RE: REVISED Chapter W-9 Final Regulations for the March 2021 Parks and Wildlife Commission Meeting
DATE: March 12, 2021

Revised final regulatory changes for Chapter W-9 and related provisions of Chapter W-0 are summarized below. If there are questions about the agenda item below, or if additional information is needed, please feel free to contact me at 303-866-3203 x4609 or krista.heiner@state.co.us.

Agenda Item 13: Chapter W-9 - "Wildlife Properties" 2 CCR 406-9 and those related provisions of Chapter W-0 ("General Provisions" 2 CCR 406-0) necessary to accommodate changes to or ensure consistency with Chapter W-9 (Step 2 of 2)

Expanding the options available to access a State Wildlife Area to include a Colorado State Wildlife Area pass for all persons 16 years and older and clarifying regulations related to public access of State Trust Lands leased by the Division

Beginning July 1, 2020, the Parks and Wildlife Commission prohibited access to State Wildlife Areas (SWAs) or State Trust Lands (STLs) leased by the Division for all individuals 18 and older unless they held a valid hunting or fishing license. Feedback from constituents led the Commission to create a Working Group to discuss options for creating a new pass to allow users who do not hunt or fish to access CPW properties. The Working Group recommended pricing the annual pass at a similar level to the annual fishing license, offering discounted passes to youth and seniors priced comparably to youth and senior fishing licenses, offering a 1-day pass option priced comparably to the 1-day parks pass, offering a discounted low-income annual pass option, requiring a Habitat Stamp in addition to the annual pass, and requiring a surcharge for the Wildlife Management Public Education Fund on all passes. The pass options and pricing can be found in Chapter W-0, Appendix F. The age at which a hunting or fishing license or SWA pass is required to access SWAs or STLs leased by the Division, respectively, was reduced to all persons 16 years and older to better correspond to the youth pass and license options.

Due to restrictions applicable to most STLs leased by the Division, STLs will be accessible only with a valid hunting or fishing license, not Colorado SWA passes. Hunting is the only authorized activity for the vast majority of STLs leased by CPW from the State Land Board. Allowing non-consumptive users to enter such properties would be in excess of CPW's rights as the State Land Board's lessee. These regulatory changes also clarify that non-consumptive, watchable wildlife activities are only authorized at 12 of the STLs listed in W-9 #903.

Prohibiting the use of vessels, single compartment air or gas filled flotation devices, and all water contact activities at Douglas Reservoir SWA, unless actively fishing

CPW leases the Douglas Reservoir SWA property from the Windsor Canal Company. The lease states only fishing and watchable wildlife recreational uses are permitted. The lease further prohibits water sports recreation. Over the last several years, the recreational demands on Douglas Reservoir have increased, and there has been a dramatic increase in non-wildlife related activities. CPW was served papers on June 8, 2020 from the Dow Law Firm, representing the Windsor Canal Company, in regards to

recreational activities at Douglas Reservoir SWA that were allegedly in violation of the lease. Regulations have been added to prohibit the use of vessels, single compartment air or gas filled flotation devices, and all water contact at Douglas Lake SWA, unless actively fishing.

Adding Elk Springs Ranch SWA and removing Sagebrush Draw STL

Due to changes in leasing, Sagebrush Draw STL has been removed and Elk Spring Ranch SWA has been added to regulations.

Prohibiting fires and hunting at Sands Lake SWA and prohibiting hunting at the adjoining CPW property located downstream of Colorado State Highway 291 bridge to Chaffee County Road 175 at Mount Shavano SWA

The Sands Lake SWA is a small parcel of land that adjoins the Salida city limits. Fires on this SWA would pose a potential risk or hazard to nearby structures and homes, and there are no developed fire rings or infrastructure to allow for safe and contained building of an outdoor fire. As a result, regulations have been added to prohibit fires on Sands Lake SWA. Additionally, two deer were recently harvested in this small SWA prompting calls from concerned citizens about the safety of allowing the discharge of firearms adjacent to the Salida city limits and across the highway from the Heart of the Rockies Regional Medical Center. As a result, regulations have been added to prohibit hunting on Sands Lake SWA.

