PURPOSE:

To request the State Recreational Trails Committee’s (the Committee) approval for the Snowmobile Capital Grant Review and Ranking Subcommittee’s grant rankings and funding recommendations for the 2019-2020 Snowmobile Capital Grants.

BACKGROUND INFORMATION:

The State Trails Program, a statewide program within Colorado’s Parks and Wildlife Division (CPW), administers grants for trail-related projects on an annual basis. Local, county, and state governments, federal agencies, special recreation districts, and non-profit organizations with management responsibilities over public lands may apply for and are eligible to receive snowmobile capital grants.

**Colorado’s Snowmobile Program**

The Snowmobile Program is statutorily created, C.R.S. 33-14-101 through 33-14-119, and is funded through the sale of snowmobile registrations and use permits. It is estimated that over 33,000 vehicles will be registered in the 2019-2020 season. The price of an annual snowmobile registration is \$30.25. Funds are used to support the Statewide Snowmobile Capital Grant and Grooming Programs as well as support for snowmobile registration operations. Funding is also made available to support safety, education and enforcement patrols. The program’s primary goal is to improve and enhance snowmobile recreation opportunities across the state while promoting the safe and responsible use of snowmobiles. The Snowmobile Program partners with the Colorado Snowmobile Association (CSA) who represents organized snowmobiling within the state. There are 35 snowmobile clubs under the CSA umbrella; of these 35 clubs, 27 of them participate in the state wide grooming program. Last year, \$710,000.00 was provided from the snowmobile recreation fund to grooming clubs to maintain and sign over 2700 miles of winter trails which are open to all winter sports enthusiasts. Grooming funds enable the clubs to cover the costs of fuel, insurance, equipment maintenance and repairs. Clubs that groom typically apply for capital grant funding to assist with the purchase of grooming equipment, construction of facilities to house equipment or trailhead improvements.

## **GRANT APPLICATION REVIEW PROCESS:**

Snowmobile Capital Grant applications are sent out by e-mail, ground mail and are posted on the Department of Natural Resources, Colorado Parks & Wildlife OHV'S & Snowmobiles Trails website. The grant program is publicized through newsletters, the State website, and e-mail information networks. Technical assistance for grant preparation is provided by the State Trails Coordinators to potential applicants requesting assistance.

The Parks and Wildlife Commission (the Commission) has authorized a subcommittee structure to oversee and organize the grant selection process. Subcommittee members are appointed for the purpose of reviewing and ranking grants and compiling funding recommendations for the Committee.

### **Snowmobile Capital Grant Review and Ranking Process**

The subcommittee conducts a fair and comprehensive review of all grant applications submitted before making recommendations to the Committee. All projects are evaluated and ranked against each other. The Snowmobile Capital grant review and ranking procedure follows a three-tiered recommendation and approval process. Applications are scored and evaluated by the Snowmobile Grant Review and Ranking Subcommittee which ranks the applications in order of recommended funding priority. The ranked applications are passed to the State Trails Committee which evaluates the applications in ranked order and recommends funding strategies to the Commission. Commission gives final approval of the projects recommended for funding. Public input is solicited as part of the grant review process. Public comment is accepted by e-mail, letter, and during public meetings.

### **Snowmobile Capital Grant Review and Ranking Subcommittee**

The Snowmobile Capital Grant Review and Ranking Subcommittee is comprised of fourteen (14) scoring members including the subcommittee Chairperson who is a member of the State Trails Committee chosen by the Commission to represent snowmobile interests, and nine (9) snowmobile district representatives, one from each of the state's 9 designated snowmobile areas, who are appointed by the Chairperson; and four (4) Colorado Parks and Wildlife Regional Trail Coordinators.

*Appendix A* lists the members of the Snowmobile Subcommittee members and the area they represent.

### **2019-2020 Snowmobile Capital Grant Applications**

Snowmobile Capital Grant applications were due April 9, 2019. Applications for Thirteen (13) eligible projects were received prior to the April 9th deadline for a total grant request of \$674,353.75. Applicants made presentations to the Snowmobile Subcommittee on May 18, 2019 in Glenwood Springs, CO.

Also at this meeting, the subcommittee discussed a proposal to allocate \$24,300.00 to offset the cost of liability insurance that grooming clubs are required by the state to maintain throughout the contract period. William Hall made a motion to implement the proposal, and Ray Doble seconded it. The motion passed unanimously.

**FUNDING:**

Available funding for the 2019-2020 Snowmobile Capital Grant cycle is \$556,908.00 from the following funding source:

	<b>Total Dollars</b>
<b>Snowmobile Program Registration Funds</b>	<b>\$432,400.00</b>
<b>Federal RTP Funds</b>	<b>\$124,508.00</b>

**DISCUSSION AND SUMMARY:**

Considering the Trails’ Program’s Strategic Plan, the Statewide Comprehensive Outdoor Recreation Plan (SCORP) and input from the Trails Program staff, the Snowmobile subcommittee recommends priority funding of:

<b>Grant Category</b>	<b>Number of Grants</b>	<b>Proposed Funding</b>
<b>Snowmobile Capital Grants</b>	<b>13</b>	<b>\$556,908.00</b>

*Appendix B* is the summaries of the Snowmobile Capital grant applications with their rankings and recommended funding levels.

**DIVISION RECOMMENDATION:**

CPW staff and the Snowmobile Grant Review and Ranking Subcommittee have recommended the attached 2019-2020 Snowmobile Capital Grants ranking and funding list (*Appendix C*) for the Sub-committee’s review and recommendation. It is suggested that minor adjustments of project funding levels be permitted at the discretion of the CPW Director or his designee. Furthermore, it is recommended that any additional federal project money that is received be rolled over into the 2020-2021 snowmobile capital grant cycle, or into the 2019 - 2020 grooming season.

**SUGGESTED MOTION:**

“In accordance with section 33-11-106 and 33-14-106, Colorado Revised Statutes, I move that the State Recreational Trails Committee approve the 2019-2020 Snowmobile Capital Grant ranking and funding recommendations as provided by the Snowmobile Grant Review and Ranking subcommittee. The committee recommends moving this item to the Parks and Wildlife Commission for their approval. The Committee further recommends that minor adjustments of project funding levels be permitted at the discretion of the Colorado Parks and Wildlife Division to address changes in available funding amounts and funding amounts requested, provided the recommended projects all receive a substantial amount of the funding as otherwise recommended by this Committee.”
