Only complete and correct registration forms will be accepted. Except for the carryover registration provided in § 33-4-103(2)(c), C.R.S.,

registration in the Landowner Preference Program is valid for 5 years. All landowners shall re-register their properties every 5 years (or on or before July 1, 2016 for carryover registrations) to continue participation, if desired, in the Landowner Preference Program.

2. As a condition of registration and participation in the Landowner Preference Program, landowners shall provide and maintain accurate ownership information with the division for all lands registered in the Program. During the statutory period of carryover registration provided in §33-4-103(2)(c), C.R.S., and any five-year registration period, landowners shall notify the division of any changes to required registration information in writing within 30 days.
  3. Landowner preference is species specific and available only in units that are totally limited for all rifle licenses for deer, elk or pronghorn and vouchers will be allocated to eligible landowners by unit, species, sex and season. In units where vouchers remain after the initial allocation, eligible landowners may apply for the unused vouchers and shall pay \$25 for each reallocated female (antlerless/doe) and \$40 for each either-sex or male (antlered/buck) voucher. Unsuccessful applicants will receive a refund check.
  4. Vouchers not otherwise allocated to landowners as part of the Landowner Preference Program shall be made available as licenses to the general public in the remaining limited licenses draws or sales.
  5. All landowners and hunters participating in the Landowner Preference Program shall file reports using the forms provided by the division. Reports must be complete and correct, and submitted to the Division by within 30 days after the close of the season.
  6. Landowners and their registered properties may be audited for compliance with eligibility requirements of the Landowner Preference Program during any carryover or 5-year registration period. Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.
  2. The transfer of any voucher must include permission to access and hunt all lands in the unit registered in the Landowner Preference Program for the entire season for which the voucher was awarded. Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.

c. Landowner Preference: Disqualification

1. Landowners, or the landowner's land manager, who fail to comply with any requirements of the Landowner Preference Program, may be disqualified from participation in the Program for up to five years. Disqualification of a joint or co-owner of property registered with the Landowner Preference Program shall disqualify all other joint or co-owners of the registered properties from participation in the Program.
2. Disqualification of a landowner from the Landowner Preference Program shall invalidate all preference points associated with property registered by the landowner in the Program.
3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Landowners that have been disqualified from participation in the Landowner Preference Program shall be required to re-register at the end of their period of disqualification and prior to further participation, if desired, in the Program.
4. Any other person that fails to comply with any requirements of the Landowner Preference Program may also be disqualified from participation in the Landowner Preference Program for up to five years. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
  3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.
  4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.
- j. Preference Points and Chances
1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:

- a. Until January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year rolling average for the previous three limited license draws with a one year lag. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.

Beginning January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies for a preference point only (no hunt codes) in the regular drawing. Preference points gained will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. A split draw will be used in the regular drawing where the quota for each hunt code will be divided with half of the quota going to a preference point draw, and half going to a bonus draw. In the bonus draw, for every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. When an applicant obtains a first choice license in the regular drawing, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or a point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued all accumulated preference points for that species become void.

- b. Until January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are

sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

Beginning January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license or who applies for a preference point only (no hunt codes) in the regular drawing. In order to draw a male or either-sex license the person must have a minimum of three (3) preference points for that species. For every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant receives a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

- c. Until January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.

Beginning January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice or a resident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point. For deer, elk, bear, and pronghorn a \$X fee will be assessed to receive a preference point for those species. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice or a nonresident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point. For deer, elk, bear, and pronghorn a \$Y fee will be assessed to receive a preference point for those species.

The fee, per species, shall entitle the hunter to a preference point for any unsuccessful first choice regular drawing application. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point for that application. Youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado are exempt from preference point fees.

- d. Until January 1, 2028, applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

Beginning January 1, 2028, applications with higher preference points will be given priority over all applications with fewer points in the preference point half of the draw. In the preference point half of the draw, group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group. In the bonus half of the split draw, group applicants will receive one application per preference point held by the group member with the lowest number of preference points, plus one. Group applications will not be successful when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

- e. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

## 5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Beginning January 1, 2028, For the general public drawing for deer, elk, bear and pronghorn, a split draw will be used where the remaining quota (after the landowner and youth preference draws) for each hunt code will be divided, with half of the quota going to a preference point draw, and half going to a bonus draw. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. The regular drawing shall be run processing all first choice applications for the preference point draw first, followed by all first choice applications for the bonus points draw before moving to second choice applications. The regular drawing will continue in that order, until all choices are processed.
- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.

