- Extending the public access period on the Pine Tree Gulch State Trust Land to May 31st to provide a spring turkey hunting opportunity.
- Expanding the hunting access permit requirements for archery, muzzleloader and September rifle bear hunting on James M. John SWA and Dorothy SWA.

FINAL REGULATIONS - CHAPTER W-2 - BIG GAME

ARTICLE I - General Provisions

#205 - Annual Bag Limits and Maximum Numbers of Licenses per Person

- A. Deer, elk, pronghorn, black bear, mountain lion, moose, rocky mountain bighorn sheep, and mountain goat

The annual bag and possession limit for deer, elk, pronghorn, black bear, mountain lion, rocky mountain bighorn sheep, and mountain goat shall be the total number of animals taken on all licenses which can be legally obtained by the hunter for each species during that license year, as established in the following lists. Big game taken during a hunting season established as a portion of the preceding license year's hunting seasons shall be counted as part of the preceding year's bag limit. When a license allows hunting in more than one Game Management Unit, the unit listed in the hunt code on the license shall determine the maximum number of annual licenses a license holder may obtain for that species.

Notwithstanding the ("List A," "List B," "List C") license categories set forth in this regulation, any license that is administratively converted to a private-land-only license as part of the Landowner Preference Program will retain the ("List A," "List B," "List C") status of its original hunt code.

1. Deer

B. Exceptions to Bag Limit Calculation The following big game animals shall not be counted against an annual bag and possession limit for that species:

1. Accidental Hunter Take: Any big game animal accidentally taken by a hunter, provided that prior to any further hunting the individual self-reports the incident to the Division as soon as practicable and the Division verifies the claim of accidental kill. For the purposes of this

regulation an "accidental kill" means any unintentional taking of wildlife not resulting from carelessness or negligence on the part of the hunter.

- a. Determination of whether the taking involves carelessness or negligence shall be based on a consideration of the totality of circumstance surrounding the taking including but not necessarily limited to, number of shots fired, number of animals present, number of animals killed or wounded, type of firearm or ammunition used, angle and distance of shot, species of animal, topography, ground cover, and light or weather conditions.
2. Accidental Vehicle Kills: Any big game animal accidentally killed by a motor vehicle or train shall not be counted against an annual bag limit for that species.
3. Damage Kills: Any big game animal causing damage and taken under the authority of §33-3-106 C.R.S.

Southern Ute Tribal Lands: Any big game animal taken on a Southern Ute Tribal Lands permit.

#206 - Applications and Drawings for Limited Licenses

- A. Exceeding of Quota: The Division shall only exceed the number of licenses authorized by the Commission:
 1. If there is proof of Division error in the application for or issuance of a limited license, provided that the director or his designee determines there will be no detrimental impact to the subject wildlife population.
 2. To issue licenses to hunters with mobility impairments or United States Armed Services Wounded Warrior hunters, who qualify for such licenses in accordance with regulation #206(B)(4)(g) or #206(B)(4)(h), provided there is no detrimental impact to the established herd population and sex ratio objectives. For each of these two programs:
 - no more than 100 limited antlerless deer, 100 limited doe pronghorn, and 200 limited antlerless elk licenses may be issued each year.
 - no more than 100 total antlered or either-sex licenses for deer or elk and buck pronghorn licenses in the aggregate may be issued each year.Provided further, that limited license numbers for wildlife ranching properties cannot exceed the levels established by the Division and the landowner on the Ranching for Wildlife Seasons Form.
- B. Application and Drawing Provisions and Restrictions:
 1. General Provisions and Restrictions
 - a. Number of Applications: No person may submit more than one application per year for the regular drawing process for a limited license for any big game species, or more than one application per year for ~~a leftover limited license~~ the secondary draw for any species.
 - b. Additional Choice Applications: Any additional choice on any application must be for the same species as the first choice.
 - c. Valid Applications: Only complete and correct application forms will be accepted. Any forms involved in a violation of (a) or (b) above will be considered to be incorrect. Any incorrect application by one member of a group will invalidate the entire application.

- d. To be eligible for any big game license draw an individual must have first purchased either a veterans lifetime resident combination license, a first responder lifetime resident combination license, an annual small game license, an annual small game/fishing combination license, an annual senior small game/fishing combination license, a senior lifetime fishing upgrade to an annual combination small game/fishing combination license, or an annual spring turkey license valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply.

1. To be eligible for the Secondary Draw, an individual must have first purchased either an annual fall turkey license valid for the same license year as the big game license for which they are applying or any one of the licenses listed in #206.B.1.d. valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply for the Secondary Draw.

- e. Until January 1, 2028, Group Applications: Group applications are accepted for the regular drawing for all species except moose and desert bighorn sheep, with no limit on the number of applicants per group except as follows:

Bighorn Sheep 2 applicant maximum

Mountain Goat 2 applicant maximum

Provided further that residents and nonresidents may not apply for the sheep or mountain goat on the same group application.

Beginning January 1, 2028, Group Applications: Group applications are accepted for the regular drawing for all species with no limit on the number of applications per group except as follows:

Bighorn Sheep 2 applicant maximum

Mountain Goat 2 applicant maximum

Moose 2 applicant maximum

Provided further that residents and nonresidents may not apply for the sheep, mountain goat, or moose hunt codes on the same group application.

- f. Ranching for Wildlife: Non-residents are not eligible to apply for public Ranching for Wildlife licenses for any big game species.
- g. Bighorn Sheep Access Program: Non-residents are not eligible to apply for public Bighorn Sheep Access Program licenses.

2. Restrictions by Species

- a. Until January 1, 2028, Bighorn Sheep: Any person who harvests a Rocky Mountain bighorn sheep ram, ~~one half (1/2) curl or larger~~, except one taken on an ~~Division~~ auction or raffle license or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for, or participate in the drawing for a Rocky Mountain bighorn sheep ram license for the five years following the year in which the harvest occurred. During this five-year period a person may apply for

a ewe license, but if unsuccessful will not receive preference points or chances. Any person who harvests a desert bighorn sheep, shall never again be eligible to apply for or participate in a desert bighorn sheep license drawing.

Bighorn Sheep: Any person who harvests a Rocky Mountain bighorn sheep ram, on or after January 1, 2028, except one taken on an auction or raffle license or a license issued in accordance with regulation #271 or #272, shall not be eligible:

1. to apply for, or purchase another license for a Rocky Mountain bighorn sheep ram.
2. to apply for a point, or participate in the drawing for a ewe-only license for the five years following the year in which the harvest occurred.

Any person who harvests a desert bighorn sheep, shall never again be eligible to apply for or participate in a desert bighorn sheep license drawing.

- b. Until January 1, 2028, Mountain Goat: Any person who harvests a mountain goat, except one taken on an auction or raffle license, a special goat management license, or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for or participate in the drawing for a mountain goat license for the five years following the year in which the harvest occurred.

Mountain Goat: Any person who harvests a mountain goat on a male or either-sex license on or after January 1, 2028, except one taken on an auction or raffle license, a special goat management license, or a license issued in accordance with regulation #271 or #272, shall not be eligible:

1. to apply for or purchase a male or either-sex mountain goat license.
2. to apply for a point, or participate in the drawing for a nanny-only license for the five years following the year in which the harvest occurred.

- c. Beginning January 1, 2028, Moose: Any person who harvests an antlered moose, except one taken on an auction or raffle license, or a license issued in accordance with regulation #271 or #272, shall never again be eligible:

1. to apply for or purchase an antlered or either-sex moose license.
- 4-2. to apply for a point or participate in the drawing for an antlerless moose license for the five years following the year in which the harvest occurred.

3. Application Submittal

- a. Applications for limited licenses will be accepted only by methods (on-line or by phone) provided by the Division.
- b. Application submittal shall include a non-refundable application fee for residents and nonresidents in accordance to the fee structure in Chapter W-0 Appendix F.

- c. Applications for the regular drawing must be submitted appropriately no later than 8:00 PM Mountain Time on the first Tuesday in April. Applications not submitted by this deadline are void.

