**FROM:** Krista Heiner, Regulations Manager  
**RE:** Chapter W-2 Final Regulations for the March 2022 Parks and Wildlife Commission Meeting  
**DATE:** February 25, 2022

Final regulatory changes for Chapter W-2 are summarized below. If there are questions about the agenda item below, or if additional information is needed, please feel free to contact me at [krista.heiner@state.co.us](mailto:krista.heiner@state.co.us).

### **Agenda Item 12: Chapter W-2 - “Big Game” - 2 CCR 406-2 (Step 1 of 1)**

Subsequent to the adoption of the 2022-2023 big game seasons, staff identified items that required administrative cleanup. Corrections have been made to the regulations; however, these changes in no way alter the overall intent of the big game season structure as previously approved by the Parks and Wildlife Commission or the big game season regulations adopted by the Commission in January of 2022.

In addition, the prices of the resident and nonresident application fees for limited big game licenses have been updated based on adjustments to the Denver-Aurora-Lakewood Consumer Price Index, as adopted by the Commission in November 2021.

- a. Landowner Preference: General Provisions
  - 1. Preference for hunting licenses under the Landowner Preference Program shall only be given to eligible landowners who apply using the Landowner registration form(s) provided by the division. Only complete and correct registration forms will be accepted. Except for the carryover registration provided in § 33-4-103(2)(c), C.R.S., registration in the Landowner Preference Program is valid for 5 years. All landowners shall re-register their properties every 5 years (or on or before July 1, 2016 for carryover registrations) to continue participation, if desired, in the Landowner Preference Program.
  - 2. As a condition of registration and participation in the Landowner Preference Program, landowners shall provide and maintain accurate ownership information with the division for all lands registered in the Program. During the statutory period of carryover registration provided

in §33-4-103(2)(c), C.R.S., and any five-year registration period, landowners shall notify the division of any changes to required registration information in writing within 30 days.

3. Landowner preference is species specific and available only in units that are totally limited for all rifle licenses for deer, elk or pronghorn and vouchers will be allocated to eligible landowners by unit, species, sex and season. In units where vouchers remain after the initial allocation, eligible landowners may apply for the unused vouchers and shall pay \$25 for each reallocated female (antlerless/doe) and \$40 for each either-sex or male (antlered/buck) voucher. Unsuccessful applicants will receive a refund check.
4. Vouchers not otherwise allocated to landowners as part of the Landowner Preference Program shall be made available as licenses to the general public in the remaining limited licenses draws or sales.
5. All landowners and hunters participating in the Landowner Preference Program shall file reports using the forms provided by the division. Reports must be complete and correct, and submitted to the Division by within 30 days after the close of the season.
6. Landowners and their registered properties may be audited for compliance with eligibility requirements of the Landowner Preference Program during any carryover or 5-year registration period. Notice of any noncompliance will be provided in writing to the landowner and the landowner shall have 30 days to resolve the noncompliance or withdraw the property from the Landowner Preference Program.

b. Landowner Preference: Voucher Requirements and Restrictions

1. Vouchers shall only be transferred by the landowner or the landowner's land manager, if any, directly to an individual to be used by that individual for the purchase of a license. Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.
2. The transfer of any voucher must include permission to access and hunt all lands in the unit registered in the Landowner Preference Program for the entire season for which the voucher was awarded. Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.
3. The transfer of a voucher by any person other than the landowner or the landowner's land manager to any person other than an individual for purchase of a license is prohibited. Violation of this prohibition shall void the voucher and any license purchased with it.
4. No person shall broker a voucher on behalf of any landowner or person, or use or possess any brokered voucher. Violation of this prohibition shall void the voucher and any license purchased with it.

c. Landowner Preference: Disqualification

1. Landowners, or the landowner's land manager, who fail to comply with any requirements of the Landowner Preference Program, may be disqualified from participation in the Program from one to five years. Disqualification of a joint or co-owner of property registered with the Landowner Preference Program shall disqualify all other joint or co-owners of the registered properties from participation in the Program.
  2. Disqualification of a landowner from the Landowner Preference Program shall invalidate all preference points associated with property registered by the landowner in the Program.
  3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Landowners that have been disqualified from participation in the Landowner Preference Program shall be required to re-register at the end of their period of disqualification and prior to further participation, if desired, in the Program.
  4. Any other person that fails to comply with any requirements of the Landowner Preference Program may also be disqualified from participation in the Landowner Preference Program from one to five years. Any person disqualified shall not participate in the Landowner Preference Program in any manner, including, but not limited to, as a landowner, as a landowner's land manager, enrolling properties in any name, submitting applications for vouchers, receiving vouchers, transferring vouchers, redeeming vouchers or using licenses obtained with vouchers.
  5. Any person convicted of a violation of the Landowner Preference Program will be given notice in writing of their possible disqualification from the Landowner Preference Program and the opportunity to appear and show cause why they should not be disqualified from participation in the Program. Any such disqualification hearing shall be held in the Denver office of the division, or at another location acceptable to the division. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
  3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.

