impaired Hunting Program is exempt from the Habitat Stamp requirement. See cpw.state.co.us/accessibility.

SEASON DATES Colorado waters are open to taking fish, amphibians and crustaceans day and night, year round, except if otherwise stated in the regulation section of this brochure. See pages 11–39.

FREE FISHING DAYS Residents and nonresidents can fish without a license or Habitat Stamp on June 1–2, 2019. All other rules and regulations apply.

HEALTH ADVISORIES

EATING YOUR CATCH?
Colorado Parks and Wildlife encourages Colorado residents to go fishing and enjoy eating the fish they catch. Keep in mind that not all fish should be eaten in unlimited amounts. Fish are an important part of a healthy diet: They are a lean, low-calorie source of protein and nutrients. However, some fish may contain chemicals that could pose health risks. The Colorado Department of Public Health and Environment, in cooperation with CPW, tests fish throughout the state for the presence of certain contaminants (such as mercury, arsenic and selenium) that may be present in some fish.

CURRENT ADVISORIES ARE ONLINE: colorado.gov/cdphe/wq-fish-consumption
COLORADO RESIDENTS

YOUTH: Residents ages 16-17 can purchase a fishing license for $9.75. Those under 16 can take a full bag and possession limit without a license. However, they must have a second-rod stamp if fishing with a second line.

SENIORS: Colorado residents 65 and older can obtain an annual senior fishing license for $9.75, which includes the 25-cent search-and-rescue fee and the $1.50 Wildlife Education Fund fee. License must be carried while fishing. Seniors must have a second-rod stamp if fishing with a second line.

ADULTS: People 16 and older are required to buy and carry with them a fishing license to fish or take fish, amphibians and crustaceans, except as prohibited.

COMMERCIAL LICENSE: $40; required to take or possess bait fish, amphibians or crustaceans for commercial purposes. Applications are available at CPW locations. License holders must submit an annual report to CPW within 30 days of the license expiration date. Holders are required to provide live-fish buyers with a receipt stating the seller’s name, date of sale, species and number sold.

CHILD SUPPORT DELINQUENCY: State and Federal law require a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspected for noncompliance with child support. Any current licenses become invalid if held by an individual who is deemed noncompliant by Child Support Enforcement.

ARMED FORCES EXEMPTION: Colorado residents on active duty with U.S. armed forces out of state can fish free without a license while here on temporary leave, maximum of 30 days a year. You must carry official leave papers while fishing.

DISABLED LICENSES

You can obtain applications for disabled licenses on the CPW website or at CPW locations. Send them to 6060 Broadway, Denver, CO, 80216. Licenses are valid only during Colorado residency.

Those eligible for free licenses are:

1. Colorado residents who are totally and permanently disabled must provide either:
   a. Documented proof that shows an entitlement date for Social Security disability benefits that began seven years ago or longer.
   b. Or, a physician’s statement attesting that the applicant is “totally and permanently disabled.” All four words need to be stated on the letter from the physician on the physician’s letterhead.
2. Colorado residents who are disabled veterans or Purple Heart recipients can obtain a veteran’s lifetime combination small game/fishing license. To qualify, the following documentation must be provided:
   a. Proof of a service-connected disability of 60 percent or more, as rated by the VA. An eligibility letter can be obtained from the VA by calling 1-800-827-1000.
   c. Purple Heart recipients who can provide documented proof are also eligible for a veteran’s combination license.

OTHER RESIDENCY INFORMATION

1. ADDITIONAL RESIDENCY PROOFS
   a. Customers who otherwise meet residency requirements but whose Colorado driver’s license or ID was issued or renewed less than 6 months ago, or who have a CPW-approved religious exemption to photo identification on their record, must provide at least two additional proofs of residency. Those proofs include: income sources (pay stubs), utility bills, state income tax documents (as a full-time resident), lease agreements/rent receipts, motor vehicle registration, voter registration.
2. MULTIPLE HOMES
   a. If you have a home in Colorado and another location, call 303-297-1192 to make sure you comply with Colorado residency requirements before obtaining a CPW license or state park pass.
HOW TO GET STARTED FISHING

GEAR, KNOTS, TIPS FOR BEGINNERS OF ALL AGES  Fishing is a great lifetime activity and a fun way for families to spend time together outdoors. Getting started isn’t complicated. Follow our basic equipment guide and you’ll be hooked before you know it!

1. **PICK YOUR ROD & REEL**  
   A closed-face spincast rod and reel are great for learning how to fish.

2. **CHOOSE YOUR BAITS**  
   Different species of fish have different appetites. Choose your bait based on what kind of fish are in the lake and what you are trying to catch. Look at the list of waters in this brochure for any additional bait restrictions.

   **TROUT**  
   • Powerbait  
   • Lures  
   • Flies  
   • Salmon eggs  
   • Worms  
   • Jigs

   **CATFISH**  
   • Stinkbait  
   • Worms

   **BASS**  
   • Jigs  
   • Worms

   **SUNFISH & CRAPPIE**  
   • Jigs  
   • Worms  
   • Mealworms

3. **GET YOUR GEAR ON**  
   You need just a few basic items to get started fishing. The fun part is adding to your gear collection as you progress!

   - Fishing line, 4- to 8-lb. test
   - Bobbers
   - Hooks, #8 or #10
   - Swivels, #10
   - Sinkers, 1/8 oz.
   - Hemostats or needle-nose pliers

   **PUTTING IT TOGETHER:**
   - clinch knot
   - swivel
   - sinker
   - snelled line and hook combo
   - or: use clinch knots to tie line to swivel and the hook to the other end of the line

4. **KNOW YOUR KNOT**  
   The Improved Clinch Knot is a good, basic knot to get you started.

   ▶ Thread the line through eye of the hook. Double back and make five or more turns around the line.
   ▶ Bring the end of line back through the first loop formed behind the eye. Then go through the big loop.
   ▶ Wet knot and pull the tag end to tighten down the coils. Slide it tight against the eye, clip excess.

5. **PICK YOUR SPOT**  
   Where should you go? You can find your perfect fishing hole by using the CPW Fishing app, or find the fishing atlas online.

   [cpw.state.co.us/fish/fishingatlas]

Special fishing regulations also included.

HELP IMPROVE YOUR FISHERIES

SOME FISH SPECIES ARE GOOD WHERE THEY BELONG, BUT IN THE WRONG BODY OF WATER THEY CAN RUIN A FISHERY:

▶ CPW biologists are no longer stocking fish in some waters because illegally introduced fish can compete with and/or eat fish that would normally be stocked. Fish are stocked by CPW in other waters to ensure better use of your license dollars. CPW hatcheries are also raising larger sized fish to stock so that illegally introduced fish have a smaller chance of eating stocked fish. This situation results in increased expenses to CPW, and fewer fish available to anglers.

▶ In the wrong place, some fish species can change the entire ecosystem, reducing the quality of fishing overall and interfering with CPW fishery management.

