

## Passes and Permits

All vehicles entering the park are required to display a current Colorado State Parks Pass on the auto windshield. A daily pass is valid from the day purchased until noon the following day. An annual pass is valid at any Colorado State Park. For annual pass holders who own another car, a multiple pass is available for an additional fee. Passes are available at main park entrances and self-service dispensers.

Colorado residents 64 or older qualify for a special Aspen Leaf annual pass, available at a discounted rate. These allow admission to all state parks every day and reduced-fee camping on weekdays. The regular fee is charged on weekends and holidays.

Colorado disabled veterans displaying Colorado Disabled Veteran (DV) license plates are admitted free without a pass, however, camping fees still apply.

In addition to a parks pass, campers are required to make a reservation prior to occupying a campsite.

## Camping

Two separate campgrounds, named Iron Creek and Clear Fork can accommodate tents, trailers, and campers; and each has comfortable shower facilities. Iron Creek Campground has electrical and water hookups at each individual campsite; while Clear Fork has 16 full hook ups and 5 tent sites.

Campers must make a reservation before occupying a campsite as well as a parks pass. Daily park passes are available at the park entrances. Please camp only in designated campsites. The campgrounds are patrolled for your safety and to ensure quiet after 10 p.m.

# Crawford State Park

Crawford State Park offers its visitors camping, fishing, watersports, hunting and numerous other leisure time activities in scenic mountainous terrain. The area around the park is almost exclusively cattle country. As the center of the cattle industry in the North Fork area, the nearby town of Crawford sees hundreds of cows herded down main street on their way either to market or mountain pasture. Ranches and farms still surround the park, drawing water from the same reservoir that affords visitors so many recreational opportunities year-round. The park's 6,600 ft. elevation guarantees visitors a mild climate at any season.

The famous and spectacular Black Canyon of the Gunnison is only 12 miles from the park. Nearer landmarks visible from Crawford State Park are Needle Rock, Castle Rock and Saddle Mountain.

Within the boundaries of Crawford State Park are 337 land acres and the 400-acre reservoir, which was built in 1963 by the US Bureau of Reclamation. Colorado Parks & Wildlife has administered the area since 1965.
