 - a. Spring Season - The limit shall be two bearded turkeys in the spring for those persons who possess a limited spring license. One turkey must be harvested on the limited license and in the limited area. The additional bearded turkey must be harvested with an over-the-counter license.

 - c. Late Season - The limit shall be two beardless turkeys.

3. In addition to the above bag and possession limits, a hunter may take one additional turkey with a Turn In Poachers (TIPS) license as provided in #002(H)(11)(b).

B. Applications for Limited Licenses

1. Application requirements

- a. No person shall submit more than one (1) application per season.
- b. Incomplete applications will not be accepted.
- c. Applications not submitted by the deadline date and time are void.

2. Drawing applications submittal

- a. Applications will be accepted by phone or internet only through the Division's electronic licensing system.
- b. Each drawing application shall include payment of a non-refundable application fee for residents or a non-refundable application fee for nonresidents, found in Chapter W-0 Appendix F. Individuals successful in the draw will be charged for the limited license as well as applicable surcharges found in Chapter W-0 Appendix F.
- c. Spring season
 - 1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the first Tuesday in February annually.
- d. Fall season
 - 1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the last business day in May annually.
- e. Beginning January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available turkey licenses per hunt code in the spring and fall drawings during the first and second choices of both the draws.

3. Preference systems

- a. Preference Points: Preference will be given for correct applications for first choice hunt codes only and shall be subject to the following provisions:
 - 1. Until January 1, 2028, one preference point will be awarded to each person who qualifies for and fails to draw a limited license as a first choice in the drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. However, no applicant may accumulate more than two turkey preference points per calendar year.

Beginning January 1, 2028, one preference point will be awarded to each person who qualifies for and fails to draw a limited license as a first choice in the drawing or who applies for a preference point only (no hunt codes). However, no applicant may accumulate more than two turkey preference points per calendar year. Residents unsuccessful in drawing a first choice license or those applying for a preference point only (no hunt codes) will be assessed a \$X preference point fee to receive a preference point. Nonresidents unsuccessful in drawing a first choice license or those applying for a preference point only (no hunt codes) will be assessed a \$Y preference point fee to receive a preference point. If the

applicant chooses not to pay the preference point fee, the applicant will not receive a preference point for that application. If an applicant accepts a first choice license that has been returned and reissued all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list.

Youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado are exempt from these preference point fees.

2. Preference points will be used in future drawings for the same species and will continue to accumulate until the applicant draws a license as a first choice. If an applicant both fails to apply for a turkey license and has not purchased a turkey license during any given 10-year period, all accumulated preference points for turkey become void.
3. Until January 1, 2028, applications with higher preference points will be given priority over all applications with fewer points.

Beginning January 1, 2028, a split draw will be used for both the spring and fall season draws where the quota for each hunt code will be divided, with half of the quota going to a preference point draw, and half going to a bonus draw. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. In the preference point split half of the draw applications with higher preference points will be given priority over all applications with fewer points. In the bonus draw, for every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. Each drawing shall be run processing all first choice applications for the preference point draw first, followed by all first choice applications for the bonus draw before moving to second choice applications. The drawing will continue in that order, until all choices are processed.

4. Until January 1, 2028, group applications will receive preference at the level of the group member with the fewest accumulated points.

Beginning January 1, 2028, in the preference point half of the draw, group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

5. Unsuccessful and successful applicants in the drawing can check their current accumulated preference point totals online.

F. Special Licenses for Nuisance Turkeys

1. The Director shall have the authority to establish special hunting seasons for turkeys, between December 1 and March 31 on an annual basis, when necessary to control nuisance turkeys. The Area Wildlife Manager will determine the type of license(s) (either-sex or hen only) most appropriate to control the conflict.
 - a. Nuisance turkey hunts are limited to a maximum of 50 licenses per landowner, per year.
 1. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application. Nuisance turkey licenses shall be sold at the fall season license price.
 - b. Prior to approving the hunt, the Division shall:
 1. Verify that conflicts are occurring.
 2. Designate what area shall be open to hunting.
 3. Determine the manner of hunting that will be permitted.
 4. Determine the number of hunters allowed to hunt in each designated area.
 - c. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such conflict is occurring.
 - d. Hunters shall hunt in designated areas and on the dates indicated on the license.
 1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.
 - e. Any person who purchases a license for a nuisance turkey season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

Basis and Purpose
Chapter W-3 - Small Game – Furbearers

Basis and Purpose:

Turkey regulations have been revised to update harvest limit quota numbers and season dates for 2026. Turkey harvest limit quotas and seasons are established to maintain healthy populations while at the same time providing recreational opportunity. Ongoing population analysis and management necessitates or makes possible reductions in turkey harvest in some Game Management Units and additional turkey hunting opportunities in others. These regulations have been modified to promote healthy turkey populations and provide for proper turkey management and recreational opportunities in accordance with the best available science.

Differential pricing for the nonresident furbearer license, the resident senior combination fishing and small game hunting license, and the resident senior lifetime fishing upgrade to annual combination fishing and small game hunting license

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI). While most resident and nonresident wildlife license fees are at the statutory cap, differential pricing has been retained for certain licenses, including the nonresident furbearer license, in order keep the fee equitable with similar license types, such as the small game license. Differential pricing has also been retained for the resident senior combination fishing and small game hunting license and the resident senior fishing upgrade to annual combination fishing and small game hunting license. However, all of these licenses prices have increased in accordance with the CPI.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JANUARY 1, 2026, AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED, OR SUPERSEDED.
