New Business

Project Applications:

Everhart Solar Pump-

Gretchen Holschuh, District Wildlife Manager, presented the solar pump project on behalf of Tatt Everhart. The project is on a leased State Land Board parcel in Pueblo County. Currently, they use a generator to run the pump and supply water to livestock and big game. This approach has been time-consuming and inefficient in providing a vital resource. Installing a solar pump system will ensure water is available year-round for both livestock and big game. The Everharts will contribute \$7,318.88 and in-kind materials and labor to the project.

The project was approved for a solar pump system up to \$7,368.60. Glenda Torres provided her proxy vote to Kenn Lutz.

Adjourn

The meeting was adjourned at approximately 10:20 a.m.