4. Preference Systems

Note: see also §33-4-103, C.R.S.

a. Landowner Preference: General Provisions

1. Preference for hunting licenses under the Landowner Preference Program shall only be given to eligible landowners who apply using the Landowner registration form(s) provided by the division. Only complete and correct registration forms will be accepted. Except for the carryover registration provided in § 33-4-103(2)(c), C.R.S., registration in the Landowner Preference Program is valid for 5 years. All landowners shall re-register their properties every 5 years (or on or before July 1, 2016 for carryover registrations) to continue participation, if desired, in the Landowner Preference Program.
2. As a condition of registration and participation in the Landowner Preference Program, landowners shall provide and maintain accurate ownership information with the division for all lands registered in the Program. During the statutory period of carryover registration provided in §33-4-103(2)(c), C.R.S., and any five-year registration period, landowners shall notify the division of any changes to required registration information in writing within 30 days.
3. Landowner preference is species specific and available only in units that are totally limited for all rifle licenses for deer, elk or pronghorn and vouchers will be allocated to eligible landowners by unit, species, sex and season. In units where vouchers remain after the initial allocation, eligible landowners may apply for the unused vouchers and shall pay \$25 for each reallocated female (antlerless/doe) and \$40 for each either-sex or male (antlered/buck) voucher. Unsuccessful applicants will receive a refund check.
4. Vouchers not otherwise allocated to landowners as part of the Landowner Preference Program shall be made available as licenses to the general public in the remaining limited licenses draws or sales.
5. All landowners and hunters participating in the Landowner Preference Program shall file reports using the forms provided by the division. Reports must be complete and correct, and submitted to the Division by within 30 days after the close of the season.
6. Landowners and their registered properties may be audited for compliance with eligibility requirements of the Landowner Preference Program during any carryover or 5-year registration period. Notice of any noncompliance will be provided in writing to the landowner and the landowner shall have 30 days to resolve the noncompliance or withdraw the property from the Landowner Preference Program.

b. Landowner Preference: Voucher Requirements and Restrictions

1. Vouchers shall only be transferred by the landowner or the landowner's land manager, if any, directly to an individual to be used by that individual for the purchase of a license. Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.
2. The transfer of any voucher must include permission to access and hunt all lands in the unit registered in the Landowner Preference Program for the entire season for which the voucher was awarded. Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.
3. The transfer of a voucher by any person other than the landowner or the landowner's land manager to any person other than an individual for purchase of a license is prohibited. Violation of this prohibition shall void the voucher and any license purchased with it.
4. No person shall broker a voucher on behalf of any landowner or person, or use or possess any brokered voucher. Violation of this prohibition shall void the voucher and any license purchased with it.

c. Landowner Preference: Disqualification

1. Landowners, or the landowner's land manager, who fail to comply with any requirements of the Landowner Preference Program, may be disqualified from participation in the Program for up to five years. Disqualification of a joint or co-owner of property registered with the Landowner Preference Program shall disqualify all other joint or co-owners of the registered properties from participation in the Program.
2. Disqualification of a landowner from the Landowner Preference Program shall invalidate all preference points associated with property registered by the landowner in the Program.
3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Landowners that have been disqualified from participation in the Landowner Preference Program shall be required to re-register at the end of their period of disqualification and prior to further participation, if desired, in the Program.
4. Any other person that fails to comply with any requirements of the Landowner Preference Program may also be disqualified from participation in the Landowner Preference Program for up to five years. Any person disqualified shall not participate in the Landowner Preference Program in any manner, including, but not limited to, as a landowner, as a landowner's land manager, enrolling properties in any name, submitting applications for vouchers, receiving vouchers, transferring vouchers, redeeming vouchers or using licenses obtained with vouchers.
5. Any person convicted of a violation of the Landowner Preference Program will be given notice in writing of their possible disqualification from the Landowner Preference Program and the opportunity to appear

and show cause why they should not be disqualified from participation in the Program. Any such disqualification hearing shall be held in the Denver office of the division, or at another location acceptable to the division. Notice of any resulting disqualification shall be sent to the person by certified mail, return receipt requested.

d. Landowner Preference: Ute Mountain Ute Tribe and Pinecrest Ranch

1. The Ute Mountain Ute Tribe (UMU Tribe) owns the Pinecrest Ranch, identified by the Gunnison County assessor as Parcel Id. Nos. 4049-000-00-005, 4049-000-00-018, 3983-000-00-046 and 3981-000-00045.
2. The UMU Tribe may transfer LPP vouchers yielded by the Pinecrest Ranch to any person consistent with § 33-4-103, C.R.S. and the Commission's implementing regulations. If the UMU Tribe transfers such a voucher to a nonresident, enrolled member of the UMU Tribe, such member may elect to redeem the voucher for a reduced price equal to the price a resident would pay for the same license. Provided, however, any license obtained at a reduced price is only valid on the Pinecrest Ranch.
3. In order to redeem a voucher at a reduced price, the recipient must visit a CPW office in person, present a valid voucher, and show proof of enrollment by presenting UMU Tribal identification. The Division shall manually issue licenses redeemed at the reduced price.

d.e. Youth Preference - a minimum of 15 percent of the number of the limited doe pronghorn licenses, limited either-sex and antlerless deer licenses and limited antlerless elk licenses established for each GMU shall be made available for purchase by qualified youth applicants. Licenses shall be available through application and computer selection from the Division headquarters, 6060 Broadway, Denver, CO 80216. Licenses not allocated to youth shall be made available to the general public in the remaining drawings.

1. Any eligible hunter, ages 12-17 is entitled to youth hunt preference for all seasons and methods of take for the license types listed in the preceding paragraph, except that public, non-youth only Ranching for Wildlife and Air Force Academy licenses shall not be included in this preference. The applicant must submit an individual application for the desired, eligible license on forms provided by the Division. Group applications will not be accepted for youth preference. Where more than one (1) hunt code choice is shown on the application, all hunt codes must be youth preference-eligible hunt codes or youth-only hunt codes.
2. Youth preference will be set at 50% for all antlerless deer licenses in GMUs 54, 55, 66, 67, and 551.
3. Youth preference will be set at 50% for licenses issued under hunt code DF006P5R.

e.f. Outreach Hunting Licenses – The Director may make additional outreach program deer, elk and pronghorn licenses available to qualified organizations sponsoring youth, novice adult, or disabled veteran hunting activities.

1. There will be no more than 600 elk licenses (100 antlered or either-sex, 500 antlerless), no more than 400 deer licenses (100 antlered or either-sex, 300 antlerless) and no more than 400 pronghorn licenses (60 buck or either-sex, 340 doe) issued annually under this subsection.
2. Licenses in game management units with at least one hunt code requiring 6 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection unless the request is for a hunt exclusively on private land.
3. Licenses are issued on a first come, first served basis to qualified organizations. No more than 10 licenses may be issued per event to any single requesting organization.
4. Requested dates for hunting events must occur between August 15 and January 31 each year.
5. Organizations who wish to request an Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
6. Licenses are limited to the following:
 - a. Youth Outreach Hunting Licenses - Limited to youth hunters 12 to 17 years of age.
 - b. Novice Adult Hunting Licenses - For the purpose of these regulations a novice adult hunter is defined as a Colorado resident 18 years of age or older, who has either: no big game license purchase history, only held a big game hunting license(s) in the current or previous year, or has no big game license purchase history in the previous five years.
 - c. Disabled Veterans Outreach Hunting License - A disabled veteran for this purpose is defined as a honorably-discharged veteran with written proof to the Division of the following:
 - i. DD 214 Form or other documentation indicating the veteran received an Honorable Discharge from a branch of the Armed Services of the United States, AND
 - ii. A qualification letter, on official stationery/letterhead, from the Veteran's Administration, Department of Veteran's Affairs, or the branch of service from which the veteran is receiving compensation, that states one of the following:
 1. 50% or greater, service-connected permanent disability;
 2. Loss of use of one or both feet;
 3. Loss of use of one or both hands; or a
 4. Loss of vision in both eyes

~~VACANT~~

~~f.g.~~ Hunting Licenses for Hunters with Mobility Impairments - The Director may make certain deer, elk, and pronghorn licenses available to qualified hunters with mobility impairments.

1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.
2. Applications for antlerless deer and elk and doe pronghorn licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the Division, Limited License Office, 6060 Broadway, Denver, Colorado, 80216. Applications for antlered deer and elk and pronghorn buck licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons.
3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. For the 2001 seasons and thereafter, once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in #250, #257, and #262 of these regulations. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.
5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is

greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.

6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify as mobility-impaired in instances where an organization assisting hunters with mobility impairments has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.
7. Hunting licenses for hunters with mobility impairments will be valid only for the season dates and any units included in the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.

g.h. Wounded Warrior Hunting Licenses - The Director may make certain deer, elk, and pronghorn licenses available to qualified participants in any United States Armed Services Wounded Warrior programs.

1. Applicants must be members of the United States Armed Forces, who are residents of, or stationed in, Colorado returning from post-September 11, 2001 overseas contingency operations who have been so severely injured during combat, including combat-related support activities, that they will require years of intense, ongoing care or assistance. Additionally, applicants must be members of a United States Armed Services Wounded Warrior program, as defined in 33-4-102(1.9) C.R.S., and must be assigned to a military medical treatment facility at the time of application for this program.
2. Applications shall contain a statement from a licensed medical doctor certifying the applicant's eligibility under the criteria in 1 above. Additional documentation may be required if necessary to establish the applicant's eligibility under this program.
3. Applications for antlerless deer and elk and doe pronghorn licenses shall be made on the form available from the Division, Limited License Office, 6060 Broadway, Denver, Colorado. Applications for antlered deer and elk and pronghorn buck licenses shall be made on the form available from the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons. Licenses issued under this program shall be issued as free licenses.
4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in 250, 257, and 262 of these regulations. Licenses issued for military installations will be exempted from these minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.

5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. Licenses issued for military installations will be exempted from these preference point and minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.
 6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify under this program in instances where an organization assisting Wounded Warrior hunters has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.
 7. Wounded Warrior hunting licenses will be valid only for the season dates and any units included in the authorized hunt code. Wounded Warrior hunting licenses may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.
- i. Dream Hunt Hunting Licenses – The Director may make available additional deer, elk, pronghorn, mountain lion and black bear licenses to individuals qualified under this subsection.
1. Applicants for Dream Hunt licenses must be at least 12 and under 22 years of age, and must have a terminal illness or a life-threatening disease or injury.
 2. A request for a Dream Hunt license must be made, in writing, by a sponsoring organization, documenting the individual's life-threatening or terminal condition, desired, hunt experience, desired location, time frame and logistical considerations. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
 3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.
 4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.
- j. Preference Points and Chances

1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:

a. Until January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year rolling average for the previous three limited license draws with a one year lag. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.