▶ Unlimited bag and possession limits are often established to aid in the management of species that were illegally stocked and/or not compatible with CPW fishery management.

▶ For waters with no bag and possession limits for certain species, anglers are encouraged to “catch and keep” these fish.

HERE ARE SOME WATERS WHERE YOU CAN KEEP ALL YOU CATCH OF CERTAIN SPECIES:

- Crawford Reservoir: northern pike
- Green Mountain Reservoir: northern pike
- Elkhead Reservoir: northern pike and smallmouth bass
- Harvey Gap Reservoir: northern pike and smallmouth bass
- Juniata Reservoir: smallmouth bass
- Ridgway Reservoir: smallmouth bass
- Rifle Gap Reservoir: northern pike and smallmouth bass
- Stagecoach Reservoir: northern pike and walleye
- Wolford Mountain Reservoir: northern pike

WHAT ELSE CAN YOU DO?

▶ Do not move fish from one body of water to another! Anyone caught moving fish illegally may be fined up to $5,000, can lose hunting and fishing privileges and may be held liable for the costs of eradication or removal. Collection and transportation of wild-caught live fish as bait is restricted in most of the state. Know these rules and follow them if you use live bait.

▶ Report any poaching activity to Operation Game Thief:

[REPORT POACHERS]

Earn a reward payment for reporting wildlife violations by calling Operation Game Thief. Callers can remain anonymous.

(This number is not for information requests or emergencies.)

## MEASURE YOUR CATCH

 Measure your fish from the tip of the snout to the end of the tail. You may squeeze the tail fin together as shown in the bass (illustrated in the first picture below) to obtain a maximum length or you may tilt the tail down (as seen in the lake trout at bottom).

## STATE RECORDS PROGRAM

Colorado’s original fishing record program, records by weight are tracked in 45 different species. CPW considers records in two categories: records by weight and record fish released by length. Potential record holders must have a valid Colorado fishing license or be younger than 16.

For the record by weight program, the fish must be weighed on a state-inspected and certified scale, and the person witnessing the weighing must sign the entry form. A picture of the person holding the fish must be submitted with the application. The fish, not frozen, gutted or altered in any way, must be examined and identified by a CPW fisheries biologist, hatchery manager or wildlife manager. For the record fish release by length program, a picture with a measuring device behind the fish is required and a witness must sign the application.

Records for the longest and heaviest fish caught can change any time. Current statistics can be found on the CPW website at [cpw.state.co.us/fish/records](http://cpw.state.co.us/fish/records).
FISHERY PROGRAMS

GOLD MEDAL WATERS

Gold Medal Waters are the highest quality cold-water habitats and have the capability to produce many quality-size (14 inches or longer) trout.

CPW has established criteria and management guidelines to support the public interest in angling, observing and protecting these significant cold-water fishery resources.

Gold Medal Waters are defined as any river or lake which is producing a standing stock of at least 60 pounds per acre, and at least 12 trout that are 14 inches or longer per acre on a sustained basis.

River segments designated as Gold Medal Trout Waters must be a minimum of 2 miles in length, and lakes must be a minimum of 50 acres.

The following lakes and streams in Colorado offer the greatest potential for trophy trout fishing:

GOLD MEDAL STREAMS

- ANIMAS RIVER: From Lightner Creek to Rivera Crossing bridge.
- ARKANSAS RIVER: From the confluence with the Lake Fork of the Arkansas, near Leadville, downstream to Parkdale at the Hwy. 50 bridge crossing above the Royal Gorge.
- BLUE RIVER: From Dillon Reservoir dam to Hamilton Creek Road bridge; also from Green Mountain Reservoir dam to Colorado River.
- COLORADO RIVER: From Fraser River to Troublesome Creek, and from Canyon Creek (Grand County) to Rock Creek.
- FRYINGPAN RIVER: From Ruedi Reservoir dam to the Roaring Fork River.
- GORE CREEK: From Red Sandstone Creek to Eagle River.
- GUNNISON RIVER: From 200 yards downstream of Crystal Reservoir dam to the North Fork of the Gunnison.
- NORTH PLATTE RIVER: From south boundary of Routt National Forest to Wyoming (Northgate Canyon).
- RIO GRANDE: From Hwy. 149 bridge at South Fork downstream to Rio Grande canal diversion structure.
- ROARING FORK RIVER: From the Fryingpan River to the Colorado River.
- SOUTH PLATTE RIVER: From the confluence of the middle and south forks to Spinney Mountain Reservoir inlet.
  - From Spinney Mountain Reservoir outlet to Eleven Mile Reservoir inlet.
  - From Cheesman Reservoir dam to the south boundary of the Wigwam Club property.
  - From the north boundary of Wigwam Club property to Scraggy View picnic ground.
  - Middle fork, from the Hwy. 9 bridge to the south fork confluence.

GOLD MEDAL LAKES

- NORTH DELANEY BUTTE LAKE in Jackson County
- SPINNEY MOUNTAIN RESERVOIR in Park County
- STEAMBOAT LAKE in Routt County

MASTER ANGLER PROGRAM

The CPW Master Angler Award Program recognizes anglers who catch fish of trophy size and promote conservation.

There are two categories: fish that are kept and fish released. Awards are based on fish length, so fish can be measured and released.

To promote responsible conservation of fishery resources, CPW will recognize qualifying length northern pike and smallmouth bass caught in waters west of the Continental Divide in the “Kept Fish” category only.

Anglers who catch a fish of qualifying length receive a Master Angler certificate and patch. Those who achieve record status also receive a matching lapel pin. Anglers can win multiple certificates but only one patch per year.

Only fish caught in Colorado are eligible. Entrants must have hooked, played, landed or released the fish. Snagged fish are ineligible. Fish length is measured from the jaw tip to tail tip.

Entries must be submitted within 60 days of catch. A clear, side-view photograph of the fish must accompany entries with one witness verification. Two witnesses are required for entries without photos.

For an entry form, contact the Master Angler Award Program, Colorado Parks and Wildlife, 6060 Broadway, Denver, CO 80216, or go to cpw.state.co.us/fish/masterangler.

WILD TROUT PROGRAM

CPW is responsible for the preservation and protection of native and non-native wild trout populations. Most mountain streams and some high lakes in Colorado support populations of wild trout.

These resources are important to the integrity of Colorado’s trout fisheries; as an indicator of properly functioning aquatic ecosystems; and for their intrinsic value to those seeking a unique, aesthetic and significant fishery resource.

To assure the continuation and availability of wild self-sustaining trout populations the Parks and Wildlife Commission has established specific management guidelines for those aquatic habitats which support all life stages of trout.

These waters are to be managed to the extent possible to maintain these wild trout populations.

STREAM SURVEYS

STREAM SURVEYS HELP BIOLOGISTS MANAGE FISHING

Colorado Parks and Wildlife is the state agency responsible for fisheries management of public waters in Colorado.