Additionally, hunting has been prohibited on a strip of property located downstream of Colorado State Highway 291 Bridge to Chafee County Road 175 at Mount Shavano SWA. This strip of land does not provide a safe area for the discharge of firearms or the possibility of hunting by means of archery equipment.

Prohibiting unsafe activities at Watson Lake SWA

In 2018, in partnership with Morning Fresh Dairy/Noosa yogurt, Northern Water, and other NGOs, CPW constructed a fish passage ladder on an existing diversion. Since the installation of the fish ladder, some safety issues have arisen related to recreation around the fish ladder. There are two sets of stairs that to allow someone floating the river to take out before encountering one of two low head dams in the river. These steps are not intended to be used to launch anything on the river. Regulatory language has been added to prohibit the launching of any vessel or single compartment air or gas filled flotation devices to further protect the safety of visitors. Additionally, regulations have been added prohibiting access onto, climbing on or fishing from the fish ladder to ensure the safety of visitors to the SWA.

Adding property-specific regulations for Brett Gray Ranch STL to specify access points and parking areas, as well as clarify camping restrictions

The Nature Conservancy (TNC) holds a 23,000-acre conservation easement on the property and does not allow the establishment of parking areas on the easement. CPW agreed that sportspersons would be required to access the property through four designated parking areas outside of the easement. In August 2020, CPW was able to install three additional designated roadside parking areas for the ranch. However, during the 2020 season, hunters continued to park and access the property from outside the establishing parking areas. This resulted in concerns with the potential for grass fires caused by hot undercarriages, damage to the boundary fences, and people shooting from the boundary fence. To better clarify the restrictions, property-specific regulations were added to indicate that access is allowed by foot only from designated parking areas only, and to specifically prohibit parking outside of designated parking areas, camping, and overnight parking on the property.

Consolidating Burro Springs 1&2, Carnero, Biedel Creek, Mogotas Arroyo, Sanderson Gulch and San Juan Creek STLs into one property, called Burro Springs STL, with one set of regulations

Previously there were six adjoining STL parcels enrolled in the Public Access Program in Game Management Unit 68, with six different regulations. Since multiple county roads are present on the property and the boundaries between STL's are not easily defined, the difference in regulations provides unnecessary confusion. For that reason, all six properties have been combined into one property, named Burro Springs STL with one set of regulations. Public access is prohibited from March 1 - April 30, and shed antler collection is prohibited from January 1 - April 30 to help to protect overwintering big game. Additionally, public access is prohibited from 1 ½ hours after sunset until 1 ½ hours before sunrise during big game seasons only to allow access to harder to reach areas during hunting seasons. Motorized traffic is restricted to designated roads and the use of off-highway vehicles for the retrieval of big game is prohibited to limit road problems on the property. Finally, regulations have been added to more explicitly prohibit camping and fires on the property.

Removing Arkansas River SWA

The Arkansas River SWA was removed from regulation because it does not provide public access.

RE: Chapter W-9 UPDATE to Final Regulations for March Commission meeting, edits to State Trust Lands and the State Wildlife Area Pass
DATE: March 12, 2021

Executive Summary

On March 5, 2021, CPW staff sent the Commissioners the materials for the March meeting, including proposed changes to W-9 regarding public access to State Wildlife Areas (SWAs) and State Trust Lands (STLs). This memo provides an overview of staff's revised recommendation, which is to create a pass enabling non-consumptive users to access SWAs only, not SWAs and STLs as proposed in the March 5 mailing.

The reason for staff's revised recommendation is that hunting is the only authorized activity for the vast majority of STLs leased by CPW from the State Land Board. Allowing non-consumptive users to enter such properties would be in excess of CPW's rights as the State Land Board's lessee.

Background

In 2013, CPW and the State Land Board entered into a master lease regarding the use of hundreds of State Land Board properties across the state for Wildlife Related Recreation Activities, which the master lease broadly defines as including "hunting, fishing and wildlife observation." The 2013 master lease requires CPW to submit property-specific Access Management Plans to the State Land Board for review and approval prior to CPW allowing public access to any specific property. The vast majority of Access Management Plans limit public access to STLs to hunting. Allowing access to such STLs for purposes other than hunting would require the State Land Board to approve revised Access Management Plans. 123 of the 178 STLs listed in W-9 #903 are leased to CPW pursuant to the master lease. The Access Management Plans for 111 of these 123 properties specify hunting as the only authorized use.