4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.

j. Preference Points and Chances

1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:
  - a. Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year average for the 2007, 2008, and 2009 limited license draws. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.
  - b. Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same

species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

- c. In addition to the ~~\$7.137~~ application fee, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the ~~\$9.179~~ application fee, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.
- d. Applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.
- e. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

## 5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given the option to apply for a leftover drawing.

- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.
  - d. Nonresident hunter drawing limitations (first choice applications only)
    - 1. Nonresidents hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
    - 2. Unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 35% of available deer and elk licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer and elk licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a three-year average for the 2007, 2008, and 2009 limited license draws. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.
6. Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions
- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost, except the following licenses will not be issued through a secondary drawing process:
    - 1. Any license that required five (5) or more resident preference points to draw as determined by the current year's limited license draw unless the license cannot be manually reissued to one of the first five (5) people on the regular draw list prior to the opening of the secondary drawing application period, and
    - 2. Public Ranching for Wildlife licenses.
  - b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.
  - c. There is no landowner preference for the secondary draw.
  - d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
  - e. Group applications are not accepted for the secondary draw.
  - f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.

- g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the last business day in June. Applications not submitted by this deadline are void.
- h. Secondary draw applications not submitted by 8:00 PM Mountain Time the last business day in June will become void.
- i. Except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

All firearms, except pistols and revolvers, carried on an OHV during deer, elk, pronghorn or bear season must be fully unloaded (both the chamber and the magazine) and fully enclosed in a hard or soft case (no scabbards or cases with open ends or sides). All bows carried on an OHV during any deer, elk, pronghorn or bear season must be fully enclosed in a hard or soft case (no scabbards or cases with open ends or sides). This regulation shall not apply to any person; any member of such person's family, or an employee or agent of the person, carrying a firearm on an OHV for the purpose of taking depredated wildlife on property owned or leased by the person, pursuant to §§33-3-106 or 35-40-100.2, C.R.S.

D. Fluorescent Orange or Pink Garments

1. Except for archers hunting during a limited bear season, archers with an auction or raffle deer, elk, pronghorn or moose license hunting outside of a regular rifle season, private hunters hunting with archery equipment under the Ranching for Wildlife program, and archers hunting with an archery bear, deer, elk, pronghorn, or moose license, all persons hunting bear, deer, elk, pronghorn or moose shall be required to wear daylight

fluorescent orange or fluorescent pink garments which comply with the requirements of §33-6-121, C.R.S.

E. Chronic Wasting Disease (CWD) Testing Requirements

1. Mandatory CWD Sample Submissions

The Director of the Division may establish and enforce mandatory CWD submission areas for species known to contract CWD. Such submission areas may be established and enforced where necessary to meet sampling requirements, and mandatory submittal shall end when the Division achieves sampling goals, as stipulated by Division staff prior to enacting any such mandatory submission requirement. At such time that mandatory submission areas are established public notice shall be given, including posting of mandatory submission requirements in applicable Division offices and license agents, and when possible inclusion of such requirements in Division publications. Upon establishment of mandatory CWD submission requirements, it shall be unlawful to fail to submit CWD samples for the designated species harvested in designated mandatory submission areas.

F. Baiting of Big Game

1. It shall be unlawful to hunt big game over bait, regardless if the person hunting over such bait personally placed the bait or not.

**#210 - RANCHING FOR WILDLIFE – DEER, ELK, PRONGHORN, BLACK BEAR, MOOSE, AND BIGHORN SHEEP**

A. Implementation Authority

1. The Director is authorized to implement the Ranching for Wildlife program, including the authority to determine ranch enrollment status, enter into cooperative agreements with ranches, establish and modify public and private season dates on each ranch, and establish and modify license allocations to each ranch including the subsequent distribution of licenses to the public and private share annually, and may establish additional Ranching for Wildlife operating guidelines subject to the following provisions.

