63°F	Normal multipurpose pool level is 5432' Current level is 5444.26'	3-4'

**\*NOTICE\***

Please use caution when boating and recreating on the water. Recent rain and increased water levels have generated a lot of floating debris. Please keep an eye out for hazards on the water and decrease your speed when boating to give time to avoid any obstacles in the water. Also, please follow all Chatfield State Park fishing regulations when fishing at the park including the outlet below the dam where it flows into the South Platte River (the spillway itself is off limits to all public access).

**Additional Information:**

**Please be aware all Bass have to be over 15" and all Walleye over 18"**  
**\*\*\*PLEASE REPORT ALL SUSPICIOUS FISHING BEHAVIOR TO \*CSP OR 1-877-265-6648\*\*\***