In 2019, CPW and the State Land Board amended the 2013 lease to add an additional way for the public to access lands owned by the State Land Board that are leased to CPW. The 2019 amendment created a Walk-In Access Program. The only authorized use of State Land Board properties under the Walk-In Access Program is hunting. 2019 Lease, ¶5(C)(ii)(a) ("Restrictions on Public Use...Public entry and use is limited to hunting access only..."). 55 of the 178 STLs listed in W-9 #903 are Walk-In Access Program properties where hunting is the only authorized use.

Overview of Revised Recommendation

The staff's revised recommendation removes all STLs from the proposed access pass because CPW cannot grant public access to 166 of 178 of the properties listed in W-9 #903 for purposes other than

hunting. Doing so preserves the status quo requirement that all persons entering STLs must possess a valid hunting or fishing license.

The staff's revised recommendation also clarifies existing regulations that non-consumptive, watchable wildlife activities are only authorized at 12 of the STLs listed in W-9 #903, *i.e.*, Boston Flats (Moffat County), Deer Haven (Fremont County), East Delaney Butte Lake (Jackson County), Grape Creek (Fremont County), Little La Garita Creek (Saguache County), Maybell (Moffat County), Mogotas Arroyo (Saguache County), Oxbow (Moffat County), Pinon Hills (Conejos County), Ptarmigan (Grand County), South Nipple Rim (Moffat County), and Steel Canyon (Saguache County).

RE: Reduced-price pass and license options for those who meet certain income guidelines
DATE: March 5, 2021

Background

Colorado Parks and Wildlife (CPW) currently offers several licenses and passes at a reduced price for those who meet certain income guidelines:

- The Low-Income Senior Lifetime Fishing License is offered to residents 64 years of age and older whose income is at or below 100% of the U.S. Federal Poverty Guidelines for an individual or family. An applicant must provide federal or state tax returns to demonstrate their income level. The requirements and proof of eligibility for this license are currently set in statute, which defines the term “low-income senior” and the requirements for such a license.¹
- The Centennial Parks Pass (discounted annual parks pass) is also available for income-eligible Colorado residents. Similar to the Low-Income Senior Lifetime Fishing License, applicants must have a gross income from the previous calendar year at or below 100% of the U.S. Federal Poverty Guidelines and must provide documentation of their income in the form of the previous year’s federal income tax return. While the Centennial pass requirements are not defined in statute, for consistency, CPW currently uses the same income threshold and documentation requirements as those required for the Low-Income Senior Lifetime Fishing License, as many of the same individuals apply for both opportunities.

For both the Low-Income Senior Lifetime Fishing License and Centennial Parks Pass, applications may be submitted in person or by mail. Additionally, if an individual’s income is at a level such that they were not required to file a federal income tax return within the last calendar year, they can sign an affidavit as proof that they meet the income threshold and were not required to file an income tax return.

¹ § 33-1-102 (27.5) ““Low-income senior” refers to an individual sixty-four years of age or older who shows proof of such fact to the division or license agent and who shows proof to the division or license agent in the form of a federal or state income tax return from the immediately preceding calendar year that the federal taxable income of any such individual is at or below one hundred percent of the official poverty line for an individual or a family, as appropriate to the applicant, defined by the federal office of management and budget based on federal bureau of the census data. If said tax return is not available, a return for the year immediately preceding such year shall suffice. The division shall, for purposes of this subsection (27.5), inform license agents of the most current official poverty line in effect. If a person’s income is at a level where such person is not required to file an income tax return, such individual shall sign a statement under penalty of perjury in the second degree to such effect, which statement shall be prescribed by the division and kept as required by the division with the record of sale of any license pursuant to [section 33-4-102\(1.4\)\(v\)](#). No such affidavit shall be required to be notarized.”