Beginning January 1, 2028, Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies for a preference point only (no hunt codes) in the regular drawing. Preference points gained will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. A split draw will be used in the regular drawing where the quota for each hunt code will be divided with half of the quota going to a preference point draw, and half going to a bonus draw. In the bonus draw, for every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. When an applicant obtains a first choice license in the regular drawing, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or a point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued all accumulated preference points for that species become void.

b. Until January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an

applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

Beginning January 1, 2028, Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license or who applies for a preference point only (no hunt codes) in the regular drawing. In order to draw a male or either-sex license the person must have a minimum of three (3) preference points for that species. For every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license or point for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant receives a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

- c. Until January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be

assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.

Beginning January 1, 2028, in addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice or a resident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point. For deer, elk, bear, and pronghorn a \$15 fee will be assessed to receive a preference point for those species. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice or a nonresident who applies for a preference point only (no hunt codes), for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point. For deer, elk, bear, and pronghorn a \$30 fee will be assessed to receive a preference point for those species.

The fee, per species, shall entitle the hunter to a preference point for any unsuccessful first choice regular drawing application. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point for that application. Youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado are exempt from preference point fees.

- d. Until January 1, 2028, aApplications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

Beginning January 1, 2028, applications with higher preference points will be given priority over all applications with fewer points in the preference point half of the draw. In the preference point half of the draw, group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group. In the bonus half of the split draw, group applicants will receive one application per preference point held by the group member with the lowest number of preference points, plus one. Group applications will not be successful when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

~~d-e.~~ In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. For the general public drawing for deer, elk, bear and pronghorn, a split draw will be used where the remaining quota (after the landowner and youth preference draws) for each hunt code will be divided, with half of the quota going to a preference point draw, and half going to a bonus draw. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. The regular drawing shall be run processing all first choice applications for the preference point draw first, followed by all first choice applications for the bonus points draw before moving to second choice applications. The regular drawing will continue in that order, until all choices are processed. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given the option to apply for a leftover drawing.
- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.
- d. Nonresident hunter drawing limitations (until January 1, 2028 first choice applications only, beginning January 1, 2028, first and second application only)
 1. Nonresident~~s~~ hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
 2. Until January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available deer, elk, bear and pronghorn licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer, elk, bear and pronghorn licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a rolling three-year average for the previous three limited license draws with a one year lag. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.

Beginning January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available deer, elk, bear, and pronghorn licenses per hunt code in the regular drawing during the first and second choices of the draw. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.

6. Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions

- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost, except the following licenses will not be issued through a secondary drawing process:

1. Until January 1, 2028, aAny license that required five (5) or more resident preference points to draw as determined by the current year's limited license draw unless the license cannot be manually reissued to one of the first five (5) people on the regular draw list prior to the opening of the secondary drawing application period, and

Beginning January 1, 2028, any surrendered or returned license that was drawn during the regular drawing that can be automatically reissued to the applicant next up in line in the draw order by residency prior to the opening of the secondary drawing application period. During the regular draw application the applicant will have the opportunity to opt-in/opt-out of being added to the automatic reissue list by hunt code, and

2. Public Ranching for Wildlife licenses.

- b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.
- c. There is no landowner preference for the secondary draw.
- d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
- e. Group applications are not accepted for the secondary draw.
- f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.
- g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the last business day in June. Applications not submitted by this deadline are void.
- h. Secondary draw applications not submitted by 8:00 PM Mountain Time the last business day in June will become void.
- i. Until January 1, 2028, Except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For

information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

Beginning January 1, 2028, except for Ranching for Wildlife licenses, any deer, elk, bear or pronghorn licenses remaining after the secondary draw, that cannot be auto-reissued will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

#257.5 - Special Restrictions

A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

B. Units ~~79 (south of Colo 112)~~, 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party

brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.

3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits

1. The United States Fish and Wildlife Service (USFWS) allows a limited number of elk hunters to access and hunt on the Alamosa (GMU 83), Baca (GMU 82) and Monte Vista (GMU 80) National Wildlife Refuges at any one time. An application and drawing process creates a hunter list for each season. USFWS and CPW will coordinate yearly to determine the maximum number of hunters that will be allowed at any one time in each refuge. The numbers decided upon will be based on a number of factors including elk densities, conflicts and behavior. As elk are harvested, hunters from the list are given permits to hunt. To be eligible for an access permit, hunters must hold an elk license that is valid for the season and refuge for which they wish to apply. The following seasons are currently open to permitted hunting on each of these refuges:
 - a. Archery;
 - b. Muzzleloader;
 - c. First rifle;
 - d. Second rifle;
 - e. Third rifle;
 - f. Fourth rifle.
2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: montevista.wildlife@state.co.us. Hunters will receive an automatic email response with a link to the Refuge Access Permit Application Form. Hunters must provide the following information to apply:
 - a. The hunter's name, phone number and email address. The email address of another person will be accepted as long as the hunter can be contacted directly via the phone number provided.
 - b. The hunter must have purchased a license that is valid for both the unit and the refuge prior to submitting the application.
 - c. The hunt code for the license with which they wish to hunt.
 - d. The hunter's customer identification number (CID).

Hunters will need to complete the Application Form and select the correct refuge for which their license is valid in order to be entered. Applications will be accepted for five days starting

the day after the left-over license day. Permits will be issued via email after a random drawing held under the direct supervision of the area wildlife manager and no later than August 25.

Basis and Purpose:

Subsequent to the adoption of the 2025-2026 big game seasons, staff identified items that required administrative cleanup. Corrections have been made to the regulations; however, these changes in no way alter the overall intent of the big game season structure as previously approved by the Parks and Wildlife Commission or the big game season regulations adopted by the Commission in January of 2025.

Adopting discounted Ute Mountain Ute licenses valid on Pinecrest Ranch

The Ute Mountain Ute Tribe (UMU Tribe) owns the Pinecrest Ranch, an 18,862-acre ranch in Gunnison County located in game management unit (GMU) 66. The Pinecrest Ranch is enrolled in CPW's Landowner Preference Program (LPP) pursuant to § 33-4-103, C.R.S. (LPP). Adopting a discounted UMU Tribe license enables nonresident, enrolled members of the UMU Tribe to redeem LPP vouchers yielded by the Pinecrest Ranch for hunting licenses valid only on the Pinecrest Ranch at a discounted price equivalent to the resident license fee. This change allows members to redeem a Pinecrest Ranch LPP voucher for either (1) a hunting license valid in all of GMU 66 and pay the nonresident license fee (status quo), or (2) a hunting license valid only on the Pinecrest Ranch and pay the equivalent of the resident license fee for the species.

The discount is authorized by § 33-4-102(1.6)(a), C.R.S., which enables the Commission to reduce license fees where it determines doing so is "proper for management of the division or otherwise beneficial to the management of state wildlife resources. Licenses so discounted may be limited to certain geographic areas, by sex of the animal, or as otherwise deemed appropriate by the commission." This discount is proper for the management of the Division because it is intended to improve the intergovernmental relationship between the UMU Tribe and the State.

Draw changes

At the May 2023 Parks and Wildlife Commission Meeting, the Commission directed staff to form a Draw Process Working Group (DWG or group). The purpose of the group was to reduce complexities within Colorado's draw system and address preference point issues, while keeping in mind biological and sociological concerns.

A DWG was formed which consisted of two Commissioners, eight members of the public (residents and nonresidents), and seven members of staff (two non-voting). The DWG held five meetings between October 2023 and May of 2024 to draft recommendations for the agency and Commission to consider. The focus topics included draw methods for the Primary and Secondary draws, preference points, the weighted draw for sheep, goat and moose, and the reissue process. Three Commission workshops also took place between January 2024 and July 2024 on these topics. All recommendations for change were discussed and considered by the Commission in a two-step policy approval process (November 2024 and January 2025). Adopted policies/regulations will not be implemented until the 2028 draws in order to allow time for draw reprogramming. These policies will also be re-examined every ten years, by implementing a Draw Season Structure, similar to the Big Game Season Structure. This cycle will run through the 2032 draws to allow for five years of implementation before the next cycle begins.

Deer, elk, bear, and pronghorn

Split primary draw

Two goals of the group were "simplicity" and "the ability for all current and future hunters to draw highly-desirable licenses". With those goals in mind, the group gravitated towards a split draw

methodology because it allows both groups of hunters (those with lots of accrued preference points as well as new/novice hunters) a chance at drawing highly desirable licenses. The group and the commission consensus was for a preference and bonus point split as it accounts for accrued preference points in both splits. This type of split system rewards customers who have been applying in the system for a long time, while also still having a random component for young and novice hunters in the bonus point (names in the hat) part of the draw. In addition, the new split model makes the draw more simplistic and easier to understand than the previous hybrid draw model by removing some of the existing complexities. The group and commission also approved using one draw method consistently for deer, elk, bear, pronghorn, and turkey. The percentage of licenses allocated to each split (preference vs. bonus) was approved so that there was a 50/50 split. This will be the easiest for the public to understand and will ensure that even hunt codes with low quota will have a random draw component.

