TO: Members of the Colorado Parks and Wildlife Commission  
FROM: Krista Heiner, Regulations Manager  
RE: Chapter W-2 Final Regulations for the January 2020 Parks and Wildlife Commission Meeting  
DATE: December 31, 2020

Final regulatory changes for Chapter W-2 are summarized below. If there are questions about the agenda item below, or if additional information is needed, please feel free to contact me at 303-866-3203 x4609 or [krista.heiner@state.co.us](mailto:krista.heiner@state.co.us).

**Agenda Items 12-15: Chapter W-2 - "Big Game" 2 CCR 406-2 and those related provisions of Chapter W-0 ("General Provisions" 2 CCR 406-0) and Chapter W-3 ("Furbearers and Small Game, Except Migratory Birds" 2 CCR 406-3) necessary to accommodate changes to or ensure consistency with Chapter W-2 (Step 2 of 2)**

These regulations amend Chapter 2 - Big Game - of the Parks and Wildlife Commission Regulations and implement 2021 bighorn sheep, mountain goat, and mountain lion license numbers/harvest limits. They also amend season dates for the 2021 big game seasons. These regulations are designed to manage statewide big game herds at herd objective levels and provide a diversity of hunting recreation opportunities for resident and nonresident hunters throughout Colorado; to minimize or control local game damage situations; and to provide opportunity for landowners to cooperatively manage wildlife with the Division. These modifications are the result of extensive public involvement and application of biological information on deer, elk, pronghorn, bear, lion, and moose. All regulation changes are based on the best available biological information and are designed to manage big game herds towards stated objectives and to ensure long-term viability. Specific changes include:

### Multiple Species

#### Changing the application deadline dates for the Secondary Draw and Fall Turkey Draw and adding the fall turkey license to the list of eligible qualifying licenses for participating in the Secondary Draw (pp. 9, 20 in Chapter W-2, p. 1 in Chapter W-3)

The application deadline for the Secondary Draw has been changed to the last business day in June annually. While this change will result in shortening the application period from one month to two weeks, it will allow more fail-to-pay licenses from the Primary Draw to be placed into the quota pool for the Secondary Draw instead of being held and placed on the Leftover List. It will also allow staff to run the Secondary Draw earlier in the year, which will allow licenses to be shipped to successful customers earlier, giving customers more time to prior to the start of the season to return the license for a refund or exchange, if desired.

Similarly, the application deadline for the Fall Turkey Draw has been changed to the last business day in May annually and the fall turkey license has been added to the list of eligible qualifying licenses for participating in a limited big game drawing. This change results in shortening the Fall Turkey Draw application window from 2 months to 1 month and moving the application period to the month of May. This will allow fall turkey licenses to be used as a qualifying license for Secondary Draw applications. It also allows staff to run the Fall Turkey Draw earlier in the year, providing additional time for customers to return the license for a refund or exchange, if desired. Finally, it also brings the length of the fall turkey application period in line with the length of the application period for the draws for other species.

Standardizing mandatory reporting regulations across species (pp. 60, 65 in Chapter W-2, p. 9 in Chapter W-0)

CPW requires mandatory reporting for several types of hunting licenses and species. Sportspeople are required to fill out a mandatory report regardless of whether they harvest an animal if they hold any type of license for mountain goat, bighorn sheep and moose, or an auction or raffle license for deer, elk and pronghorn. For these license types, sportspeople who do not harvest are required to submit a questionnaire which asks for details about where and how they hunted. Additionally, sportspeople who harvest animals are required to submit their animals for inspection by a CPW official. Mandatory reports are also required for any bear, mountain lion, or bobcat harvested in the state. The mandatory report form asks for the location of the kill/trap, in addition to several other questions. This information is used for law enforcement purposes and for biological data.

In some cases, hunters incorrectly fill out the check form to conserve the anonymity of the hunting area. This has significant consequences for population monitoring and law enforcement. The regulations relating to check forms for bear and mountain lion previously stated that the form "shall be completed accurately." However, that same wording was not included in the regulations for bighorn sheep, mountain goat, moose or bobcat. Regulation #002.R has been added to Chapter W-0, stating that for all species requiring mandatory reporting, all questionnaires and check reports shall be accurately completed by the hunter. This ensures consistency among all species that require a mandatory reporting.

Creating a new season type "G" for guaranteed licenses due to natural disaster relief, adding "G" hunt codes and their quotas to denote guaranteed licenses corresponding to applicable sheep, goat and moose hunt codes, and adding regulations to indicate that returned guaranteed licenses will be manually reissued to applicants from the previous years' limited license drawing of the original hunt code (Step 1 of 1)( pp. 34, 39-40, 46-47, 178, 183 in Chapter W-2, p. 1 in Chapter W-0).

Multiple fires during the 2020 hunting seasons prevented hunters from being able to hunt. In certain cases, impacted sheep, goat and moose hunters have been guaranteed licenses for the 2021 hunting seasons. Previously, CPW did not have a process to issue guaranteed licenses from one year to another. To ensure proper processing of applications, adherence to licensing and draw rules, and proper reporting of draw results, a new season type "G" was created to identify hunt codes with a guaranteed license. These "G" hunt codes, which mirror the original hunt code, but have the letter "G" for "Guaranteed due to natural disaster relief," as the 6th character, have been added for select sheep, goat and moose licenses. The original hunt code has been denoted with an asterisk. Additionally, regulations have been added specifying that if any of the hunters who drew a "G" hunt coded license decides to return it via the normal process, that license will be reissued using the 2020 next-up list for the original hunt code.

Sheep

Invalidating the SMS4801R hunt code in select years to account for the Bighorn Sheep Access Program (BSAP) in GMU S-48 (SE) (p. 38)

Bighorn sheep in S-48 are found exclusively on private land. Since 2019, several ranches have been enrolled in the BSAP program. The total license allocation and the ratio of public to private BSAP licenses is determined by an agreement between CPW and the landowner. In order to allocate quota between the general SMS4801R hunt code and the BSAP hunt codes, in some years, all of the quota needs to be allocated to the BSAP hunt codes. This regulatory change invalidates the SMS4801R hunt code in years when it is necessary to allocate 100% of the quota to BSAP.

Mountain Lion

Implementing the West Slope Mountain Lion Management Plan, including changing harvest limit groups, making electronic calls legal for mountain lion hunting during open seasons only for harvest limit group L-

**50 and the Glenwood Springs Special Management Area, and creating an April hunting season for the Glenwood Springs Special Management Area (NW and SW) (pp. 60-64 in Chapter W-2, p. 11 in Chapter W-0)**

In accordance with the West Slope Mountain Lion Plan, which was approved by the Parks and Wildlife Commission at its September 2020 meeting, the Game Management Units associated with harvest limit groups have been modified. Additionally, an April hunting season has been created for the Glenwood Springs Special Management Area (GMUs 43, 44, 45, and 444). This change will begin on April 1, 2021.

Additionally, in accordance with the West Slope Mountain Lion Plan, electronic calls have been made legal for mountain lion hunting only during open seasons in harvest limit group L-50 (Game Management Units (GMUs) 60, 61, 70 west of Colo141, 72, and 73) and the Glenwood Springs Special Management Area (GMUs 43, 44, 45, and 444) only. This regulatory change (#242.A.3) will also begin on April 1, 2021.

Deer

**Creating a 4th rifle season antlerless deer hunt code in the northern portion of GMUs 4, 11, 211 to manage for Chronic Wasting Disease (CWD) (NW) (pp. 80, 81-82, 90)**

GMU 4 provides critical winter range for the D-2 herd, yet has a CWD prevalence rate of 23.9% (2017), with a hot spot detected in the northern portions of the GMU 4. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 4 was created.

GMU 11 provides critical winter range for the D-7 herd, yet has a CWD prevalence of 11.3% (2017), with hot spots detected in the northern portions of the GMU 11. In addition, there have been significant losses in the quality and quantity of winter range, which concentrates wintering deer into smaller patches of landscape, creating further transmission of CWD and malnourished mule deer. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 11 was created.

GMU 211 provides critical winter range for the D-7 herd, yet has a CWD prevalence of 26.7% (2017), with hot spots detected in the northern portions of the GMU 211. In addition, there have been significant losses in the quality and quantity of winter range, which concentrates wintering deer into smaller patches of landscape, creating further transmission of CWD, landscape degradation and malnourished mule deer. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 211 was created.

**Creating a 4th rifle season antlered deer hunt code in GMU 40 (NW) (p. 85)**

GMU 40 consists of ~60% public land including land managed by the Colorado National Monument, Grand Mesa National Forest and the Bureau of Land Management (BLM). The 3-year average buck-to-doe ratio is 38.3 bucks/does and has been increasing since licenses were limited in 1995. The management objective for the area is 30-35 bucks/does. Hunter crowding is a concern, especially during second and third rifle season, when public land that holds deer is difficult to access. A fourth season buck hunt with a limited number of licenses was created to allow hunters to harvest older age class animals, while limiting hunter crowding. This also helps to meet the sex ratio objectives of the GMU.

**Eliminating the late season antlerless hunt code DF211L1R (NW) (p. 96)**

Previously, a December antlerless deer season existed for a portion of GMU 211 known as the Axial Basin Triangle with the dates of December 1 - 31. This was originally established as a part of the Axial Basin Coordinate Resource Management Plan (CRMP) to mitigate mule deer-livestock competition on winter range. However, the Axial Basin CRMP was recently discontinued and the hunt is no longer needed as a management tool, so hunt code DF211L1R has been removed.

### Converting the hunt code DF481L1R to DF481P5R (SE) (p. 4, 97, 107)

While the population of deer in DAU D-15 has decreased and is below the population objective, year-round densities of deer in the urban areas of Salida and Buena Vista have increased in recent decades. The DF481L1R hunt code was established to target urban deer and reduce human conflict. However, Area 13 staff believe it would be more effective if it was converted to a private land only hunt, as deer occurring on public land in the far north of the boundary are being disproportionately targeted, instead of the urban deer. As a result, DF481L1R had been converted to DF481P5R, with the same boundaries.

### Creating season choice whitetail-only deer licenses in GMUs 87 and 88 (NE) (p. 3, 4, 99)

In 2012, whitetail-only deer licenses were issued for GMUs 89, 90 and 95 to reduce white-tailed deer numbers in the Data Analysis Unit (DAU) D-5, which is managed primarily for mule deer. GMUs 87 and 88 were originally excluded. To increase opportunity to harvest whitetail deer, without increasing hunter crowding, GMUs 87 and 88 have been included in the current season choice whitetail-only deer licenses. Additionally, because CWD is high in this DAU, adding these GMUs to the whitetail-only licenses increases the ability to achieve harvest and reduce CWD.

### Creating private land only either sex deer hunt codes for the 4th rifle season in GMUs 3, 301, 4, 441, 5, 11, 211, 12, 13, 23, 24 (NW) (p. 101)

Deer are distributed across the winter range during the 4th rifle season in GMUs 3 and 301, but 56% of the land in these GMUs is privately owned. CWD surveillance showed prevalence rates of 11% and 16.3% in GMUs 3 and 301 respectively, with hot spots in the several areas, where the land ownership is predominately private. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex private-land-only (PLO) hunt code valid for GMUs 3 and 301 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Similarly, deer are distributed across the winter range during the 4th rifle season in GMUs 4 and 441, but 67% of the land in these GMUs is privately owned. CWD surveillance (2018) showed prevalence rates of 24% and 26% in GMUs 4 and 441 respectively, with hot spots in the several areas, where the landownership is predominately private. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO hunt code valid for GMUs 4 and 441 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Public access to winter range in GMU 5 is restricted to two BLM parcels, and hunter crowding is a concern. CWD surveillance (2018) showed prevalence rates of 24% in GMUs 5, with a hot spot in the northwestern portion of the GMU. A 4th season either sex PLO hunt code was created to allow for additional hunter opportunity without crowding and help to achieve the desired management objectives of reduced CWD prevalence and herd sex ratio objectives.

Similarly, deer are distributed across the winter range during the 4th rifle season in GMUs 11 and 211, but 58% and 32% of the land in these GMUs respectively is privately owned. CWD surveillance (2017) showed prevalence rates of 11% and 27% in GMUs 11 and 211 respectively, with a large hot spot in the northeastern portion of GMU 211 centered around private land. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO hunt code valid for GMUs 11 and 211 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Finally, deer are distributed across the winter range during the 4th rifle season in GMUs 12, 13, 23, 24, but a large portion of the land in these GMUs respectively is privately owned. CWD surveillance (2017) showed prevalence rates of 25%, 24%, 18% and 11% respectively in GMUs 12, 13, 23, and 24, with a large hot spot centered on private land. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO

hunt code valid for GMUs 12, 13, 23 and 24 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

#### **Creating private-land-only antlered and antlerless licenses in GMU 102 (NE) (p. 106)**

Private land accounts for the majority of land in GMU 102, yet much of the hunter harvest occurs on public land. Deer are concentrating on the private lands, raising concerns about CWD, and there have been complaints of overcrowding on public lands in recent years, as license numbers have increased in an attempt to manage CWD. To reduce crowding on public lands and offer more opportunity on private lands, limited PLO antlered and antlerless licenses have been created for the regular [DM102P1R and DF102P1R] and late plains rifle seasons [DM102P5R and DF102P5R].

#### **Changing the season closure date for hunt code DM391P5R to November 30 (NE) (p. 106)**

Hunt code DM391P5R, which includes GMUs 391 and 461, contains very little huntable public land. A high proportion of bucks in these GMUs concentrate on private land. The buck-to-doe ratio is above objective and the CWD prevalence is estimated at 5.4% in adult male deer. The season closure date for DM391P5R has been extended to November 30th and the opening date of the hunt has been maintained at the start of the second rifle season. Lengthening the season for DM391P5R will standardize the PLO season structure with adjacent GMUs, provide additional hunting opportunity, and increase buck harvest, which is recommended to reduce the sex ratio estimate and CWD prevalence.