The primary tool that guides fish management is the lake and stream survey. These surveys periodically monitor fish populations.

During the process, fish are collected using a variety of gear and the necessary biological data is recorded. This gauges the entire fish community rather than a single species.

The collected data is used to track fish population trends, evaluate the effectiveness of management actions such as stocking and regulations, and establish realistic management goals for a given lake or stream.

The fisheries section of CPW conducts hundreds of lake and stream surveys each year.

High-priority and brood waters such as Chatfield, Pueblo and Horsetooth reservoirs and the Gunnison River are surveyed annually. Smaller, more remote, or lightly used lakes or streams may only be surveyed once every 5–10 years.

Most of the survey fieldwork takes place from early June through late September; however, many areas also conduct more specialized sampling beginning right after ice-out and again in the fall prior to freeze-up.

MORE ABOUT HOW FISHERY BIOLOGISTS SAMPLE FISH: cpw.state.co.us/fish/management

FISHERY DATA FOR SOME OF YOUR FAVORITE COLORADO WATERS: cpw.state.co.us/fish/fisherydata
AQUATIC NUISANCE SPECIES
DON'T LET INVASIVE SPECIES RUIN YOUR FAVORITE FISHING SPOT
Aquatic nuisance species (ANS) are a significant and rapidly growing threat to Colorado’s fisheries and water supplies. ANS are invasive animals, plants and diseases that are not native to our rivers, lakes, streams and wetlands. Once introduced, most ANS cannot be eradicated and cost millions to manage. Preventing the introduction and spread of ANS is critical to maintaining our fisheries.

NEW ANS STAMP
To help CPW detect, prevent and manage aquatic nuisance species in Colorado’s waters, and to protect human health, safety and welfare from aquatic nuisance species, each motorboat or sailboat must now have an ANS Stamp before launching in Colorado waters. Boat owners are required to purchase the ANS Stamp, and boat operators must retain proof of purchase (an electronic or printed receipt) on their person, motorboat or sailboat when operating the vehicle.

RESIDENTS: Boaters registering in Colorado will purchase the ANS Stamp at the time of registration, renewal online, or at any CPW office or state park. Residents with motorboats or sailboats documented by the U.S. Coast Guard or otherwise exempt from in-state registration can purchase the ANS stamp online at cpw.state.co.us (click “Buy and Apply”), or in person at any CPW office, state park or sales agent.

NONRESIDENTS: Nonresidents can purchase the ANS stamp online at cpw.state.co.us (click “Buy and Apply”), or in person at any CPW office, state park or sales agent.

ATTENTION BOATERS
ANS can hitchhike on boats and gear, being introduced into new waters accidentally. Inspect your boat between uses and make sure it is clean, drained and dry. Colorado has a mandatory boat-inspection program. Your boat must be inspected if:
1. The boat has been in any water that is positive or suspect for ANS.
2. The boat has been in any water body outside of Colorado.
3. The boat will enter any water where inspections are required.

There are 72 inspection and decontamination stations in Colorado. Check the CPW website or call ahead for important details on hours of operation, ramp closures, fees and reservoir-specific boating policies: cpw.state.co.us/fish/boatinspections

DISINFECTING YOUR GEAR
Disinfect waders or boots between uses. Scrub the bottom of waders with a wire brush and remove all mud, plants and organic materials. Following all label precautions, perform one of the following before going into the next body of water:

- OPTION 1: Submerge waders and gear in a tub filled with mixture of 6 ounces of a quaternary ammonium-based institutional cleaner (such as Super HDQ Neutral) per gallon of water for at least 10 minutes, scrubbing debris from gear and visually inspecting the gear for mud, plants or snails before rinsing. Rinse with water from ANS-free source. Dispose of chemicals properly, away from the water body.
- OPTION 2: Spray or soak gear with water hotter than 140 degrees F for at least 10 min.
- OPTION 3: Dry waders and equipment completely for at least 10 days in between uses.
- OPTION 4: Place waders and boots in a freezer overnight between uses.

REPORT IT
If you find what you think is an invasive species on your boat or in a body of water, report it to CPW by emailing: invasive.species@state.co.us, or call: 303-291-7295

RUSTY CRAYFISH
AGGRESSIVE AND OPPORTUNISTIC
Crayfish are not native to parts of Colorado, yet they have become established in many waters throughout the state. Rusty crayfish endanger aquatic native species and sportfish by:
- PREYING on all life stages of fish, amphibians and invertebrates and other species of crayfish.
- COMPETING aggressively for habitat and food.
- DESTROYING productive habitat in our streams, ponds and lakes.
Crayfish can be taken for personal consumption, but care should be taken with their use and disposal.
- Even though crayfish can be taken live east of the Continental Divide, it is recommended that tails of all crayfish be removed immediately and packed in ice for transport.
- Do not throw unused bait crayfish, or bait of any kind, back in the water alive.

LIVE TRANSPORT PROHIBITED
FROM WATERS WEST OF THE CONTINENTAL DIVIDE
All crayfish caught west of the Continental Divide must be immediately killed (by removing the head from the thorax) and taken into possession, or immediately returned to the water from which they were taken.

AT SANCHEZ RESERVOIR SWA
Rusty crayfish have been discovered at Sanchez Reservoir State Wildlife Area (SWA) in Costilla County. To prevent their spread within and beyond this area, a CPW order prevents the transport of any live crayfish from Sanchez Reservoir SWA.

LEARN HOW TO HELP STOP THE SPREAD OF RUSTY CRAYFISH: cpw.state.co.us/rustycrayfish

MORE ON THE ANS STAMP: cpw.state.co.us/boatingregistration
GLOSSARY OF FISHING TERMS

- **ARTIFICIAL FLIES AND LURES** means devices made entirely of, or a combination of, natural or synthetic nonedible, nonscented (regardless if the scent is added in the manufacturing process or applied afterward), or materials such as wood, plastic, silicone, rubber, epoxy, glass, hair, metal, feathers or fiber, designed to attract fish. This does not include anything defined as bait below.

- **BAIT** means any hand-moldable material designed to attract fish by the sense of taste or smell; those devices to which scents or smell attractants have been added or externally applied (regardless if the scent is added in the manufacturing process or applied afterward); scented manufactured fish eggs and traditional organic baits, including but not limited to worms, grubs, crickets, leeches, dough baits or stink baits, insects, crayfish, human food, fish, fish parts or fish eggs.

- **CHUMMING** is placing fish, parts of fish or other feeding material in the waters for the purpose of attracting fish to a particular area in order that they might be taken. This does not include fishing with baited hooks or live traps.

- **COMMON HOOK** is any hook or multiple hooks having a common shank. All hooks attached to a manufactured artificial lure shall be considered a common hook.

- **FLOAT TUBE** means a floating device which suspends a single occupant in the water from the seat down and is not propelled by oars, paddles or motors.