- d. Nonresident hunter drawing limitations (until January 1, 2028 first choice applications only, beginning January 1, 2028, first and second application only)
  - 1. Nonresident hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
  - 2. ### #257.5 – Special Restrictions

#### A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

#### B. Units 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.

3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits

1. The United States Fish and Wildlife Service (USFWS) allows a limited number of elk hunters to access and hunt on the Alamosa (GMU 83), Baca (GMU 82) and Monte Vista (GMU 80) National Wildlife Refuges at any one time. An application and drawing process creates a hunter list for each season. USFWS and CPW will coordinate yearly to determine the maximum number of hunters that will be allowed at any one time in each refuge. The numbers decided upon will be based on a number of factors including elk densities, conflicts and behavior. As elk are harvested, hunters from the list are given permits to hunt. To be eligible for an access permit, hunters must hold an elk license that is valid for the season and refuge for which they wish to apply. The following seasons are currently open to permitted hunting on each of these refuges:
  - a. Archery;
  - b. Muzzleloader;
  - c. First rifle;
  - d. Second rifle;
  - e. Third rifle;
  - f. Fourth rifle.
2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: [montevista.wildlife@state.co.us](mailto:montevista.wildlife@state.co.us). Hunters will receive an automatic email response with a link to the Refuge Access Permit Application Form. Hunters must provide the following information to apply:
  - a. The hunter's name, phone number and email address. The email address of another person will be accepted as long as the hunter can be contacted directly via the phone number provided.
  - b. The hunter must have purchased a license that is valid for both the unit and the refuge prior to submitting the application.
  - c. The hunt code for the license with which they wish to hunt.
  - d. The hunter's customer identification number (CID).

Hunters will need to complete the Application Form and select the correct refuge for which their license is valid in order to be entered. Applications will be accepted for five days starting the day after the left-over license day. Permits will be issued via email after a random drawing held under the direct supervision of the area wildlife manager and no later than August 25.

### C. Special Restrictions

1. All moose licensees shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their hunting season. Any moose licensee who does not complete and return the mandatory questionnaire as required shall not be considered for any future moose license.
2. All moose harvested through hunting shall be submitted for inspection to an employee of the Division on or before the 5th working day after the taking thereof. Any licensee who takes an antlered moose shall personally present the head, with antlers attached, to any Division office. Any licensee who takes an antlerless moose shall personally present a front incisor tooth or the entire head to any Division office. Moose heads must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads as necessary for thawing sufficient to extract the incisor teeth. A mandatory check report shall be completed at the time of inspection.
3. At the time of the mandatory check, the Division shall be authorized to extract and retain the incisor teeth.

### Special Seasons

#### ARTICLE XII – Special Hunting Seasons/Licenses for Big Game

#### #271 – Big Game Animals Causing Damage and Big Game Populations Over Objective

##### A. Special Population Management Seasons for Big Game Ungulates

1. The Director shall have the authority to establish special management seasons for antlerless or female big game ungulates in specific game management units or portions thereof which significantly exceed the population objective, when the anticipated harvest from the current year's archery, muzzle-loading and regular rifle seasons did not occur. Provided further that the Director shall have the authority to establish these hunts between November 16 and February 28, to specify a time period for each of these hunts but not to exceed ten days each, and shall authorize hunters to use designated unfilled big game licenses for these hunts and units.
2. The Director shall have the authority to allocate antlerless deer and/or elk licenses on existing Ranching for Wildlife properties located in game management units where deer or elk populations significantly exceed the population objective. These licenses shall be in addition to the number of licenses allocated to each ranch pursuant to the Cooperative Agreement established in #210(A)(2). The additional allocation and use of the antlerless licenses provided for in this section shall be allocated by season(s) and quota(s) established in the ranch's respective Cooperative Agreement and subject to the following provisions:
  - a. No ranch shall be required to accept any additional antlerless licenses.
  - b. The public allocation of such additional antlerless licenses shall only be offered to hunters who have successfully drawn antlered, either-sex or antlerless licenses for the same species on the ranch. Public hunters who choose to purchase one additional antlerless license from the Division shall be required to use the additional license during the season established for the license for which they drew. No more than one additional antlerless license will be available to any public hunter.
  - c. The allocation of such additional antlerless licenses for private seasons shall be equal to, and not to exceed, the total number of additional antlerless licenses allocated to public hunters.