Elk

#### **Converting all antlerless elk list B licenses in GMU 521 to list A licenses (SW) (p. 4, 110, 113, 115, 125, 140)**

GMU 521 is part of the Grand Mesa elk herd (E-14). The Herd Management Plan (2010) calls for maintaining a stable elk population. However, over the past 10 years, the population has declined to approximately 15,300 elk. Staff observations as well as comments from hunters and outfitters, highlight that the population in GMU 521 especially is too low. Rifle and muzzleloader antlerless elk licenses were reduced over the last several years in this GMU. To better align with this strategy of reduced antlerless harvest in GMU 521, all the list B antlerless elk licenses have been converted to list A. This required removing GMU 521 from the archery hunt code EF000U1A, from the muzzleloader hunt code EF041O1M and from the rifle hunt code EF041O1R, and creating a new muzzleloader hunt code of EF521O1M and rifle hunt code of EF521O1R.

#### **Converting either sex muzzleloader, first season rifle, and fourth season rifle elk licenses in GMU 70 to sex-specific licenses (SW) (p. 114)**

E-24 has been below population objective for the past two years. In 2017, either sex rifle and muzzleloader licenses were changed to sex-specific licenses in all of the GMUs in E-24, except GMU 70. In 2020, the over-the-counter (OTC) either sex archery licenses were converted to limited, sex-specific licenses. This year, the either sex muzzleloader, first season rifle and fourth season rifle elk licenses in GMU 70 have been converted to specified antlered and antlerless licenses to better control female harvest in this GMU.

#### **Eliminating the hunt code EF074P5R (SW) (p. 149)**

The hunt code EF074P5R was created in 2006 to address agriculture conflict along the Animas River. Since that time, elk populations have decreased along with the agriculture conflicts. The Herd Management Plans for DAUs E-30 and E-31 were revised this year with new population objectives that place the populations below objective. There was also overwhelming concern for the public about low elk numbers in these areas. As a result, the hunt code EF074P5R was eliminated to decrease elk hunting opportunity and increase elk population numbers in this area.

#### Removing GMUs 105 and 106 from the hunt code EF104P5R (NE) (p. 150)

Hunt code EF104P5R was valid in GMUs 104, 105 and 106. The introduction of the Plains, List C, either-sex, OTC rifle license gave hunters an easier option to hunt elk in GMUs 105 and 106. To reduce confusion, GMUs 105 and 106 have been removed from EF104P5R.

#### Changing the season dates for the hunt code EF009L1R to September 1 - November 30 and making it list B (NE) (p. 4, 154)

GMU 9 is primarily private property and city/county owned lands in Larimer County. The herd has grown in size to 250-300 animals and the cow elk population has become permanent in GMU 9. There has been increasing game damage issues and conflict with landowners. To increase the number of cow elk harvested, EF009L1R has been converted from a list A to a list B license and the season has been lengthened to run from September 1 - November 30.

#### Changing the season dates for the hunt code EF085L1R to December 15 - December 31 (SE) (p. 155)

DAU E-33 contains GMUs 85, 140, and 851 and has a population objective of 14,000-16,000 elk. Historically the population was over objective, but after several years of increased harvest, the population has been successfully decreased. Landowners have expressed concern about the hunting pressure during the January season. The season dates have been changed to December 15 - December 31 to retain hunter opportunity on public land but remove the January season.

Pronghorn

#### Changing PH-39 archery licenses from unlimited to limited draw licenses and removing GMU 561 from the list of valid units for the either-sex unlimited pronghorn archery license (SE) (p. 158, 159)

The PH-39 pronghorn herd is currently at the population objective but below the sex ratio objective. The GMUs in PH-39 (48, 56, and 481) are currently included in the either-sex, OTC archery licenses. Participation in OTC archery season in PH-39 has increased 400% since 2010. As a result, there are concerns with hunter crowding and pronghorn are being pushed onto private lands. GMUs 48, 56, 481 and 561 have been removed from the list of units valid for the OTC archery pronghorn license and limited, sex-specific licenses (AM04801A and AF04801A) valid for GMUs 48, 56 and 481 have been created. GMU 561 was not included because pronghorn are not readily found there.

#### Creating a late season PLO doe pronghorn hunt code for GMUs 89 and 95 (NE) (p. 170)

There has been a growing number of complaints from landowners about large pronghorn populations and game damage in GMUs 89 and 95. Late-season PLO pronghorn doe hunt codes were created in GMUs 89 (AF089P5R) and 95 (AF095P5R) with season dates of Nov 1 - Dec 31 to provide additional doe hunting opportunity while addressing landowner complaints.

#### Adding buck and doe private land only hunt codes for PH-18 primary rifle season (SE) (p. 170)

PH-18 is primarily private land with less than 7% is available to the public for hunting. High numbers of hunters purchase leftover licenses and hunt on these limited public lands, creating hunter crowding and poor quality hunts. During the recent herd management planning (HMP) process (2020), stakeholders recommended limiting the number of hunters on public lands. As a result, private-land-only (PLO) buck and doe hunt codes were created to help focus harvest on private lands, where the majority of the pronghorn are found.

Moose

### Creating bull and cow moose hunt codes for GMUs 25, 26 and 231 (NW) (pp. 174, 181)

Previously there was no moose hunting in GMUs 25, 26 and 231, but resident moose numbers have reached a point where limited moose hunting could be made available to the public. GMUs 25, 26 and 231 have been opened to bull and cow moose hunting by adding an antlered season choice hunt code (MM02501X) and antlerless archery, muzzleloader and rifle moose hunt codes (MF02501A/M/R) in GMUs 25, 26, and 231.

### Creating cow moose hunt codes in GMU 43 (NW) (p. 175)

GMU 43 in the upper Roaring Fork Valley has been open to limited bull moose hunting since 2016. Based on regular sightings of moose of various age classes and both sexes, GMU 43 is now being opened to limited cow moose hunting, both to provide additional hunting opportunity and to proactively manage the local moose population size where there is potential for human-moose conflicts.

### Creating bull and cow moose hunt codes in GMUs 47, 444 and 471 (NW) (pp. 176, 182)

The northeast portion of the Roaring Fork Valley (including GMUs 47, 444 and 471) was previously closed to moose hunting. Moose sightings in these units increased and the area can now support limited bull and cow moose hunting. This area is especially poised for human-moose conflict with several incidents of hazing/tranquilizing in the past several years, including two serious incidents. As a result, a new bull hunt code (MM04701X) and cow hunt codes (MF04701A/M/R) have been created for GMUs 47, 471 and 444.

### Creating hunt code MM05601X for GMUs 56 and 561 (NW) (p. 182)

Hunt code MM04801X is currently valid for GMUs 48, 56, 481 and 561 and supports two bull moose licenses. However, much of the current hunting pressure is close to major roads. Staff recommend splitting the hunt into two hunt codes, one valid for GMUs 48 and 481 and one valid for GMUs 56 and 561, to help spread hunters across all of the GMUs, increasing hunter opportunity and decreasing hunter crowding.

### Allowing antlerless moose hunters to present the entire head or an incisor during a mandatory inspection (statewide) (p. 184)

Previously, moose hunters (both antlerless and antlered) were required to provide the entire head during a mandatory inspection so that CWD sampling could be completed. Additionally, an incisor was removed to estimate the age of the harvested animal. Recently, CWD testing was made voluntary for moose, and only an incisor is required from the head of an antlerless moose during inspection (if CWD testing is not selected). Because requiring antlerless moose hunters to bring the entire head for inspection is unnecessary and inconvenient, regulation #270.E.2 has been changed to allow antlerless moose hunters to provide the entire head or a front incisor tooth for inspection, rather than the entire head.

### Administrative Clean-Ups

- GMUs 4, 5, 6, 12, 13, 16, 17, 21, 22, 23, 24, 33, 53, 63, 161, 171, 214, 231, 441, 591 have been removed from List C (#205.A.4.c.6) for bears (p. 6). This is a clean up of the regulations, as removal of these GMUs was previously omitted.
- The application procedures and locations for the public drawing for a portion of Trinchera Ranch Ranching for Wildlife licenses (#210.H.2) have been updated (pp. 28-29).
- Regulation #242.C.3 has been removed from Chapter W-2 for consistency, as it is covered in Chapter W-17 #1702.B (p. 65).

Re: Concerns with the 4th Season Dates for 2021-2023

Discussion

In the 2020-2024 Big Game Season Structure (BGSS), breaks between the four regular rifle seasons were extended to give animals more time to rest and redistribute to public lands in an effort to improve hunter success. This change therefore resulted in later season dates. As can be seen in the chart below, the 4th season in the current BGSS is up to one week later than in the previous season structures. One unintended consequence of having later seasons is the new overlap between USFS travel/road closures and the 4th season. This was not identified as a problem during the 2020-2024 BGSS public involvement process.

While 2020 season dates saw overlapping closures only in the Arapaho Roosevelt NF Sulphur Ranger District (Grand County), the 2020 dates are earlier than season dates will fall in 2021-2024. In 2021 (the latest season dates of the current BGSS) road closures will even overlap some of the 3rd season (11/13-11/19) in the Sulphur Ranger District (11/15 closures) as well as the 4th season (11/24-11/28) in the White River NF (all districts) with 11/22 closures (See Appendix A). The majority of these seasonal road closures were put in place by the United States Forest Service in cooperation with Colorado Parks and Wildlife to protect wintering big game. Therefore, it is not our intent to ask for these road closures to be modified.

Another outcome of the later season dates is the proximity of the 4th season to the Thanksgiving holiday (as outlined below). Several outfitters have expressed concerns about how this will impact their business if out-of-state hunters decide not to travel due to the timing of the holiday.

Fourth regular rifle deer and elk combined season dates:

- 2020- 11/18- 11/22
- 2021- 11/24- 11/28 - Thanksgiving is the 25th
- 2022- 11/23- 11/27 - Thanksgiving is the 24th
- 2023- 11/22- 11/26 - Thanksgiving is the 23rd
- 2024- 11/20- 11/24 - Thanksgiving is the 28th

### Recommendations

The Big Game Season Structure Staff Working Group met in early December to discuss these impacts and whether to recommend any changes for consideration by the Commission.

During this discussion, the Working Group identified three potential alternatives:

1. Move the 4th season earlier so it begins the day after 3rd season ends (i.e., in 2021- Nov. 20-24).
2. Move the 4th Season later so it begins the Saturday after Thanksgiving and ends the following Wednesday (i.e., in 2021- Nov. 27-Dec. 1).
3. Status Quo (i.e., in 2021 - Nov 24-28).

Each alternative has pros and cons. Moving the season dates earlier eliminates the break between 3rd and 4th seasons and ends the season the day before Thanksgiving. While this change does shorten the number of days overlapping current USFS road closures, it does not eliminate the overlap entirely in all districts. Additionally, ending the day before Thanksgiving may not eliminate concerns for hunters trying to avoid Thanksgiving.

Moving the season later maintains the break between seasons and provides more time for travel after the Thanksgiving holiday, but makes the overlap with seasonal road closures even more problematic, including overlapping road closures on many additional National Forests and Ranger Districts.

The group therefore landed on status quo as our preferred alternative for the following reasons:

- Many hunters have already made travel arrangements using the season dates advertised in the approved season structure document. If we make modifications to those season dates now, we could potentially upset many customers who selected those dates intentionally.
- Depending on the individual and their hunting preferences, a season that provides a more remote hunting experience with less road and people traffic, may be more desirable.
- Having kids out of school or adults being off from work already may make season dates overlapping the Thanksgiving holiday more accommodating to certain schedules.
- Fourth season is an optional season, completely limited, and intended to accommodate a lower number of hunters. Hunters will select the season that best fits their schedules and interests.
- So far we have been hearing that hunters are liking the longer breaks between seasons and we would like to continue to monitor hunter satisfaction for more than one year to determine if this approach is actually beneficial for improving hunter success and satisfaction.

While the working group did agree that status quo was the best alternative, all agreed that our brochure and other communications should clearly highlight these potential conflicts, as well as benefits, so that hunters are well educated and can choose seasons that are most appealing to them. It was also suggested that particular hunt codes that will be directly impacted by road closures be specifically notated in the brochure to bring awareness to those applying for these hunts.

If the Commission would like to make modifications to season dates for the 2021 hunting seasons, these changes must be approved at the January 2021 Commission Meeting in order to make the 2021 Big Game Brochure.

Notes:

- S1 licenses are also valid in S18.
- Animals in this unit are moving back and forth across the NPS boundary in the Never Summer Range and may not be accessible to hunters.
- S26 was split into S26 and S70 in 2005.
- 2005 population estimate is for both resident and migratory sheep from S6 that winter in S46.
- Accounts for 40 sheep translocated from S65 to Mt Zirkel in 2005
- Rio Grande River and Box Canyon included with S53 in 2006.
- S71 Opened to hunting in 2007.
- S55 closed to hunting beginning in 2006.
- S23 & S27 were combined for licenses in 2008 (i.e., 2 licenses good for both units combined).
- An all age die-off of the S70 herd began in Dec 2007. The 2007 population estimate is for prior to this die off.
- Unit created and opened to hunting in 2009.
- S26 license for 2008 was transferred to S?? and S26 was closed to hunting because of low sheep numbers.
- S46 license also valid in S6 in 2009.
- S47 licenses split

**FINAL REGULATIONS - CHAPTER W-2 - BIG GAME**

**ARTICLE I - GENERAL PROVISIONS**

**#202 - HUNTING HOURS**

- A. Big game may be taken from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset.

**#203 - MANNER OF TAKE**

See also #000 in Chapter 0 of these regulations for other applicable manner of take definitions.

