Eric Odell, Species Conservation Program Manager
Parks and Wildlife Commission
17 March 2021

Topics in Today's Presentation

- Why the plan was developed
- How the plan was developed
- What the plan does consider
- What the plan does not consider

LIVE LIFE
OUTSIDE

Why was the plan developed?

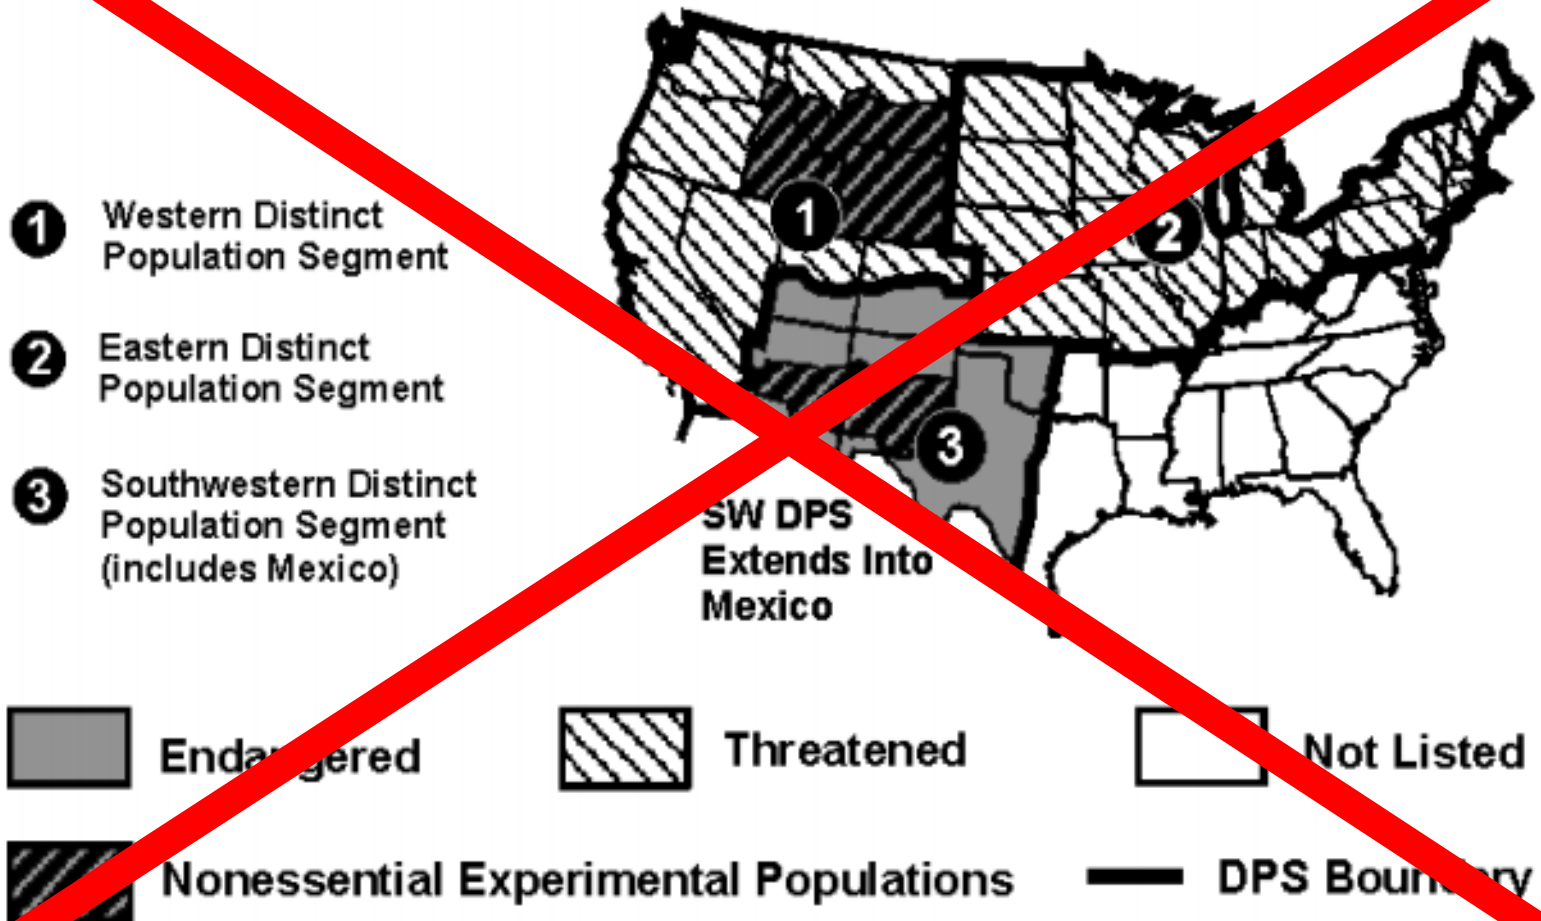

- Anticipated a Federal delisting
- Recommended policy for managing migrating wolves
- Suggested programmatic direction and ‘spectrum of management activities’
- Did not preempt Commission authority

Status of the Gray Wolf in the Continental U.S.

2003

LIVE LIFE
OUTSIDE

How was the plan developed?

- Wolf Working Group formed in June 2004
 - 14 Volunteers
 - Livestock Producers (4)
 - Environmentalists/Wildlife Advocates (4)
 - Sportspersons (2)
 - Local Government (2)
 - Wildlife Biologists (2)
- Technical Committee
 - State and Federal agency representatives
- Professionally Facilitated

LIVE LIFE
OUTSIDE

How was the plan developed?

- 6 meetings in Colorado
 - June-December 2004
- Open to the public
 - Open house style format
- Recommendations by consensus

LIVE LIFE
OUTSIDE

What does the plan consider?

- Management
- Information and Education
- Damage Payments for Wolf Depredation
- Prey Populations: Conservation and Management
- Budgeting and Fundraising

LIVE LIFE
OUTSIDE

What does the plan consider?

- Working Group agreed on a live and let live approach
 - Wolves that cause no problems will be left alone, but wolves with a negative impact on livestock or ungulate herds will be managed or removed on a site specific basis
- As circumstances change, the tools available will be refined

LIVE LIFE
OUTSIDE

What does the plan not consider?

- Reintroduction methodology
- Recovery goals and metrics
- Depredation program specifics
- Regulatory assurances
- Funding