Low-Income State Wildlife Area Pass

CPW would like to offer a reduced price annual State Wildlife Area (SWA) Pass for those who meet certain income guidelines as well. The currently proposed regulations define a similar income requirement (i.e., income at or below 100% of U.S. Federal Poverty Guidelines for an individual or family) and a similar method of documenting income level (i.e., an applicant must provide federal or state tax returns) for the Low-Income SWA Pass. This is being proposed for adoption at the March 2021 Commission meeting to ensure consistency with the other reduced-price license and pass options currently available to income-eligible residents.

Options for Changing Requirements

During the January 2021 Commission meeting, members of the Commission expressed a desire to explore changing the name and requirements for the license and passes currently offered to income-eligible residents, including the newly proposed Low-Income SWA Pass. Staff is committed to exploring these options fully and making the process for obtaining these reduced-price licenses/passes more customer friendly. Staff have been researching the requirements for other income-eligible state programs (Appendix A) for comparison purposes. CPW is interested in further exploring the possibility of incorporating some of the documents that prove eligibility for these other programs into CPW's requirements, or at minimum, making the income thresholds more equitable. This research also reinforced that the term "low-income" is used widely and frequently to describe ones economic situation and is not descriptive of the individuals themselves. Other terms occasionally used include "limited-income" or "under-resourced."

However, due to statutory constraints, it is not currently possible to change the name or requirements of the Low-Income Lifetime Senior Fishing License at this time. In lieu of changing the name and requirements for some products and not for others, staff recommend waiting until the definition of "low-income senior" can be modified in statute and the requirements of all reduced price passes and licenses for income-eligible users can be changed together. This is a short-term goal for the agency. As a result, the proposed regulations for the new Low-Income SWA Pass can be seen as a temporary fix to ensure consistency among CPW's various licenses and passes.

A mentor must be 18 years of age or older and hold a valid hunter education certificate or be born before January 1, 1949.

B. Public Access to State Wildlife Areas

1. Only properties listed in this chapter are open for public access. The Director may open newly acquired properties for public access for a period not to exceed nine (9) months pending adoption of permanent regulations. In addition, the Director may establish and post restrictions based upon consideration of the following criteria:
 - a. The location and size of the area.
 - b. The location, type and condition of roads, vehicle parking areas and the number and type of sanitary facilities available.
 - c. The number of users and vehicles the area will tolerate without significant degradation to wildlife resources, and public or private property.
 - d. Opportunity to assure public safety, health and welfare.
2. If a property is opened for public access pursuant to this provision, the property shall be posted with a list of applicable access restrictions. It shall be unlawful for any person or vehicle to enter any such property, except in accordance with its posting and the applicable restrictions.

C. Prohibited Activities

Except as otherwise provided in these regulations or specifically authorized by contractual agreement, official document, public notice, permit, or ~~by~~-posted sign, the following activities are prohibited on all lands, waters, the frozen surface of waters, rights-of-way, buildings, and other structures or devices owned, operated, or under the administrative control of Colorado Parks and Wildlife:

1. To enter, use or occupy any State Wildlife Area or portion thereof for all persons ~~16~~ 18 years of age and older without:
 - a. a ~~proper and valid~~ hunting license valid for the current license year,
 - b. a ~~valid~~ fishing license, or
 - c. a valid Colorado State Wildlife Area pass.

~~except as otherwise provided in these regulations. Annual hunting licenses, including all big game hunting licenses, small game hunting licenses, turkey hunting licenses, annual fishing licenses, and annual Colorado State Wildlife Area passes are only valid for the individual specified on the license or pass, and authorize such individual to enter, use or occupy any State Wildlife Area or portion thereof from March 1 through March 31 of the following year, also known as the current license year. Daily Colorado State Wildlife Area passes and daily or multi-day fishing and small game licenses are only valid for the individual specified on the license or pass, and authorize such individual to enter, use or occupy any State Wildlife Area or portion thereof only on the date(s) indicated on the license or pass. One- or five-day licenses are only valid for the date(s) on the license.~~

- ~~1-2.~~ To enter, use, or occupy any area or portion thereof for any purpose when posted against such entry, use, or occupancy.

