#257.5 – Special Restrictions

A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

B. Units 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.
3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits

1. The United States Fish and Wildlife Service (USFWS) allows a limited number of elk hunters to access and hunt on the Alamosa (GMU 83), Baca (GMU 82) and Monte Vista (GMU 80) National Wildlife Refuges at any one time. An application and drawing process creates a hunter list for each season. USFWS and CPW will coordinate yearly to determine the maximum number of hunters that will be allowed at any one time in each refuge. The numbers decided upon will be based on a number of factors including elk densities, conflicts

and behavior. As elk are harvested, hunters from the list are given permits to hunt. To be eligible for an access permit, hunters must hold an elk license that is valid for the season and refuge for which they wish to apply. The following seasons are currently open to permitted hunting on each of these refuges:

- a. Archery;
 - b. Muzzleloader;
 - c. First rifle;
 - d. Second rifle;
 - e. Third rifle;
 - f. Fourth rifle.
2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: montevista.wildlife@state.co.us. Hunters will receive an automatic email response with a link to the Refuge Access Permit Application Form. Hunters must provide the following information to apply:
- a. The hunter's name, phone number and email address. The email address of another person will be accepted as long as the hunter can be contacted directly via the phone number provided.
 - b. The hunter must have purchased a license that is valid for both the unit and the refuge prior to submitting the application.
 - c. The hunt code for the license with which they wish to hunt.
 - d. The hunter's customer identification number (CID).

Hunters will need to complete the Application Form and select the correct refuge for which their license is valid in order to be entered. Applications will be accepted for five days starting the day after the left-over license day. Permits will be issued via email after a random drawing held under the direct supervision of the area wildlife manager and no later than August 25.

C. Special Restrictions

1. All moose licensees shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their hunting season. Any moose licensee who does not complete and return the mandatory questionnaire as required shall not be considered for any future moose license.
2. All moose harvested through hunting shall be submitted for inspection to an employee of the Division on or before the 5th working day after the taking thereof. Any licensee who takes an antlered moose shall personally present the head, with antlers attached, to any Division office. Any licensee who takes an antlerless moose shall personally present a front incisor tooth or the entire head to any Division office. Moose heads must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads as necessary for thawing sufficient to extract the incisor teeth. A mandatory check report shall be completed at the time of inspection.
3. At the time of the mandatory check, the Division shall be authorized to extract and retain the incisor teeth.

Basis and Purpose:

These regulations amend Chapter W-2 - Big Game - of the Parks and Wildlife Commission regulations and are necessary to properly manage big game populations in Colorado. They establish limited license numbers for deer, elk, pronghorn, moose, and black bear during seasons, which were adopted in January 2026; and include licenses for archery, muzzle loading, early, regular, plains, late rifle and private land only seasons with respect to each species. Limited license numbers are set for specific game management units or groups of units. Limited license numbers are established to maintain big game herds at or near long-term population objectives, and, in the case of antlered deer, antlered elk, buck pronghorn and moose they are also set to achieve sex ratio objectives. The herd objectives are intended to maintain healthy populations, provide a diversity of hunting opportunities for residents and nonresidents, allow and maintain public recreational opportunity, minimize or control local game damage situations on private land and provide opportunity for landowners to cooperatively manage wildlife with the Division through the Ranching for Wildlife program. These resulting limited license numbers take into account harvest estimates and hunter success rates, wildlife counts and surveys, as well as impacts of winter weather and predation on big game populations. As is the case each year, this effort represents the culmination of numerous hours of work by various Division employees involved in the accumulation and analysis of data.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JULY 1, 2026 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.

APPROVED AND ADOPTED BY THE PARKS AND WILDLIFE COMMISSION OF THE STATE OF COLORADO THIS 6TH DAY OF MAY, 2026.