- **GAME FISH** means all species of fish except unregulated species, prohibited nongame, endangered and threatened species, which currently exist or may be introduced into the state and which are classified as game fish by the Parks and Wildlife Commission. This includes, but is not limited to brown, brook, cutthroat, golden, lake (Mackinaw), and rainbow trout; cutbow (rainbow/cutthroat hybrids), spalke (lake trout/brook trout hybrids) and tiger trout (brown/brook trout hybrids); Arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, striped and white bass; wiper (striped bass/white bass hybrids); carp; bullhead, blue, channel and flathead catfish; black and white crappie; drum; northern pike; tiger trout; striped and white bass; wiper (striped bass/white bass hybrids); rainbow smelt; tench; walleye; bluegill; bluegill hybrids (bluegill/muskie; Sacramento and yellow perch; sauger; saugeye (walleye/sauger hybrids); channel and flathead catfish; black and white crappie; drum; northern pike; tiger trout; striped and white bass; wiper (striped bass/white bass hybrids); carp; bullhead, blue, channel and flathead catfish; black and white crappie; drum; northern pike; tiger trout; striped and white bass; wiper (striped bass/white bass hybrids); rainbow smelt; tench; walleye; bluegill; bluegill hybrids (bluegill/green sunfish); green, redear and pumpkinseed sunfish; gizzard shad; longnose and white suckers; and minnows.

- **GIG** is a barbed fork with one or more tines attached to a handle.

- **JUGS** means floats to which are attached a line and common hook.

- **MINNOW** means all members of the families of fish classified Cyprinidae (which includes, but is not limited to: carp, chub, dace, fathead minnow, shiner, stoneroller and tench), Cyprinodontidae (including but not limited to: killifish) and Clupeidae (gizzard shad), except those designated as nongame, threatened or endangered, or those designated as nonregulated. See pages 8–9 and Chapters 10 and 11 of CPW regulations online.

- **NATURAL STREAM** is one where water naturally flows regularly or intermittently for at least part of the year. Man-made ditches or other channels are not considered natural streams.

- **NET** means seine, dip net, gill net, cast net, trap net, hoop net or similar devices used to take or as an aid in taking fish, amphibians or crustaceans.

- **PERSONALLY ATTENDED LINE** means a rod and line, hand line, trotline, jug, seine, net, underwater spearfishing, archery, snagging or gigging.

- **SEINEING** means the capture of live fish with the use of a net that hangs vertically in the water and is used to enclose fish when its ends are pulled together, or are drawn ashore.

- **SLINGBOW** means a hand-held device, not drawn or held mechanically, with the arms or attachment points to which an elastic band is attached for propelling an arrow. Also includes string releases or mechanical releases which are hand-drawn and handheld, with no other attachment or connection to the slingbow other than to the bowstring. Wrist-brace attachments are considered normal components of a slingbow.

- **SNAGGING** is the taking of fish by snatching with hooks, gang hooks, artificial flies or lures, or similar devices where the fish is hooked in a part of the body other than the mouth.

- **TROTLINE** is a single, anchored line with a float at each end from which droplines are attached.
FISHING LAWS

LEGAL FISHING METHODS

1. ONE PERSONALLY ATTENDED LINE: Each line shall have only three common hooks attached.

2. TROT LINES
   a. Permitted only on these reservoirs (as listed in this brochure): Adobe Creek, Bonny, Henry, Horse Creek, John Martin, Meredith, Nee Gronda, Nees Noshe, Nees So Pah, Queens (North and South), Thurston and Two Buttes.
   b. No one may use more than one trotline.
   c. Must be anchored, marked at each end by floats, be no longer than 150 feet with no more than 25 droplines, and shall be weighted to place the line at least 3 feet under water.
   d. Only three barbed hooks allowed on a common hook on each dropline.
   e. Must be tagged with the user’s CID number and date set or user’s name when CID is unavailable.
   f. All trotlines shall be personally checked at least once every 24-hour period.

3. JUGS
   a. Permitted only on these reservoirs (as listed in this brochure): Adobe Creek, Bonny, Henry, Horse Creek, John Martin, Meredith, Nee Gronda, Nees Noshe, Nees So Pah, Queens (North and South), Thurston and Two Buttes.
   b. Only 10 jugs are allowed for each license holder, each with only one single line and one common hook.
   c. Must be tagged with the user’s CID number or name when CID is unavailable.
   d. Must be personally checked at least once an hour.

4. UNDERWATER SPEARFISHING, ARCHERY, SLINGBOWS AND GIGS
   Bow anglers are advised to reference the current State Recreation Lands brochure for more regulations on waters that allow archery fishing.
   a. Underwater spearfishing, archery, slingsbows and gigs may be used statewide for the taking of carp and northern pike, except as prohibited by these regulations or land management agencies. East of the Continental Divide: gizzard shad and white or longnose suckers may also be taken, unless otherwise prohibited in Special Regulations: Fishing Waters, pages 11–39. Other fish may be taken when authorized for specific waters in the regulation section.

SPECIAL CONDITIONS & RESTRICTIONS

THREATENED, ENDANGERED & NONGAME SPECIES
If caught, these species must be returned to the water immediately. Except, taking greenback cutthroat trout is permitted in specific waters and with restrictions as listed in this brochure.

IT IS ILLEGAL TO TAKE OR USE THE FOLLOWING: Arkansas darter, bluehead sucker, bonytail chub, boreal toad, brassy minnow, Colorado pikeminnow, common shiner, flannelmouth sucker, flathead chub, greenback cutthroat trout, humpback chub, Iowa darter, lake chub, mollusks, mountain sucker, northern leopard frog, northern redbelly dace, plains leopard frog, plains minnow, plains topminnow, plains orangeharp darter, razorback sucker, Rio Grande chub, Rio Grande sucker, river shiner, roundtail chub, southern redbelly dace, stonecat, suckermouth minnow, wood frog and Woodhouse’s toad.

1. CATCH AND RELEASE: Any fish released upon catch must be released alive and into the same body of water from which it was taken.

2. PROHIBITED FISHING METHODS INCLUDE: Chumming, using toxicants or poisons, stupefying substances, electrofishing.

3. ALLOWABLE SPECIES — THE FOLLOWING AQUATIC WILDLIFE MAY BE POSSESSED BY ANY PERSON IN THE STATE OF COLORADO:
   a. AMPHIBIANS: Bullfrogs; aquatic gilled forms of tiger salamanders; any amphibians allowed under Chapter W-10 regulations; any amphibian designated as unregulated wildlife under Chapter W-11 regulations: cpw.state.co.us/regulations
   b. CRUSTACEANS: The following crustaceans may be possessed east of the Continental Divide: virile crayfish, water nymph crayfish, calico crayfish, ringed crayfish and Southern Plains crayfish. Take methods include by hand, baited lines, traps, pots, nets or seines for food or bait. Taking crustaceans, crayfish, with a commercial fishing license is allowed with the following restrictions: The minimum size is 3 inches for commercial food (measured from the tip of the acumen (bony spike between the eye) to the telson (last bony plate in the tail)); crayfish with eggs attached must be returned to the water immediately; all set pots and traps must be labeled with the user’s CID number or user’s name if CID is unavailable.

