Heal the Land Build Community

8/17/2023

State Trails Program Attn: Fletcher Jacobs 13787 S Hwy 85 Littleton, CO 80125

Mr. Jacobs and the Trail Grant Committee:

Wildlands Restoration Volunteers' (WRV) Board of Directors hereby resolves to support two grant requests from CPW's Non-Motorized Trail Program. The Support Grant proposal will not exceed \$45,000 and the Trail Construction or Maintenance Grant proposal will not exceed \$250,000.

Volunteers are an essential component in the construction and maintenance of trails in Colorado. WRV has a proven history of designing, planning, and implementing sustainable trail projects with diverse partners and land management agencies. These grant requests are essential so WRV can implement priority trail work on lands owned by the public. We stand prepared to complete these projects if awarded, including all required reporting.

WRV's mission is to build diverse communities that care for the land. Since 1999, demand for our services has grown due to fires, floods, weed infestations, beetle outbreaks, and more that have affected lands and trails. WRV partners with many agencies on trail projects each year. But, our agency partners are still overwhelmed with a backlog of deferred trail maintenance. We are deeply thankful to the State Trails Program for making much of this work possible. By funding these requests, CPW will maks a crucial investment in helping multiple agency partners with needs for sustainable trail connections and serves many recreational groups from residents to tourists. On hehalf of WRV's Board of Directors, I urge you to fully fund these proposals. If you have any questions, please do not hesitate to reach out to me at aericksonlang@gmail.com.

Sincerely,

and En usu Lang

Ann Erickson Lang Board Chair

## Timeline

NON-MOTORIZED TRAILS GRANT APPLICATION

#### **PROJECT DETAILS**

Organization

Project title

TASK Mobilization, staffing, construction or maintenance elements, planning phases, etc.	Dates*	Dates	Dates	Dates	Dates	Dates	Dates
Administrative Close-out							

\*The timeline is an estimate of your project completion. Remember the project must be completed within 2.5 years of the award date. <u>Suggestion - use quarterly or multiple month time frames [Q2/XX; Jun-Sept XX]</u>. Initial grant expiration date will be June 30<sup>th</sup> or December 31<sup>st</sup>, dependent upon assigned funding source.

## **Criteria Questions**

NON-MOTORIZED TRAILS GRANT APPLICATION - SUPPORT

Organization

Project title

#### 1. PROJECT NEED

A. Give a detailed description of the project, including information such as how this will enhance volunteer capacity or deliver training and education to support trail users.

B. Describe how issues such as existing trail system management, wildlife and natural resource conservation, new trail development, and long-term maintenance will be addressed during this process.

C. How will this project demonstrate a significant improvement to community trail systems and larger connectivity throughout communities and existing trail systems?

15 points

#### 2. COMMUNITY BENEFIT

A. Describe the community that will benefit from this project. Include relevant demographic and economic data.

B. Describe why this support project is important at this time (resource damage, user safety, increased trail usage, etc.) and how this project will meet those needs.

C. What are the benefits of this effort to trail users and groups in the region and/or state?

#### 15 points

#### 3. PROJECT MANAGEMENT

A. Give a detailed description of who will perform the support work funded by this grant, and who will oversee operations. For example, will this project fund a staff person, volunteers, and/or contractor?

B. Outline any CPW State Trails funding received in the last five years and if the project(s) were completed on time, on budget and within scope. For applicants without prior State Trails funding, provide examples of similar grant funded projects. Include project title, year of award, grant amount, and grantor for each.

10 points

#### 4. PLANNING

A. Discuss the planning process that identified this project as a priority.

10 points

B. List all approved internal master or outdoor recreation plans and/or any external area, regional, or statewide plans this project supports and describe the benefit.

#### 5. OUTCOME

A. Describe the deliverables for the project. Include post-project monitoring and evaluation, volunteer stewardship/personnel and other trail system management stategies.

B. List (in bulleted form) and provide a brief description of each: Objectives, Tasks/Project Milestones, End product and/or deliverables.

#### 6. WILDLIFE AND NATURAL RESOURCES

A. Describe how potential impacts to wildlife and natural resources will be evaluated (using 'Planning Trails with Wildlife in Mind', mapping tools, etc.). Include any positive impacts this work will showcase.

B. Describe any wildlife and natural resources issues raised by CPW staff during the application consultation.

C. Explain how potential wildlife and natural resource impacts will be avoided, minimized, and/or mitiagated (trail realignment, seasonal closures (include dates), signage, gates, game cameras, etc.)