B. Ranch Entry and Maintenance

1. Ranches must have a minimum of 10,000 acres of privately owned land in one contiguous unit. Ranches that meet this 10,000-acre minimum requirement may include privately owned non-contiguous parcels in the program if the Director determines that their inclusion will contribute to meeting the performance standards for the ranch.
2. Ranches must develop a Ranching for Wildlife Management Plan that includes goals, objectives, and strategies for achieving such goals and objectives for wildlife habitat management, species management, and public hunting management. The Management Plan shall identify the Tier category in which the ranch seeks to be placed and what specific actions the ranch will take to achieve the appropriate Tier placement criteria. The Management Plan must be approved by the Division prior to execution of a Cooperative Agreement for Ranching for Wildlife.
3. Ranches may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division when necessary to meet the ranch performance standards or as mutually agreed and contained in the Management Plan,

ranches must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.

5. Public hunts must be established at a time when the species to be hunted are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the ranch, nor when normal migration patterns of the species to be hunted result in the species having migrated off the ranch.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the ranch due to the presence of private hunters.
7. The Ranch and the Division will mutually agree to ranch rules regarding access to and hunting on the ranch by public hunters. The ranch rules will be provided to hunters prior to seasons on the ranch in accordance with other provisions contained in this regulation.
8. Enrolled ranches shall not be eligible for game damage payments or materials for those species hunted in the program when damage occurs within the boundaries of the enrolled portions of the ranch.
9. The Division may, at its sole discretion, require ranches with public bighorn sheep hunting seasons to provide scouting access to those hunters and their companions prior to such seasons. Provisions for this scouting access shall be contained in the Management Plan.

C. Cooperative Agreements, Enrollment, Denial of Enrollment, Termination of Enrollment

1. The Division is authorized to enter into Cooperative Agreements with ranches.
2. Ranches may appeal enrollment decisions to the Commission.
3. Cooperative Agreements shall incorporate approved Ranching For Wildlife Management Plans as part of the Cooperative Agreement.
4. The Division shall periodically evaluate ranches for enrollment, contract performance, and Tier placement, and shall establish minimum performance standards for ranches enrolled in the program, including wildlife habitat management and improvement, public recreation opportunity and experience, and any factors intended to contribute to meeting Data Analysis Unit (DAU) management objectives. Such performance standards shall be incorporated into the Cooperative Agreement with the ranch.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
  - a. Deer, elk, pronghorn, moose, and bighorn sheep seasons may not begin before the first day of the statewide archery season for that species, nor extend beyond January 31.
  - b. Black bear season may not begin before September 2, nor extend beyond October 31.
2. Private season length

- a. Deer, elk, or pronghorn private seasons are restricted to a maximum of ninety (90) days.
  - b. Moose or bighorn sheep private seasons are restricted to a maximum of 30 days.
3. Public season length
- a. Deer and elk public season length
    - 1. Antlered or either sex public hunting seasons shall be a minimum of ten (10) days in length for every licensed public hunter, either as a minimum of ten (10) consecutive days in length or divided into two (2) or more five (5) day periods.
    - 2. Ranches must offer a total of at least ten (10) days of antlerless public hunting. The season may run a minimum of ten (10) consecutive days; or may be split into two (2) or more five (5) day periods in which a hunter's license is valid in each period; or may be split into two (2) or more five (5) day seasons in which a hunter's license is valid in one but not any other five (5) day season. Ranches electing to split seasons and limit hunter participation to a single five (5) day season must assure that total public hunter harvest and licenses available are as much or more than would be achieved in the other two antlerless season alternatives.
    - 3. All public seasons or periods will include one full weekend, but seasons need not open on weekend days.
  - b. Pronghorn public season length
    - 1. Buck or doe hunting seasons shall be a minimum of five (5) days in length. All public seasons shall include one full weekend, but seasons need not open on weekend days.
  - c. Black Bear public season length
    - 1. Shall be a minimum of fifteen (15) days in length.
  - d. Moose public season length
    - 1. Antlered or antlerless public hunting seasons shall be a minimum of ten (10) days in length. Antlered seasons shall include a minimum of five (5) consecutive days without overlapping any antlerless moose hunting season on the ranch.
  - e. Bighorn sheep public season length
    - 1. Public hunting seasons for rams shall be a minimum of thirty (30) days in length and shall include a minimum of fifteen (15) consecutive days of hunting without overlapping any ewe hunting season on the ranch.
    - 2. Public hunting seasons for ewes shall be a minimum of fifteen (15) days in length.

- f. Additional primitive weapon seasons may be established provided that the season is structured so there is a minimum of 5 days of opportunity in which the method of take is restricted to archery or muzzleloading rifles.
  - 1. These seasons shall be in addition to the previously mentioned minimum season lengths. Hunters drawing licenses for these seasons shall be allowed to hunt in the season with the restricted method of take and also in at least 10 additional days of opportunity with rifle method of take for moose, or antlered or either sex deer, elk, or black bear licenses; at least 5 additional days of opportunity with rifle method of take for pronghorn, or antlerless deer or elk licenses; at least 30 additional days of opportunity with rifle method of take for ram bighorn sheep licenses; and at least 15 additional days of opportunity with rifle method of take for ewe bighorn sheep. Additional primitive weapon seasons will include one full weekend.