   Only the following species are allowed to be possessed east of the Continental Divide: virile crayfish, water nymph crayfish, calico crayfish, ringed crayfish and Southern Plains crayfish. All other species are not allowed to be possessed in Colorado.

   In all waters west of the Continental Divide and from Sanchez Reservoir SWA, all crayfish must be returned to the water of origin immediately or killed by separating the abdomen from the cephalothorax (tail from body) and taken into possession immediately upon catch.

   c. FISH: Brown, brook, cutthroat, golden, lake and rainbow trout, and their hybrids; arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, striped and white bass; wipers; common carp; tripod grass carp; bullhead, blue, channel and flathead catfish; black and white crappie; drum; northern pike; tiger muskie; Sacramento and yellow perch, and their hybrids; sauger and saugeye; speckled dace; rainbow smelt; tench; walleye; bluegill and bluegill hybrids; green, redear

NOTE: It is illegal to fish on private property without first getting permission from the landowner.
and pumpkin-seed sunfish; gizzard shad, longnose and white suckers; fathead minnow; families of fish classified Cyprinidae except for bighead carp, black carp and silver carp; any fish designated as unregulated wildlife under regulations. **All other species are prohibited for possession by any person in Colorado.**

### 4. USE AND COLLECTION OF BAIT FISH:

- a. Except as otherwise noted in this brochure, in waters east of the Continental Divide and below 7,000 feet elevation, live fish collected for use as bait may only be used in the same body of water from which they were collected. In addition, collection and use is allowed in any man-made ditches and canals within one-half of a mile of the adjoining lake or reservoir. Use of any baitfish collected in those ditches and canals is restricted to only the water from which it was collected and the adjoining lake or reservoir. Baitfish collected under this provision may not be otherwise transported or stored for later use.

- b. The collection, use or possession of live fish for use as bait is prohibited in all waters east of the Continental Divide above 7,000 feet elevation and all waters west of the Continental Divide, except in Navajo Reservoir; collection, use or possession of live fish for bait is also prohibited in the Arkansas River above Parkdale (in Fremont and Chaffee counties) and in Watson Lake in Larimer County.

- c. In Baca, Bent, Crowley, Kiowa, Otero and Prowers counties, live fish collected for personal use as bait may be transported, stored or used anywhere within these counties. Transportation to, or use of, any such baitfish in any other county is prohibited.

- d. The only fish allowed to be taken for commercial use are minnows, gizzard shad, white and longnose suckers and carp. All live aquatic organisms from a commercial source and transported by anglers must at all times be accompanied by a receipt from the source. It is illegal to import any live native or non-native aquatic wildlife into Colorado without authorization from CPW or as stated in regulations.

- e. The only species allowed to be taken and used for personal use as bait (either alive or dead) by fishing, seining, netting, trapping or dipping are minnows, bluegill, hybrid bluegill, carp, sunfish, gizzard shad, sculpin, white and longnose suckers, yellow perch and rainbow smelt. Statewide bag limits apply to sunfish, bluegill, hybrid bluegills and yellow perch. The seining, netting, trapping and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage. This does not apply to fish handled or produced at commercial licensed aquatic facilities.

- f. The seining, netting, trapping and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage. This does not apply to fish handled or produced at commercial licensed aquatic facilities.

- g. **BULLFROGS AND SALAMANDERS:** Bullfrogs and the aquatic gilled form of the tiger salamander for private and commercial use are permitted. Statewide bag limits apply. Bullfrogs can be taken by fishing, archery, hand, gigs and nets. Artificial light is allowed. Salamander larvae can be taken by fishing, hand, traps, seines or nets.

- h. **MOLLUSKS:** Taking mollusks is prohibited.

### 5. ICE FISHING:

The following rules apply to waters open for ice fishing:

- a. Ice-fishing holes cannot exceed 10 inches in diameter, or 10 inches on any side.

- b. All fires on the ice must be enclosed in a container.

- c. No litter allowed on the ice.

- d. Portable ice-fishing shelters (where permitted) must be removed at the end of the day.

- e. Permanent ice-fishing shelters (where permitted) must display the name and CID number of the owner or user on the outside of the shelter facing the shore. Writing must be in legible, contrasting color letters at least 2 inches high.

### 6. TAGGING FISH & RELEASING TAGGED FISH:

- a. Except as otherwise noted in this brochure, in waters east of the Continental Divide and below 7,000 feet elevation, live fish collected for use as bait may only be used in the same body of water from which they were collected. In addition, collection and use is allowed in any man-made ditches and canals within one-half of a mile of the adjoining lake or reservoir. Use of any baitfish collected in those ditches and canals is restricted to only the water from which it was collected and the adjoining lake or reservoir. Baitfish collected under this provision may not be otherwise transported or stored for later use.

- b. The collection, use or possession of live fish for use as bait is prohibited in all waters east of the Continental Divide above 7,000 feet elevation and all waters west of the Continental Divide, except in Navajo Reservoir; collection, use or possession of live fish for bait is also prohibited in the Arkansas River above Parkdale (in Fremont and Chaffee counties) and in Watson Lake in Larimer County.

- c. In Baca, Bent, Crowley, Kiowa, Otero and Prowers counties, live fish collected for personal use as bait may be transported, stored or used anywhere within these counties. Transportation to, or use of, any such baitfish in any other county is prohibited.

- d. The only fish allowed to be taken for commercial use are minnows, gizzard shad, white and longnose suckers and carp. All live aquatic organisms from a commercial source and transported by anglers must at all times be accompanied by a receipt from the source. It is illegal to import any live native or non-native aquatic wildlife into Colorado without authorization from CPW or as stated in regulations.

- e. The only species allowed to be taken and used for personal use as bait (either alive or dead) by fishing, seining, netting, trapping or dipping are minnows, bluegill, hybrid bluegill, carp, sunfish, gizzard shad, sculpin, white and longnose suckers, yellow perch and rainbow smelt. Statewide bag limits apply to sunfish, bluegill, hybrid bluegills and yellow perch. The seining, netting, trapping and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage. This does not apply to fish handled or produced at commercial licensed aquatic facilities.

- f. The seining, netting, trapping and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage. This does not apply to fish handled or produced at commercial licensed aquatic facilities.

- g. **BULLFROGS AND SALAMANDERS:** Bullfrogs and the aquatic gilled form of the tiger salamander for private and commercial use are permitted. Statewide bag limits apply. Bullfrogs can be taken by fishing, archery, hand, gigs and nets. Artificial light is allowed. Salamander larvae can be taken by fishing, hand, traps, seines or nets.

