

WILDLIFE CLOSURE

To protect nesting and roosting sites of falcons, Redgarden Wall from the **Naked Edge (pitch 3 – top) through Sidetrack** is **closed from February 1st – July 31st or until further notice.**

This includes the following routes:

- The Naked Edge (last 3 pitches only)
- The Diving Board
- Centaur
- Redguard (last three pitches)
- Red Ant
- Semi-Wild
- Anthill Direct (last three pitches)
- The Sidetrack

You Can Help Us Protect Eldo's Falcons!

The walls of Eldo provide critical breeding habitat for birds of prey, such as our nesting pair of prairie falcons. **Human disturbance often causes abandonment and nest failure.**

Please respect the wildlife closure to help protect Eldo's falcons. If you would like to view the nest with a ranger or learn more about becoming a volunteer raptor monitor, please contact the park. **Thank you for helping protect Eldorado Canyon's wildlife!**

Prairie Falcon mom and chicks
