		Private	
		Local Government	
<input type="checkbox"/> Other:			
TRAIL USER INFORMATION :			
Snowmobile % 81		X-Country Skiing 5 %	
Snow Shoeing % 4		Camping/Hiking %	

SCOPE OF WORK – Project Description:	
Project Name:	Project No.: (to be completed by CPW)
Project Sponsor:	Application Year: 2024-2025
Project Contact:	Application No.: (to be completed by CPW)
Total Project Cost: \$14,397.00	Grant Request: \$7,397.00

Project Description: Please write a brief description of your project: Only need to describe what you intend to purchase with grant funds. All other information such as project background, needs and benefits will be address in the Project Selection Criteria (Exhibit D).

We are asking for this grant to Insulate our garage which will consume another \$14397.00 of which we will foot \$7,000.00. We had many problems with mud and ice this year and in many of the past years and are hoping to improve the working conditions in the garage as we maintain the cat during the grooming season. This has become a safety factor for our Volunteers. This is a privately owned Groomer Garage, owned by the Club on our own land, so no Part C is required.

We have also applied for a summer Maintenance Grant for our tiller at a cost to us of \$7000.00 from our treasury.

2024-2025 SNOWMOBILE CAPITAL GRANT BUDGET FORM - EXHIBIT B

CLUB NAME: Northwest Colorado Snowmobile Club

PROJECT NAME: Groomer Garage Insulation

ITEMS LISTED IN THE BUDGET BELOW SHOULD BE SPECIFIC AND CORRESPOND TO THE PLANNED ACTIVITIES INDICATED IN THE PROJECT DESCRIPTION (SCOPE OF WORK) ON YOUR GRANT APPLICATION.

PROJECT FUNDING SOURCES *(Only enter data in cells that are NOT shaded)*
List all sources and amounts of project funding in this section

SNOWMOBILE CAPITAL GRANT REQUEST AMOUNT			\$7,397.00
Funding Source	In-Kind (Non-Cash) Contributions	Cash	
Club Funds		\$ 7,000.00	\$ 7,000.00
Volunteer Support			\$ -
Contributions/Donations			\$ -
Trade In			\$ -
Other			\$ -

TOTAL USE OF GRANT FUNDING	\$ 7,397.00

← Worksheet will add this column

SHOULD BE THE SAME AS AMOUNT OF GRANT REQUEST

Exhibit D

PROJECT SELECTION CRITERIA

Needs and Urgency of the Project (40 points):

- A. Describe the need for this project.

It has become a Safety Factor. With no heat, ice accumulation caused two slip and falls in past seasons. Maintenance of the cat has become a dirt, mud and ice exercise for our volunteers. We are hoping this project will eliminate the safety factor involved and give us a semi-clean warm working area.

- B. What is the importance of this project to your grooming program, the Colorado Snowmobile Program and your local community?

It will allow us to maintain the cat in a dirt free environment and allow for safe walking area for our volunteers and drivers to access the cat.

- C. Why is it important to undertake this project now instead of at a later time? Please describe any elements that make this project urgent or time sensitive?

Both of our projects, Snowcat Maintenance and insulation for our Garage, affect our program, as if we have to stop grooming because of some failure of our equipment it will impact all snowmobilers using our trail. Hopefully the Summer maintenance will alleviate this happening. The insulation weighs heavily on our volunteers when we attempt to do hourly maintenance on our cat. We can preform much better maintenance and inspections on the cat with a little heat.

- D. What is the impact on the Statewide Snowmobile Program if this project does not get funded?

It provides a safe environment that our drivers and volunteers should expect. If not funded we will continue the program.

Exhibit D

PROJECT SELECTION CRITERIA

Benefits (30 points):

- A. What benefits will this project provide to the community and the Colorado Snowmobile Program?

150 Winter Recreationists will use the trails daily.

3000 Winter Recreationists will use the trails on weekends

1500 Visitors(non-local) will use the trails during the season

Motels, restaurants, grocery stores, gas stations, recreational equipment dealers and vehicle dealerships benefit from recreationists.

Moffat County and the City of Craig are mutually benefited

- B. How does your grooming program protect and improve winter trail opportunities?

Our Trail systems provides riding for all classes of riders, from beginners to deep powder riders, with loops for most our trails and the best trail marking in the state, to safely get all riders back to the trailhead they left from

- C. What is unique about your trail system?