- h. **MOLLUSKS:** Taking mollusks is prohibited.

- 1. **ICE FISHING:** The following rules apply to waters open for ice fishing:

- a. Ice-fishing holes cannot exceed 10 inches in diameter, or 10 inches on any side.

- b. All fires on the ice must be enclosed in a container.

- c. No litter allowed on the ice.

- d. Portable ice-fishing shelters (where permitted) must be removed at the end of the day.

- e. Permanent ice-fishing shelters (where permitted) must display the name and CID number of the owner or user on the outside of the shelter facing the shore. Writing must be in legible, contrasting color letters at least 2 inches high.

### 7. DONATING FISH:

You can donate edible parts of fish to like-license holders anywhere or to anyone at the recipient's home. Donor and recipient subject to bag and possession limits. A “like-license” is a Colorado fishing license.

### 8. TRANSPORTING, EXPORTING FISH:

The license holder must accompany any species in this brochure, or parts of game fish, that are transported within or exported from Colorado. Wildlife shipped by common carrier must be accompanied by license or photocopy of license and donation certificate, if needed.

### 9. ILLEGAL TAKE AND TRANSFER OF FISH:

- a. Molesting, disturbing or damaging gilt nets, traps or seines set by CPW is prohibited.

### 10. EMERGENCY CLOSURE OF FISHING WATERS:

Emergency closure of waters may be authorized for up to nine months when environmental conditions in these waters warrant and fishing could result in unacceptable levels of fish mortality. Public notice will be given if waters are closed and notice will be posted at the site. Closures may occur when any of these criteria are met:

- a. Daily maximum water temperatures exceed 74 degrees F or the daily average temperature exceeds 72 degrees F.

- b. Measured stream flows are 25 percent or less of the historical average low flow for the period.

- c. Fungi or other visible signs of deterioration may be present.

- d. Daily minimum dissolved oxygen levels are below five parts per million (ppm).

- e. When environmental events such as wildfires, mudslides, oil spills or similar events have occurred, resulting in the need for recovery time or remedial action for a fish population.

### 11. PROTECTED WATERS:

Fishing may be prohibited as posted to protect threatened or endangered species, spawning areas, waters used in CPW research projects, newly acquired access to fishing waters and the integrity of aquatic wildlife.

### 12. EMERGENCY PUBLIC SALVAGE:

If substantial numbers of fish are in imminent danger of being lost, CPW can allow licensed anglers to take fish during daylight hours. Public notice will be given and notice will be posted at the site regarding the catch limit and approved fishing methods.

### 13. FISHING CONTESTS:

Fishing contests cannot be advertised, promoted or conducted without CPW approval if the purpose is to take marked or tagged fish released in waters open to public fishing.

Applications and a $40 nonrefundable fee must be made 60 days before the contest. Written approval must be obtained from landowners or agencies before applying. Contests are not permitted on streams, rivers, other flowing water or Gold Medal Waters, or commercial or private lakes licensed by CPW. All standard fishing regulations apply.

Contests for tagged or marked trout will be permitted only on waters greater than 200 surface acres and managed as a catchable fishery. Public fishing areas will remain open during a contest, regardless of contest fees. Sponsors shall document the number of participants, average time spent fishing and estimated total catch by species in a written report for CPW within 20 days of the contest end.

**4 EASY STEPS TO ADD YOUR EMAIL ADDRESS:**

1. Go to [cpw.state.co.us](http://cpw.state.co.us)
2. Click "Fishing Report"
3. Click "Sign Up"
4. Enter your email address and submit.

The CPW Call Center can also assist you: 303-297-1192
STATEWIDE BAG & POSSESSION LIMITS

READING THE LIMITS CHART
Statewide limits for species are listed in the chart to the right. Species not on this chart have no bag or possession limits or are restricted or illegal to take. See Special Conditions and Restrictions, page 8.

Some waters have more restrictive limits than what is listed on the chart. See Special Regulations: Fishing Waters, pages 11–39, for the area you plan to fish to learn more about specific waters. If a water is not on the list or no bag limit is specified, these statewide limits apply.

FISHING IN STATE PARKS AND NATIONAL PARKS
Fishing is available at most of Colorado’s state parks. If you plan a fishing trip to these waters, check the CPW Park Finder for any additional entrance fees and restrictions that may apply where you’re going: cpw.state.co.us/fish/parkfinder

National parks also offer fishing opportunities around the state, but may have different bag limits and regulations. One example of this is at Rocky Mountain National Park.

DAILY BAG LIMIT
Maximum number of fish you can take in a day, regardless of what you do with them that day.
- Fish caught and placed on a stringer, in a container or live well, or not returned to the same water immediately count in your daily bag or possession limit.
- Fish released immediately are not part of the limit.

POSSESSION LIMIT
Maximum number of fish allowed at any time, including in the field, transporting, at home or in storage. Transporting live fish without proper permits is prohibited.
- Fish taken and later smoked, canned, frozen or preserved for consumption are part of the possession limit until consumed.

* in aggregate means the limit may consist of one species or a mixed bag of more than one species.

MAP: WIPER/WHITE BASS AND WALLEYE/SAUGEYE BAG LIMITS
The map below outlines the general areas of the Arkansas and South Republican River drainages (green) and the South Platte and North Republican drainages (yellow). If you are fishing for wiper, white bass, walleye or saugeye in these areas, the daily bag and possession limits are different for the two areas on the map. See the Statewide Limits chart at right for details.
SPECIAL REGULATIONS: FISHING WATERS

GOLD MEDAL WATERS: Waters that offer the greatest potential for trophy trout fishing. See page 5 for details.

ORANGE WATER NAMES: Waters listed in orange alert that regulations for that water have changed since last year, or that the waters are newly added to this brochure.

FISHING MAPS ARE ONLINE: PDFs of the maps in the brochure are available online. Store them on your smartphone for use in the field: cpw.state.co.us/fish/maps

THE FOLLOWING WATERS AND CPW PROPERTIES HAVE MORE RESTRICTIVE FISHING REGULATIONS THAN STANDARD BAG AND POSSESSION LIMITS, manner of take, fishing hours, etc. If a specific water doesn’t appear in this list, statewide regulations (page 10) apply.

ATTENTION! This brochure includes fishing regulations. State wildlife areas have additional access and land regulations. If you plan to visit a SWA, you must consult CPW’s current State Recreation Lands brochure for specific property regulations.

Special regulations are designed to provide the best fishing and maintain the long-term welfare of fish. They include bag limits, size limits and harvest restrictions.

By reducing bag limits and requiring that certain fish be returned to the water, larger fish may result. While many streams and rivers support a daily bag and possession limit, anglers are asked to reduce their harvest by practicing voluntary, selective harvest.

AMERICAN LAKES (SNOW AND MICHIGAN LAKES) — JACKSON
1. Artificial flies and lures only.
2. Bag and possession limit for trout is 2.