#### 7.<sup>1</sup>PUBLIC ENGAGEMENT & PARTNERSHIPS

A. Describe efforts you will undertake to engage the public, especially the community served by the project (number of meetings held, public comments, citizen surveys, etc.) through this grant.

B. Include how stakeholders (public agencies, conservation/stewardship/recreational groups, community organizations, school, and/or local businesses) will be identified and involved in the planning process.

C. Describe how potential opposition to this plan or its implementation will be identified, addressed and managed.

#### 8. BUDGET AND FUNDING

A. Describe the source of match for the project and when it will be secured. Include in-kind donations and partner contributions.

B. Describe any consequences if this funding application is unsuccessful (loss of partner funds, staff capacity, expiration of surveys, etc.).

#### COLORADO PARKS & WILDLIFE

Colorado Parks and Wildlife Nonmotorized Trails Program 13787 S. Highway 85 Littleton, CO 80125

Dear Trails Committee,

As the Chair of the Eagle Summit Wilderness Alliance (ESWA), I am writing to support Wildlands Restoration Volunteers' (WRV) Support Grant through the Colorado State Trails Program. We have partnered with WRV to accomplish important trail work over the past few years, and hope to continue this partnership to benefit the trails in our area.

ESWA is committed to the health and preservation of the three Wilderness Areas located in Eagle and Summit Counties, Colorado - Eagles Nest, Holy Cross, and Ptarmigan Peak. We deploy volunteers as Wilderness Rangers, sawyers, and in other outreach roles, but we are always thrilled to partner with organizations like WRV to accomplish additional work. This year, WRV completed one trail-clearing project which they accomplished with crosscut saws in Eagle's Nest Wilderness, and two projects repairing and improving the popular Surprise Lake Trail.

Thanks to the mountain pine beetle devastation that spread through Colorado from the 1990s to 2012, Summit County forests are filled with stands of dead trees. It's estimated that at least 70% of Summit County's mature lodgepole pines have succumbed to the beetle. In many other damaged forests around the country the number of fallen trees has permanently closed their trail systems. To keep ours open given the constraints of the USFS budget here in the Dillon Ranger District, volunteer groups such as ESWA and WRV are necessary. ESWA volunteers clears thousands of fallen trees blocking trails each summer. The State Trails program builds the capacity of our groups to do skilled trail work such as crosscut saw work, as well as the support needed to make these projects happen, like training llama wranglers.

We hope that you will award WRV with a State Trails Support Grant to allow them to continue and build on our prior partnership in maintaining our Summit County trails. If you have any questions, please call or email me: karnstieg@comcast.net 970-471-2298

We sincerely appreciate the State Trails Program's foresight and support. Thank you,

K\_\_\_\_\_-

Karn Stiegelmeier Chair, Eagle Summit Wilderness Alliance

#### Saving Wilderness.

Changing Lives.

September 28, 2023

Colorado Parks and Wildlife State Trails Program 13787 S. Hwy 85 Littleton, CO 80125

Dear Grants Review Committee:

The Indian Peak Wilderness welcomes over 150,000 visitors each year, making it one of the most heavily used Wilderness Areas in the country. With all of these visitors, maintenance is needed to keep the trails in good condition and protect the area's natural resources. The US Forest Service has a backlog of high priority work, which simply won't get done without partnerships with groups like WRV and Indian Peaks Wilderness Alliance (IPWA). That is why I am writing to support the important trail work which will be enabled by Wildlands Restoration Volunteers' Non-Motorized Trails Support Grant.

Since our inception in 1985, IPWA has worked to fulfill our mission to preserve and protect the Indian Peaks and James Peaks Wilderness Areas, including maintaining trails and restoring habitats. We partner with organizations like WRV to ensure that trails are effectively maintained to protect the wilderness from further damage. WRV's work on over a decade of Wilderness projects has contributed greatly to the preservation of these beautiful areas for future generations, and their ability to perform high-quality work in backcountry settings is an asset to the management of Indian Peaks and James Peak Wilderness Areas. Their volunteers have cleared trails of downed trees, built structures to keep foot traffic from impacting sensitive areas, and maintained trails to keep hikers from trampling vegetation. Helping WRV expand their capacity to bring groups of volunteers into the backcountry and safely complete projects will help us build on that success.

The Indian Peaks Wilderness Alliance supports this grant application, and we look forward to continuing to work with WRV to advance our mission. If you have any questions, please feel free to call or email me (contact information below).

Thank you for your consideration of WRV's grant request.

Sincerely,

In Jan