Allocation

The group and the commission also approved one residency allocation split across all deer, elk, bear, pronghorn, and turkey hunt codes (no high demand for big game). The commission approved a 75/25 split between residents and nonresidents. This change will be new for turkey licenses and will remove the high demand allocation split for big game, which will increase consistency and decrease complexity. In addition, the commission approved applying the allocation rules to the first and second choice hunt codes during the primary draw. This will extend the soft cap into the second choice of the primary draw to decrease the number of hunt codes going over the soft cap to nonresidents during the first choice.

Preference points

During the draw policy approval process the Commission and the agency both expressed concerns with the possible large revenue loss associated with applying the 75/25 resident/nonresident allocation to multiple choices in the primary draw. In order to offset those costs the commission approved a preference point fee for deer, elk, bear, pronghorn or turkey similar to what is done for Rocky Mountain bighorn sheep, mountain goats and moose. The approved fees were \$15/\$30 resident/nonresidents, and similar to sheep, goat and moose a customer will be able to opt-out of paying for a point if they want to. The added fee will help recover lost revenue from other draw changes as well as help reduce preference point creep if fewer people decide to purchase a point. Youth, lifetime licenses holders and Colorado resident military personnel on active duty outside of Colorado will be exempt from the preference point fee to be consistent with the preference point requirements for Rocky Mountain bighorn sheep, goat and moose.

In addition, the commission approved the removal of the preference point only hunt code in order to have customers choose whether they want to try to gain an additional preference point or try to draw a license to hunt during the primary draw. The group believed that allowing customers to easily draw a license and gain a point every year is only exacerbating preference point creep. Instead, the group recommended getting rid of the preference point hunt codes entirely and making customers choose upfront if they want a preference point only, or if they want a chance at drawing a license. When applying an applicant will mark that they either 1) want to purchase a point and not participate in the primary draw, or 2) they want to apply for a license in the primary draw.

Rocky Mountain Bighorn Sheep, Desert Bighorn Sheep, Mountain Goat and Moose

Bonus Draw

The group agreed that the same split draw model recommended for deer, elk, bear, and pronghorn would not be ideal for sheep, goat and moose due to the minimal hunt codes and low quotas involved. Most members felt that the weighted draw method used today was a fair system, although it was very confusing for customers to understand. To ease customer confusion and to provide some consistency between all of the big game draws, the group and the commission approved going to a

100% bonus draw (names in the hat) for Rocky Mountain bighorn sheep, mountain goat, and moose. While there would be no preference part of these drawings, using a bonus draw model for Rocky Mountain bighorn sheep, mountain goat, and moose instead of a weighted model, there will be some consistency across the draws. It will also have essentially the same draw results/draw odds as the current weighted draw model, which is working fairly well. This maintains functionally the same draw system CPW has had for 24 years but with a more easily understood process.

The one exception is the desert bighorn sheep draw. The group wished to keep the desert bighorn sheep draw 100% random using no points, or status quo with the system used since desert bighorn sheep hunting began. The group agreed that a fully random draw is the most simplistic and fair draw method, especially for species with extremely low quota. It also eliminates issues such as point creep down the road. However, given the amount of time and money customers have invested into the system and into weighted points, the group did not feel it would be appropriate to transition to a fully random draw at this point. The group and the commission recommend that if any new limited species were added in the future, that the draw method used for that species should be a random draw.

Group applications

Another area where little consistency existed between the four species was with group applications. Group applications are allowed for Rocky Mountain bighorn sheep and mountain goats, but not for moose or desert bighorns. The group and the commission approved extending the same group application regulations to moose and desert bighorn sheep for consistency and simplicity. The group discussed how applying as a group for these species further reduces your odds of drawing a license, however it is a customer service that the agency can provide.

Once in a lifetime harvest

Despite the fact that transitioning to a once-in-a-lifetime harvest does not improve drawing odds, a majority of the group and the commission approved changing the policy to a once-in-a-lifetime-harvest for bull moose, bighorn sheep rams, and male mountain goats just out of the perception of fairness and to improve consistency (bull moose and desert bighorn are already once in a lifetime). Exceptions to this would be for auction and raffle licenses, big game animals causing damage, special hunting seasons for disease management and private land tags issued under the Bighorn Sheep Access Program. This change would also not be retroactive, only applying to applicants moving forward in 2028. The once-in-a-lifetime harvest will not apply to ewe Rocky Mountain bighorn sheep or cow moose licenses.

Waiting periods

The group also discussed waiting periods to draw male or either-sex licenses and waiting periods after someone had successfully drawn and harvested a male Rocky Mountain bighorn sheep, mountain goat or moose. Previous waiting periods varied by species, sex, and whether or not the license holder had harvested an animal. In addition, regulations were complex and lacked consistency between species. To increase consistency and decrease complexity, the group and commission approved a three (3) year waiting period to draw a Rocky Mountain bighorn sheep, and moose ram or bull licenses or an either-sex mountain goat license. Based on the high demand for these licenses, the group felt there should be a short waiting period before a new applicant could draw a license to make sure the applicant was vested in the hunt. In other words, a hunter must have a minimum of three preference points to draw a bull or ram license. Similar to the waiting period before one can initially draw a male or either-sex mountain goat license, the commission approved a 5-year waiting period before someone could draw a female license after harvesting a male of a certain species. However, with this waiting period, a hunter cannot apply to draw or apply for a point for a female license for five years after the harvest of the male species.

Preference points

In order to simplify the draw for Rocky Mountain bighorn sheep, mountain goats, and moose the commission approved switching from weighted points to bonus points. To transition from a weighted draw model to a bonus draw model, the group recommended taking a customer's current weighted and normal preference points and adding them together to get their new number of points. For example, if a customer currently holds 3 regular preference points and 22 weighted points, their new point value would be 25. The group also thought it was important to help customers understand that weighted points and bonus points are the same thing; mathematically the points are just used in different ways based on the draw model. Preference points still do not apply to Desert Bighorn Sheep hunt codes.

Reissue and fail to pay process

Reissues

The group's focus for solutions to reissue problems was on improving the customer and staff experience, ensuring a fair distribution of licenses, and wanting to see as many licenses issued/used as possible. The group unanimously agreed to automate the reissue process and use the same process for any license surrendered, not paid for by the payment deadline, or returned. Licenses will automatically be reissued to the applicant next up in line in the draw order (by residency) based on the next up report, and will require the use of preference points. Automatic reissue will stop two weeks prior to the start of the season listed on the license.

When applying for licenses in the primary draw, customers will have the choice to opt-in/opt-out to being added to the automated reissue list. If the customer opts-out, they will be skipped over and not issued the license if it is returned. The customer will also be skipped over if they no longer can legally possess the license. For example, if the customer drew a list A elk license in the secondary draw before the list A elk license they applied for in the primary draw was reissued. If a customer opted-in, but circumstances changed and they no longer want the opportunity to be reissued the license, they can opt-out at any time before being issued the license. When a customer opts-in to the automatic reissue, they agree to be charged for the license when it is put on their account and agree to forfeit all the preference points they hold for that species. If there is no one to auto-reissue a returned license to (i.e. there are leftovers for that hunt code or no one opted in for reissue of that hunt code), then the returned license will be released for sale using the current reissue/leftover process. Additionally, if a license is returned during the two weeks prior to the start of the season, it will not be auto-reissued, but instead will also be reissued using the current reissue/leftover process. Auto-reissues will also be paused during the secondary draw application period to ensure bag limit rules are enforced. Auto-reissues will not apply to any licenses prior to the 2028 draw.

Fail to pay

The group also discussed the current fail to pay policies because the majority of the group found those existing policies to be too strict. Currently when CPW reverses any license not paid for by the payment deadline, the customer's preference points used to draw that license will not be reinstated. The group agreed that if a customer's payment fails to go through during the primary or secondary draw, and the customer fails to pay for the license before the respective payment deadline, the customer should lose the license, but felt that their points should be restored to the pre-draw level. This allows for the quick license reissue to another customer through the auto-reissue process and allows the customer who lost the license, to potentially draw the license again in a future year (without losing all his or her points). If a license is auto-reissued to a customer and payment fails, the customer will get a 24 hour warning notification to pay the balance before moving to the next customer in line.

In summary, the entire auto-reissue process will be handled by the license system with no manual staff time necessary. In addition, with the decision to auto-reissue licenses, the concern with bots (software programs developed to help clients quickly detect and purchase returned/ reissued licenses giving them a purchasing advantage over the average human customer) greatly diminishes. Highly

desirable licenses will be issued to the next person in line instead of going to the weekly leftover license release list, thus preventing these licenses from going on sale to the public online where bots could compete.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE MAY 1, 2025 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.