- A. The following are legal methods of take for all species and seasons listed in this chapter, except as otherwise noted. Any method of take not listed herein shall be prohibited, except as otherwise provided by statute or these regulations:
  - 1. Rifles using center-fire cartridges of .24 caliber or larger, having expanding bullets of at least seventy (70) grains in weight, except for elk and moose where the minimum bullet weight is eighty-five (85) grains, and with a rated impact energy one hundred (100) yards from the muzzle of at least one thousand (1000) foot pounds as determined by the manufacturer's rating, and except for mountain lion where any center-fire rifle using bullets of at least 45 grains and producing at least 400 foot pounds of energy at the muzzle may be used. Provided further that any semiautomatic rifle used shall not hold more than six (6) rounds in the magazine and chamber combined. A fully automatic rifle is prohibited.
  - 2. Muzzle-loading rifles and smoothbore muskets, provided the minimum caliber shall be forty (.40) for all big game except elk and moose when hunting with conical bullets and fifty (.50) caliber when hunting with round ball bullets. The minimum caliber for elk and moose shall be fifty (.50) when hunting with conical bullets and fifty-four (.54) when hunting with round ball bullets. All muzzle-loading rifles and smoothbore muskets from forty (.40) caliber through fifty (.50) caliber must use a bullet of at least 170 grains in weight. All muzzle-loading rifles and smoothbore muskets greater than fifty (.50) caliber must use bullets of at least 210 grains in weight.
    - a. During the muzzle-loading firearms seasons for deer, elk, pronghorn, bear, and moose only lawful muzzle-loaders and smoothbore muskets may be used by muzzle-loading license holders.
    - b. During the muzzle-loading firearm seasons for deer, elk, pronghorn, bear, and moose the following additional restrictions apply:
      - 1. Propellant/Powders: The use of pelletized powder systems and smokeless powder are prohibited.
      - 2. Projectiles: Sabots are prohibited. For the purposes of this regulation cloth patches are not sabots.
      - 3. Loading: Firearms must load from the muzzle. Firearms which can be loaded from the breech are prohibited.

4. Sights: Any muzzle-loading rifle or smoothbore musket with any sighting device other than open or "iron" sights is prohibited.
    5. Electronic or battery-powered devices cannot be incorporated into or attached to the muzzle-loading firearm.
  3. Handheld bows, including compound bows, using arrows equipped with a broadhead with an outside diameter or width of at least 7/8ths of an inch with no less than two steel cutting edges. Each cutting edge must be in the same plane throughout the length of the cutting surface.
    - a. During the archery seasons for deer, elk, pronghorn, bear, sheep, goat, and moose, only lawful hand-held bows may be used by archery license holders.
    - b. Bows must have a minimum draw weight of 35 pounds. The let-off percentage shall not exceed 80%.
    - c. No portion of the bow's riser (handle) or any track, trough, channel, arrow rest or other device, excluding the cable(s) and bowstring, that attaches to the bow's riser can contact, support and/or guide the arrow from a point rearward of the bow's brace height.
    - d. Bows can propel only a single arrow at a time and no mechanism for automatically loading arrows is allowed.
    - e. Equipment using scopes, electronic or battery-powered devices cannot be incorporated into or attached to the bow or arrow, with the exception of lighted nocks on arrows and recording devices on bows that cast no light towards the target and do not aid in range finding, sighting, or shooting the bow.
    - f. Hydraulic or pneumatic technology cannot be used to derive or store energy to propel the arrow. Explosive arrows are prohibited.
  4. Shotguns, no smaller than twenty (20) gauge and firing a single slug.
  5. Crossbows, provided the minimum draw weight is at least one hundred twenty-five (125) pounds and has a minimum draw length of fourteen (14) inches as measured from the front of the bow to the nocking point of the draw string and contain a positive mechanical safety device. In addition, the bolt must be at least sixteen (16) inches in length equipped with a broadhead with an outside diameter or width of at least 7/8th of an inch with no less than two steel cutting edges and each cutting edge must be in the same plane throughout the length of the cutting surface.
    - a. Crossbows are not legal during the archery seasons for deer, elk, pronghorn, bear, sheep, goat, and moose.
  6. Handguns, provided they have a minimum barrel length of four (4) inches and comply with the following criteria:
    - a. Except for mountain lion, use a .24 caliber or larger diameter expanding bullet with a rated impact energy of at least 550 ft. pounds at 50 yards as determined by the manufacturer.

- b. For mountain lion only, use a centerfire handgun using bullets of at least 45 grains and producing at least 400 foot pounds of energy at the muzzle, as determined by the manufacturer.

**#205 - ANNUAL BAG LIMITS AND MAXIMUM NUMBERS OF LICENSES PER PERSON**

- A. Deer, elk, pronghorn, black bear, mountain lion, moose, rocky mountain bighorn sheep, and mountain goat

The annual bag and possession limit for deer, elk, pronghorn, black bear, mountain lion, rocky mountain bighorn sheep, and mountain goat shall be the total number of animals taken on all licenses which can be legally obtained by the hunter for each species during that license year, as established in the following lists. Big game taken during a hunting season established as a portion of the preceding license year's hunting seasons shall be counted as part of the preceding year's bag limit. When a license allows hunting in more than one Game Management Unit, the unit listed in the hunt code on the license shall determine the maximum number of annual licenses a license holder may obtain for that species.

Notwithstanding the ("List A," "List B," "List C") license categories set forth in this regulation, any license that is administratively converted to a private-land-only license as part of the Landowner Preference Program will retain the ("List A," "List B," "List C") status of its original hunt code.

No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year average for the 2007, 2008, and 2009 limited license draws. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.
  - bb. Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

- ce. In addition to the \$7 application fee, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the \$9 application fee, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.
- de. Applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.
- ee. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

## 5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given the option to apply for a leftover drawing.
- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.
- d. Nonresident hunter drawing limitations (first choice applications only)

1. Nonresidents hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
  2. Unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 35% of available deer and elk licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer and elk licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a three-year average for the 2007, 2008, and 2009 limited license draws. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.
6. Leftover Licenses, Drawing Provisions and Restrictions
- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued as "leftover" licenses, (through one "leftover" drawing process if the number of "leftover" licenses is sufficient to justify the administrative cost).
  - b. Only persons who apply for a limited license and who are unsuccessful are eligible for the leftover license drawing. Applicants for the leftover drawing may only apply for the same species that they applied for in the initial drawing.
  - c. Any eligible hunter, ages 12 – 17 shall receive preference for leftover deer and elk licenses.
  - d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
  - e. Group applications are not accepted for leftover licenses.
  - f. Applicants must apply on-line or over the phone following the regular drawing.
  - g. Applications must be submitted no later than 8:00 PM Mountain Time on the first Tuesday in July, annually. Applications not submitted by this deadline are void.
  - h. Leftover Ranching for Wildlife licenses will not be available through the standard over-the-counter leftover process. For information regarding the availability of these licenses on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.
7. 2020 Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions

- a. Starting in 2020, elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost.
- b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.
- c. There is no landowner preference for the secondary draw.
- d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
- e. Group applications are not accepted for the secondary draw.
- f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.
- g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the ~~last business day in June~~first Tuesday in July. Applications not submitted by this deadline are void.
- h. Secondary draw applications not submitted by 8:00 PM Mountain Time the ~~last business day in June~~first Tuesday in July, will become void.
- i. Except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

#### **#207 - SEASON PARTICIPATION**

C. Off - Highway Vehicle (OHV) Weapon Restrictions during Big Game Seasons

- 1. All firearms, except pistols and revolvers, carried on an OHV during deer, elk, pronghorn or bear season must be fully unloaded (both the chamber and the magazine) and fully enclosed in a hard or soft case (no scabbards or cases with open ends or sides). At such time that mandatory submission areas are established public notice shall be given, including posting of mandatory submission requirements in applicable Division offices and license agents, and when possible inclusion of such requirements in Division publications. Upon establishment of mandatory CWD submission requirements, it shall be unlawful to fail to submit CWD samples for the designated species harvested in designated mandatory submission areas.

F. Baiting of Big Game

- 1. It shall be unlawful to hunt big game over bait, regardless if the person hunting over such bait personally placed the bait or not.

**#210 - RANCHING FOR WILDLIFE – DEER, ELK, PRONGHORN, BLACK BEAR, MOOSE, AND BIGHORN SHEEP**

A. Implementation Authority

1. The Director is authorized to implement the Ranching for Wildlife program, including the authority to determine ranch enrollment status, enter into cooperative agreements with ranches, establish and modify public and private season dates on each ranch, and establish and modify license allocations to each ranch including the subsequent distribution of licenses to the public and private share annually, and may establish additional Ranching for Wildlife operating guidelines subject to the following provisions.

B. Ranch Entry and Maintenance

1. Ranches must have a minimum of 10,000 acres of privately owned land in one contiguous unit. Ranches that meet this 10,000-acre minimum requirement may include privately owned non-contiguous parcels in the program if the Director determines that their inclusion will contribute to meeting the performance standards for the ranch.
2. Ranches must develop a Ranching for Wildlife Management Plan that includes goals, objectives, and strategies for achieving such goals and objectives for wildlife habitat management, species management, and public hunting management. The Management Plan shall identify the Tier category in which the ranch seeks to be placed and what specific actions the ranch will take to achieve the appropriate Tier placement criteria. The Management Plan must be approved by the Division prior to execution of a Cooperative Agreement for Ranching for Wildlife.
3. Ranches may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division when necessary to meet the ranch performance standards or as mutually agreed and contained in the Management Plan, ranches must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when the species to be hunted are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the ranch, nor when normal migration patterns of the species to be hunted result in the species having migrated off the ranch.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the ranch due to the presence of private hunters.
7. The Ranch and the Division will mutually agree to ranch rules regarding access to and hunting on the ranch by public hunters. The ranch rules will be provided to hunters prior to seasons on the ranch in accordance with other provisions contained in this regulation.
8. Enrolled ranches shall not be eligible for game damage payments or materials for those species hunted in the program when damage occurs within the boundaries of the enrolled portions of the ranch.
9. The Division may, at its sole discretion, require ranches with public bighorn sheep hunting seasons to provide scouting access to those hunters and their companions prior to such seasons. Provisions for this scouting access shall be contained in the Management Plan.

C. Cooperative Agreements, Enrollment, Denial of Enrollment, Termination of Enrollment

1. The Division is authorized to enter into Cooperative Agreements with ranches.
2. Ranches may appeal enrollment decisions to the Commission.
3. Cooperative Agreements shall incorporate approved Ranching For Wildlife Management Plans as part of the Cooperative Agreement.
4. The Division shall periodically evaluate ranches for enrollment, contract performance, and Tier placement, and shall establish minimum performance standards for ranches enrolled in the program, including wildlife habitat management and improvement, public recreation opportunity and experience, and any factors intended to contribute to meeting Data Analysis Unit (DAU) management objectives. Such performance standards shall be incorporated into the Cooperative Agreement with the ranch.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
  - a. Deer, elk, pronghorn, moose, and bighorn sheep seasons may not begin before the first day of the statewide archery season for that species, nor extend beyond January 31.
  - b. Black bear season may not begin before September 2, nor extend beyond October 31.
2. Private season length
  - a. Deer, elk, or pronghorn private seasons are restricted to a maximum of ninety (90) days.
  - b. Moose or bighorn sheep private seasons are restricted to a maximum of 30 days.
3. Public season length
  - a. Deer and elk public season length
    1. Antlered or either sex public hunting seasons shall be a minimum of ten (10) days in length for every licensed public hunter, either as a minimum of ten (10) consecutive days in length or divided into two (2) or more five (5) day periods.
    2. Ranches must offer a total of at least ten (10) days of antlerless public hunting. The season may run a minimum of ten (10) consecutive days; or may be split into two (2) or more five (5) day periods in which a hunter's license is valid in each period; or may be split into two (2) or more five (5) day seasons in which a hunter's license is valid in one but not any other five (5) day season. Ranches electing to split seasons and limit hunter participation to a single five (5) day season must assure that total public hunter harvest and licenses available are as much or more than would be achieved in the other two antlerless season alternatives.
    3. All public seasons or periods will include one full weekend, but seasons need not open on weekend days.
  - b. Pronghorn public season length

1. Buck or doe hunting seasons shall be a minimum of five (5) days in length. All public seasons shall include one full weekend, but seasons need not open on weekend days.
  - c. Black Bear public season length
    1. Shall be a minimum of fifteen (15) days in length.
  - d. Moose public season length
    1. Antlered or antlerless public hunting seasons shall be a minimum of ten (10) days in length. Antlered seasons shall include a minimum of five (5) consecutive days without overlapping any antlerless moose hunting season on the ranch.
  - e. Bighorn sheep public season length
    1. Public hunting seasons for rams shall be a minimum of thirty (30) days in length and shall include a minimum of fifteen (15) consecutive days of hunting without overlapping any ewe hunting season on the ranch.
    2. Public hunting seasons for ewes shall be a minimum of fifteen (15) days in length.
  - f. Additional primitive weapon seasons may be established provided that the season is structured so there is a minimum of 5 days of opportunity in which the method of take is restricted to archery or muzzleloading rifles.
    1. These seasons shall be in addition to the previously mentioned minimum season lengths. Hunters drawing licenses for these seasons shall be allowed to hunt in the season with the restricted method of take and also in at least 10 additional days of opportunity with rifle method of take for moose, or antlered or either sex deer, elk, or black bear licenses; at least 5 additional days of opportunity with rifle method of take for pronghorn, or antlerless deer or elk licenses; at least 30 additional days of opportunity with rifle method of take for ram bighorn sheep licenses; and at least 15 additional days of opportunity with rifle method of take for ewe bighorn sheep. Additional primitive weapon seasons will include one full weekend.
4. Manner of Take
  - a. Rifle hunting shall be the designated manner of take. Provided further that additional public hunting seasons beyond the previously mentioned minimum levels may be established with more restricted manner of take. Any such seasons and licenses allocated to those seasons are additional public hunting opportunity and shall not reduce licenses that would otherwise be allocated for the rifle seasons.
5. License Restrictions
  - a. Ranching for Wildlife licenses are the only licenses valid for hunting of species under contract on the ranch, except as follows:

1. Auction and raffle licenses may be used when there is not a public season for the same species in progress on the ranch.
2. Antlerless deer or elk licenses may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
  - aa. There is an established season in which such licenses would be valid in the Game Management Unit (GMU) in which the ranch is located.
  - bb. Such licenses shall not be used concurrently with any Ranching for Wildlife season, or at any other time when the Division determines that it would result in elk, deer, pronghorn, bighorn sheep, moose, or black bear not being available to Ranching for Wildlife public hunters.
  - ce. The Division determines that any resulting harvest achieved will contribute to achieving DAU management objectives.
3. Any Dream Hunt or Youth Outreach license may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
  - aa. Such licenses shall not be used concurrently with any public Ranching for Wildlife season, or at any other time when the Division determines that it would result in species under contract on the ranch not being available to Ranching for Wildlife public hunters.