##### B. Special Game Damage Seasons for Big Game Ungulates

1. The Director shall have the authority to establish special hunting seasons for big game ungulates, between August 15 and February 28, when necessary to control damage to property. Seasons shall be for the taking of antlerless or female animals unless the Director has determined that the taking of antlered animals is necessary in order to alleviate the damage.
  - a. Game damage hunts are limited to a maximum of 50 licenses per species per Game Management Unit or 30 percent of the antlerless, either-sex, or doe licenses issued for the DAU (whichever is greater), unless a distribution management plan establishing a different percentage has been approved by the Parks and Wildlife Commission or additional permits are approved by the Director or his designee.
  - b. On private lands and Russell Lakes, Rio Grande and Higel State Wildlife Areas, the Area Wildlife Manager (AWM) is authorized to conduct these seasons based upon the following criteria:
    1. The AWM finds that such a season would be consistent with the distribution management plan approved by the Parks and Wildlife Commission.
    2. When there is no approved distribution management plan, the AWM finds that a season will reduce or eliminate damage for which the Division is liable, and that holding a season would be desirable considering
      - a. The species and number of animals involved.
      - b. The number of animals that would have to be removed to reduce or eliminate damage.
      - c. The location of the damage problem.
      - d. The type and extent of damage.
      - e. The time of year and its relationship to the life history of the animals.
      - f. The length of time such damage will continue without big game removal.
      - g. Management closures, hunting seasons and other public use.
      - h. The effect on population objectives for the GMU and DAU.
      - i. Whether landowner operations (e.g., harvesting) or critical wildlife biological activities (e.g., fawning) would be interrupted.
      - j. Safety risks.
      - k. Any other pertinent factors.
    3. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application.
    4. In the event the landowner cannot secure enough people to effect an adequate harvest the Division can assist in locating individuals.
  - c. The Division shall
    1. Verify that damage or conflicts are occurring or can reasonably be anticipated to occur.

2. Designate what area shall be open to hunting.
  3. Determine the manner of hunting that will be permitted.
  4. Determine the number of hunters allowed to hunt in each designated area.
- d. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such damage is occurring.
  - e. Hunters shall hunt in designated areas and on the dates indicated on the license.
    1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.
  - f. Any person who purchases a license for a game damage season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

C. Special Game Damage Licenses for Bear and Mountain Lion

1. The Director shall have the authority to establish special hunting licenses for mountain lion and bear, which allow for take in excess of the otherwise applicable limited license numbers or quotas, when necessary to control damage to private property.
  - a. AWMs are authorized to issue these bear and mountain lion licenses to address specific animals determined after an investigation to be causing damage to private property.
    1. Bear or mountain lion licenses above the established limited license numbers or quota for the area may be issued only where necessary to take specific animals determined after an investigation to be causing damage to private property.
    2. Bear hunting authorized under this provision will be conducted between September 2 and the end of the fourth regular rifle season annually.
    3. Mountain lion hunting authorized under this provision will be conducted during established lion seasons.
    4. Licenses will be issued only if licenses are not otherwise available for purchase under standard license distribution methods or where mountain lion quotas have been reached in the area.
    5. License will be restricted by manner of take, period of time within the dates specified above, and location within the GMU(s) or DAU(s) in question as necessary to ensure the offending animal is appropriately targeted.
    6. Hunting will be conducted under the direction of a District Wildlife Manager.
  - b. Any person who purchases a license shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the end of the hunting period authorized by the license.
  - c. Bear and mountain lion taken pursuant to a license issued under this provision shall not be counted against the annual bag and possession limit for the species in question.

D. Special Hunting Season In Game Management Unit 20 For Cow Elk Normally Not Available For Harvest During Regular Or Late Big Game Seasons:

1. Season dates, license types, permit numbers will be established by the Director or his designee.
2. The Division will designate the area open to hunting, manner of take, and season dates which are necessary to achieve its population management objective for this population of elk. Hunting shall occur only during the designated time periods indicated on the hunter's license and only in those areas specifically designated on the map provided by the Division. Special Unit 20 cow elk hunts shall be established based on the following criteria: (a) the hunt does not fall within the criteria established for game damage hunts; (b) snow ground cover and/or other conditions favor are expected to favor successful hunting; (c) elk must be available to hunters in portions of Unit 20 which are open to hunter access; and (d) no special season will be created under this regulation which would extend beyond February 15th.
3. Eligible hunters will be selected in the following priority: a) from the list of hunters who applied for a Unit 20 limited elk license and were unsuccessful; and b) from a new list of hunters established by the Division Northeast Regional office pursuant to notice in local newspapers. Such list will be established on a first-come, first-served basis.
4. Individuals who participate in this special hunt may also participate in any other season for elk if otherwise eligible to do so.

