Adjusting license fees according to adjustments to the Denver-Aurora-Lakewood Consumer Price Index

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI).

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

Consumer Price Index - All Urban Consumers			
Denver-Aurora-Lakewood Metropolitan Area			
First Half 2018			260.790
First Half 2019			264.147
First Half 2020			271.264
Annual Percentage Change (2019 Base Year)			2.7%
Cumulative Percentage Change (Rounded) (2018 Base Year)			4.0%

The CPI calculation above yields the following fees as adjusted in regulation. The fees shown in the blue highlighted column below are the statutory caps for each license fee. The Parks and Wildlife Commission may reduce these as appropriate through the rule-making process. Those licenses with reduced fees are shown in the yellow highlighted rows.

License prices established in Appendix F of Chapter W-0 are the actual license price. The discounts applied from the statutory maximum price for select licenses have been provided in Chapters W-2 and W-3. The 2020 nonresident license fee comparison for other mountain states has also been included in the mailing for reference.

Adjusting license agent commission rates according to adjustments to the Denver-Aurora-Lakewood Consumer Price Index

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2021 license year. These commission rates have been updated in Chapters W-15 and P-7.

Basis and Purpose
Chapter W-0 - General Provisions

Basis and Purpose:

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI).

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

Consumer Price Index - All Urban Consumers			
Denver-Aurora-Lakewood Metropolitan Area			
First Half 2018			260.790
First Half 2019			264.147
First Half 2020			271.264
Annual Percentage Change (2019 Base Year)			2.7%
Cumulative Percentage Change (Rounded) (2018 Base Year)			4.0%

The CPI calculation above yields the following fees as adjusted in regulation. The fees shown in the highlighted column are the statutory caps for each license fee. The Parks and Wildlife Commission may reduce these as appropriate through the rule-making process.

As noted in the following table, the 2020 actual price for the 3-year possession/hunting raptor license, Annual possession/hunting raptor license, and Peregrine falcon capture license did not increase with the CPI. The previous fee shown in Appendix F of these regulations reflected the CPI statutory lid, not the actual fee.

While most resident and nonresident wildlife license fees may now be adjusted based on CPI, discounts have also been retained for nonresident black bear, resident black bear, youth black bear, nonresident mountain lion, and nonresident antlerless elk licenses to continue incentivizing the purchase of these licenses.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us. The statements of basis and purpose are not available at the Division of Parks and Wildlife headquarters due to the closure of these facilities to the public in light of the COVID-19 pandemic.

Basis and Purpose
Chapter W-15 - Division Agents

Basis and Purpose Statement:

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2021 license year:

Division Product Type	2020	2020	2021	2021

Basis and Purpose
Chapter P-7 - Passes, Permits and Registrations

Basis and Purpose:

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2021 license year:

Division Product Type	2020	2020	2021	2021

S.B. 18-143, 6 (IV) (b) "For a fee or surcharge describe in Articles 1 to 6 of this Title 33, the commission may, by rule, adjust the fee or surcharge by an amount up to the total amount reflected by the annual percentage change in the United States Department of Labor's bureau of labor statistics consumer price index for the Denver-Boulder-Greeley consolidated metropolitan statistical area for all items and all urban consumers, or its successor index. The adjustment is not effective until the commission notifies the joint budget committee of the adjustment."

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

The Wildlife Commission has adopted Regulation #1510 which sets retail agent commissions at 4.75% of the license fee except for those commissions which are fixed (below). Statutorily the Commission may set these rates wherever feasible. Historically the year-to-year CPI change from the above table has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, 3.6% for nonresident big game)

Note: In 2019, the Reg Review managers made a policy decision to make the Commission a percentage of the actual price, not the statutory price.

Mountain States License Fee Comparison

The following analysis compares big game license fees and opportunities for mountain states. Although general license stipulations and hunting opportunities vary by state and species, every effort has been made to compare licenses that address similar nonresident hunting opportunities. This analysis is not intended to be a comprehensive summary of all hunting opportunities in all states. For example, several states have programs closely comparable to Ranching for Wildlife, and most states issue special licenses, including disease management, auction/raffle and landowner licenses. This analysis is intended to compare licenses generally available to average non-residents on an over-the-counter or draw basis.
