### Calculating Match for Non-Motorized Grant Requests

#### Minimum Match Requirement (for all Applicants)

The minimum amount of match shown on an application must be 20% of the total project cost (grant request plus match), which is equal to 25% of the Grant Request (see below).

Use this formula to calculate your match requirement:

$$\text{Minimum Match} = \text{Grant Request} \times 0.25$$

To check your math, enter your Grant request below and the form will calculate your match requirement.

**Your Grant Request:**

**Your Minimum Match Requirement:**

In addition to meeting the requirement above, at least 10% of the 25% match must be cash.

$$10\% \text{ Cash Requirement} = (\text{Minimum Match}) \times .10$$

**10% Minimum Match Requirement:**