ANIMAS RIVER — LA PLATA
FROM THE CONFLUENCE WITH LIGHTNIGHT CREEK TO THE RIVERA CROSSING BRIDGE:
1. Artificial flies and lures only.
2. Bag, possession and min. size for trout is 2, 16 inches long.

FROM THE CONFLUENCE WITH HERMOSA CREEK DOWNSTREAM TO THE STATE LINE:
1. No bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

ANTELOPE CREEK, WEST — GUNNISON
MAP: PAGE 19
1. Artificial flies and lures only.
2. Cutthroat must be returned to water immediately.

ANTERO RESERVOIR — PARK
MAP: PAGE 30
1. Bag and possession limit for trout is 2.
2. Ice-fishing shelters must be portable.

APACHE CREEK, NORTH AND SOUTH FORKS — HUERFANO
FROM THE HEADWATERS DOWNSTREAM TO THE USFS BOUNDARY:
1. Fishing prohibited.

ARAPAHOE BEND NATURAL AREA (BASS, BEAVER, CORMORANT AND SNAPPER PONDS) — LARIMER
1. Min. size for largemouth and smallmouth bass is 15 inches long.

Upper Colorado River - Headwaters to Radium

Lake Regulations
Statewide regulations apply to all waters except:
Grand Lake - 4 lake trout limit; Only 1 lake trout greater than 36 inches;
All lake trout 26 - 36 inches must be released; Portable ice fishing shelters only;
Gaffs and tail snare prohibited
Lake Granby - 4 lake trout limit; From Jan. 1 - Aug. 31, limit for trout
(except lake trout) and kokanee is 4, singly or in aggregate; From Sept. 1
- Dec. 31, limit for trout (except lake trout) is 4, singly or in aggregate;
From Sept. 1 - Dec. 31, limit for kokanee is 10; Snagging kokanee permitted
from Sept. 1 - Dec. 31 except in Columbine Bay from the inlet of Twin Creek
upstream; Gaffs and tail snare prohibited; Portable ice fishing shelters only
Columbine Bay, Lake Granby - Fishing prohibited Oct. 1 - Dec. 31 from the
Twin Creek inlet upstream
Shadow Mountain Reservoir - Portable ice fishing shelters only
Williams Fork Reservoir - Snagging kokanee permitted Sept. 1 - Dec. 31;
Northern pike from 26 - 34 inches must be released; Use of spearfishing, archery,
slinbows and gigs prohibited for take of northern pike; 8 lake trout limit; Only 1 lake
trout greater than 36 inches; Portable ice fishing shelters only; Gaffs and tail snare
prohibited; Portable ice fishing shelters only
Willow Creek Reservoir - Portable ice fishing shelters only
Wolford Mountain Reservoir - Access prohibited within 150 feet of any kokanee
spawning trap or wing net Oct. 1-Dec. 31.

River Regulations
Statewide regulations apply to all waters except:
A. Fly/lure only; All cutthroat must be released
B. Fly/lure only; All rainbow must be released
C. 2 trout limit
D. Fly/lure only; All trout must be released
E. Fly/lure only; 2 trout limit
F. Snagging prohibited; Fishing prohibited Oct. 1 - Dec. 31
G. Fishing and snagging prohibited Sept. 15 - Nov. 30; Snagging kokanee permitted Sept. 1 - Sept. 14 and Dec. 1 - Dec. 31;
Northern pike from 24 - 36 inches must be released
H. Fly/lure only; All trout must be released; *Non-native fish regulation
I. 2 trout limit; *Non-native fish regulation
*Non-native fish regulation - No limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie

For Colorado River Regulations below Radium please see Middle Colorado and Eagle Rivers map
The rugged topography of the Rocky Mountain West has led to stream isolation and, in turn, the evolution of 14 recognized subspecies of cutthroat trout, making it the most diverse and wide-ranging trout species in North America.

The greenback, Colorado River and Rio Grande cutthroat trout still call Colorado home, but all three have endured dramatic reductions in their native ranges, primarily due to the introduction of non-native trout.

Rainbow trout hybridize with native cutthroat trout, while brook and brown trout tend to replace them in streams and rivers where they occur together.

All three cutthroat trout subspecies are either currently listed or have been petitioned to be listed under the Endangered Species Act as a result.

In an effort to preserve the legacy of these prized game fish, multiagency conservation teams have been established for each subspecies. Aquatic biologists on these teams use a variety of conservation measures to reclaim historic habitats and establish new populations.

**PROTECTED CUTTHROAT WATERS**

Various cutthroat waters, specifically those considered Cutthroat Conservation and Recreation Waters, are protected throughout the state.

In these waters, fishing is allowed by artificial flies and lures only, and all cutthroat trout must be returned to the water immediately upon catch.

These restrictions protect the growing number of cutthroat trout streams and lakes that are being included in conservation and recovery efforts.
Upper Gunnison Basin - Taylor Park Reservoir to Blue Mesa Reservoir

River Regulations
Statewide regulations apply to all waters except:

A - Fly/lure only; All cutthroat must be released
B - Fly/lure only; All trout must be released
C - Fishing prohibited as posted
D - Fly/lure only; 2 trout limit, maximum 12 inches; No taking of kokanee
E - Fly/lure only; 2 trout limit, maximum 12 inches; No taking of kokanee; Fishing prohibited Aug. 1-Oct. 31
F - Fly/lure only; 2 brown trout limit, minimum 16 inches; All rainbow trout must be released; No taking of kokanee Aug. 1-Oct. 31; Snagging kokanee permitted Nov. 1-Dec. 31
G - Fly/lure only; All fish must be released
H - Fly/lure only; 2 brown trout limit, minimum 16 inches; All rainbow trout must be released
I - 2 trout limit
J - Snagging kokanee permitted Sept. 1-Dec. 31

Lake Regulations
Statewide regulations apply to all waters except:

Blue Mesa Reservoir - Ice fishing shelters must be portable; No bag or possession limit for lake trout; Only 1 lake trout over 32 inches per day; Snagging kokanee permitted Nov. 1-Dec. 31; Bag limit for kokanee is 5; Possession limit for kokanee is 10
Morrow Point Reservoir - Snagging kokanee permitted Sept. 1-Dec. 31
Taylor Park Reservoir - Snagging kokanee permitted Sept. 1-Dec. 31; Gaffs and tail snares prohibited; 3 lake trout limit; Only one lake trout over 26 inches per day

For Gunnison River regulations below Blue Mesa Reservoir see Lower Gunnison Basin Map
DIXON LAKE — LARIMER
1. Min. size for largemouth and smallmouth bass is 15 inches long.

DOLORES RIVER — DOLORES, MESA, MONTEZUMA, MONTROSE, SAN MIGUEL
FROM CONFLUENCE WITH WEST FORK OF THE DOLORES RIVER DOWNSTREAM TO THE STANDING WATER LINE OF MCPHEE RESERVOIR:
1. Taking kokanee prohibited except Nov. 15–Dec. 31 when snagging permitted.

