Meet at the Visitor Center Patio

Interpreter's Table-The Changing Color of Colorado 10a-2p Why do the leaves change? Is it the wind, rain or maybe the colder temperatures? Don't you want to know? Come learn why leaves change to stunning colors and drop their leaves to prepare for winter.

Sunday, Oct 3

Interpreter's Table-The Changing Color of Colorado 10a-2p Why do the leaves change? Is it the wind, rain or maybe the colder temperatures? Don't you want to know? Come learn why leaves change to stunning colors and drop their leaves to prepare for winter.

Saturday, Oct 16

Fishing at Davis Ponds 10a-2p Enjoy a day of fishing. Instructors will provide equipment and instruction on bait, spin cast fishing in a Colorado high country pond.

Archery in the Park! 10am-2p

Come enjoy archery! All skill levels welcome. This event is Instructor guided. All equipment is provided. Fun for all ages! The archery range is located above the Meadow Parking lot.

Saturday, Oct 16

Journey From the Heart 10a-11a

With close ties to the earth, native North American cultures are a crucial link between human society and nature. The flute playing, circle dances, animal impressions, stories, songs, drumming, and sharing of the Medicine bag are presented in a very colorfully captivating setting, creating an inspirational program to draw the participant into the humor and ancient wisdom of the First Nations.

This hour long program will be held at the Visitor Center and presented by interpretive naturalist/long time storyteller Swiftdeer-Paige

Sunday, Oct 17