FINAL REGULATIONS - CHAPTER W-0 - GENERAL PROVISIONS**ARTICLE II - LICENSE TYPES AND REQUIREMENTS****#001 - Hunt Codes**

- A.** Hunt Codes are a series of eight sequential letters and numbers which denote the species, sex of animal, unit number, season, and hunt type for each choice shown on the application:

- 1.** Species - The first character of the hunt code is a letter denoting species:

A for pronghorn
 B for black bear
 C for desert bighorn sheep
 D for deer
 E for elk
 G for mountain goat
 H for small game or furbearer
 L for mountain lion
 M for moose
 P for greater prairie-chicken
 S for rocky mountain bighorn sheep
 T for wild turkey

- 2.** Sex of Animal - The second character of the hunt code is a letter denoting the sex of the animal for which the license is valid:

E for either-sex (antlerless or antlered) of animal, as defined in #200
 F for antlerless or doe animals, as defined in #200
 M for antlered or buck animals, as defined in #200

- 3.** Unit Number - The third through fifth characters are numbers denoting the unit or group of units in which the license is valid. Units are numbered sequentially beginning with the number 1. Zeros appear before the unit number when it is less than three characters in length, i.e. 001, 023, etc. Where the license is valid in more than one unit, the lowest numbered complete unit in the group is used, and the season table shows the complete list of valid units or portions thereof. When the limited license is valid statewide, the unit number is 000. In the case of sheep and goat, the three characters are a letter denoting the species (C, S, or G) followed by the two digit unit number.

- 4.** Season Dates or Type - The sixth and seventh characters are a letter and number (0 and up) or two numbers (1 and up) denoting the season and hunt number within the season type (chronologically):

A	for auction season/licenses + number
C	for private (match for public) combined ranches Ranching for Wildlife licenses + number, Novice Adult Hunter Outreach licenses on Ranching for Wildlife ranches + number
D	for game damage or distribution management hunts + number
E	for early seasons + number
F	for East of I-25 Family Only Landowner Pilot seasons + number, for replacement license for CWD positive animals + number
G	for licenses guaranteed to hunters due to natural disaster relief + number
H	for seasons for hunters with mobility impairments /licenses + number

J	for public combined ranches Ranching for Wildlife licenses + number
K	for youth only season/licenses + number
L	for late seasons + number
M	for private (match for public) Ranching for Wildlife licenses + number or for private Bighorn Sheep Access Program licenses
N	for private (match for public) special population Ranching for Wildlife licenses + number
O	for combined or regular seasons + number
P	for private land only (PLO) seasons + number (when simultaneous with a regular season, uses the same number as the regular season)
R	for Raffle season/licenses + number, or TIPs license + number, or Novice Adult Hunter Outreach licenses + number
S	for split seasons (either by time, location, or other listed criteria) + number
T	for trapping season/licenses + number
U	for over the counter licenses
V	for nonresident only licenses
W	for public Ranching for Wildlife licenses or for public Bighorn Sheep Access Program licenses
X	for public special population Ranching for Wildlife licenses + number
Y	for experimental seasons + number
Z	for disease management hunts + number

5. Manner of Take - The eighth character is a letter denoting the manner of take:

A for archery only

F for hawking only

M for muzzle-loading only

R for rifle and associated methods (all legal methods)

X for Season Choice licenses, applicable manner of take restrictions apply

6. Until January 1, 2028, Preference Point Only Hunt Codes - When applicants wish to apply for a preference point only, the hunt codes are: Deer (DP99999P), Elk (EP99999P), Pronghorn (AP99999P), Mountain Goat (GP99999P), Rocky Mountain Bighorn Sheep (SP99999P), Moose (MP99999P), Spring Wild Turkey (TM99999P), Fall Wild Turkey (TE99999P) or Bear (BP99999P).

In order to qualify for an annual low-income Colorado State Wildlife Area Pass and the resident low-income senior fishing license an individual must show a photo identification card and:

Provide written proof, in the form of a federal or state income tax return from the immediately preceding calendar year, that the federal taxable income of such individual is at or below one hundred percent of the official poverty line for an individual or a family, as appropriate to the applicant. If said tax return is not available, a return for the year immediately preceding such year shall suffice. Or,

If an individual's income is at a level where such individual is not required to file an income tax return, such individual shall sign a statement under penalty of perjury in the second degree to such effect. No such affidavit shall be required to be notarized. Or,

A Colorado resident may provide documentation in the form of a card or other verifiable written materials that the resident is currently enrolled in any one of the following programs: TANF (Temporary Assistance to Needy Families), WIC (Special Supplemental Nutrition Program for Women, Infants and Children), Health First Colorado (Colorado's Medicaid program), SNAP (Supplemental Nutrition Assistance Program), FDPIR (Food Distribution Program on Indian Reservations), or LEAP (Low-income Energy Assistance Program).

The federal taxable income amounts, based on the number of people in the family/household, cannot be greater than the applicable guideline set forth in the Annual Update of the HHS Poverty Guidelines, 89 Fed. Reg. 2961 (January 17, 2024) issued by the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation, Room 404E, Humphrey Building, Department of Health and Human Services, Washington, DC 20201. This federal guideline, but not later amendments to or editions thereof, has been incorporated by reference. Basis and Purpose:

Draw changes for preference points

At the May 2023 Parks and Wildlife Commission Meeting, the Commission directed staff to form a Draw Process Working Group (DWG or group). The purpose of the group was to reduce complexities within Colorado's draw system and address preference point issues, while keeping in mind biological and sociological concerns.

A DWG was formed which consisted of two Commissioners, eight members of the public (residents and nonresidents) and seven members of staff (two non-voting). The DWG held five meetings between October 2023 and May of 2024 to draft recommendations for the agency and Commission to consider. The focus topics included draw methods for the primary and secondary draws, preference points, the weighted draw for sheep, goat and moose, and the reissue process. Three Commission workshops also took place between January 2024 and July 2024 on these topics. All recommendations for change were discussed and considered by the Commission in a two-step policy approval process (November 2024 and January 2025). Adopted policies/regulations will not be implemented until the 2028 draws in order to allow time for draw reprogramming. These policies will also be re-examined every ten years, by implementing a Draw Season Structure, similar to the Big Game Season Structure. This cycle will run through the 2032 draws to allow for five years of implementation before the next cycle begins.

The commission approved the removal of the preference point only hunt code in order to have customers choose whether they want to try to gain an additional preference point or try to draw a license to hunt during the primary draw. The DWG believed that allowing customers to easily draw a license and gain a point every year is only exacerbating preference point creep. Instead the group recommended getting rid of the preference point hunt codes entirely and making customers choose upfront if they want a preference point only, or if they want a chance at drawing a license. This will be accomplished by having an applicant mark that they either 1) want to purchase a point and not participate in the primary draw, or 2) they want to apply for a license in the primary draw. The group was conscious of the fact that this policy change could cause many applicants to change their application behavior by either choosing to not apply in the primary draw or applying for hunt codes that are traditionally more difficult to draw. Customers could still take their chance in the random secondary draw where no preference points are used, if they wanted an opportunity to hunt every year.

Adopting discounted Ute Mountain Ute licenses valid on Pinecrest Ranch

The Ute Mountain Ute Tribe (UMU Tribe) owns the Pinecrest Ranch, an 18,862-acre ranch in Gunnison County located in game management unit (GMU) 66. The Pinecrest Ranch is enrolled in CPW's Landowner Preference Program pursuant to § 33-4-103, C.R.S. (LPP). Adopting a discounted UMU Tribe license enables nonresident, enrolled members of the UMU Tribe to redeem LPP vouchers yielded by the Pinecrest Ranch for hunting licenses valid only on the Pinecrest Ranch at a discounted price equivalent to the resident license fee. This changes allows members to redeem a Pinecrest Ranch LPP voucher for either (1) a hunting license valid in all of GMU 66 and pay the nonresident license fee (status quo), or (2) a hunting license valid only on the Pinecrest Ranch and pay the equivalent of the resident license fee for the species.

The discount is authorized by § 33-4-102(1.6)(a), C.R.S., which enables the Commission to reduce license fees where it determines doing so is "proper for management of the division or otherwise beneficial to the management of state wildlife resources. Licenses so discounted may be limited to certain

geographic areas, by sex of the animal, or as otherwise deemed appropriate by the commission.” The discount is proper for the management of the Division because it is intended to improve the intergovernmental relationship between the UMU Tribe and the State.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE MAY 1, 2025 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.

FINAL REGULATIONS - CHAPTER W-3 - FURBEARERS and SMALL GAME, EXCEPT MIGRATORY BIRDS

ARTICLE II - Small Game Season Dates, Units (as Described in Chapter 0 of These Regulations), Bag and Possession Limits, Limited Licenses and Permits

#322 – Wild Turkey

A. Season Bag and Possession Limits

1. The bag and possession limit for each season annually shall be as provided below.
 - a. Spring Season - The limit shall be two bearded turkeys in the spring for those persons who possess a limited spring license. One turkey must be harvested on the limited license and in the limited area. The additional bearded turkey must be harvested with an over-the-counter license.
 - b. Fall Season - The limit shall be one turkey of either sex.
 - c. Late Season - The limit shall be two beardless turkeys.
2. In addition to the above bag and possession limits, a hunter may obtain any number of nuisance turkey licenses as provided in #322(F).
3. In addition to the above bag and possession limits, a hunter may take one additional turkey with a Turn In Poachers (TIPS) license as provided in #002(H)(11)(b).

B. Applications for Limited Licenses

1. Application requirements
 - a. No person shall submit more than one (1) application per season.
 - b. Incomplete applications will not be accepted.
 - c. Applications not submitted by the deadline date and time are void.
2. Drawing applications submittal
 - a. Applications will be accepted by phone or internet only through the Division's electronic licensing system.
 - b. Each drawing application shall include payment of a non-refundable application fee for residents or a non-refundable application fee for nonresidents, found in Chapter W-0 Appendix F. Individuals successful in the draw will be charged for the limited license as well as applicable surcharges found in Chapter W-0 Appendix F.
 - c. Spring season
 1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the first Tuesday in February annually.
 - d. Fall season

1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the last business day in May annually.