E. License Allocation

1. A maximum of 1,000 licenses of each species and sex for deer, elk, and pronghorn, a maximum of 30 black bear licenses, a maximum of 20 licenses of each sex for bighorn sheep, and a maximum of 50 licenses of each sex for moose may be allocated to each ranch annually, and subsequently distributed to the public and private share according to the distribution table established in this regulation.
2. Division staff recommendations regarding license allocations for each ranch shall be forwarded to and approved by the Director based upon Data Analysis Unit harvest objectives, relative ranch land base and occupied habitat for each species on the ranch to that of the Data Analysis Unit, hunter crowding, enhancement of hunter harvest, and relative densities of the species on the ranch.
3. Substitution of licenses of one species or sex for licenses of another species or sex shall not be permitted.
4. For purposes of determining distribution of licenses allocated to each ranch, either sex licenses will be treated as antlered licenses for deer and elk and buck licenses for pronghorn.
5. Landowner preference shall not be used for any public or private Ranching For Wildlife license. In addition, Ranching for Wildlife property may not be used to qualify for or receive landowner preference pursuant to §33-4-103, C.R.S.

6. The public share of the licenses in the following distribution tables represents the minimum for each species. Fractions of licenses shall be rounded up for public distribution licenses.

F. Youth Licenses

1. The Division and the ranch may formulate and implement youth hunting opportunities on any ranch through Division approved youth hunting programs. The Division must approve the youth hunting program on the ranch prior to any season or license allocation for such youth hunts.

2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as youth hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.
3. Youth hunting seasons may occur at any time within the broad parameters for seasons within the Ranching For Wildlife program.
4. Youth licenses shall be distributed to individual youth hunters by mechanisms of the approved youth hunting program on the ranch. Youth licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

G. Novice Adult Licenses

1. Starting in 2020, the Division and the ranch may formulate and implement novice adult hunting opportunities on any ranch through Division approved novice adult hunting programs. The Division must approve the novice adult hunting program on the ranch prior to any season or license allocation for such novice adult hunts.
2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as novice adult hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.
3. Novice adult hunting seasons may occur at any time within the broad parameters for seasons within the Ranching for Wildlife program.
4. Novice adult licenses shall be distributed to individual novice adult hunters by mechanisms of the approved novice adult hunting program on the ranch. Novice adult licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

H. License Distribution

1. Applications
  - a. Applications for private hunter licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
  - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process, except as provided in this regulation.
  - c. Leftover Ranching for Wildlife Licenses: Ranching for Wildlife licenses which are not issued through the regular drawing will be issued as "leftover" licenses, only through the "leftover" drawing process, rather than through the over-the-counter leftover license process.
2. Trinchera Ranch - One hundred percent (100%) of the limited antlered public licenses and eighty percent (80%) of the limited antlerless public licenses shall be available through the Division's annual limited license drawing process. Twenty percent (20%) of the limited public antlerless licenses will be allocated by public drawing at 1:00 p.m. on the second Wednesday in August, annually, alternating between two locations every other year. On even years, the drawing location is the Blanca / Ft Garland Community Center, Blanca, CO. On odd years, the drawing location is the San Luis Firehouse, San Luis, CO. at the San Luis Community Center, San Luis, CO. Applications will be

accepted between 9:00 am and noon, on the second Wednesday in August, annually. Given an unusual circumstance necessitating a location change, the Division will notify the public of such change 15 days prior to the drawing date.

I. Special Restrictions

1. Unless otherwise provided in these Ranching for Wildlife regulations all hunters must comply with other applicable regulations, including, but not limited to, manner of take (except that private hunters may use any legal weapon during private seasons), hunting hours, application requirements and deadlines, bag limits, season participation, mandatory checks, OHV restrictions, and other generally applicable regulations for big game hunting.
2. A copy of the mutually agreed upon ranch rules will be provided to all public hunters prior to their hunting season. All public hunters will be required to sign a statement acknowledging that they have read, understand, and agree to comply with all ranch rules, before the hunter is allowed access to the ranch.
  - a. Compliance with ranch rules is a specific condition of the Ranching For Wildlife public licenses and subsequent access to the ranch. In addition to criminal penalties, non-compliance with ranch rules constitutes grounds for suspension and revocation of the license and/or being prohibited from further participation in hunting on the ranch, and/or in the Ranching For Wildlife program as a public hunter.
  - b. Final determination on any legal action taken towards hunters found in non-compliance with ranch rules shall be made solely by officers of the Division. This includes any citation that may be issued for non-compliance with the provisions of a license, or directing a hunter to leave a ranch. Ranch personnel may not direct a hunter to leave a ranch without specific authorization of a Division officer.

**#211- BIGHORN SHEEP ACCESS PROGRAM**

A. Implementation Authority

1. The Director is authorized to implement the Bighorn Sheep Access Program (BSAP), including the authority to determine private land enrollment status, enter into cooperative agreements with legal landowners, establish and modify public and private season dates on each property, and establish and modify license allocations to each property including the subsequent distribution of licenses to the public and private share, and may establish additional BSAP operating guidelines subject to the following provisions. All new or renewed contracts must be signed by the Director by October 15 in order to participate in the program the following year.

B. Property Enrollment Constraints

1. Properties must have a minimum of 5,000 acres of privately owned land.
2. Except under the provisions of regulation #211(E)(5), there must be a sustainable population of Rocky Mountain bighorn sheep that are predictably present on the private lands and at times for which public hunting seasons may be set. All sheep on the property must be a part of a single bighorn sheep herd (DAU). Land under contract may not cross sheep herd boundaries. At least 60% of the sheep herd within the bighorn sheep game management unit to be hunted must be located on private land or State Trust Land.

3. Properties may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division, enrolled properties must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when sheep are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the property, nor when normal migration patterns would result in sheep having migrated off the property.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the property due to the presence of private hunters.
7. The private landowner(s) will provide to each public hunter a property information packet which includes, but is not limited to, property maps showing access routes and camping areas, and landowner contact information.
8. Enrolled properties shall not be eligible for game damage payments or materials for damage caused by Rocky Mountain bighorn sheep.

C. Cooperative Agreements, Enrollment, Termination of Enrollment

1. The Division is authorized to enter into cooperative agreements with private property owners. Multiple private property owners may participate in the program under a single contract as long as all legal owners agree to the same terms and requirements.
2. The Division shall establish minimum performance standards or requirements for properties enrolled in the program. Such performance standards shall be incorporated into the cooperative agreement with each property owner(s). Each cooperative agreement will include an option to renew at the end of the contract period if agreed to by both the Division and private landowner.
3. Each cooperative agreement will also contain a termination clause. Potential termination will be based on public hunter satisfaction that is within the control of the property owner or manager. No future private ram licenses will be allocated to a property after their contract is terminated.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
  - a. Ram seasons may not begin before August 1 and may not extend beyond December 31.
  - b. Ewe seasons may not begin before September 1 and may not extend beyond January 15.
  - c. Public ram seasons shall always precede private ram seasons. When necessary for private and public seasons to be conducted in the same year, public ram seasons will occur prior to private seasons.
2. Private season length

- a. Private ram seasons shall not be less than 20 days nor greater than 60 days.
- 3. Public season length
  - a. Public ram seasons shall be equal or greater in length to the private ram seasons, but not less than 30 days nor greater than 60 days. If multiple ram seasons are necessary to spread out hunting pressure, then season length may be shortened to not less than 20 days per season.
  - b. Ewe seasons shall be not less than 10 days in length with no more than a 5 day overlap with public ram seasons.
- 4. Method of take for ram hunting will be hunter's choice in accordance with regulation #203 of this chapter. Method of take for ewe hunting will be determined by contract negotiation.
- 5. License Restrictions
  - a. BSAP licenses are the only licenses valid for hunting sheep on the property, except that auction and raffle licenses may be used when there is not a public season in progress on the property.

E. License Allocation

- 1. Division staff recommendations regarding license allocations for each property shall be approved by the Director.
- 2. All ewe licenses allocated are public licenses. The Division shall determine if ewe hunting is needed or desired for sheep management on the property.
- 3. The public share of the licenses in the following distribution table represents the minimum number of licenses provided to the public. Fractions of licenses shall be rounded up for public distribution licenses.

| ROCKY MOUNTAIN BIGHORN SHEEP                    |     |     |   |     |
|---|-----|-----|---|-----|
| Private Share of Licenses                       |     |     | Public Share of Licenses                        |     |
| % of total allocation to each enrolled property |     |     | % of total allocation to each enrolled property |     |
| Option  | Ram | Ewe | Ram   | Ewe |
| A   | 67  | 0   | 33  | 100 |
| B   | 75  | 0   | 25  | 100 |
| C   | 50  | 0   | 50  | 100 |

- 4. Enrolled properties with a sustainable Rocky Mountain bighorn sheep population already present will have the choice between two license distribution options (option A or B). In order to receive the license allocation percentages listed in option B, a competent, skilled guide will be provided for free to the public ram hunter. The guide must be competent and knowledgeable of the property and of bighorn sheep behavior and use patterns on the property. The guide provided to the public ram hunter must be the same guide provided to the private ram hunter, unless otherwise agreed to in writing by the Division. In order to receive the license allocation percentages listed in option A, each public sheep hunter

will receive free access to the property and a free area for camping if the property is located 40 minutes or more from public accommodations. No free guiding services are provided under option A.

5. Option C is available for property owners who would like their land evaluated for bighorn sheep transplant or augmentation for inclusion in the BSAP under option C. Notice of interest must be submitted in writing to the local district wildlife manager by April 1 annually. If the Division approves the transplant and property enrollment, the Division and landowner will share the costs of the trap and transplant operation. When the Division and property owner determine that the transplanted herd can sustain hunting harvest, the property will be opened to hunting under option C. Properties enrolled in the BSAP under option C will be enrolled for a 10-year period with bighorn sheep ram licenses being issued at a 1:1 public/private ratio during that period. After 10 years of hunting, the landowner may choose to withdraw from the program or re-enroll in a new contract under option A or B.
6. Public ram hunters will be allowed to bring a maximum of two additional non-hunting persons with them onto the property during their hunt. Ewe hunters will be allowed to bring a maximum of one additional non-hunting person with them onto the property during their hunt.
7. Landowners are not required to provide pre-draw or pre-season scouting access in any license allocation option.

F. License Distribution

1. Applications
  - a. Applications for private ram licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
  - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process.

**#212 - 216 VACANT**

Tables contain general information describing the hunt type, season dates, unit(s) or portions thereof, hunt code, license types, and numbers.

**ARTICLE III - BIGHORN SHEEP**

**#218 - SEASON DATES, HUNT TYPE, UNITS (AS DESCRIBED IN CHAPTER 0 OF THESE REGULATIONS), AND LICENSE NUMBERS.**

- A. All rams taken shall be one half (1/2) curl or larger unless otherwise specified in these regulations.

## **B. Auction and Raffle Licenses**

1. Licenses issued by auction or raffle shall permit the taking of one animal of either sex, as defined or specified by unit or season in this chapter; except as otherwise provided in these regulations. Rocky Mountain bighorn sheep licenses are not valid for desert bighorn sheep.

2. All licenses issued as a product of a competitive auction or raffle shall be written at the Division headquarters.
3. There shall be no refund of any monies collected through auction or raffle.
4. Licenses for each species shall be valid on a unit-by-unit basis from the first open season in a unit for that species after August 1 through December 31, except as provided in regulation #210(D)(5)(a), #220(E), #228(C) or #4(a) below. Licenses are not valid in units, or portions of units, that do not have an open season for that species. An open season is any season in which licenses are issued by the Division for the species in question by drawing, over the counter, or in a Special Management License unit for bighorn sheep or mountain goat, upon request from an Auction and Raffle hunter as approved by the Division. Provided further, and except as otherwise provided herein, auction and raffle licensees must comply with all other unit specific restrictions provided by these regulations.
  - a. Licenses for deer shall be valid on a unit-by-unit basis from the first open deer season in a unit after August 1 through November 30 or the last day of the last open antlered or either-sex deer season in a unit, whichever comes later.
5. For sheep, goat and moose, manner of take must be consistent with manner of take restrictions for any ongoing open season, or if no open season is ongoing, restricted to the manners of take allowed in the unit or part of a unit.
6. For deer, elk, and pronghorn, any manner of take legal for that species can be used during the period the license is valid, except pronghorn licenses are valid by archery before the last Saturday in August.
7. Licenses will be valid for one year only and only in accordance with applicable provisions of this chapter and other appropriate regulations of the Commission, unless otherwise provided herein.
8. Prior to hunting, all holders of auction and raffle licenses shall provide the Division with the following information:
  - a. Anticipated hunting areas, including GMUs and nearest towns.
  - b. Vehicle descriptions.
  - c. Intended methods of take.
9. All auction and raffle hunters shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their final hunting season. All wildlife harvested through the use of an auction or raffle license shall be presented to and inspected by an employee of the Division on or before the 5<sup>th</sup> working day after the taking thereof. Failure to present harvested wildlife for inspection as required by this regulation shall make the licensee ineligible for future licenses for that species in Colorado.