E. Special Hunting Licenses and Seasons For Deer and Elk in Urbanized Areas:

1. The Division Director (or designee) shall have the authority to establish special deer and elk hunting seasons between August 15 and February 28 annually to achieve population management objectives as specified in Division approved county or municipal management plans. Seasons shall be for the taking of antlerless animals unless the Director determines that the taking of antlered animals is necessary per the issues and goals brought forth in the Division approved management plan.
2. Counties or municipalities must submit a proposed management plan to the Division, which includes the following:
  - a. Explanation of the need and scope of the issues (i.e. habitat degradation, human conflicts, human health and safety issues, etc);
  - b. Estimated population of deer or elk creating the issue and a target population number being sought post removal;
  - c. Season dates;
  - d. Manner of take;
  - e. Numbers of licenses and projected harvest;
  - f. Geographic location and description of hunting area(s); and
  - g. Method for selecting eligible hunters.
3. Management plans will be evaluated on the merits of furthering goals for suburban deer or elk management and in relation to the appropriate Division Big Game Herd (DAU) Management Plan. The Director (or designee) shall provide the county or municipality with special application forms for distribution to individuals as specified within the submitted and approved management plan. Participants shall submit the completed application to the Division to obtain the appropriate hunting license.
4. The participating county or municipality will assume full responsibility for the plans and elements therein. The Division will be available to provide technical assistance to the county or municipality in preparing the management plan.

5. The county or municipality may not charge hunters a fee beyond what is required to cover their administrative costs to run the program.
6. All participating counties, municipalities and individuals are required to follow all applicable state statutes and regulations. No county or municipality will allow, encourage, or otherwise promote violations thereof.
7. The Division can unilaterally, without prior notification, terminate or void any applications given to a county or municipality prior to their redemption for a license for issues related to human health, safety, or any wildlife related violations associated with the management plan implementation, or documented deviation from the management plan as it was submitted to the Division. Management plans may be amended with Division approval.
8. Individuals who participate in these special hunts may also participate in any other season for deer or elk if otherwise eligible to do so.
9. Any county or municipality receiving licenses for a special hunting season for deer and elk in urbanized areas shall be required to complete a Division harvest survey form and return it to the Area office that is nearest to the location of the hunt no later than 5 days after the season ends.

#### **#272 - Big Game Disease/Animal Health Seasons**

1. Special Hunting Seasons for Disease Management in Big Game
  - a. The Director shall have the authority to establish special hunting seasons for big game, when hunting harvest has not been adequate to reduce the incidence of disease, to reduce emigration of infected animals, or to otherwise control expansion of the disease.
    1. No more than 200 licenses per species shall be issued annually per Game Management Unit (GMU) unless authorized by the Director
    2. Seasons shall be for the taking of antlerless or female animals unless the Director has authorized the issuance of male (antlered) licenses. No more than 10% of the licenses shall be issued for male (antlered) animals unless authorized by the Director.
    3. Licenses will be valid only in the unit(s) specified on the license. Licenses may be restricted to specific properties or areas as determined by the Area Wildlife Manager.
    4. License fees may be reduced when authorized by the Director, when necessary to ensure sufficient hunter participation, provided that no license is to be sold for less than \$5.00. License fees shall be set to ensure recovery of the cost of the retail and system agent commissions.
    5. Multiple carcass tags may be issued with each license, as authorized by the Director. Provided further that the payment of separate license fees shall be required if licenses for more than one species are to be sold.
    6. Any licensee who takes deer or elk during any such season for the purpose of Chronic Wasting Disease (CWD) management shall submit the head from all animals taken when required to do so as a condition of the license, to the testing site specified at the time the license is issued, within 5 days after harvest. Hunters must complete the special survey tag available at any head collection site and attach it to the animal's head. Antlers and capes from harvested deer may be removed by hunters before submitting heads for sampling.

**AS APPROVED 05/07/2025  
Basis and Purpose  
Chapter W-2 - Big Game**

**Basis and Purpose:**

These regulations amend Chapter W-2 - Big Game - of the Parks and Wildlife Commission regulations and are necessary to properly manage big game populations in Colorado. They establish limited license numbers for deer, elk, pronghorn, moose, and black bear during seasons, which were adopted in January 2025; and include licenses for archery, muzzle loading, early, regular, plains, late rifle and private land only seasons with respect to each species. Limited license numbers are set for specific game management units or groups of units. Limited license numbers are established to maintain big game herds at or near long-term population objectives, and, in the case of antlered deer, antlered elk, buck pronghorn and moose they are also set to achieve sex ratio objectives. The herd objectives are intended to maintain healthy populations, provide a diversity of hunting opportunities for residents and nonresidents, allow and maintain public recreational opportunity, minimize or control local game damage situations on private land and provide opportunity for landowners to cooperatively manage wildlife with the Division through the Ranching for Wildlife program. These resulting limited license numbers take into account harvest estimates and hunter success rates, wildlife counts and surveys, as well as impacts of winter weather and predation on big game populations. As is the case each year, this effort represents the culmination of numerous hours of work by various Division employees involved in the accumulation and analysis of data.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.