- e. Beginning January 1, 2028, unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 25% of available turkey licenses per hunt code in the spring and fall drawings during the first and second choices of both the draws.

3. Preference systems

- a. Preference Points: Preference will be given for correct applications for first choice hunt codes only and shall be subject to the following provisions:

1. Until January 1, 2028, One preference point will be awarded to each person who qualifies for and fails to draw a limited license as a first choice in the drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. However, no applicant may accumulate more than two turkey preference points per calendar year.

Beginning January 1, 2028, one preference point will be awarded to each person who qualifies for and fails to draw a limited license as a first choice in the drawing or who applies for a preference point only (no hunt codes). However, no applicant may accumulate more than two turkey preference points per calendar year. Residents unsuccessful in drawing a first choice license or those applying for a preference point only (no hunt codes) will be assessed a \$15 preference point fee to receive a preference point. Nonresidents unsuccessful in drawing a first choice license or those applying for a preference point only (no hunt codes) will be assessed a \$30 preference point fee to receive a preference point. If the applicant chooses not to pay the preference point fee, the applicant will not receive a preference point for that application. If an applicant accepts a first choice license that has been returned and reissued all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list.

Youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado are exempt from these preference point fees.

- ~~1.2.~~ Preference points will be used in future drawings for the same species and will continue to accumulate until the applicant draws a license as a first choice. If an applicant both fails to apply for a turkey license and has not purchased a turkey license during any given 10-year period, all accumulated preference points for turkey become void.

3. Until January 1, 2028, Applications ~~receiving with higher~~ preference points will be given priority over all applications with fewer points.

Beginning January 1, 2028, a split draw will be used for both the spring and fall season draws where the quota for each hunt code will be divided, with half of the quota going to a preference point draw, and half going to a bonus draw. If the quota can't be evenly split, the extra license will go to the preference point draw. If there is only a single license available, it will be issued through the preference point draw. In the preference point split half of the draw applications with higher preference points will be given priority over all applications with fewer points. In the bonus draw, for every species preference point an applicant holds, the applicant will have one application entered into the bonus drawing, plus one.

Each drawing shall be run processing all first choice applications for the preference point draw first, followed by all first choice applications for the bonus draw before moving to second choice applications. The drawing will continue in that order, until all choices are processed.

4. Until January 1, 2028, Group applications will receive preference at the level of the group member with the fewest accumulated points.

Beginning January 1, 2028, in the preference point half of the draw, group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

- 2-5. Unsuccessful and successful applicants in the drawing can check their current accumulated preference point totals online.

- b. Hunting Licenses for Hunters with Mobility Impairments - The Director may make licenses valid in certain GMU's available to qualified hunters with mobility impairments.
1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.
 2. Applications for hunting licenses for hunters with mobility impairments shall be made on the form, available from and submitted with the applicable license fee to, Colorado Parks and Wildlife, Limited License Office, 6060 Broadway, Denver, Colorado 80216. Hunters may apply from the Monday after the November Commission meeting through the last day of the spring season.
 3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required, if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. Once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
 4. Ten (10) hunting licenses for hunters with mobility impairments will be available for the spring season, valid only on private lands in units 91, 92, and 96. The licenses will be valid for the season dates established for the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.

- c. Youth Outreach Hunting Licenses – The Director may make additional youth outreach program turkey licenses available to qualified organizations sponsoring youth hunting activities.
 - 1. There will be no more than 200 licenses issued annually under this subsection.
 - 2. Licenses will be approved by the applicable Regional Manager on a case-by-case basis.
 - 3. Licenses are issued on a first come, first served basis to qualified organizations.
 - 4. Organizations who wish to request a Youth Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
 - 5. Licenses are limited to youth hunters under 18 years of age.
- d. Novice Outreach Hunting Licenses- The Director may make additional outreach program turkey licenses available to qualified organizations sponsoring novice adult hunting activities.
 - 1. There will be no more than 200 licenses issued annually under this subsection.
 - 2. Licenses will be approved by the applicable Regional Manager on a case-by-case basis.
 - 3. Licenses are issued on a first-come, first-served basis to qualified organizations.
 - 4. Organizations who wish to request an Outreach License must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
 - 5. Licenses are limited to novice hunters. For the purpose of these regulations a novice adult hunter is defined as a Colorado resident 18 years of age or older, who has either: no turkey license purchase history, only held a turkey license(s) in the current or previous year, or has no turkey license purchase history in the previous five years.

C. Special Restrictions

1. Tagging Requirements

- a. When any person kills a turkey, that person must immediately detach, sign, and date the carcass tag. Such tags must be attached to the carcass of the bird while it is transported in any vehicle, while in camp, at a residence, or other place of storage.
- b. Such tags, when dated, signed and attached to the turkey lawfully taken or killed and lawfully in possession, authorizes the possession, use, storage, and transportation of the carcass, or any part thereof, within the state.
- c. If the carcass tag is inadvertently or accidentally detached from the license or is lost or destroyed, the licensee must obtain a duplicate carcass tag before he can lawfully hunt with such license. The duplicate carcass tag may be obtained upon furnishing

satisfactory proof as to the inadvertent or accidental nature of the detachment, loss, or destruction to Colorado Parks and Wildlife.

2. Spanish Peaks SWA

- a. Hunting during the spring turkey season shall be permitted only on Saturdays, Sundays, Mondays and Tuesdays on the Spanish Peaks State Wildlife Area, except as provided in subparagraph b of this subsection.
- b. For hunters with mobility impairments, hunting during the spring turkey season shall be permitted after the second weekend of the season on Wednesdays, Thursdays and Fridays, by special access permit only. For the purposes of this subparagraph, the following restrictions shall apply:
 1. Applicants for access permits for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheelchair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment. Applications will be accepted until the last day of the spring turkey season. Permits will be issued on a first-come, first-served basis, and will be limited to two (2) individuals during each Wednesday through Friday time period during the spring season.
 2. Applications for access permits for hunters with mobility impairments shall be made on the form available from, and submitted to, Colorado Parks and Wildlife, Limited License Office, 6060 Broadway, Denver, Colorado 80216.
 3. Applications for access permits for mobility-impaired hunters shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for an access permit for hunters with mobility impairments. Once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.

3. Higel and Rio Grande SWAs

- a. Turkey hunting access during the spring turkey season requires an access permit. Access permits will be issued for each property, from the Division Office in Monte Vista through a hand drawing. Permit applications may be obtained from CPW, 0722 S. Road 1E, Monte Vista, CO 81144. Group applications will be accepted. No more than two (2) applicants per group. Application deadline is March 31 of each year. Successful applicants will be notified by email. The date, time and location of the drawing will be included on the application.

4. Horsethief Canyon State Wildlife Area

- a. Turkey hunting access is limited to the spring turkey season and is restricted to youth mentor turkey hunting only, by access permit only. Mentors are not allowed to hunt. Permit applications are available from Colorado Parks and Wildlife Northwest Region Service Center at 711 Independent Ave., Grand Junction, CO 81505, 970-255-6100.

The application deadline is March 31. Successful applicants will be notified by mail.

5. Youth Turkey Extended Season

Youths under 18 years of age may hunt turkey from the Saturday before Thanksgiving through the Sunday after Thanksgiving, provided they possess an unfilled youth fall turkey license (including, but not limited to, hunt code TE000U3R). Youths may only hunt in the GMU their original unfilled license was valid in; youths with unfilled OTC licenses may hunt in any OTC GMU but may not hunt in a limited unit that the original OTC license was not valid in. All hunters must comply with applicable regulations for the hunt in which they participate, and are accompanied by a mentor. A mentor must be at least 18 years of age and comply with hunter education requirements. The mentor may not hunt.

D. Season Dates and Units - Unlimited Licenses.

F. Special Licenses for Nuisance Turkeys

1. The Director shall have the authority to establish special hunting seasons for turkeys, between December 1 and March 31 on an annual basis, when necessary to control nuisance turkeys. The Area Wildlife Manager will determine the type of license(s) (either-sex or hen only) most appropriate to control the conflict.
 - a. Nuisance turkey hunts are limited to a maximum of 50 licenses per landowner, per year.
 1. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application. Nuisance turkey licenses shall be sold at the fall season license price.
 - b. Prior to approving the hunt, the Division shall:

1. Verify that conflicts are occurring.
 2. Designate what area shall be open to hunting.
 3. Determine the manner of hunting that will be permitted.
 4. Determine the number of hunters allowed to hunt in each designated area.
- c. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such conflict is occurring.
- d. Hunters shall hunt in designated areas and on the dates indicated on the license.
1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.
- e. Any person who purchases a license for a nuisance turkey season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

Basis and Purpose:

Draw 2028 changes

At the May 2023 Parks and Wildlife Commission Meeting, the Commission directed staff to form a Draw Process Working Group (DWG or group). The purpose of the group was to reduce complexities within Colorado's draw system and address preference point issues, while keeping in mind biological and sociological concerns.