### **C. Expenditure of Auction and Raffle Proceeds**

1. A Project Advisory Committee (PAC) shall be established for each species qualifying for auction and raffle licenses. Each PAC shall be made up of a spokesperson representative from each nonprofit, conservation organization selling an auction or raffle license for that species and a spokesperson representative of the Division. A conservation organization can abstain from participating on a PAC if they so choose or if they do not provide representation. In addition, the USFS, BLM, and other potentially affected land management agencies shall each have the opportunity to provide a spokesperson representative for each PAC at their discretion.
2. The Division shall be responsible for annual solicitation of project proposals requesting auction and raffle funding with a deadline no later than April 30<sup>th</sup> of each year. Funding can potentially be provided to government agencies, including the Division, nonprofit organizations, and private entities for appropriate projects as provided by Colorado laws. Each PAC shall review the project proposals for their respective species and recommend how auction and raffle proceeds for that species shall be expended. Each PAC shall make funding recommendations to the Division Director no later than May 31<sup>st</sup> of each

year. Project funding shall require approval by the Division Director or a designee of the Director.

3. As provided by Colorado laws, auction and raffle funds for deer, elk, and pronghorn can be used interchangeably among said species and auction and raffle funds for bighorn sheep, mountain goats, and moose can be used interchangeably among said species. PACs that desire to recommend funding of projects using auction and raffle funds for a different species within an interchangeable group shall include in their recommendations for funding the respective recommendations of any PAC responsible for an affected species.

**D. Accounting of auction and raffle proceeds.**

1. Each conservation organization receiving an auction or raffle license for sale shall enter into an agreement with the Division that includes requirements for auction and raffle income and disposition records. Each organization shall maintain records of activities relating to auction and raffle proceeds retained by the organization. Such records shall be available for inspection by the Division at all reasonable times and subject to audit by the state.
2. The Division shall provide each conservation organization with a list of all projects that have been approved for auction and raffle funding each year.
3. The Division shall provide the PAC committees with current auction and raffle fund balances by May 1<sup>st</sup> of each year.
4. Recipients of auction and raffle funds must provide an annual status report to the Division by July 1<sup>st</sup> for each fiscal year funding is provided. In some cases the Division may also request a comprehensive final report. At a minimum, such reports must provide a summary of accomplishments and results in relation to proposal objectives and a basic accounting of auction and raffle fund expenditures. The Division may request additional follow-up information such as more detailed records of results and expenditures. Failure to provide a satisfactory report or follow-up information can result in termination of auction and raffle funding at the discretion of the Division. The Division shall provide copies of available annual status reports and final reports to each PAC upon request.

**#230 - SPECIAL MANAGEMENT LICENSES FOR SHEEP AND GOAT**

- A. The Director is authorized to issue special management licenses for bighorn sheep or mountain goat when necessary to:
  1. prevent exposure of a sheep or goat population to disease which could result from sheep or goats having had contact with domestic livestock which present a disease transmission risk; either within or outside of an established game management unit; or to prevent the potential spread of disease by sheep or goats pioneering from units with such disease.
  2. allow for targeted surveillance of sheep and goat populations for management purposes.
  3. prevent unplanned expansion of sheep or goats outside of established game management units for the species.
- B. Licenses will be offered to unsuccessful applicants for an adjacent or nearby unit for the same species, in the order in which they would have been drawn if successful.
- C. Manner of Take will be rifle and associated methods.

- D. Mandatory check requirements are the same as for established seasons for sheep or goat, except that mandatory tissue submission requirements may be stipulated for individual targeted surveillance hunts.
- E. Such licenses will not use or generate preference points.

#### #257.5 - SPECIAL RESTRICTIONS

##### A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

##### B. Units 79 (south of Colo 112), 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.

3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
  4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.
- C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits
1. Starting in 2016, the United States Fish and Wildlife Service (USFWS) will allow a limited number of elk hunters access to hunt on the Alamosa, Baca, and Monte Vista National Wildlife Refuges. To be eligible for an access permit, hunters must hold one of the following elk licenses in either GMU 80, 82, or 83:
    - a. Either-sex archery;
    - b. Antlered muzzleloader;
    - c. Antlered or either-sex first rifle;
    - d. Antlered or either-sex fourth rifle;
    - e. Any limited antlerless license.
  2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: [montevista.wildlife@state.co.us](mailto:montevista.wildlife@state.co.us). Emailed entries will only be accepted for five days after left-over license day. Permits for these three refuges will then be issued at the Monte Vista Service Center via a random drawing on August 15, 2018, held under the direct supervision of the area wildlife manager.

**EG.** Special Restrictions

1. All moose licensees shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their hunting season. Any moose licensee who does not complete and return the mandatory questionnaire as required shall not be considered for any future moose license.
2. All moose harvested through hunting shall be submitted for inspection to an employee of the Division on or before the 5th working day after the taking thereof. Any licensee who takes an antlered moose shall personally present the head, with antlers attached, to any Division office. Any licensee who takes an antlerless moose shall personally present a front incisor tooth or the entire head to any Division office. Moose heads must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads as necessary for thawing sufficient to extract the incisor teeth. A mandatory check report shall be completed at the time of inspection.
3. At the time of the mandatory check, the Division shall be authorized to extract and retain the incisor teeth.

**Special Seasons**

**ARTICLE XII - SPECIAL HUNTING SEASONS/LICENSES FOR BIG GAME**

**#271 - BIG GAME ANIMALS CAUSING DAMAGE AND BIG GAME POPULATIONS OVER OBJECTIVE**

**A. Special Population Management Seasons for Big Game Ungulates**

1. The Director shall have the authority to establish special management seasons for antlerless or female big game ungulates in specific game management units or portions thereof which significantly exceed the population objective, when the anticipated harvest from the current year's archery, muzzle-loading and regular rifle seasons did not occur. Provided further that the Director shall have the authority to establish these hunts between November 16 and February 28, to specify a time period for each of these hunts but not to exceed ten days each, and shall authorize hunters to use designated unfilled big game licenses for these hunts and units.
2. The Director shall have the authority to allocate antlerless deer and/or elk licenses on existing Ranching for Wildlife properties located in game management units where deer or elk populations significantly exceed the population objective. These licenses shall be in addition to the number of licenses allocated to each ranch pursuant to the Cooperative Agreement established in #210(A)(2). The additional allocation and use of the antlerless licenses provided for in this section shall be in the same proportion, by species (not sex), as established in the ranch's respective Cooperative Agreement and subject to the following provisions:
  - a. No ranch shall be required to accept any additional antlerless licenses.
  - b. The public allocation of such additional antlerless licenses shall only be offered to hunters who have successfully drawn antlered, either-sex or antlerless licenses for the same species on the ranch. Public hunters who choose to purchase one additional antlerless license from the Division shall be required to use the additional license during the season established for the license for which they

drew. No more than one additional antlerless license will be available to any public hunter.

B. Special Game Damage Seasons for Big Game Ungulates

1. The Director shall have the authority to establish special hunting seasons for big game ungulates, between August 15 and February 28, when necessary to control damage to property. Seasons shall be for the taking of antlerless or female animals unless the Director has determined that the taking of antlered animals is necessary in order to alleviate the damage.
  - a. Game damage hunts are limited to a maximum of 50 licenses per species per Game Management Unit or 30 percent of the antlerless, either-sex, or doe licenses issued for the DAU (whichever is greater), unless a distribution management plan establishing a different percentage has been approved by the Parks and Wildlife Commission or additional permits are approved by the Director or his designee.
  - b. On private lands and Russell Lakes, Rio Grande and Higel State Wildlife Areas, the Area Wildlife Manager (AWM) is authorized to conduct these seasons based upon the following criteria:
    1. The AWM finds that such a season would be consistent with the distribution management plan approved by the Parks and Wildlife Commission.
    2. When there is no approved distribution management plan, the AWM finds that a season will reduce or eliminate damage for which the Division is liable, and that holding a season would be desirable considering
      - aa. The species and number of animals involved.
      - bb. The number of animals that would have to be removed to reduce or eliminate damage.
      - cc. The location of the damage problem.
      - dd. The type and extent of damage.
      - ee. The time of year and its relationship to the life history of the animals.
      - ff. The length of time such damage will continue without big game removal.
      - gg. Management closures, hunting seasons and other public use.
      - hh. The effect on population objectives for the GMU and DAU.
      - ii. Whether landowner operations (e.g., harvesting) or critical wildlife biological activities (e.g., fawning) would be interrupted.
      - jj. Safety risks.

kk. Any other pertinent factors.

3. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application.
4. In the event the landowner cannot secure enough people to effect an adequate harvest the Division can assist in locating individuals.

c. The Division shall

1. Verify that damage or conflicts are occurring or can reasonably be anticipated to occur.
2. Designate what area shall be open to hunting.
3. Determine the manner of hunting that will be permitted.
4. Determine the number of hunters allowed to hunt in each designated area.

d. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such damage is occurring.

e. Hunters shall hunt in designated areas and on the dates indicated on the license.

1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.

f. Any person who purchases a license for a game damage season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

C. Special Game Damage Licenses for Bear and Mountain Lion

1. The Director shall have the authority to establish special hunting licenses for mountain lion and bear, which allow for take in excess of the otherwise applicable limited license numbers or quotas, when necessary to control damage to private property.
  - a. AWMs are authorized to issue these bear and mountain lion licenses to address specific animals determined after an investigation to be causing damage to private property.
    1. Bear or mountain lion licenses above the established limited license numbers or quota for the area may be issued only where necessary to take specific animals determined after an investigation to be causing damage to private property.

2. Bear hunting authorized under this provision will be conducted between September 2 and the end of the fourth regular rifle season annually.
  3. Mountain lion hunting authorized under this provision will be conducted during established lion seasons.
  4. Licenses will be issued only if licenses are not otherwise available for purchase under standard license distribution methods or where mountain lion quotas have been reached in the area.
  5. License will be restricted by manner of take, period of time within the dates specified above, and location within the GMU(s) or DAU(s) in question as necessary to ensure the offending animal is appropriately targeted.
  6. Hunting will be conducted under the direction of a District Wildlife Manager.
- b. Any person who purchases a license shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the end of the hunting period authorized by the license.
  - c. Bear and mountain lion taken pursuant to a license issued under this provision shall not be counted against the annual bag and possession limit for the species in question.
- D. Special Hunting Season In Game Management Unit 20 For Cow Elk Normally Not Available For Harvest During Regular Or Late Big Game Seasons:
1. Season dates, license types, permit numbers will be established by the Director or his designee.
  2. The Division will designate the area open to hunting, manner of take, and season dates which are necessary to achieve its population management objective for this population of elk. Hunting shall occur only during the designated time periods indicated on the hunter's license and only in those areas specifically designated on the map provided by the Division. Special Unit 20 cow elk hunts shall be established based on the following criteria: (a) the hunt does not fall within the criteria established for game damage hunts; (b) snow ground cover and/or other conditions favor are expected to favor successful hunting; (c) elk must be available to hunters in portions of Unit 20 which are open to hunter access; and (d) no special season will be created under this regulation which would extend beyond February 15th.
  3. Eligible hunters will be selected in the following priority: a) from the list of hunters who applied for a Unit 20 limited elk license and were unsuccessful; and b) from a new list of hunters established by the Division Northeast Regional office pursuant to notice in local newspapers. Such list will be established on a first-come, first-served basis.
  4. Individuals who participate in this special hunt may also participate in any other season for elk if otherwise eligible to do so.
- E. Special Hunting Licenses and Seasons For Deer and Elk in Urbanized Areas:

1. The Division Director (or designee) shall have the authority to establish special deer and elk hunting seasons between August 15 and February 28 annually to achieve population management objectives as specified in Division approved county or municipal management plans. Seasons shall be for the taking of antlerless animals unless the Director determines that the taking of antlered animals is necessary per the issues and goals brought forth in the Division approved management plan.
2. Counties or municipalities must submit a proposed management plan to the Division, which includes the following:
  - a. Explanation of the need and scope of the issues (i.e. habitat degradation, human conflicts, human health and safety issues, etc);
  - b. Estimated population of deer or elk creating the issue and a target population number being sought post removal;
  - c. Season dates;
  - d. Manner of take;
  - e. Numbers of licenses and projected harvest;
  - f. Geographic location and description of hunting area(s); and
  - g. Method for selecting eligible hunters.
3. Management plans will be evaluated on the merits of furthering goals for suburban deer or elk management and in relation to the appropriate Division Big Game Herd (DAU) Management Plan. The Director (or designee) shall provide the county or municipality with special application forms for distribution to individuals as specified within the submitted and approved management plan. Participants shall submit the completed application to the Division to obtain the appropriate hunting license.
4. The participating county or municipality will assume full responsibility for the plans and elements therein. The Division will be available to provide technical assistance to the county or municipality in preparing the management plan.
5. The county or municipality may not charge hunters a fee beyond what is required to cover their administrative costs to run the program.
6. All participating counties, municipalities and individuals are required to follow all applicable state statutes and regulations. No county or municipality will allow, encourage, or otherwise promote violations thereof.
7. The Division can unilaterally, without prior notification, terminate or void any applications given to a county or municipality prior to their redemption for a license for issues related to human health, safety, or any wildlife related violations associated with the management plan implementation, or documented deviation from the management plan as it was submitted to the Division. Management plans may be amended with Division approval.
8. Individuals who participate in these special hunts may also participate in any other season for deer or elk if otherwise eligible to do so.
9. Any county or municipality receiving licenses for a special hunting season for deer and elk in urbanized areas shall be required to complete a Division harvest survey form and return it to the Area office that is nearest to the location of the hunt no later than 5 days after the season ends.

**#272 BIG GAME DISEASE/ANIMAL HEALTH SEASONS**

1. Special Hunting Seasons for Disease Management in Big Game
  - a. The Director shall have the authority to establish special hunting seasons for big game, when hunting harvest has not been adequate to reduce the incidence of disease, to reduce emigration of infected animals, or to otherwise control expansion of the disease.
    1. No more than 200 licenses per species shall be issued annually per Game Management Unit (GMU) unless authorized by the Director
    2. Seasons shall be for the taking of antlerless or female animals unless the Director has authorized the issuance of male (antlered) licenses. No more than 10% of the licenses shall be issued for male (antlered) animals unless authorized by the Director.
    3. Licenses will be valid only in the unit(s) specified on the license. Licenses may be restricted to specific properties or areas as determined by the Area Wildlife Manager.
    4. License fees may be reduced when authorized by the Director, when necessary to ensure sufficient hunter participation, provided that no license is to be sold for less than \$5.00. License fees shall be set to ensure recovery of the cost of the retail and system agent commissions.
    5. Multiple carcass tags may be issued with each license, as authorized by the Director. Provided further that the payment of separate license fees shall be required if licenses for more than one species are to be sold.
    6. Any licensee who takes deer or elk during any such season for the purpose of Chronic Wasting Disease (CWD) management shall submit the head from all animals taken when required to do so as a condition of the license, to the testing site specified at the time the license is issued, within 5 days after harvest. Hunters must complete the special survey tag available at any head collection site and attach it to the animal's head. Antlers and capes from harvested deer may be removed by hunters before submitting heads for sampling.