All man-made materials used for blinds or tree stands during big game or waterfowl seasons must be removed within 10 days after the end of the season in which they are used. Any other portable blind or tree stand used for any other purpose must be removed at the end of the day in which they are used. The Customer Identification Number of the owner and the date(s) to be used must be displayed on the outside of all portable blinds and on the underside of all tree stands in a readily visible area. However, the erection or placement of any blind or tree stand by any person does not reserve the blind or tree stand for personal use. All such blinds and tree stands remain available for use to the general public on a first come, first-served basis.
- ~~7-8.~~ To remove, modify, adjust, deface, destroy, or mutilate any building, structure, water control device, fence, gate, poster, notice, sign, survey or section marker, tree, shrub or other vegetation or any object of archaeological, geological, or historical value or interest.

~~25-26.~~ To possess, store, or use hay, straw, or mulch which has not been certified as noxious weed free in accordance with the Weed Free Forage Crop Certification Act, Sections 35-27.5-101 to 108, C.R.S., or any other state or province participating in the Regional Certified Weed Free Forage Program. See Appendix A of this chapter. All materials so certified shall be clearly marked as such by the certifying state or province. Exempted from this prohibition are persons transporting such materials on Federal, State, or County roads that cross Division property; and hay produced on the property where it is being used.

~~26-27.~~ Upon notification by authorized Colorado Parks and Wildlife personnel of a violation of any of the above (or any other law of the State of Colorado) and where the unlawful activity is not immediately and permanently discontinued or if it is of a continuing nature, the violator(s) may be required to leave Colorado Parks and Wildlife property for a minimum of 72 hours.

~~27-28.~~ To trap, unless such trapping is done in accordance with the provisions of 33-6-204 (General Exemptions), 33-6-205 (Exemptions for Departments of Health), 33-6-206 (Nonlethal Methods Exemptions), #901 and Chapter W-3 of these regulations. Basis and Purpose:

Expanding the options available to access a State Wildlife Area to include a Colorado State Wildlife Area pass for all persons 16 years and older and clarifying regulations related to public access of State Trust Lands leased by the Division

Beginning July 1, 2020, the Parks and Wildlife Commission prohibited access to State Wildlife Areas (SWAs) or State Trust Lands (STLs) leased by the Division for all individuals 18 and older unless they held a valid hunting or fishing license. Feedback from constituents led the Commission to create a Working Group to discuss options for creating a new pass to allow users who do not hunt or fish to access CPW properties. The Working Group recommended pricing the annual pass at a similar level to the annual fishing license, offering discounted passes to youth and seniors priced comparably to youth and senior fishing licenses, offering a 1-day pass option priced comparably to the 1-day parks pass, offering a discounted low-income annual pass option, requiring a Habitat Stamp in addition to the annual pass, and requiring a surcharge for the Wildlife Management Public Education Fund on all passes. The pass options and pricing can be found in Chapter W-0, Appendix F. The age at which a hunting or fishing license or SWA pass is required to access SWAs or STLs leased by the Division, respectively, was reduced to all persons 16 years and older to better correspond to the youth pass and license options.

Due to restrictions applicable to most STLs leased by the Division, STLs will be accessible only with a valid hunting or fishing license, not Colorado SWA passes. Hunting is the only authorized activity for the vast majority of STLs leased by CPW from the State Land Board. Allowing non-consumptive users to enter such properties would be in excess of CPW's rights as the State Land Board's lessee. These regulatory changes also clarify that non-consumptive, watchable wildlife activities are only authorized at 12 of the STLs listed in W-9 #903.

Prohibiting the use of vessels, single compartment air or gas filled flotation devices, and all water contact activities at Douglas Reservoir SWA, unless actively fishing

CPW leases the Douglas Reservoir SWA property from the Windsor Canal Company. The lease states only fishing and watchable wildlife recreational uses are permitted. The lease further prohibits water sports recreation. Over the last several years, the recreational demands on Douglas Reservoir have increased, and there has been a dramatic increase in non-wildlife related activities. CPW was served papers on June 8, 2020 from the Dow Law Firm, representing the Windsor Canal Company, in regards to recreational activities at Douglas Reservoir SWA that were allegedly in violation of the lease. Regulations have been added to prohibit the use of vessels, single compartment air or gas filled flotation devices, and all water contact at Douglas Lake SWA, unless actively fishing.

