Adjusting license fees according to adjustments to the Denver-Aurora-Lakewood Consumer Price Index

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI).

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

Consumer Price Index - All Urban Consumers Denver-Aurora-Lakewood Metropolitan Area	
First Half 2018	260.790
First Half 2019	264.147
First Half 2020	271.264
First Half 2021	276.290
First Half 2022	300.002
First Half 2023	316.758
First Half 2024	325.308
Annual Percentage Change (2023 Base Year)	2.7%
Cumulative Percentage Change (Rounded) (2018 Base Year)	24.7%

The CPI calculation above yields the following fees as adjusted in regulation. The fees shown in the blue highlighted columns are the statutory caps for each license fee. The Parks and Wildlife Commission may reduce these as appropriate through the rule-making process.

License prices established in Appendix F of Chapter W-0 are the actual license price. The discounts applied from the statutory maximum price for select licenses have been provided in Chapters W-2 and W-3. The 2024 nonresident license fee comparison for other mountain states has also been included in the mailing for reference.

Updating retail agent commission rates according to inflationary increases in license prices

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2025 license year:

Basis and Purpose
Chapter W-0 - General Provisions

Basis and Purpose:

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI).

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

Consumer Price Index - All Urban Consumers	
Denver-Aurora-Lakewood Metropolitan Area	
First Half 2018	260.790
First Half 2019	264.147
First Half 2020	271.264
First Half 2021	276.290
First Half 2022	300.002
First Half 2023	316.758
First Half 2024	325.308
Annual Percentage Change (2023 Base Year)	2.7%
Cumulative Percentage Change (Rounded) (2018 Base Year)	24.7%

The CPI calculation above yields the following fees as adjusted in regulation. The fees shown in the highlighted column are the statutory caps for each license fee. The Parks and Wildlife Commission may reduce these as appropriate through the rule-making process.

Clean up for SB 24-161

SB 24-161 removed the word lifetime from the Resident Senior low income fishing license product. Through this change the product will now be sold annually instead of once for an individual’s lifetime. The price for the product has also been lowered to the 2018 base price of \$8.00 now that the license must be purchased annually. Also, the age to qualify as a senior was expanded to include any one 64 years old or older instead of 65 years old or older previously. This will increase consistency when selling senior discounted products as senior parks passes are for those 64 years old or older.

License Type	2024 License Fee	2023-2025 License Fee
Nonresident Bear	\$250.00	\$110.59 <u>256.75</u>

Differential pricing for nonresident black bear, resident black bear, youth black bear, and nonresident mountain lion

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI). While most resident and nonresident wildlife license fees have been adjusted to the statutory maximum, differential pricing has been retained for nonresident black bear, youth black bear, and nonresident mountain lion. However, all of these licenses prices have increased with the CPI.

Resident senior combination fishing and small game hunting license	\$33.57 <u>34.47</u>
Resident senior lifetime fishing upgrade to annual combination fishing and small game hunting license*	\$23.85 <u>24.49</u>

*Valid only for resident senior Lifetime Disability and Low Income Fishing license holders.

#304 - License Requirements

Except as provided in 33-6-107(9) C.R.S., the following license requirements shall apply:

- A. A small game license is required to take those species defined in #300(D) as small game, except wild turkey.
- B. Until March 1, 2021, a small game or a furbearer license is required to take those species defined in #300(B) as furbearers. Beginning March 1, 2021, a youth small game license, a furbearer license, or a furbearer harvest permit in addition to any variation of a small game license or small game and fishing combination license is required to take those species defined in #300(B) as furbearers, except coyotes. Coyotes may be taken with a small game license, a furbearer license, or without a license during any big game season provided that the hunter has an unfilled big game license for that season and unit. Manner of take must be the same as that of the big game license. An annual furbearer harvest permit can be purchased for \$10.00.

- C. A turkey license is required to take wild turkey.
- D. Common snapping turtles may be taken with either a small game license or a fishing license.
- E. Each hunter must register their intent to hunt migratory birds, small game or coyotes by completing a Harvest Information Program (HIP) survey online (www.cpwshop.com) or by calling (1-855-~~524521~~-3050) prior to their first hunting trip of the season. For the purposes of this regulation, "season" means the period March 1 through March 31 of the following year.

Basis and Purpose:

Differential pricing for the nonresident furbearer license, the resident senior combination fishing and small game hunting license, and the resident senior lifetime fishing upgrade to annual combination fishing and small game hunting license

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI). While most resident and nonresident wildlife license fees are at the statutory cap, differential pricing has been retained for certain licenses, including the nonresident furbearer license, in order keep the fee equitable with similar license types, such as the small game license. Differential pricing has also been retained for the resident senior combination fishing and small game hunting license and the resident senior fishing upgrade to annual combination fishing and small game hunting license. However, all of these licenses prices have increased in accordance with the CPI.

Correcting the HIP phone number

These regulations also correct the phone number for completing the Harvest Information Program or HIP.

EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE JANUARY 1, 2025, AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED, OR SUPERSEDED.

Basis and Purpose:

Updating retail agent commission rates according to inflationary increases in license prices

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2025 license year:

Division Product Type	2024 Actual Price	2024 Commission	2025 Proposed Price	2025 Proposed Commission
Second Rod Stamp	\$10.93	\$0.73	\$11.23	\$0.75

Mountain States License Fee Comparison

The following analysis compares big game license fees and opportunities for mountain states. Although general license stipulations and hunting opportunities vary by state and species, every effort has been made to compare licenses that address similar nonresident hunting opportunities. This analysis is not intended to be a comprehensive summary of all hunting opportunities in all states. For example, several states have programs closely comparable to Ranching for Wildlife, and most states issue special licenses, including disease management, auction/raffle and landowner licenses. This analysis is intended to compare licenses generally available to average non-residents on an over-the-counter or draw basis.