**ARTICLE XIII - VACANT**

**ARTICLE XIV - VACANT**

### **Basis and Purpose:**

These regulations amend Chapter 2 – Big Game – of the Parks and Wildlife Commission Regulations and implement 2021 bighorn sheep, mountain goat, and mountain lion license numbers/harvest limits. They also amend season dates for the 2021 big game seasons. These regulations are designed to manage statewide big game herds at herd objective levels and provide a diversity of hunting recreation opportunities for resident and nonresident hunters throughout Colorado; to minimize or control local game damage situations; and to provide opportunity for landowners to cooperatively manage wildlife with the Division. These modifications are the result of extensive public involvement and application of biological information on deer, elk, pronghorn, bear, lion, and moose. All regulation changes are based on the best available biological information and are designed to manage big game herds towards stated objectives and to ensure long-term viability. Specific changes include:

### **Multiple Species**

#### **Changing the application deadline dates for the Secondary Draw and Fall Turkey Draw and adding the fall turkey license to the list of eligible qualifying licenses for participating in the Secondary Draw (pp. 9, 20 in Chapter W-2, p. 1 in Chapter W-3)**

The application deadline for the Secondary Draw has been changed to the last business day in June annually. While this change will result in shortening the application period from one month to two weeks, it will allow more fail-to-pay licenses from the Primary Draw to be placed into the quota pool for the Secondary Draw instead of being held and placed on the Leftover List. It will also allow staff to run the Secondary Draw earlier in the year, which will allow licenses to be shipped to successful customers earlier, giving customers more time to prior to the start of the season to return the license for a refund or exchange, if desired.

Similarly, the application deadline for the Fall Turkey Draw has been changed to the last business day in May annually and the fall turkey license has been added to the list of eligible qualifying licenses for participating in a limited big game drawing. This change results in shortening the Fall Turkey Draw application window from 2 months to 1 month and moving the application period to the month of May. This will allow fall turkey licenses to be used as a qualifying license for Secondary Draw applications. It also allows staff to run the Fall Turkey Draw earlier in the year, providing additional time for customers to return the license for a refund or exchange, if desired. Finally, it also brings the length of the fall turkey application period in line with the length of the application period for the draws for other species.

#### **Standardizing mandatory reporting regulations across species (pp. 60, 65 in Chapter W-2, p. 9 in Chapter W-0)**

CPW requires mandatory reporting for several types of hunting licenses and species. Sportspersons are required to fill out a mandatory report regardless of whether they harvest an animal if they hold any type of license for mountain goat, bighorn sheep and moose, or an auction or raffle license for deer, elk and pronghorn. For these license types, sportspersons who do not harvest are required to submit a questionnaire which asks for details about where and how they hunted. Additionally, sportsperson who harvest animals are required to submit their animals for inspection by a CPW official. Mandatory reports are also required for any bear, mountain lion, or bobcat harvested in the state. The mandatory report form asks for the location of the kill/trap, in addition to several other questions. This information is used for law enforcement purposes and for biological data.

In some cases, hunters incorrectly fill out the check form to conserve the anonymity of the hunting area. This has significant consequences for population monitoring and law enforcement. The regulations relating to check forms for bear and mountain lion previously stated that the form “shall be completed accurately.” However, that same wording was not included in the regulations for bighorn sheep, mountain goat, moose or bobcat. Regulation #002.R has been added to Chapter W-0, stating that for all species requiring mandatory reporting, all questionnaires and check reports shall be accurately completed by the hunter. This ensures consistency among all species that require a mandatory reporting.

**Creating a new season type “G” for guaranteed licenses due to natural disaster relief, adding “G” hunt codes and their quotas to denote guaranteed licenses corresponding to applicable sheep, goat and moose hunt codes, and adding regulations to indicate that returned guaranteed licenses will be manually reissued to applicants from the previous years’ limited license drawing of the original hunt code (Step 1 of 1)( pp. 34, 39-40, 46-47, 178, 183 in Chapter W-2, p. 1 in Chapter W-0).**

Multiple fires during the 2020 hunting seasons prevented hunters from being able to hunt. In certain cases, impacted sheep, goat and moose hunters have been guaranteed licenses for the 2021 hunting seasons. Previously, CPW did not have a process to issue guaranteed licenses from one year to another. To ensure proper processing of applications, adherence to licensing and draw rules, and proper reporting of draw results, a new season type “G” was created to identify hunt codes with a guaranteed license. These “G” hunt codes, which mirror the original hunt code, but have the letter “G” for “Guaranteed due to natural disaster relief,” as the 6th character, have been added for select sheep, goat and moose licenses. The original hunt code has been denoted with an asterisk. Additionally, regulations have been added specifying that if any of the hunters who drew a “G” hunt coded license decides to return it via the normal process, that license will be reissued using the 2020 next-up list for the original hunt code.

## **Sheep**

**Invalidating the SMS4801R hunt code in select years to account for the Bighorn Sheep Access Program (BSAP) in GMU S-48 (SE) (p. 38)**

Bighorn sheep in S-48 are found exclusively on private land. Since 2019, several ranches have been enrolled in the BSAP program. The total license allocation and the ratio of public to private BSAP licenses is determined by an agreement between CPW and the landowner. In order to allocate quota between the general SMS4801R hunt code and the BSAP hunt codes, in some years, all of the quota needs to be allocated to the BSAP hunt codes. This regulatory change invalidates the SMS4801R hunt code in years when it is necessary to allocate 100% of the quota to BSAP.

## **Mountain Lion**

**Implementing the West Slope Mountain Lion Management Plan, including changing harvest limit groups, making electronic calls legal for mountain lion hunting during open seasons only for harvest limit group L-50 and the Glenwood Springs Special Management Area, and creating an April hunting season for the Glenwood Springs Special Management Area (NW and SW) (pp. 60-64 in Chapter W-2, p. 11 in Chapter W-0)**

In accordance with the West Slope Mountain Lion Plan, which was approved by the Parks and Wildlife Commission at its September 2020 meeting, the Game Management Units associated with harvest limit groups have been modified. Additionally, an April hunting season has been created for the Glenwood Springs Special Management Area (GMUs 43, 44, 45, and 444). This change will begin on April 1, 2021.

Additionally, in accordance with the West Slope Mountain Lion Plan, electronic calls have been made legal for mountain lion hunting only during open seasons in harvest limit group L-50 (Game Management

Units (GMUs) 60, 61, 70 west of Colo141, 72, and 73) and the Glenwood Springs Special Management Area (GMUs 43, 44, 45, and 444) only. This regulatory change (#242.A.3) will also begin on April 1, 2021.

## **Deer**

### **Creating a 4th rifle season antlerless deer hunt code in the northern portion of GMUs 4, 11, 211 to manage for Chronic Wasting Disease (CWD) (NW) (pp. 80, 81-82, 90)**

GMU 4 provides critical winter range for the D-2 herd, yet has a CWD prevalence rate of 23.9% (2017), with a hot spot detected in the northern portions of the GMU 4. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 4 was created.

GMU 11 provides critical winter range for the D-7 herd, yet has a CWD prevalence of 11.3% (2017), with hot spots detected in the northern portions of the GMU 11. In addition, there have been significant losses in the quality and quantity of winter range, which concentrates wintering deer into smaller patches of landscape, creating further transmission of CWD and malnourished mule deer. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 11 was created.

GMU 211 provides critical winter range for the D-7 herd, yet has a CWD prevalence of 26.7% (2017), with hot spots detected in the northern portions of the GMU 211. In addition, there have been significant losses in the quality and quantity of winter range, which concentrates wintering deer into smaller patches of landscape, creating further transmission of CWD, landscape degradation and malnourished mule deer. In accordance with the Chronic Wasting Disease Response Plan, a fourth season antlerless hunt code specific to the northern part of GMU 211 was created.

### **Creating a 4th rifle season antlered deer hunt code in GMU 40 (NW) (p. 85)**

GMU 40 consists of ~60% public land including land managed by the Colorado National Monument, Grand Mesa National Forest and the Bureau of Land Management (BLM). The 3-year average buck-to-doe ratio is 38.3 bucks/does and has been increasing since licenses were limited in 1995. The management objective for the area is 30-35 bucks/does. Hunter crowding is a concern, especially during second and third rifle season, when public land that holds deer is difficult to access. A fourth season buck hunt with a limited number of licenses was created to allow hunters to harvest older age class animals, while limiting hunter crowding. This also helps to meet the sex ratio objectives of the GMU.

### **Eliminating the late season antlerless hunt code DF211L1R (NW) (p. 96)**

Previously, a December antlerless deer season existed for a portion of GMU 211 known as the Axial Basin Triangle with the dates of December 1 – 31. This was originally established as a part of the Axial Basin Coordinate Resource Management Plan (CRMP) to mitigate mule deer-livestock competition on winter range. However, the Axial Basin CRMP was recently discontinued and the hunt is no longer needed as a management tool, so hunt code DF211L1R has been removed.

### **Converting the hunt code DF481L1R to DF481P5R (SE) (p. 4, 97, 107)**

While the population of deer in DAU D-15 has decreased and is below the population objective, year-round densities of deer in the urban areas of Salida and Buena Vista have increased in recent decades. The DF481L1R hunt code was established to target urban deer and reduce human conflict. However, Area 13 staff believe it would be more effective if it was converted to a private land only hunt, as deer occurring on public land in the far north of the boundary are being disproportionately targeted, instead of the urban deer. As a result, DF481L1R had been converted to DF481P5R, with the same boundaries.

### **Creating season choice whitetail-only deer licenses in GMUs 87 and 88 (NE) (p. 3, 4, 99)**

In 2012, whitetail-only deer licenses were issued for GMUs 89, 90 and 95 to reduce white-tailed deer numbers in the Data Analysis Unit (DAU) D-5, which is managed primarily for mule deer. GMUs 87 and 88 were originally excluded. To increase opportunity to harvest whitetail deer, without increasing hunter crowding, GMUs 87 and 88 have been included in the current season choice whitetail-only deer licenses. Additionally, because CWD is high in this DAU, adding these GMUs to the whitetail-only licenses increases the ability to achieve harvest and reduce CWD.

**Creating private land only either sex deer hunt codes for the 4th rifle season in GMUs 3, 301, 4, 441, 5, 11, 211, 12, 13, 23, 24 (NW) (p. 101)**

Deer are distributed across the winter range during the 4th rifle season in GMUs 3 and 301, but 56% of the land in these GMUs is privately owned. CWD surveillance showed prevalence rates of 11% and 16.3% in GMUs 3 and 301 respectively, with hot spots in the several areas, where the land ownership is predominately private. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex private-land-only (PLO) hunt code valid for GMUs 3 and 301 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Similarly, deer are distributed across the winter range during the 4th rifle season in GMUs 4 and 441, but 67% of the land in these GMUs is privately owned. CWD surveillance (2018) showed prevalence rates of 24% and 26% in GMUs 4 and 441 respectively, with hot spots in the several areas, where the landownership is predominately private. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO hunt code valid for GMUs 4 and 441 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Public access to winter range in GMU 5 is restricted to two BLM parcels, and hunter crowding is a concern. CWD surveillance (2018) showed prevalence rates of 24% in GMUs 5, with a hot spot in the northwestern portion of the GMU. A 4th season either sex PLO hunt code was created to allow for additional hunter opportunity without crowding and help to achieve the desired management objectives of reduced CWD prevalence and herd sex ratio objectives.

Similarly, deer are distributed across the winter range during the 4th rifle season in GMUs 11 and 211, but 58% and 32% of the land in these GMUs respectively is privately owned. CWD surveillance (2017) showed prevalence rates of 11% and 27% in GMUs 1 and 211 respectively, with a large hot spot in the northeastern portion of GMU 211 centered around private land. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO hunt code valid for GMUs 11 and 211 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

Finally, deer are distributed across the winter range during the 4th rifle season in GMUs 12, 13, 23, 24, but a large portion of the land in these GMUs respectively is privately owned. CWD surveillance (2017) showed prevalence rates of 25%, 24%, 18% and 11% respectively in GMUs 12, 113, 23, and 24, with a large hot centered on private land. In accordance with the Chronic Wasting Disease Response Plan, a 4th season either sex PLO hunt code valid for GMUs 12, 13, 23 and 24 was created to help distribute harvest, provide additional hunting opportunity and achieve desired management objectives.

**Creating private-land-only antlered and antlerless licenses in GMU 102 (NE) (p. 106)**

Private land accounts for the majority of land in GMU 102, yet much of the hunter harvest occurs on public land. Deer are concentrating on the private lands, raising concerns about CWD, and there have been complaints of overcrowding on public lands in recent years, as license numbers have increased in an attempt to manage CWD. To reduce crowding on public lands and offer more opportunity on private lands, limited PLO antlered and antlerless licenses have been created for the regular [DM102P1R and DF102P1R] and late plains rifle seasons [DM102P5R and DF102P5R].

### **Changing the season closure date for hunt code DM391P5R to November 30 (NE) (p. 106)**

Hunt code DM391P5R, which includes GMUs 391 and 461, contains very little huntable public land. A high proportion of bucks in these GMUs concentrate on private land. The buck-to-doe ratio is above objective and the CWD prevalence is estimated at 5.4% in adult male deer. The season closure date for DM391P5R has been extended to November 30th and the opening date of the hunt has been maintained at the start of the second rifle season. Lengthening the season for DM391P5R will standardize the PLO season structure with adjacent GMUs, provide additional hunting opportunity, and increase buck harvest, which is recommended to reduce the sex ratio estimate and CWD prevalence.