A group was formed which consisted of two Commissioners, eight members of the public (residents and nonresidents) and seven members of staff (two non-voting). The DWG held five meetings between October 2023 and May of 2024 to draft recommendations for the agency and Commission to consider. The focus topics included draw methods for the Primary and Secondary draws, preference points, the weighted draw for sheep, goat and moose, and the reissue process. Three Commission workshops also took place between January 2024 and July 2024 on these topics. All recommendations for change were discussed and considered by the Commission in a two-step policy approval process (November 2024 and January 2025). Adopted policies/regulations will not be implemented until the 2028 draws in order to allow time for draw reprogramming. These policies will also be re-examined every ten years, by implementing a Draw Season Structure, similar to the Big Game Season Structure. This cycle will run through the 2032 draws to allow for five years of implementation before the next cycle begins.

The group unanimously agreed that all draw recommendations for deer, elk, bear, and pronghorn should apply to turkey as well. This includes using a split draw method, applying a 75%/25% residency allocation, changes to preference points, and using an auto-reissue process for returned licenses.

Split draw

Two goals of the group were "simplicity" and "the ability for all current and future hunters to draw highly-desirable licenses". With those goals in mind, the group gravitated towards a split draw methodology because it allows both groups of hunters (those with lots of accrued preference points as well as new/novice hunters) a chance at drawing highly desirable licenses. The group and the commission consensus was for a preference and bonus point split as it accounts for accrued preference points in both splits. This type of split system rewards customers who have been applying in the system for a long time, while also still having a random component for young and novice hunters during the bonus point (names in the hat) part of the draw. In addition, the new split model makes the draw more simplistic and easier to understand than the previous hybrid draw model by removing some of the existing complexities. The group and commission also approved using one draw method consistently for deer, elk, bear, pronghorn, and turkey. The percentage of licenses allocated to each split (preference vs. bonus) was approved so that there was a 50/50 split. This will be the easiest for the public to understand and will ensure that even hunt codes with low quota will have a random draw component.

Allocation

The group and the commission also approved one residency allocation split across all deer, elk, bear, pronghorn, and turkey hunt codes (no high demand for big game). The commission approved a 75/25 split between residents and nonresidents. This change will be new for turkey licenses and will remove the high demand allocation split for big game, which will increase consistency and decrease complexity. In addition, the commission approved applying the allocation rules to the first and second choice hunt codes during the primary draw. This extends the soft cap into the second choice of the primary draw decreasing the number of hunt codes going over the soft cap to nonresidents during first choice.

Preference points

During the draw policy approval process the Commission and CPW both expressed concerns with the possible large revenue loss associated with applying the 75/25 resident/nonresident allocation to multiple choices in the primary draw. In order to offset those costs the commission approved a preference point fee for deer, elk, bear, pronghorn or turkey similar to what is done for Rocky Mountain bighorn sheep, mountain goats and moose. The approved fees were \$15/\$30 resident/nonresidents, and similar to sheep, goat and moose a customer could opt-out of paying for a point if they wanted to. The added fee will help recover lost revenue from other draw changes as well as reduce preference point creep if fewer people decide to purchase a point. Youth, lifetime licenses holders and Colorado resident military personnel on active duty outside of Colorado will be exempt from the preference point fee to be consistent with the preference point requirements for Rocky Mountain bighorn sheep, goat and moose.

In addition, the commission approved the removal of the preference point only hunt code in order to have customers choose whether they want to try to gain an additional preference point or try to draw a license to hunt during the primary draw. The group believed that allowing customers to easily draw a license and gain a point every year is only exacerbating preference point creep. Instead, the group recommended getting rid of the preference point hunt codes entirely and making customers choose upfront if they want a preference point only, or if they want a chance at drawing a license. When applying an applicant will mark that they either 1) want to purchase a point and not participate in the primary draw, or 2) they want to apply for a license in the primary draw. The group was conscious of the fact that this policy change could cause many applicants to change their application behavior by either choosing to not apply in the primary draw or applying for hunt codes that are traditionally more difficult to draw. Customers could still take their chance in the random secondary draw where no preference points are used, if they wanted an opportunity to hunt every year.

FINAL REGULATIONS - CHAPTER W-16 - PARKS AND WILDLIFE PROCEDURAL RULES

ARTICLE VI – Refunds, Reimbursements, ~~and~~ Restoration of Preference Points ~~and~~ Reissues#1670 – Refunds, ~~and~~ Restoration of Preference Points ~~and~~ Reissues

See also §§ 33-4-102 (6) for statutory provisions related to refunds

A. General Refund Procedures – Except as provided herein, anyone may request and be given a refund for a license no later than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening day of the season for which the license was issued for all other licenses, minus a \$15.00 processing fee. The \$15.00 processing fee will not be charged for refunds requested on youth licenses, in the case of Division error, or if any of the following circumstances prevent the license holder from exercising the intended benefits of the license: extreme medical circumstances involving the license holder or a license holder's immediate family member, death of the license holder, death of the license holder's immediate family member, military orders, or jury duty. Requests must have a valid U.S. postmark, or be submitted at a Division office at least fourteen (14) days prior to the opening day of the applicable turkey season or thirty (30) days prior to the opening day of any other season for which the license was issued. Youth are exempt from the (14) days prior requirement for turkey licenses and the (30) days prior requirement for big game licenses and may submit a request up to the day before the start of the season.

1. All refunds shall be requested on a form provided by or in the format requested by the Division.
2. All requests for license refunds must be accompanied by the entire license and carcass tag when applicable.
3. Refunds may be requested by mail or in person at any Division office.
4. Refunds shall only be issued to the person whose credit card was used or name appears on the license.
5. Licenses purchased through non-Division license agents will be refunded at cost less license agent fee.
6. No refunds shall be made in any circumstance where the license holder was hunting in the field during an active season for the license and designated species as specified in Commission rules and regulations.
7. No refunds shall be made on any special licenses listed in 33-4-102(2), C.R.S., or any auction or raffle licenses as provided for in 33-4-116 or 33-4-116.5, C.R.S., or on any exchanged license, or on any license that costs less than \$15.00 with the exceptions of resident youth turkey and resident youth big game licenses, or to any person whose license privileges have been suspended by the Commission.
8. When the \$15.00 processing fee exceeds the original refund amount, no refund shall be issued and the remainder of the processing fee shall be waived.
9. Until January 1, 2028, Aall limited licenses returned to the Division for a refund or preference point restoration will be available for reissue after the request has been processed using the

current leftover list and following all other license purchase regulations, except for the following limited licenses:

- a. Turkey, deer, elk, pronghorn and bear hunt codes which required five (5) or more resident preference points to draw as determined by the current year's limited license draw;
- b. Bighorn sheep, mountain goat, and moose licenses;
- c. All public Ranching for Wildlife licenses.

10. Until January 1, 2028, the following limited licenses returned for refund or preference point restoration will be reissued by the Division manually:

- a. Turkey, deer, elk, pronghorn and bear hunt codes which required five (5) or more resident preference points to draw as determined by the current year's limited license draw;
- b. Bighorn sheep, mountain goat, and moose licenses;
- c. All public Ranching for Wildlife licenses.

If the next in line regular draw list applicant accepts one of the aforementioned first choice licenses that has been returned and reissued, all accumulated preference points for that species become void. If a license cannot be manually reissued to one of the first five people on the regular draw list, the license will become available for reissue using the current leftover license list. Public Ranching for Wildlife licenses will not be reissued within fourteen (14) days of the start date for the respective hunt code or be available for sale off the leftover license list.

11. Beginning January 1, 2028, the following processes will be used to reissue limited licenses returned to the Division:

- a. All limited licenses surrendered, unpaid for by the payment deadline, or returned to the Division for a refund or preference point restoration after completion of the regular drawing and prior to the secondary drawing application period will be made available for auto reissue. These licenses will be automatically reissued to the applicant next in line to draw the license, by residency, if the applicant has opted-in to accept auto reissued licenses for that hunt code and is eligible to receive the license. Applicants who receive an auto-reissued license will be charged the applicable license fee and, if the license was applied for as a first choice, all accumulated preference points for that species will become void. Applicants who opt-out of the auto-reissue process for that hunt code will be skipped and will not be automatically reissued the license. Licenses that are still remaining after the auto-reissue process is complete will be made available for application in the secondary drawing.
- b. All limited licenses surrendered, unpaid for by the payment deadline, or returned to the Division for a refund or preference point restoration after completion of the secondary drawing and prior to the start of leftover sales will be made available for auto-reissue. These licenses will be automatically reissued to the applicant next in line to draw the license, by residency, if the applicant has opted-in to accept auto reissued licenses for that hunt code and is eligible to receive the license. Applicants who receive an auto-reissued license will be charged the applicable license fee, and, if the license was applied

for as a first choice in the regular drawing, all accumulated preference points for that species will become void. Applicants who opt-out of the auto-reissue process for that hunt code will be skipped and will not be automatically reissued the license. Licenses that remain after the auto-reissue process is complete will be made available for purchase through the leftover license list and will not require the use of preference points.

c. All limited licenses surrendered or returned to the Division for a refund or preference point restoration after the start of leftover sales and with a season start date two weeks or more from the date of the return, will be made available for auto-reissue. These licenses will be automatically reissued to the applicant next in line to draw the license, by residency, if the applicant has opted-in to accept auto reissued licenses for that hunt code and is eligible to receive the license. Regular drawing applications will be processed prior to secondary draw applications. Applicants who receive an auto-reissued license will be charged the applicable license fee and, if the license was applied for as a first choice in the regular drawing, all accumulated preference points for that species will become void. Applicants who opt-out of the auto-reissue process for that hunt code will be skipped and will not be automatically reissued the license. Licenses that are still remaining after the auto-reissue process is complete will be made available for purchase through the leftover license list and will not require the use of preference points.

d. All limited licenses surrendered or returned to the Division for a refund or preference point restoration after the start of leftover sales and with a season start date less than two weeks from the date of the return, will not be made available for auto-reissue.

i. For all bighorn sheep, mountain goat, and moose licenses: Licenses will be reissued by the Division manually. If the next in line regular draw list applicant manually accepts one of the aforementioned first choice licenses that has been returned and reissued, all accumulated preference points for that species become void. If a license cannot be manually reissued to one of the first five people on the regular draw list, the license will become available for purchase using the leftover license list. Public Ranching for Wildlife licenses will not be reissued within fourteen (14) days of the start date for the respective hunt code or be available for sale off the leftover license list.

ii. For all deer, elk, pronghorn and bear licenses: Licenses will be available for purchase after the request has been processed using the current leftover license list.

