33 (A) Consent Agenda

Proposed Parks and Wildlife Commission Consent Agenda
November 18 & 19, 2021

The consent agenda is used to efficiently act on recommendations that are deemed noncontroversial, routine or perfunctory. If a Commissioner requests further consideration of an item on the consent agenda, that item can be withdrawn from the consent agenda and discussed and/or acted upon separately as determined by the Commission. Public requests for individual discussion of or action on consent agenda items must be endorsed by a Commissioner. In order to ensure that staff is sufficiently prepared for the removal of a consent agenda item for additional discussion, the request should be made as much in advance of the meeting as possible. Changes to the published consent agenda should be noted at the beginning of the Commission meeting during the appropriate agenda item ("Corrections to the Agenda; Corrections/Removal of Consent Agenda Topics").