## **Elk**

### **Converting all antlerless elk list B licenses in GMU 521 to list A licenses (SW) (p. 4, 110, 113, 115, 125, 140)**

GMU 521 is part of the Grand Mesa elk herd (E-14). The Herd Management Plan (2010) calls for maintaining a stable elk population. However, over the past 10 years, the population has declined to approximately 15,300 elk. Staff observations as well as comments from hunters and outfitters, highlight that the population in GMU 521 especially is too low. Rifle and muzzleloader antlerless elk licenses were reduced over the last several years in this GMU. To better align with this strategy of reduced antlerless harvest in GMU 521, all the list B antlerless elk licenses have been converted to list A. This required removing GMU 521 from the archery hunt code EF000U1A, from the muzzleloader hunt code EF041O1M and from the rifle hunt code EF041O1R, and creating a new muzzleloader hunt code of EF521O1M and rifle hunt code of EF521O1R.

### **Converting either sex muzzleloader, first season rifle, and fourth season rifle elk licenses in GMU 70 to sex-specific licenses (SW) (p. 114)**

E-24 has been below population objective for the past two years. In 2017, either sex rifle and muzzleloader licenses were changed to sex-specific licenses in all of the GMUs in E-24, except GMU 70. In 2020, the over-the-counter (OTC) either sex archery licenses were converted to limited, sex-specific licenses. This year, the either sex muzzleloader, first season rifle and fourth season rifle elk licenses in GMU 70 have been converted to specified antlered and antlerless licenses to better control female harvest in this GMU.

### **Eliminating the hunt code EF074P5R (SW) (p. 149)**

The hunt code EF074P5R was created in 2006 to address agriculture conflict along the Animas River. Since that time, elk populations have decreased along with the agriculture conflicts. The Herd Management Plans for DAUs E-30 and E-31 were revised this year with new population objectives that place the populations below objective. There was also overwhelming concern for the public about low elk numbers in these areas. As a result, the hunt code EF074P5R was eliminated to decrease elk hunting opportunity and increase elk population numbers in this area.

### **Removing GMUs 105 and 106 from the hunt code EF104P5R (NE) (p. 150)**

Hunt code EF104P5R was valid in GMUs 104, 105 and 106. The introduction of the Plains, List C, either-sex, OTC rifle license gave hunters an easier option to hunt elk in GMUs 105 and 106. To reduce confusion, GMUs 105 and 106 have been removed from EF104P5R.

### **Changing the season dates for the hunt code EF009L1R to September 1 – November 30 and making it list B (NE) (p. 4, 154)**

GMU 9 is primarily private property and city/county owned lands in Larimer County. The herd has grown in size to 250-300 animals and the cow elk population has become permanent in GMU 9. There has been increasing game damage issues and conflict with landowners. To increase the number of cow elk harvested, EF009L1R has been converted from a list A to a list B license and the season has been lengthened to run from September 1 – November 30.

**Changing the season dates for the hunt code EF085L1R to December 15 - December 31 (SE) (p. 155)**

DAU E-33 contains GMUs 85, 140, and 851 and has a population objective of 14,000-16,000 elk. Historically the population was over objective, but after several years of increased harvest, the population has been successfully decreased. Landowners have expressed concern about the hunting pressure during the January season. The season dates have been changed to December 15 – December 31 to retain hunter opportunity on public land but remove the January season.

**Pronghorn**

**Changing PH-39 archery licenses from unlimited to limited draw licenses and removing GMU 561 from the list of valid units for the either-sex unlimited pronghorn archery license (SE) (p. 158, 159)**

The PH-39 pronghorn herd is currently at the population objective but below the sex ratio objective. The GMUs in PH-39 (48, 56, and 481) are currently included in the either-sex, OTC archery licenses. Participation in OTC archery season in PH-39 has increased 400% since 2010. As a result, there are concerns with hunter crowding and pronghorn are being pushed onto private lands. GMUs 48, 56, 481 and 561 have been removed from the list of units valid for the OTC archery pronghorn license and limited, sex-specific licenses (AM048O1A and AF048O1A) valid for GMUs 48, 56 and 481 have been created. GMU 561 was not included because pronghorn are not readily found there.

**Creating a late season PLO doe pronghorn hunt code for GMUs 89 and 95 (NE) (p. 170)**

There has been a growing number of complaints from landowners about large pronghorn populations and game damage in GMUs 89 and 95. Late-season PLO pronghorn doe hunt codes were created in GMUs 89 (AF089P5R) and 95 (AF095P5R) with season dates of Nov 1 – Dec 31 to provide additional doe hunting opportunity while addressing landowner complaints.

**Adding buck and doe private land only hunt codes for PH-18 primary rifle season (SE) (p. 170)**

PH-18 is primarily private land with less than 7% is available to the public for hunting. High numbers of hunters purchase leftover licenses and hunt on these limited public lands, creating hunter crowding and poor quality hunts. During the recent herd management planning (HMP) process (2020), stakeholders recommended limiting the number of hunters on public lands. As a result, private-land-only (PLO) buck and doe hunt codes were created to help focus harvest on private lands, where the majority of the pronghorn are found.

**Moose**

**Creating bull and cow moose hunt codes for GMUs 25, 26 and 231 (NW) (pp. 174, 181)**

Previously there was no moose hunting in GMUs 25, 26 and 231, but resident moose numbers have reached a point where limited moose hunting could be made available to the public. GMUs 25, 26 and 231 have been opened to bull and cow moose hunting by adding an antlered season choice hunt code (MM025O1X) and antlerless archery, muzzleloader and rifle moose hunt codes (MF025O1A/M/R) in GMUs 25, 26, and 231.

### **Creating cow moose hunt codes in GMU 43 (NW) (p. 175)**

GMU 43 in the upper Roaring Fork Valley has been open to limited bull moose hunting since 2016. Based on regular sightings of moose of various age classes and both sexes, GMU 43 is now being opened to limited cow moose hunting, both to provide additional hunting opportunity and to proactively manage the local moose population size where there is potential for human-moose conflicts.

### **Creating bull and cow moose hunt codes in GMUs 47, 444 and 471 (NW) (pp. 176, 182)**

The northeast portion of the Roaring Fork Valley (including GMUs 47, 444 and 471) was previously closed to moose hunting. Moose sightings in these units increased and the area can now support limited bull and cow moose hunting. This area is especially poised for human-moose conflict with several incidents of hazing/tranquilizing in the past several years, including two serious incidents. As a result, a new bull hunt code (MM047O1X) and cow hunt codes (MF047O1A/M/R) have been created for GMUs 47, 471 and 444.

### **Creating hunt code MM056O1X for GMUs 56 and 561 (NW) (p. 182)**

Hunt code MM048O1X is currently valid for GMUs 48, 56, 481 and 561 and supports two bull moose licenses. However, much of the current hunting pressure is close to major roads. Staff recommend splitting the hunt into two hunt codes, one valid for GMUs 48 and 481 and one valid for GMUs 56 and 561, to help spread hunters across all of the GMUs, increasing hunter opportunity and decreasing hunter crowding.

### **Allowing antlerless moose hunters to present the entire head or an incisor during a mandatory inspection (statewide) (p. 184)**

Previously, moose hunters (both antlerless and antlered) were required to provide the entire head during a mandatory inspection so that CWD sampling could be completed. Additionally, an incisor was removed to estimate the age of the harvested animal. Recently, CWD testing was made voluntary for moose, and only an incisor is required from the head of an antlerless moose during inspection (if CWD testing is not selected). Because requiring antlerless moose hunters to bring the entire head for inspection is unnecessary and inconvenient, regulation #270.E.2 has been changed to allow antlerless moose hunters to provide the entire head or a front incisor tooth for inspection, rather than the entire head.

### **Administrative Clean-Ups**

- GMUs 4, 5, 6, 12, 13, 16, 17, 21, 22, 23, 24, 33, 53, 63, 161, 171, 214, 231, 441, 591 have been removed from List C (#205.A.4.c.6) for bears (p. 6). This is a clean up of the regulations, as removal of these GMUs was previously omitted.
- The application procedures and locations for the public drawing for a portion of Trinchera Ranch Ranching for Wildlife licenses (#210.H.2) have been updated (pp. 28-29).
- Regulation #242.C.3 has been removed from Chapter W-2 for consistency, as it is covered in Chapter W-17 #1702.B (p. 65).

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us). The statements of basis and purpose are not available at the Division of Parks and Wildlife headquarters due to the closure of these facilities to the public in light of the COVID-19 pandemic.

Zeros appear before the unit number when it is less than three characters in length, i.e. 001, 023, etc. Where the license is valid in more than one unit, the lowest numbered complete unit in the group is used, and the season table shows the complete list of valid units or portions thereof. When the limited license is valid statewide, the unit number is 000. In the case of sheep and goat, the three characters are a letter denoting the species (C, S, or G) followed by the two digit unit number.

4. Season Dates or Type - The sixth and seventh characters are a letter and number (0 and up) or two numbers (1 and up) denoting the season and hunt number within the season type (chronologically):

## #002 - License Requirements

- A. Except as otherwise provided by these regulations any person who takes or possesses any wildlife shall have in possession the appropriate and valid Colorado resident or non-resident license as provided in §33-4-102, C.R.S. and shall only take wildlife of the species and type as indicated on the license. In addition to the required license, the taking of some species may also require a permit.
  
- B. Except as otherwise provided, any person who hunts or fishes in Colorado shall have in possession the appropriate and valid Colorado resident or nonresident hunting, fishing or furbearer license including a customer identification number.  
  
A customer identification number is not required for the following license categories:
  1. Senior Lifetime licenses issued prior to 1990.
  2. Senior Lifetime Low-Income licenses issued prior to 1994.
  
- C. Except for licenses that require a carcass tag, all telephone and internet license, pass, or permit sales where a physical license, pass or permit is requested to be mailed or picked up at an agent by the customer may be issued a Temporary Authorization Number (TAN). This number allows the license, pass or permit holder to exercise the benefits of that license, pass or permit prior to receiving or picking up the physical license, pass or permit but not to exceed 45 days from the date of purchase. Any person who purchases a 1- or 5-day license by

phone or internet will not be issued a physical license unless the valid dates for the license are more than fourteen days out from the date of purchase.

- D. All annual resident and nonresident licenses authorized in 33-4-102 (1.4), C.R.S., including fishing, small game hunting, furbearer, and combination fishing and small game hunting shall be valid and otherwise in effect from March 1st to March 31st of the following year.
  - 1. The Colorado wildlife habitat stamp shall be valid and otherwise in effect for the same license year as the license to which it was originally associated. If purchased independently of a license, the Colorado wildlife habitat stamp shall be valid and otherwise in effect from March 1<sup>st</sup> to March 31<sup>st</sup> of the following year.
- E. Except as otherwise provided in these regulations, any person who hunts or fishes in Colorado shall be physically present in the immediate vicinity of the activity. Internet or other computer-assisted remote hunting or fishing is prohibited.
- F. Any person who hunts big game or turkey in a game management unit, or portions thereof, for which the Wildlife Commission has established limited license quotas must have a limited license valid for that unit. General season, over-the-counter licenses may not be used in a limited license unit unless validated by the Division.
- G. Any person possessing a license or permit restricted to a specific game management unit or portions thereof, may only hunt that unit or area for which his license or permit is issued.
- H. Duplicate small game, fishing, furbearers, senior citizen lifetime licenses and combination small game licenses may be obtained from the Division by submitting an affidavit on forms provided by the Division and payment of a \$5.00 fee. All other license duplicates may be obtained from the Division by submitting an affidavit on forms provided by the Division and payment of a fee of fifty percent of the cost of the original license, not to exceed \$25.00.
- I. All license exchanges will be charged a fee of fifty percent of the cost of the original license, not to exceed \$25.00.
- J. Any person who is authorized to hunt, fish or trap wildlife in Colorado pursuant to a permit issued by the Division shall comply with all of the terms and conditions of that permit.
- K. The Director is hereby authorized to issue the following licenses.
  - 1. Licenses for law enforcement investigative purposes to District Wildlife Managers, U.S. Fish & Wildlife (USFWS) Service Special Agents, or other persons cooperating with them or otherwise participating in a wildlife-related law enforcement activity authorizing them to hunt or fish as an appropriate element of an investigation of violation of Articles 1 through 6 of Title 33 of the Colorado Revised Statutes, regulations issued pursuant thereto, or federal wildlife laws; provided however, that no wildlife shall be taken with such a license if the taking would jeopardize the maintenance of populations at viable self-sustaining levels.

A written report shall be provided by the Director to the Wildlife Commission annually specifying the total number of licenses issued under this authority during the previous calendar year.

**L. Turning In Poachers (TIPS) Reward Program**

- 1. The Director is authorized to award licenses and preference points in accordance with this regulation to otherwise eligible persons that report the illegal take or possession or willful destruction of big game or turkey in Colorado to the Division.

