Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.

Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.

 3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
 3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.

4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.

j. Preference Points and Chances

1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:
 - a. Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year average for the 2007, 2008, and 2009 limited license draws. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.
 - b. Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same

species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

- c. In addition to the \$7 application fee, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the \$9 application fee, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.
- d. Applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.
- e. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given the option to apply for a leftover drawing.

- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.
 - d. Nonresident hunter drawing limitations (first choice applications only)
 - 1. Nonresidents hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
 - 2. Unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 35% of available deer and elk licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer and elk licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a three-year average for the 2007, 2008, and 2009 limited license draws. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.
6. Leftover Licenses, Drawing Provisions and Restrictions
- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued as "leftover" licenses, (through one "leftover" drawing process if the number of "leftover" licenses is sufficient to justify the administrative cost).
 - b. Only persons who apply for a limited license and who are unsuccessful are eligible for the leftover license drawing. Applicants for the leftover drawing may only apply for the same species that they applied for in the initial drawing.
 - c. Any eligible hunter, ages 12 – 17 shall receive preference for leftover deer and elk licenses.
 - d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
 - e. Group applications are not accepted for leftover licenses.
 - f. Applicants must apply on-line or over the phone following the regular drawing.
 - g. Applications must be submitted no later than 8:00 PM Mountain Time on the first Tuesday in July, annually. Applications not submitted by this deadline are void.
 - h. Leftover Ranching for Wildlife licenses will not be available through the standard over-the-counter leftover process. 7. 2020 Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions
 - a. Starting in 2020, elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost.
 - b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.
 - c. There is no landowner preference for the secondary draw.
 - d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
 - e. Group applications are not accepted for the secondary draw.
 - f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.
 - g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the last business day in June. Applications not submitted by this deadline are void.
 - h. Secondary draw applications not submitted by 8:00 PM Mountain Time the last business day in June will become void.
 - i. Except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

A person may hunt in only one hunting season per license year for each big game species regardless of the method of hunting used, except in accordance with regulations #207B, #207C, or in #205, when the purchase of more than one license per species is authorized or when the animal taken is not counted against an annual bag limit.
- B. Except on Ranching for Wildlife properties and in GMUs 61, 62 and 512, youths ages 12-17 may participate in any open regularly scheduled antlerless rifle elk or antlerless rifle or Season Choice deer hunt starting after the last day of the season listed on their original license, in the same DAU and for the same species listed on their original license, provided they possess an unfilled limited antlerless or either-sex elk or antlerless deer license originally valid in that same DAU from a season which has already been completed, comply with applicable regulations for the specific open regularly scheduled antlerless rifle hunt in which they participate, and are accompanied by a mentor if under 16 years of age. A mentor must be at least 18 years of age and comply with hunter education requirements. The mentor may not hunt except in units and in seasons for which they possess a valid license. Youths with an unfilled either-sex elk license who wish to hunt in any subsequent antlerless rifle season within the same DAU may do so provided that they must bring their license to the Division and have it converted to an antlerless license for the

appropriate species prior to hunting. In GMUs 61 and 62, youth hunters may participate in the extended youth seasons as provided and restricted herein, except youth are further restricted to hunting in the same GMU where their original license was valid.

- E. A person may only purchase an over the counter bear license for the archery or muzzleloader bear season (hunt codes listed in #237.A.2 and #238.A.2) if they also possess a deer or elk license for the same manner of take and an overlapping game management unit listed on that bear license. A person may hunt bear with an over the counter archery or muzzleloader bear license during any regular archery or muzzleloader deer or elk season west of I-25 or in unit 140, only if they also possess a deer or elk license (filled or unfilled) valid any day of the regular archery or muzzleloader deer or elk seasons. The person may hunt bear in any unit(s) for which their bear license is valid. If the deer or elk license is a Private Land Only license, use of the bear license is restricted to private land as well.

#210 - RANCHING FOR WILDLIFE – DEER, ELK, PRONGHORN, BLACK BEAR, MOOSE, AND BIGHORN SHEEP

A. Implementation Authority

1. The Director is authorized to implement the Ranching for Wildlife program, including the authority to determine ranch enrollment status, enter into cooperative agreements with ranches, establish and modify public and private season dates on each ranch, and establish and modify license allocations to each ranch including the subsequent distribution of licenses to the public and private share annually, and may establish additional Ranching for Wildlife operating guidelines subject to the following provisions.

