

Regulation Change Notification: Proposed Migratory Game Bird Seasons for Colorado 2022-2023

Prepared by: Jim Gammonley, Draft 16 December 2021

These CPW staff proposals for regulations for migratory game bird hunting seasons (Chapter W-5) in Colorado are preliminary and contingent upon final federal regulation frameworks. Federal frameworks for 2022-2023 are expected to be published in the federal register in January 2022, and the proposed season dates and bag/possession limits presented below assume no changes to 2021-2022 federal frameworks, except as noted with an asterisk. The proposed season dates include adjustments for the 2022-2023 calendar, and adjustments for waterfowl and crane seasons to provide an open season during the Thanksgiving holiday weekend.
