Colorado's Outdoor Principles

In 2050, Colorado's people and economy thrive because of our healthy lands, water, wildlife, working farms and ranches, accompanied by improved, inclusive outdoor recreation, hunting and angling opportunities for all.

Goals

- 1. Colorado's public and private lands, waters and wildlife are connected, resilient and able to thrive pursuant to a statewide conservation and recreation plan.*
- 2. Outdoor recreation management and planning strategically addresses interests and increasing demand, and provides equitable opportunities and access.*
- 3. Outdoor Regional Partnerships convene a broad spectrum of voices to inform the development of a shared strategy and statewide plan.*
- 4. Stable or increasing funding to support government and non-governmental work to advance the statewide conservation and recreation plan.*

Regional Partnerships

Regional Partnerships Criteria

- Wildlife & Natural Resources
- Sustainable Outdoor Recreation
- Collaboration
- Community Need
- Public Involvement
- Statewide Framework & Plan