B. Ranch Entry and Maintenance

1. Ranches must have a minimum of 10,000 acres of privately owned land in one contiguous unit. Ranches that meet this 10,000-acre minimum requirement may include privately owned non-contiguous parcels in the program if the Director determines that their inclusion will contribute to meeting the performance standards for the ranch.
2. Ranches must develop a Ranching for Wildlife Management Plan that includes goals, objectives, and strategies for achieving such goals and objectives for wildlife habitat management, species management, and public hunting management. The Management Plan shall identify the Tier category in which the ranch seeks to be placed and what specific actions the ranch will take to achieve the appropriate Tier placement criteria. The Management Plan must be approved by the Division prior to execution of a Cooperative Agreement for Ranching for Wildlife.
3. Ranches may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division when necessary to meet the ranch performance standards or as mutually agreed and contained in the Management Plan, ranches must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when the species to be hunted are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the ranch, nor when normal migration patterns of the species to be hunted result in the species having migrated off the ranch.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the ranch due to the presence of private hunters.
7. The Ranch and the Division will mutually agree to ranch rules regarding access to and hunting on the ranch by public hunters. The ranch rules will be provided to hunters prior to seasons on the ranch in accordance with other provisions contained in this regulation.
8. Enrolled ranches shall not be eligible for game damage payments or materials for those species hunted in the program when damage occurs within the boundaries of the enrolled portions of the ranch.
9. The Division may, at its sole discretion, require ranches with public bighorn sheep hunting seasons to provide scouting access to those hunters and their companions prior to such seasons. Provisions for this scouting access shall be contained in the Management Plan.

C. Cooperative Agreements, Enrollment, Denial of Enrollment, Termination of Enrollment

1. The Division is authorized to enter into Cooperative Agreements with ranches.
2. Ranches may appeal enrollment decisions to the Commission.
3. Cooperative Agreements shall incorporate approved Ranching For Wildlife Management Plans as part of the Cooperative Agreement.
4. The Division shall periodically evaluate ranches for enrollment, contract performance, and Tier placement, and shall establish minimum performance standards for ranches enrolled in the program, including wildlife habitat management and improvement, public recreation opportunity and experience, and any factors intended to contribute to meeting Data Analysis Unit (DAU) management objectives. Such performance standards shall be incorporated into the Cooperative Agreement with the ranch.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
 - a. Deer, elk, pronghorn, moose, and bighorn sheep seasons may not begin before the first day of the statewide archery season for that species, nor extend beyond January 31.

 2. Ranches must offer a total of at least ten (10) days of antlerless public hunting. The season may run a minimum of ten (10) consecutive days; or may be split into two (2) or more five (5) day periods in which a hunter's license is valid in each period; or may be split into two (2) or more five (5) day seasons in which a hunter's license is valid in one but not any other five (5) day season. Ranches electing to split seasons and limit hunter participation to a single five (5) day season must assure that total public hunter harvest and licenses available are as much or more than would be achieved in the other two antlerless season alternatives.
 3. All public seasons or periods will include one full weekend, but seasons need not open on weekend days.
 - b. Pronghorn public season length

1. Buck or doe hunting seasons shall be a minimum of five (5) days in length. All public seasons shall include one full weekend, but seasons need not open on weekend days.
 - c. Black Bear public season length
 1. Shall be a minimum of fifteen (15) days in length.
 - d. Moose public season length
 1. Antlered or antlerless public hunting seasons shall be a minimum of ten (10) days in length. Antlered seasons shall include a minimum of five (5) consecutive days without overlapping any antlerless moose hunting season on the ranch.