4. Manner of Take

- a. Rifle hunting shall be the designated manner of take. Provided further that additional public hunting seasons beyond the previously mentioned minimum levels may be established with more restricted manner of take. Any such seasons and licenses allocated to those seasons are additional public hunting opportunity and shall not reduce licenses that would otherwise be allocated for the rifle seasons.

5. License Restrictions

- a. Ranching for Wildlife licenses are the only licenses valid for hunting of species under contract on the ranch, except as follows:
  - 1. Auction and raffle licenses may be used when there is not a public season for the same species in progress on the ranch.
  - 2. Antlerless deer or elk licenses may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
    - a. There is an established season in which such licenses would be valid in the Game Management Unit (GMU) in which the ranch is located.
    - b. Such licenses shall not be used concurrently with any Ranching for Wildlife season, or at any other time when the Division determines that it would result in elk, deer, pronghorn, bighorn sheep, moose, or black bear not being available to Ranching for Wildlife public hunters.
    - c. The Division determines that any resulting harvest achieved will contribute to achieving DAU management objectives.
  - 3. Any Dream Hunt or Youth Outreach license may be used on a ranch when authorized in writing by the Division, subject to the following provisions:
    - a. Such licenses shall not be used concurrently with any public Ranching for Wildlife season, or at any other time when the

Division determines that it would result in species under contract on the ranch not being available to Ranching for Wildlife public hunters.

E. License Allocation

1. A maximum of 1,000 licenses of each species and sex for deer, elk, and pronghorn, a maximum of 30 black bear licenses, a maximum of 20 licenses of each sex for bighorn sheep, and a maximum of 50 licenses of each sex for moose may be allocated to each ranch annually, and subsequently distributed to the public and private share according to the distribution table established in this regulation.
2. Division staff recommendations regarding license allocations for each ranch shall be forwarded to and approved by the Director based upon Data Analysis Unit harvest objectives, relative ranch land base and occupied habitat for each species on the ranch to that of the Data Analysis Unit, hunter crowding, enhancement of hunter harvest, and relative densities of the species on the ranch.
3. Substitution of licenses of one species or sex for licenses of another species or sex shall not be permitted.
4. For purposes of determining distribution of licenses allocated to each ranch, either sex licenses will be treated as antlered licenses for deer and elk and buck licenses for pronghorn.
5. Landowner preference shall not be used for any public or private Ranching For Wildlife license. In addition, Ranching for Wildlife property may not be used to qualify for or receive landowner preference pursuant to §33-4-103, C.R.S.
6. The public share of the licenses in the following distribution tables represents the minimum for each species. Fractions of licenses shall be rounded up for public distribution licenses.

F. Youth Licenses

1. The Division and the ranch may formulate and implement youth hunting opportunities on any ranch through Division approved youth hunting programs. The Division must approve the youth hunting program on the ranch prior to any season or license allocation for such youth hunts.
2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as youth hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.
3. Youth hunting seasons may occur at any time within the broad parameters for seasons within the Ranching For Wildlife program.
4. Youth licenses shall be distributed to individual youth hunters by mechanisms of the approved youth hunting program on the ranch. Youth licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

G. Novice Adult Licenses

1. Starting in 2020, the Division and the ranch may formulate and implement novice adult hunting opportunities on any ranch through Division approved novice adult hunting programs. The Division must approve the novice adult hunting program on the ranch prior to any season or license allocation for such novice adult hunts.
2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as novice adult hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.

3. Novice adult hunting seasons may occur at any time within the broad parameters for seasons within the Ranching for Wildlife program.
4. Novice adult licenses shall be distributed to individual novice adult hunters by mechanisms of the approved novice adult hunting program on the ranch. Novice adult licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

#### H. License Distribution

##### 1. Applications

- a. Applications for private hunter licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
- b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process, except as provided in this regulation.
- c. Leftover Ranching for Wildlife Licenses: Ranching for Wildlife licenses which are not issued through the regular drawing will be issued as "leftover" licenses, only through the "leftover" drawing process, rather than through the over-the-counter leftover license process.