FROM MCPHEE DAM DOWNSTREAM APPROXIMATELY 11 MILES TO THE BRADFIELD BRIDGE:
1. Artificial flies and lures only.
2. Trout must be returned to water immediately.

FROM MCPHEE DAM DOWNSTREAM TO THE STATE LINE:
1. No bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

1. No bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.
COLORADO FISH IDENTIFICATION

IDENTIFICATION TIPS FOR COMMON GAME SPECIES

TROUT FAMILY

RAINBOW TROUT
Black spots on a light body, red stripe along sides

BROWN TROUT
Spotting pattern is made up of black spots; red-orange spots inside light blue circles

BROOK TROUT
Pectoral, pelvic and anal fins often orange, edged with black and white; body is dark with white and red spots inside blue circles

LAKE TROUT (MACKINAW)
Has a white, irregular spot pattern on dark body; veriform markings over back and head; unlike other trout, they have a deeply indented tail fin

TIGER TROUT
Cross between a brown trout and a brook trout; pronounced stripes on body, resembling a tiger

BROWN TROUT
Spotting pattern is made up of black spots; red-orange spots inside light blue circles

CUTTHROAT (NATIVE) TROUT
Crimson slash on either side of the throat beneath the lower jaw; heavier spotting towards the tail

LAKE TROUT (MACKINAW)
Has a white, irregular spot pattern on dark body; veriform markings over back and head; unlike other trout, they have a deeply indented tail fin

TIGER TROUT
Cross between a brown trout and a brook trout; pronounced stripes on body, resembling a tiger

PIKE

NORTHERN PIKE
Horizontal rows of light-colored round/oval spots, on dark background

PIKE

TIGER MUSKIE
Northern pike and muskie hybrid; irregular, dark-colored vertical markings on a light background; long snout

PIKE

SMALLMOUTH BASS
Upper jaw does not extend beyond eye; fish usually has vertical stripes along sides

PIKE

LARGEMOUTH BASS
Upper jaw extends beyond eye; often has horizontal stripe extending the length of body

PIKE

TIGER TROUT
Cross between a brown trout and a brook trout; pronounced stripes on body, resembling a tiger

PIKE

SAUGER
Spotted dorsal fin; no white tip on tail; darker color

PIKE

SAGEYE
Walleye-sauger hybrid with black mottling marks on body; black color between dorsal fins

PIKE

YELLOW PERCH
Two separate dorsal fins; large vertical dark stripes on yellow sides

PIKE

CHANNEL CATFISH
Barbels (whiskers); forked tail; sporadic black spotting

PIKE

WALLEYE
Two separate dorsal fins; large, well-developed canine teeth; large eyes with milky corneas; white-tipped tail

PIKE

BASS

SMALLMOUTH BASS
Upper jaw does not extend beyond eye; fish usually has vertical stripes along sides

BASS

LARGEMOUTH BASS
Upper jaw extends beyond eye; often has horizontal stripe extending the length of body

BASS

WIPER
Hybrid between white bass and striped bass

BASS

WALLEYE
Two separate dorsal fins; large, well-developed canine teeth; large eyes with milky corneas; white-tipped tail

BASS

WALLEYE
Two separate dorsal fins; large, well-developed canine teeth; large eyes with milky corneas; white-tipped tail

BASS

WALLEYE
Two separate dorsal fins; large, well-developed canine teeth; large eyes with milky corneas; white-tipped tail

BASS
ARCTIC CHAR
Long, slender with small, pointed head; light spots on body; leading edge of lower fins are milk white; fine scales with smooth, slippery skin

SPLAKE
Cross between a brook trout and a lake trout; tri-colored pelvic fins; slightly forked tails

GRAYLING
Large sail-like dorsal fin; silver body; small mouths and body

GREEN SUNFISH
Olive-colored body with short, rounded pectoral fins with yellow trim

REDEAR SUNFISH
Similar to bluegill, but with dark colors on top and lighter yellow-green on the belly; males have cherry-red opercle (ear flap), females have orange

BLUEGILL
Opercle (ear flap) is dark to its edge and a dark blotch at the back of dorsal fin rays; small mouth

BLACK CRAPPIE
Black splotches on a silver body; dorsal spines and rays get longer as they approach the tail

WESTERN SLOPE NATIVE FISH THAT MUST BE RELEASED
Anglers may possibly catch these species if fishing in the Colorado River Basin. These fish must be returned to the water unharmed as quickly as possible. See page 8 for a full list of protected species to be released.

HUMBBACK CHUB
Green to silver and white with an abrupt hump behind the head

BONYTAIL CHUB
Slight hump and a long, narrow tail

COLORADO PIKEMINNOW
Adults may be green-gray to bronze on backs and silver to white along sides and bottoms

RAZORBACK SUCKER
Bronze to yellow fish with a sharp-edged keel behind the head

HOW TO RELEASE A FISH
If you practice catch and release while fishing, follow these steps to ensure the fish returns to the water with minimal damage. Any fish you plan to release MUST be returned to the water immediately.

▶ TIME IS ESSENTIAL. Quickly play and release fish. A fish played for too long will be too exhausted to recover.
▶ KEEP FISH IN THE WATER as much as possible.
▶ REMOVE THE HOOK AS QUICKLY AS POSSIBLE. Single barbless hooks can often be removed while the fish is still in the water.
▶ GENTLE HANDLING IS ESSENTIAL. Avoid squeezing or putting your fingers in the gills or eye sockets. It's best to hold a fish gently by its belly or by the area in front of the tail.
▶ TO REVIVE AN UNCONSCIOUS FISH hold it upright in the water. Move the fish forward and backward so that water runs through the gills. This may take a few minutes. When it begins to struggle, release it.
▶ WHEN PHOTOGRAPHING A FISH, hold it horizontally and do not squeeze the fish. Do not put your hands in its gills or hold it vertical by its gills.

HOW TO SAFELY REMOVE HOOKS
Use a pair of forceps, longnosed pliers or a purposely made hook-out to quickly, efficiently remove the hook.
If the fish is hooked deep in the throat or stomach, cut the line as close to the hook as possible and leave the hook in the fish — it could do more damage trying to remove a deeply set hook than leaving it where it is.
Take a friend fishing.

ENTER TO WIN GREAT PRIZES FROM COLORADO COMPANIES

WARNING!
DO NOT TRANSPANT FISH

The unauthorized transplanting or stocking of fish into any body of water is ILLEGAL. This includes live bait or aquarium fish. It causes severe damage to public fisheries, harms the environment and is highly unethical.

THE PENALTIES INCLUDE:
- Significant fines, up to $5,000.
- Permanent loss of your hunting and fishing privileges.
- Paying up to hundreds of thousands of dollars to reclaim the body of water.