 - f. Additional primitive weapon seasons may be established provided that the season is structured so there is a minimum of 5 days of opportunity in which the method of take is restricted to archery or muzzleloading rifles.
 1. These seasons shall be in addition to the previously mentioned minimum season lengths. Hunters drawing licenses for these seasons shall be allowed to hunt in the season with the restricted method of take and also in at least 10 additional days of opportunity with rifle method of take for moose, or antlered or either sex deer, elk, or black bear licenses; at least 5 additional days of opportunity with rifle method of take for pronghorn, or antlerless deer or elk licenses; at least 30 additional days of opportunity with rifle method of take for ram bighorn sheep licenses; and at least 15 additional days of opportunity with rifle method of take for ewe bighorn sheep. Additional primitive weapon seasons will include one full weekend.
4. Manner of Take
 - a. Rifle hunting shall be the designated manner of take. Provided further that additional public hunting seasons beyond the previously mentioned minimum levels may be established with more restricted manner of take. Any such seasons and licenses allocated to those seasons are additional public hunting opportunity and shall not reduce licenses that would otherwise be allocated for the rifle seasons.
5. License Restrictions
 - a. Ranching for Wildlife licenses are the only licenses valid for hunting of species under contract on the ranch, except as follows:

1. Auction and raffle licenses may be used when there is not a public season for the same species in progress on the ranch.
2. Antlerless deer or elk licenses may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
 - a. There is an established season in which such licenses would be valid in the Game Management Unit (GMU) in which the ranch is located.
 - b. Such licenses shall not be used concurrently with any Ranching for Wildlife season, or at any other time when the Division determines that it would result in elk, deer, pronghorn, bighorn sheep, moose, or black bear not being available to Ranching for Wildlife public hunters.
 - c. The Division determines that any resulting harvest achieved will contribute to achieving DAU management objectives.
3. Any Dream Hunt or Youth Outreach license may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
 - a. Such licenses shall not be used concurrently with any public Ranching for Wildlife season, or at any other time when the Division determines that it would result in species under contract on the ranch not being available to Ranching for Wildlife public hunters.

E. License Allocation

1. A maximum of 1,000 licenses of each species and sex for deer, elk, and pronghorn, a maximum of 30 black bear licenses, a maximum of 20 licenses of each sex for bighorn sheep, and a maximum of 50 licenses of each sex for moose may be allocated to each ranch annually, and subsequently distributed to the public and private share according to the distribution table established in this regulation.
2. Division staff recommendations regarding license allocations for each ranch shall be forwarded to and approved by the Director based upon Data Analysis Unit harvest objectives, relative ranch land base and occupied habitat for each species on the ranch to that of the Data Analysis Unit, hunter crowding, enhancement of hunter harvest, and relative densities of the species on the ranch.
3. Substitution of licenses of one species or sex for licenses of another species or sex shall not be permitted.
4. For purposes of determining distribution of licenses allocated to each ranch, either sex licenses will be treated as antlered licenses for deer and elk and buck licenses for pronghorn.
5. Landowner preference shall not be used for any public or private Ranching For Wildlife license. In addition, Ranching for Wildlife property may not be used to qualify for or receive landowner preference pursuant to §33-4-103, C.R.S.

6. The public share of the licenses in the following distribution tables represents the minimum for each species. Fractions of licenses shall be rounded up for public distribution licenses.

2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as youth hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.
3. Youth hunting seasons may occur at any time within the broad parameters for seasons within the Ranching For Wildlife program.
4. Youth licenses shall be distributed to individual youth hunters by mechanisms of the approved youth hunting program on the ranch. Youth licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

G. Novice Adult Licenses

The Division must approve the novice adult hunting program on the ranch prior to any season or license allocation for such novice adult hunts.
2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as novice adult hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.
3. Novice adult hunting seasons may occur at any time within the broad parameters for seasons within the Ranching for Wildlife program.
4. Novice adult licenses shall be distributed to individual novice adult hunters by mechanisms of the approved novice adult hunting program on the ranch. Novice adult licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

H. License Distribution

1. Applications
 - a. Applications for private hunter licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
 - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process, except as provided in this regulation.
 - c. Leftover Ranching for Wildlife Licenses: Ranching for Wildlife licenses which are not issued through the regular drawing will be issued as "leftover" licenses, only through the "leftover" drawing process, rather than through the over-the-counter leftover license process.
2. Trinchera Ranch - One hundred percent (100%) of the limited antlered public licenses and eighty percent (80%) of the limited antlerless public licenses shall be available through the Division's annual limited license drawing process. Twenty percent (20%) of the limited public antlerless licenses will be allocated by public drawing at 1:00 p.m. on the second Wednesday in August, annually, alternating between two locations every other year. On even years, the drawing location is the Blanca / Ft Garland Community Center, Blanca, CO. On odd years, the drawing location is the San Luis Firehouse, San Luis, CO. Applications will be accepted between 9:00 am and noon, on the second

Wednesday in August, annually. Given an unusual circumstance necessitating a location change, the Division will notify the public of such change 15 days prior to the drawing date.