Prohibiting unsafe activities at Watson Lake State Wildlife Area

In 2018, in partnership with Morning Fresh Dairy/Noosa yogurt, Northern Water, and other NGOs, CPW constructed a fish passage ladder on an existing diversion. Since the installation of the fish ladder, some safety issues have arisen related to recreation around the fish ladder. There are two sets of stairs that were put in to allow someone floating the river to take out before encountering one of two low head dams in the river. These steps are not intended to be used to launch anything on the river. Regulatory language has been added to prohibit the launching of any vessel or single compartment air or gas filled flotation devices to further protect the safety of visitors to the SWA. Additional regulations have also been added prohibiting access onto, climbing on or fishing from the fish ladder to ensure the safety of visitors to the SWA.

Adding property-specific regulations for Brett Gray Ranch STL to specify access points and

parking areas, as well as clarify camping restrictions

The Nature Conservancy (TNC) holds a 23,000-acre conservation easement on the property and does not allow the establishment of parking areas on the easement. CPW agreed that sportspersons would be required to access the property through four designated parking areas outside of the easement. In August 2020, CPW was able to install three additional designated roadside parking areas for the ranch. However, during the 2020 season, hunters continued to park and access the property from outside the establishing parking areas. This resulted in concerns with the potential for grass fires caused by hot undercarriages, damage to the boundary fences, and people shooting from the boundary fence. To better clarify the restrictions, property-specific regulations were added to indicate that access is allowed by foot only from designated parking areas only, and to specifically prohibit parking outside of designated parking areas, camping, and overnight parking on the property.

Prohibiting hunting on a strip of property located downstream of Colorado State Highway 291 Bridge to Chafee County Road 175 at Mount Shavano SWA

This strip of land does not provide a safe area for the discharge of firearms or the possibility of hunting by means of archery equipment.

Prohibiting fires and hunting at Sands Lake SWA

The Sands Lake SWA is a small parcel of land that adjoins the Salida city limits. Fires on this SWA would pose a potential risk or hazard to nearby structures and homes, and there are no developed fire rings or infrastructure to allow for safe and contained building of an outdoor fire. As a result, regulations have been added to prohibit fires on Sands Lake SWA. Additionally, two deer were recently harvested in this small SWA prompting calls from concerned citizens about the safety of allowing the discharge of firearms adjacent to the Salida city limits and across the highway from the Heart of the Rockies Regional Medical Center. As a result, regulations have been added to prohibit hunting on Sands Lake SWA.

Consolidating Burro Springs 1&2, Carnero, Biedel Creek, Mogotas Arroyo, Sanderson Gulch and San Juan Creek STLs into one property, called Burro Springs STL, with one set of regulations

Previously there were six adjoining STL parcels enrolled in the Public Access Program (PAP) in Game Management Unit 68, with six different regulations. Since multiple county roads are present on the property and the boundaries between STL's are not easily defined, the difference in regulations provides unnecessary confusion. For that reason, all six properties have been combined into one property, named Burro Springs STL with one set of regulations. Public access is prohibited from March 1 – April 30 and shed antler collection is prohibited from January 1 – April 30 to help to protect overwintering big game. Additionally, public access is prohibited from 1 ½ hours after sunset until 1 ½ hours before sunrise during big game seasons only to allow access to harder to reach areas during hunting seasons. Motorized traffic is restricted to designated roads and the use of off-highway vehicles for the retrieval of big game is prohibited to limit road problems on the property. Finally regulations have been added to more explicitly prohibit camping and fires on the property.

Removing Arkansas River SWA

The Arkansas River SWA was removed from regulation because it does not provide public access.

Removing Sagebrush Draw STL and adding Elk Springs Ranch SWA

Due to changes in leasing, Sagebrush Draw STL has been removed and Elk Spring Ranch SWA has been added to regulations.

The statement of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us.
