Carrying Capacity
Due to Cherry Creek State Park’s convenient location, it experiences high use on summer weekends and holidays. A carrying capacity (the maximum number of boats and vehicles allowed in the park) is enforced to protect park users, prevent resource damage and provide an enjoyable experience for visitors. Arrive at the park early on weekends or visit on weekdays and evenings to avoid waiting to use the park.

Help Protect Our Natural Resources
We need your help to do your part by sharing the park and respecting other users. Complete park and boating regulations are available at park entrances. Visit cpw.state.co.us for more information about Cherry Creek and all 42 Colorado state parks.
