

State Forest State Park

March 2020

State Forest State Park is the ultimate in rugged Colorado, and offers visitors 71,000 acres of forest, jagged peaks, alpine lakes, wildlife and miles of trails.

The park is open year round and right now offers a variety of winter recreation, including cross-country skiing, snowshoeing, snow-mobiling, ice fishing, sledding and more! The snow is melting, so be aware of your surroundings.

Weather: the weather changes fast and drastically in the mountains, so come prepared for anything. While the snow is slowly melting, we still have plenty of snow on the ground, and County Road 41 through the park is open and icy and muddy. Drive carefully.

For updated weather give us a call during business hours at 970-723-8366 or check our website:
