Basis and Purpose:

Adopting property-specific regulations for a new Axial Basin State Wildlife Area

CPW has recently finalized the acquisition of 4,543 acres of property through the execution of a memorandum of understanding (MOU) involving Colowyo Coal Company (Tristate entity), the US Dept of Interior, the BLM, and CPW, which was initiated in 2015. The MOU was a result of Colowyo Coal Company's Collum Mine Expansion, which required mitigation for impacts to greater sage grouse habitat. The Colorado Parks and Wildlife Commission on May 5, 2015 approved the transfer of property through the MOU and the naming of the property "Axial Basin State Wildlife Area." The final execution and transfer of property was completed in early September 2024.

Adopting regulations for the launching of watercraft from trailers on Delaney Butte Lakes State Wildlife Area

Delaney Butte Lakes SWA, located in western Jackson County, consists of three cold-water fly and lure only fisheries and each of the three lakes has an existing concrete boat ramp and dock. Numerous campsites along the lake also offer locations to launch watercraft on the shallow banks. It is becoming more frequent for anglers to launch watercraft via trailers along the shoreline. This increased and persistent trailer use has started to decrease bank vegetation and increase erosion. Restricting the launching and takeout of any vessel from a trailer to an established boat ramp will help protect the shoreline from further erosion associated with trailered vessel launching. Hand launch watercraft will still be permitted in areas other than the boat ramp as this does not have the large detrimental impact that trailed vessels due.

Cleanup of regulations on the Emerald Mountain State Wildlife Area

As part of the regulations update during the rewrite of Chapter W-9 in 2023, the regulations for Emerald Mountain State Wildlife Area (SWA) were incorrectly edited, and the errors were not recognized until now. These changes correct those errors including opening the area to hunting again.

Expanding the permit system on the James M. John and Lake Dorothey State Wildlife Areas

In 2022, CPW renewed the Lake Dorothey lease with the city of Raton and negotiated increased rifle and muzzleloader big game hunting opportunities on the property. Area staff agreed to utilize an access permit system for hunters on Lake Dorothey SWA, mirroring existing management framework for hunter access on the James M John SWA, which since the early 1990's the James M John SWA hunting program has been managed via an access permit system. However, the areas have increased in popularity over the last few years causing parking and user conflict. These changes will help address that conflict by expanding the permit system to include the archery, muzzleloader and September rifle bear seasons.

Adding the Big Sandy Creek State Trust Land property to the State Trust Land Hunting and Fishing Access Program

The Big Sandy Creek State Trust Land draws a lot of attention due to its proximity to the town of Kit

Carson, the Big Sandy Creek that runs through it with cottonwood galleries, and two different water sources and roads on all four sides. Over the years it has been used by many locals for hunting access without a recreation lease on the property. Local State Land Board staff support moving this property into the State Trust Land Hunting Fishing Access Program to remedy the issue of people hunting without legal access.

Adopting property-specific regulations to allow motorized travel on designated roads on Cold Springs Mountain State Trust Land

Cold Springs Mountain STL encompasses 25,739 acres in the State Trust Land Hunting and Fishing Access Program (STL HFAP) with Colorado Parks and Wildlife and is located in GMU 201 with small portions in GMU 2 and allows for big and small game hunting. Historical use of this STL has allowed motorized travel on designated roads and two tracks while prohibiting off-road travel elsewhere specified by posted signs. In order to clarify where motorized access is allowed the property-specific regulations have been updated to specify motorized travel is allowed on designated roads, except on the portion of the STL on the west side of the Browns Park SWA Wiggins Unit where motorized travel is prohibited.

Extending the public access period on the Pine Tree Gulch State Trust Land to May 31st to provide turkey hunting opportunity

Wild turkey transplant efforts around the town of Meeker have greatly increased range and distribution of turkey over the last 10 years, which has created potential opportunities to expand hunting opportunities across the landscape. Extending the public access period at Pine Tree Gulch STL to May 31st will give spring over-the-counter turkey hunters more public access, as well as access to adjacent federal BLM land, specifically during the spring turkey season.