I. Special Restrictions

1. Unless otherwise provided in these Ranching for Wildlife regulations all hunters must comply with other applicable regulations, including, but not limited to, manner of take (except that private hunters may use any legal weapon during private seasons), hunting hours, application requirements and deadlines, bag limits, season participation, mandatory checks, OHV restrictions, and other generally applicable regulations for big game hunting.
2. A copy of the mutually agreed upon ranch rules will be provided to all public hunters prior to their hunting season. All public hunters will be required to sign a statement acknowledging that they have read, understand, and agree to comply with all ranch rules, before the hunter is allowed access to the ranch.
 - a. Compliance with ranch rules is a specific condition of the Ranching For Wildlife public licenses and subsequent access to the ranch. In addition to criminal penalties, non-compliance with ranch rules constitutes grounds for suspension and revocation of the license and/or being prohibited from further participation in hunting on the ranch, and/or in the Ranching For Wildlife program as a public hunter.
 - b. Final determination on any legal action taken towards hunters found in non-compliance with ranch rules shall be made solely by officers of the Division. This includes any citation that may be issued for non-compliance with the provisions of a license, or directing a hunter to leave a ranch. Ranch personnel may not direct a hunter to leave a ranch without specific authorization of a Division officer.

#211- BIGHORN SHEEP ACCESS PROGRAM

A. Implementation Authority

1. The Director is authorized to implement the Bighorn Sheep Access Program (BSAP), including the authority to determine private land enrollment status, enter into cooperative agreements with legal landowners, establish and modify public and private season dates on each property, and establish and modify license allocations to each property including the subsequent distribution of licenses to the public and private share, and may establish additional BSAP operating guidelines subject to the following provisions. All new or renewed contracts must be signed by the Director by October 15 in order to participate in the program the following year.

B. Property Enrollment Constraints

1. Properties must have a minimum of 5,000 acres of privately owned land.
2. Except under the provisions of regulation #211(E)(5), there must be a sustainable population of Rocky Mountain bighorn sheep that are predictably present on the private lands and at times for which public hunting seasons may be set. All sheep on the property must be a part of a single bighorn sheep herd (DAU). Land under contract may not cross sheep herd boundaries. At least 60% of the sheep herd within the bighorn sheep game management unit to be hunted must be located on private land or State Trust Land.

3. Properties may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division, enrolled properties must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when sheep are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the property, nor when normal migration patterns would result in sheep having migrated off the property.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the property due to the presence of private hunters.
7. The private landowner(s) will provide to each public hunter a property information packet which includes, but is not limited to, property maps showing access routes and camping areas, and landowner contact information.
8. Enrolled properties shall not be eligible for game damage payments or materials for damage caused by Rocky Mountain bighorn sheep.

C. Cooperative Agreements, Enrollment, Termination of Enrollment

1. The Division is authorized to enter into cooperative agreements with private property owners. Multiple private property owners may participate in the program under a single contract as long as all legal owners agree to the same terms and requirements.
2. The Division shall establish minimum performance standards or requirements for properties enrolled in the program. Such performance standards shall be incorporated into the cooperative agreement with each property owner(s). Each cooperative agreement will include an option to renew at the end of the contract period if agreed to by both the Division and private landowner.
3. Each cooperative agreement will also contain a termination clause. Potential termination will be based on public hunter satisfaction that is within the control of the property owner or manager. No future private ram licenses will be allocated to a property after their contract is terminated.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
 - a. Ram seasons may not begin before August 1 and may not extend beyond December 31.
 - b. Ewe seasons may not begin before September 1 and may not extend beyond January 15.
 - c. Public ram seasons shall always precede private ram seasons. When necessary for private and public seasons to be conducted in the same year, public ram seasons will occur prior to private seasons.
2. Private season length