44.12. Requests for refunds after the opening of the season will be accompanied by a signed affidavit that the license has not been used and circumstances precluded the licensee from being able to use the license. In addition, to be eligible for a refund the failure to apply for a refund less than thirty (30) days prior to the opening day of the season for which the license was issued cannot be due to a lack of diligence on the part of the licensee. The Division's License Administration Manager will render a decision on the refund request on behalf of the Division and the Commission and such decision shall constitute final agency action. Circumstances for which reimbursement will be considered shall be limited to:

- a. Extreme medical circumstances involving the license holder or a license holder's immediate family member;
- b. Death of the license holder or death of a license holder's immediate family member;
- c. Active and reserve members of the United States armed forces whose military orders

overlap with the season dates of the returned license; or

- d. Individuals on jury duty whose jury duty service overlaps with the season dates of the returned license.

B. Other Refunds

1. Refunds or antlerless licenses may be issued in any unit approved by the Division for the same species in the same year to hunters who harvest a deer, elk or moose in which Chronic Wasting Disease (CWD) is detected through the Division's CWD monitoring or testing programs. Where there is no open season or insufficient time remains to reasonably exercise the benefits of a license granted in the same year, the Division may issue the licensee an antlerless license for the same species in the following year in the same Game Management Unit where the CWD detected animal was harvested, or if antlerless hunting is not permitted in the applicable GMU, the Division may designate a substitute GMU. If the season closes prior to October 31 in the unit, the license will be valid through October 31. The provisions of this regulation shall apply to any hunter who harvests a moose after January 1, 2006 in which CWD is detected. Licenses issued pursuant to this provision shall not be considered part of the quota otherwise established by the Commission for that GMU.
2. Except for cases of Division error, no refunds shall be issued for any annual license, one-day, or five-day license, mountain lion license or preference point fee.

C. Restoration of Preference Points

1. License preference points used to obtain the license will not be restored except as follows:
 - a. No later than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening day of the season for all other licenses, preference points may be restored to the pre-drawing level in lieu of a refund at the licensee's request.
 - b. Less than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening of the season for all other licenses, the License Administration Manager may restore license preference points to the pre-drawing level and/or issue a monetary refund if any of the following circumstances prevent the license holder from exercising the intended benefits of the license:
 1. Extreme medical circumstances involving the license holder or a license holder's immediate family member;
 2. Death of a license holder's immediate family member;
 3. Active and reserve members of the United States armed forces whose military orders overlap with the season dates of the returned license; or
 4. Individuals on jury duty whose jury duty service overlaps with the season dates of the returned license.
 - c. Beginning with the 2025 draw season, when a license is not paid for by the payment deadline, the license privilege will be removed from the customer's account. Any points used to obtain the license will be restored to the pre-draw level.

D. Requests for refunds and/or restoration of license preference points due to extreme medical

circumstances involving the license holder or a license holder's immediate family member, the death of a license holder's immediate family member, military orders that prevents the service member from exercising the intended benefits of the license or jury duty will be accompanied by sufficient evidence demonstrating that the license has not been used and circumstances precluded the licensee from being able to use the license. In addition, sufficient documentation is required to prove extreme medical circumstances, death, military orders or jury duty service.

E. Time Restriction

1. A refund or preference point restoration will be denied when the request is submitted more than thirty (30) days after the opening of the season for which the license was issued. Provided further that all time limits will be extended for active and reserve members of the United States armed forces whose military service requirements precluded their application for a refund or preference point restoration within said periods.
2. When additional documentation is requested and required by the Division to approve a refund and/or restoration of preference points request, the requestor will have thirty (30) days from the mailing date indicated on the notification letter to submit all the required documentation. If required documentation is not submitted prior to the 30-day deadline, the request will be considered closed and denied. No requests from the previous year will be considered after January 31, annually.

F. Director Disaster Relief Authority

1. When, in the determination of the Director, existing Parks and Wildlife regulations will have a significant negative impact following a natural disaster that displaces persons from their homes, or closes areas to public access and results in a time-critical demand for use of park resources or a complete (or near complete) loss of hunting opportunity, the Director is authorized to take emergency administrative actions, including, but not limited to:
 - a. Issuance of license fee refunds.
 - b. Restoration of preference points.
 - c. Exchange of big game hunting licenses for leftover or over-the-counter licenses.
 - d. Issue similar guaranteed licenses for another license year.
 - e. Suspension of length of stay camping limits on Division-owned or controlled properties.
 - f. Imposition of administrative requirements associated with the application for relief granted under this section.

Basis and Purpose:

Draw changes

At the May 2023 Parks and Wildlife Commission Meeting, the Commission directed staff to form a Draw Process Working Group (DWG or group). The purpose of the group was to reduce complexities within Colorado's draw system and address preference point issues, while keeping in mind biological and sociological concerns.

A DWG was formed which consisted of two Commissioners, eight members of the public (residents and nonresidents), and seven members of staff (two non-voting). The DWG held five meetings between October 2023 and May of 2024 to draft recommendations for the agency and Commission to consider. The focus topics included draw methods for the Primary and Secondary draws, preference points, the weighted draw for sheep, goat and moose, and the reissue process. Three Commission workshops also took place between January 2024 and July 2024 on these topics. All recommendations for change were discussed and considered by the Commission in a two-step policy approval process (November 2024 and January 2025). Except where indicated, adopted policies/regulations will not be implemented until the 2028 draws in order to allow time for draw reprogramming. These policies will also be re-examined every ten years, by implementing a Draw Season Structure, similar to the Big Game Season Structure. This cycle will run through the 2032 draws to allow for five years of implementation before the next cycle begins.

Reissues

The group focused on improving the customer and staff experience, ensuring a fair distribution of licenses, and wanting to see as many licenses issued/used as possible. The group unanimously agreed to automate the reissue process and use the same process for any license that is surrendered, not paid for by the payment deadline, or returned. Licenses will automatically be reissued to the applicant next up in line in the draw order (by residency) based on the next up report, and would require the use of preference points for first choice licenses from the primary draw. Automatic reissue will stop two weeks prior to the start of the season listed on that license.

When applying for licenses in the primary draw, customers will have the choice to opt-in/opt-out to being on the automated reissue list. If the customer opts-out, they will be skipped over and not issued the license if it is returned. The customer will also be skipped over if they no longer can legally possess the license. For example, if the customer drew a list A elk license in the secondary draw before the list A elk license they applied for in the primary draw was reissued. If a customer opted-in, but circumstances changed and they no longer want the opportunity to be reissued the license, they can opt-out at any time before being issued the license. When a customer opts-in to the automatic reissue, they agree to be charged for the license when it is put on their account and agree to forfeit all the preference points they hold for that species for first choice licenses from the primary draw. If there is no one to auto-reissue a returned license to (i.e. there are leftovers for that hunt code or no one opted in for reissue of that hunt code), then the returned license will be released for sale using the current reissue/leftover process. Additionally, if a license is returned during the two weeks prior to the start of the season, it will not be auto-reissued, but instead will also be reissued using our current reissue/leftover process. Auto-reissues will also be paused during the secondary draw application period to ensure bag limit rules are enforced. Auto-reissues will not apply to any licenses prior to the 2028 draw.

Fail to pay

The group also discussed the current fail to pay policies because the majority of the group found those existing policies to be too strict. When CPW would reverse any license not paid for by the payment deadline they would not reinstate the customer's preference points used to draw that license. The group agreed that if a customer's payment fails to go through during the primary or secondary draw, and the customer fails to pay for the license before the respective payment deadline, that customer should lose the license, but felt that their points should be restored to the pre-draw level. This allows the license to be quickly reissued to another customer through the auto-reissue process and allows the customer who lost the license, to potentially draw the license again in a future year (without losing all their points). If a license is auto-reissued to a customer and payment fails, the customer would get a 24 hour warning notification to pay the balance before moving to the next customer in line. In summary, the entire auto-reissue process would be handled by the license system with no manual staff time necessary. In addition, with the decision to auto-reissue licenses, the concern with bots (software programs developed to help clients quickly detect and purchase returned/ reissued licenses giving them a purchasing advantage over the average human customer) greatly diminishes. Highly desirable licenses would be issued to the next person in line instead of going to the weekly leftover license release list, thus preventing these licenses from going on sale to the public online where bots could compete.