2. Any person who voluntarily provides information that results in a person being charged with the illegal take or possession of big game or turkey may be awarded a preference point for the wildlife species of their choice or an over-the-counter license for the same species reported. As an alternative to the above reward options, and except as provided below, any person who voluntarily provides information that results in a person being charged with willful destruction of big game or turkey or assessment of a § 33-6-109(3.4), C.R.S., penalty may be awarded a limited license for the same species and unit reported.
  - a. In limited license units where less than 10 licenses (total) are allocated annually for all manners of take, only one reward license can be issued in any three year period.
  - b. In limited license units where less than 20 licenses (total) are allocated annually for all methods of take, only one reward license may be issued per year.
  - c. In limited license units where the reward license has already been issued the person may:
    1. wait until the next reward license in that unit is available, or
    2. select another limited license unit for which a reward license is available.
  - d. If the violation(s) reported occurred within a game management unit, which is closed to hunting the species reported, the person may select another limited license unit for which a reward license is available.
3. Limited licenses awarded as part of the TIPs Reward Program shall be in addition to the number of licenses generally available through or allocated as part of the Division's limited license draw.
4. Licenses for use on properties participating in the Division's Ranching for Wildlife program are not available as part of the TIPs Reward Program.
5. Licenses awarded as part of the TIPs Reward Program do not confer or otherwise guarantee access to any property for the purpose of exercising the benefits of the license. Securing such access is the responsibility of the license holder.
6. Except as provided in 2(c)(1), all licenses awarded as part of the TIPs Reward Program must be for a season occurring within 18 months of the final judicial disposition of the charges.
7. Licenses and preference points issued as part of the TIPs Reward Program are nontransferable.
8. For the purposes of the TIPs Reward Program, "charging" means the issuance of a penalty assessment or summons and complaint and such charging decision is at the sole discretion of the investigating officer or District Attorney.
9. While conviction is not necessary to support the awarding of a preference point or license, no applications for TIPs rewards will be accepted and no such rewards will be issued until final judicial disposition of the charges.
10. Only one TIPs reward will be issued per poaching incident, no matter how many animals are illegally taken. Further, if more than one person reports the violation(s) and files an application, the TIPS reward will be awarded to the person the Director finds to have provided the most pertinent information regarding the violation.

11. Applications for TIPs rewards must be made on forms provided by the Division, must be filed within 90 days of the judicial disposition of the charges and all applicants are subject to the following eligibility requirements:

- a. To be eligible for a TIPs reward, a person must voluntarily come forward and report the violation, and must be willing to testify, and testify if requested, in any subsequent criminal prosecution. Information obtained through criminal investigation or court process is not considered “voluntary” for the purposes of the TIPs Reward Program.
- b. A person is eligible for only one TIPs reward per year.
- c. A person is ineligible to receive a TIPs reward if they have received any other reward for reporting the violation(s), including but not limited to a monetary payment under the Operation Game Thief program.
- d. A person must be eligible to apply for, possess or exercise the benefits of any license or preference point conferred through the TIPs Reward Program and must otherwise comply with all other generally applicable hunting requirements and restrictions.
- e. All Division employees, and peace officers that report violation(s) to the Division as part of their law enforcement duties, are ineligible for the TIPs Reward Program.

#### **M. Terrestrial Invasive Species**

1. The following terrestrial invasive species are hereby declared to be detrimental to Colorado’s wildlife and habitat. They may be seized, captured or destroyed by the Division or its authorized agents whenever and wherever found.
  - a. Feral hog
  - b. Eurasian collared-dove
  - c. European starling
  - d. House (English) sparrow
2. No license is required for a person to hunt or take terrestrial invasive species. However, commercial hunting or taking of terrestrial invasive species is prohibited. No person shall receive compensation or attempt to receive compensation from the hunting of terrestrial invasive species in Colorado. Terrestrial invasive species may be taken year-round in any number by any method allowed for the take of big or small game. In addition, terrestrial invasive species may be taken at night with the use of artificial light and night vision equipment.
  - a. Except when counted as part of the bag and possession limit for doves in #508 of these regulations, while in the field and during transport all Eurasian collared-doves shall be fully feathered.
3. Except as authorized in writing by the Director when such release is determined to be biologically non-detrimental to Colorado’s wildlife and habitats, no person shall release terrestrial invasive species or hybrids of terrestrial invasive species in Colorado for the purpose of allowing them to run at large or otherwise facilitate the distribution or abundance of these species in Colorado.

#### **N. Hunter Education**

1. For the purpose of this regulatory provision, the following terms have the following definitions:

- a. **“Active Duty”** means a person who is a full time employee of a U.S. military service branch under the Department of Defense and can be deployed at any time.
  - b. **“National Guard”** means the Army National Guard or Air National Guard that is part of an organized militia of any state within the United States of America. National Guard members are not considered active duty military personnel.
  - c. **“Reserve Duty”** means a person who is trained and qualified by a U.S. military Reserve Component to be available for active duty in the armed forces when needed. Reserve members are not considered active duty military personnel.
  - d. **“Veteran”** means a person who served in the Active Duty or Reserve Duty military or the National Guard and who was discharged or released from such service under conditions other than dishonorable.
2. As authorized and in accordance with §33-6-107(8) and §33-6-107(10) C.R.S, these regulations establish requirements for Colorado’s hunter education certification program. Hunter education classes within this state must include a minimum of 10 hours of instruction, including, but not limited to, the topics of wildlife management, wildlife identification, firearms safety, ethics, and laws and regulations. A portion of the course curriculum must also include hands-on activities where students demonstrate, at a minimum, safe firearms handling and a live fire exercise. Students must also pass a written test to successfully complete the course. Except as provided in regulation #002(N)(3) below, any person born on or after January 1, 1949, must have a valid hunter education certificate prior to hunting, trapping, or purchasing any hunting license in accordance with §33-6-107(8) and §33-6-107(10) C.R.S.
3. Allowable hunter education course delivery options and methods are as follows:
- a. Traditional class- 10 hours, minimum, in a standard classroom setting that includes hands-on learning activities. Additional time beyond the 10 hour requirement is also necessary to complete the written test and live fire exercise.
  - b. Internet course with conclusion class- The internet portion of the class is credited with 6 hours of study. A 4-6 hour, in-person, conclusion class is required and will cover laws and regulations, wildlife identification, and hands-on firearms activities. Additional time beyond the 4-6 hour requirement is also necessary to complete the written test and live fire exercise.
  - c. A person age 50 and older may complete a one-time test-out of the hunter education certification requirements by passing a timed hunter education test online with a score of 90% or above. This online test can only be taken once.
  - d. U.S. military veterans, active duty, reserve duty and National Guard members may complete a one-time test-out of the hunter education certification requirements by passing a timed hunter education test online with a score of 90% or above. This online test can only be taken once. Military personnel must bring test certificate and military identification to a CPW office to verify military status and obtain a hunter education certificate. To qualify, a veteran must be discharged under conditions other than dishonorable. Acceptable forms of military identification include:
    - i. DD 214;
    - ii. DD Form 2;
    - iii. DD Form 2765;
    - iv. Active, retired, veteran military identification card;
    - v. A current Colorado Drivers License or state issued identification card with the word “veteran” printed on it as specified in 42-2-303(5)(a) C.R.S.;
    - vi. VA medical card.

- e. The Director is authorized to grant temporary exemptions that allow hunter education to be delivered online when the Director determines such exemptions are reasonably necessary to ensure compliance with applicable public health directives related to extreme unforeseen circumstances or where otherwise necessary for the protection of public health, safety and welfare.

Such exemptions shall be dated, contain an expiration date and be posted on the CPW website. Such exemptions shall be effective upon posting to the CPW website.

- 4. Exceptions to the hunter education certification requirements are as follows:
  - a. A person 10 years of age or older who obtains an apprentice certificate. An apprentice certificate can only be obtained twice and is valid for a one year period, identified as April 1-March 31 annually. Apprentice certificate holders must be personally accompanied by, and in voice and visual contact with a mentor while hunting. A mentor may oversee no more than 2 apprentices at a time and must carry proof of hunter education and age while in the field.

#### **O. Antler and Horn Collection**

These regulations govern the collection of shed antlers, shed horns, or antlers or horns naturally attached to skull plates.

- 1. On any lands east of I-25, any person may, with lawful access, collect shed antlers or horns at any time. On private lands west of I-25, any person may, with lawful access, collect shed antlers or horns at any time. Public lands west of I-25 are closed to collection from January 1 through April 30, annually. Prior to using the permit, the dog handler must notify a Colorado Parks and Wildlife Office and provide the following information: the dog handler's name, hunter's name (if different than the handler), hunter's CID number, location of use, species to recover, and time of use. Within five business days of using the permit, the handler must also notify the Division regarding whether they recovered the carcass. A dog may only be used to pursue or locate wounded big game during legal big game hunting hours. Provided however, that such pursuit may continue after legal big game hunting hours if the handler contacts and obtains the permission of a Wildlife Officer prior to continuing such pursuit. In acting on any such request, the Wildlife Officer shall consider the general public safety and may authorize the dispatch of the wounded animal after legal hunting hours. The dog must be leashed at all times and can not be used to kill, chase, or harass wildlife. The properly licensed hunter is required to be present while the dog is tracking and the animal must be dispatched by the hunter using a legal method of take based on their license. The dog handler is required to wear daylight fluorescent orange or fluorescent pink while tracking, unless the handler is tracking an animal shot on an archery license.

  - c. Decoys may be used.
  - d. European ferret may be used as an aid in taking small game only in conjunction with hawking. All ferrets used in this activity must be neutered, permanently tattooed on the left inguinal area and dyed along one-fourth (1/4) of their body length for easy field identification.
  - e. Manner of take accommodations may be issued to persons with disabilities, in accordance with #005.
- B. It shall be unlawful to hunt any game birds, small game mammals or furbearers, with a centerfire rifle larger than .23 caliber during the regular deer and elk seasons west of Interstate 25, unless the hunter holds an unfilled deer or elk license for the season he is hunting.

  - 2. **“Live-Action Game Camera”** means any device capable of recording and transmitting photographic or video data wirelessly to a remote device, such as a computer or smart phone. “Live-action game camera” does not include game cameras that merely record photographic or video data and store such data for later use, as long as the device cannot transmit data wirelessly.
- F. **Aircraft**, by permit only.
- 1. The Division may issue permits for the taking wildlife by aircraft when it is determined by the Director that such a permit is necessary for the protection of wildlife populations or for depredation purposes. Applicants shall fill out applications furnished by the Division and shall give such information thereon as may be required by the Division; including, if requested, a map of the area where control of animal damage is needed.
  - 2. Permits shall not be issued for longer than a thirty (30) day period. A permit may, however, be renewed without submitting a new application unless deemed necessary by the Director. **Basis and Purpose:**

**Creating a new season type “G” for guaranteed licenses due to natural disaster relief**

Multiple fires during the 2020 hunting seasons prevented hunters from being able to hunt. In certain cases, impacted sheep, goat and moose hunters have been guaranteed licenses for the 2021 hunting seasons. Previously, CPW did not have a process to issue guaranteed licenses from one year to another. To ensure proper processing of applications, adherence to licensing and draw rules, and proper reporting of draw results, a new season type “G” was created to identify hunt codes with a guaranteed license. These hunt codes mirror the original hunt code, but have the letter “G” for “Guaranteed due to natural disaster relief”, as the 6th character (e.g., SMS74G1R is the companion hunt code to SMS74O1R).

**Standardizing mandatory reporting regulations across species**

CPW requires mandatory reporting for several types of hunting licenses and species. Sportspersons are required to fill out a mandatory report regardless of whether they harvest an animal if they hold any type of license for mountain goat, bighorn sheep and moose, or an auction or raffle license for deer, elk and pronghorn. For these license types, sportspersons who do not harvest are required to submit a questionnaire which asks for details about where and how they hunted. Additionally, sportsperson who harvest animals are required to submit their animals for inspection by a CPW official. Mandatory reports are also required for any bear, mountain lion, or bobcat harvested in the state. The mandatory report form asks for the location of the kill/trap, in addition to several other questions. This information is used for law enforcement purposes and for biological data.

In some cases, hunters incorrectly fill out the check form to conserve the anonymity of the hunting area. This has significant consequences for population monitoring and law enforcement. The regulations relating to check forms for bear and mountain lion previously stated that the form “shall be completed accurately.” However, that same wording was not included in the regulations for bighorn sheep, mountain goat, moose or bobcat. Regulation #002.R has been added to Chapter W-0, stating that for all species requiring mandatory reporting, all questionnaires and check reports shall be accurately completed by the hunter. This ensures consistency among all species that require a mandatory reporting.

**Making electronic calls legal for mountain lion hunting during open seasons for harvest limit group L-50 and the Glenwood Springs Special Management Area only**

In accordance with the West Slope Mountain Lion Plan, which was approved by the Parks and Wildlife Commission at its September 2020 meeting, electronic calls have been made legal for mountain lion hunting during open seasons in harvest limit group L-50 (Game Management Units 60, 61, 70 west of Colo141, 72, and 73) and the Glenwood Springs Special Management Area (Game Management Units 43, 44, 45, and 444) only. These regulations will begin on April 1, 2021. The harvest limit groups have also been modified , as listed in Chapter W-2.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us). The statements of basis and purpose are not available at the Division of Parks and Wildlife headquarters due to the closure of these facilities to the public in light of the COVID-19 pandemic.

**EFFECTIVE DATE - THESE REGULATIONS SHALL BECOME EFFECTIVE MARCH 2, 2021 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.**

F. Special Licenses for Nuisance Turkeys

1. The Director shall have the authority to establish special hunting seasons for turkeys, between December 1 and March 31 on an annual basis, when necessary to control nuisance turkeys. The Area Wildlife Manager will determine the type of license(s) (either-sex or hen only) most appropriate to control the conflict.
  - a. Nuisance turkey hunts are limited to a maximum of 50 licenses per landowner, per year.
    1. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application. Nuisance turkey licenses shall be sold at the fall season license price.
  - b. Prior to approving the hunt, the Division shall:
    1. Verify that conflicts are occurring.
    2. Designate what area shall be open to hunting.
    3. Determine the manner of hunting that will be permitted.

4. Determine the number of hunters allowed to hunt in each designated area.
- c. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such conflict is occurring.
- d. Hunters shall hunt in designated areas and on the dates indicated on the license.
  1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.
- e. Any person who purchases a license for a nuisance turkey season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

**Basis and Purpose:**

**Changing the application deadline date for the Fall Turkey Draw**

The application deadline for the Fall Turkey Draw has been changed to the last business day in May annually. This change results in shortening the Fall Turkey Draw application window from 2 months to 1 month and moving the application period to the month of May. This will allow fall turkey licenses to be used as a qualifying license for Secondary Draw applications. It also allows staff to run the Fall Turkey Draw earlier in the year, providing additional time for customers to return the license for a refund or exchange, if desired. Finally, it also brings the length of the fall turkey application period in line with the length of the application period for the draws for other species.