- a. Private ram seasons shall not be less than 20 days nor greater than 60 days.
- 3. Public season length
 - a. Public ram seasons shall be equal or greater in length to the private ram seasons, but not less than 30 days nor greater than 60 days. If multiple ram seasons are necessary to spread out hunting pressure, then season length may be shortened to not less than 20 days per season.
 - b. Ewe seasons shall be not less than 10 days in length with no more than a 5 day overlap with public ram seasons.
- 4. Method of take for ram hunting will be hunter's choice in accordance with regulation #203 of this chapter. Method of take for ewe hunting will be determined by contract negotiation.
- 5. License Restrictions
 - a. BSAP licenses are the only licenses valid for hunting sheep on the property, except that auction and raffle licenses may be used when there is not a public season in progress on the property.

E. License Allocation

- 1. Division staff recommendations regarding license allocations for each property shall be approved by the Director.
- 2. All ewe licenses allocated are public licenses. The Division shall determine if ewe hunting is needed or desired for sheep management on the property.
- 3. The public share of the licenses in the following distribution table represents the minimum number of licenses provided to the public. Fractions of licenses shall be rounded up for public distribution licenses.

ROCKY MOUNTAIN BIGHORN SHEEP				
Private Share of Licenses			Public Share of Licenses	
% of total allocation to each enrolled property			% of total allocation to each enrolled property	
Option	Ram	Ewe	Ram	Ewe
A	67	0	33	100
B	75	0	25	100
C	50	0	50	100

- 4. Enrolled properties with a sustainable Rocky Mountain bighorn sheep population already present will have the choice between two license distribution options (option A or B). In order to receive the license allocation percentages listed in option B, a competent, skilled guide will be provided for free to the public ram hunter. The guide must be competent and knowledgeable of the property and of bighorn sheep behavior and use patterns on the property. The guide provided to the public ram hunter must be the same guide provided to the private ram hunter, unless otherwise agreed to in writing by the Division. In order to receive the license allocation percentages listed in option A, each public sheep hunter

will receive free access to the property and a free area for camping if the property is located 40 minutes or more from public accommodations. No free guiding services are provided under option A.

5. Option C is available for property owners who would like their land evaluated for bighorn sheep transplant or augmentation for inclusion in the BSAP under option C. Notice of interest must be submitted in writing to the local district wildlife manager by April 1 annually. If the Division approves the transplant and property enrollment, the Division and landowner will share the costs of the trap and transplant operation. When the Division and property owner determine that the transplanted herd can sustain hunting harvest, the property will be opened to hunting under option C. Properties enrolled in the BSAP under option C will be enrolled for a 10-year period with bighorn sheep ram licenses being issued at a 1:1 public/private ratio during that period. After 10 years of hunting, the landowner may choose to withdraw from the program or re-enroll in a new contract under option A or B.
6. Public ram hunters will be allowed to bring a maximum of two additional non-hunting persons with them onto the property during their hunt. Ewe hunters will be allowed to bring a maximum of one additional non-hunting person with them onto the property during their hunt.
7. Landowners are not required to provide pre-draw or pre-season scouting access in any license allocation option.

F. License Distribution

1. Applications
 - a. Applications for private ram licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
 - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process.

Each PAC shall be made up of a spokesperson representative from each nonprofit, conservation organization selling an auction or raffle license for that species and a spokesperson representative of the Division. In addition, the USFS, BLM, and other potentially affected land management agencies shall each have the opportunity to provide a spokesperson representative for each PAC at their discretion.
2. The Division shall be responsible for annual solicitation of project proposals requesting auction and raffle funding with a deadline no later than April 30th of each year. Each organization shall maintain records of activities relating to auction and raffle proceeds retained by the organization. Such records shall be available for inspection by the Division at all reasonable times and subject to audit by the state.
2. The Division shall provide each conservation organization with a list of all projects that have been approved for auction and raffle funding each year.

3. The Division shall provide the PAC committees with current auction and raffle fund balances by May 1st of each year.
4. Recipients of auction and raffle funds must provide an annual status report to the Division by July 1st for each fiscal year funding is provided. In some cases the Division may also request a comprehensive final report. The Division may request additional follow-up information such as more detailed records of results and expenditures. The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us. The statements of basis and purpose are not available at the Division of Parks and Wildlife headquarters due to the closure of these facilities to the public in light of the COVID-19 pandemic.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.