- D. What types and skill level of trail users does your trail system attract?

- E. Does your club offer any educational programs such as snowmobile safe riding or avalanche awareness? Explain what classes were offered last season.

We offer an Avalanche Seminar the 2nd Saturday of January. This is a hands-on class served by the State Parks personnel, assisted by NOWECOS Personnel. Advertised in our local paper and our website. It is open to the public and cost is free, Normal participation ranges from 20 – 60 participants.

Exhibit D

PROJECT SELECTION CRITERIA

Partnerships (10 points):

- A. List all agencies or organizations that your grooming program partners with and how these partnerships enhance and improve each other's program.

Moffat County - Moffat County plows the roads to our trailheads and lightly plows our parking lots for snowmobile unloading and getting to Trailhead, which is greatly appreciated by the public.

State Parks – Agency and club are continually apprised of weather and Avalanche conditions.

Moffat County Sheriff and SARC – Our cat is always available to the SARC for lost people in the Wintertime or rescue purposes.

- B. If your club is awarded this grant, describe how the club will promote or acknowledge the use of Colorado snowmobile registration funds and the capital grant program as a funding source for the project?

We have the trail signs acknowledging this fact, it is in our free trail maps, on our website and acknowledged by word of mouth at any opportunity that presents itself.

Exhibit D

PROJECT SELECTION CRITERIA

Leverage (20 points):

- A. List and describe all sources of revenue or in-kind services that will be used to fund your grant funded project. List and explain any donations, contributions or other ways this project will be funded.

We have no alternative Funding

- B. Describe what aspects of the clubs grooming operations are provided by volunteers. Explain and highlight the number of volunteer hours provided last grooming season.

Volunteer hours were: cleaning and maintaining trails – **400** man hours. Grooming – **708**. Maintenance on Groomer – **150**. Marking Trails and removal of Markers – **75**. **Club only compensates members for actual Gas cost when delivering equipment for maintenance.**

- C. Does your program pay, contract or compensate for any services or aspects of its operations. Explain and highlight all compensated expenses from your last grooming season.

No

- D. What are the compensation rates and how are they established?

NONE

- E. Is your club trading or selling a snow cat or any equipment as part of this grant funded project? What is the value of trade/sale and how was this price established?

No. Just maintenance of our existing 2015 Prinoth Bison Snowcat

THIS PROPOSAL IS NOT PER PLANS AND/OR SPECS

THIS PROPOSAL INCLUDES THE CLEAN UP OF OUR TRASH

We propose hereby to furnish material & labor - complete in accordance with the above specifications, for the sum of : **\$9,975.00**

All material will be as provided in the attached description. All work will be completed in a workmanlike fashion in accordance with the standards of the industry. Any alteration or deviation from the above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate(s). All agreements are contingent upon strikes, accidents, acts of God or delays beyond our control. Owner to carry fire and tornado insurance and other insurance that may be required by law. Our workers are covered by workers' compensation insurance to the extent required by law.

We do not warrant against and shall not be liable for any damage or injury, including but not limited to mold accumulation, when due to any of the following causes: the failure of the builder or contractors (other than our Company) to follow the instructions and specifications of the insulation manufacturer; faulty or improper installation or maintenance of drywall or other wall covering; use of accessories or wall preparation materials that do not properly receive the insulation; and compliance with applicable building codes or other government regulations relating to surface preparation, wall coverings, required materials or mandatory procedures.

ANY WARRANTIES IMPLIED BY LAW, SUCH AS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY EXPRESSLY DISCLAIMED. WE SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL DAMAGES OR INCIDENTAL DAMAGES for breach of any warranty associated with the material. Our liability shall in no event exceed the cost of the materials set forth herein. We cannot and shall not be liable to you for the breach of any other express warranties, such as those given to you by other dealers, contractors, applicators, distributors or manufacturers. Your exclusive remedy with respect to defective materials provided by us shall be repair or replacement, at our option, of the defective materials.

Fiberglass batts and blown insulation are designed and manufactured for thermal and sound purposes only and will not prevent water pipes from freezing due to air infiltration. While air infiltration protection packages that we may sell reduce the incidents of some air infiltration into a structure, they do not completely eliminate all incidents of air infiltration that could cause freezing pipes. Pipe protection is not the responsibility of IBP or its affiliates and we shall have no liability for frozen pipes.