#### I. Special Restrictions

1. Unless otherwise provided in these Ranching for Wildlife regulations all hunters must comply with other applicable regulations, including, but not limited to, manner of take (except that private hunters may use any legal weapon during private seasons), hunting hours, application requirements and deadlines, bag limits, season participation, mandatory checks, OHV restrictions, and other generally applicable regulations for big game hunting.
2. A copy of the mutually agreed upon ranch rules will be provided to all public hunters prior to their hunting season. All public hunters will be required to sign a statement acknowledging that they have read, understand, and agree to comply with all ranch rules, before the hunter is allowed access to the ranch.
  - a. Compliance with ranch rules is a specific condition of the Ranching For Wildlife public licenses and subsequent access to the ranch. In addition to criminal penalties, non-compliance with ranch rules constitutes grounds for suspension and revocation of the license and/or being prohibited from further participation in hunting on the ranch, and/or in the Ranching For Wildlife program as a public hunter.
  - b. Final determination on any legal action taken towards hunters found in non-compliance with ranch rules shall be made solely by officers of the Division. This includes any citation that may be issued for non-compliance with the provisions of a license, or directing a hunter to leave a ranch. Ranch personnel may not direct a hunter to leave a ranch without specific authorization of a Division officer.

### **#211- BIGHORN SHEEP ACCESS PROGRAM**

#### A. Implementation Authority

1. The Director is authorized to implement the Bighorn Sheep Access Program (BSAP), including the authority to determine private land enrollment status, enter into cooperative agreements with legal landowners, establish and modify public and private season dates on each property, and establish and modify license allocations to each property including the subsequent distribution of licenses to the public and private share, and may establish additional BSAP operating guidelines subject to the following provisions. All new or renewed contracts must be signed by the Director by October 15 in order to participate in the program the following year.

B. Property Enrollment Constraints

1. Properties must have a minimum of 5,000 acres of privately owned land.
2. Except under the provisions of regulation #211(E)(5), there must be a sustainable population of Rocky Mountain bighorn sheep that are predictably present on the private lands and at times for which public hunting seasons may be set. All sheep on the property must be a part of a single bighorn sheep herd (DAU). Land under contract may not cross sheep herd boundaries. At least 60% of the sheep herd within the bighorn sheep game management unit to be hunted must be located on private land or State Trust Land.
3. Properties may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division, enrolled properties must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when sheep are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the property, nor when normal migration patterns would result in sheep having migrated off the property.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the property due to the presence of private hunters.
7. The private landowner(s) will provide to each public hunter a property information packet which includes, but is not limited to, property maps showing access routes and camping areas, and landowner contact information.
8. Enrolled properties shall not be eligible for game damage payments or materials for damage caused by Rocky Mountain bighorn sheep.

C. Cooperative Agreements, Enrollment, Termination of Enrollment

1. The Division is authorized to enter into cooperative agreements with private property owners. Multiple private property owners may participate in the program under a single contract as long as all legal owners agree to the same terms and requirements.
2. The Division shall establish minimum performance standards or requirements for properties enrolled in the program. Such performance standards shall be incorporated into the cooperative agreement with each property owner(s). Each cooperative agreement will include an option to renew at the end of the contract period if agreed to by both the Division and private landowner.

3. Each cooperative agreement will also contain a termination clause. Potential termination will be based on public hunter satisfaction that is within the control of the property owner or manager. No future private ram licenses will be allocated to a property after their contract is terminated.

D. Season Structures, Manner of Take, License Restrictions

1. Public and private seasons opening and closing date parameters
  - a. Ram seasons may not begin before August 1 and may not extend beyond December 31.
  - b. Ewe seasons may not begin before September 1 and may not extend beyond January 15.
  - c. Public ram seasons shall always precede private ram seasons. When necessary for private and public seasons to be conducted in the same year, public ram seasons will occur prior to private seasons.
2. Private season length
  - a. Private ram seasons shall not be less than 20 days nor greater than 60 days.
3. Public season length
  - a. Public ram seasons shall be equal or greater in length to the private ram seasons, but not less than 30 days nor greater than 60 days. If multiple ram seasons are necessary to spread out hunting pressure, then season length may be shortened to not less than 20 days per season.
  - b. Ewe seasons shall be not less than 10 days in length with no more than a 5 day overlap with public ram seasons.
4. Method of take for ram hunting will be hunter's choice in accordance with regulation #203 of this chapter. Method of take for ewe hunting will be determined by contract negotiation.
5. License Restrictions
  - a. BSAP licenses are the only licenses valid for hunting sheep on the property, except that auction and raffle licenses may be used when there is not a public season in progress on the property.

E. License Allocation

1. Division staff recommendations regarding license allocations for each property shall be approved by the Director.
2. All ewe licenses allocated are public licenses. The Division shall determine if ewe hunting is needed or desired for sheep management on the property.
3. The public share of the licenses in the following distribution table represents the minimum number of licenses provided to the public. Fractions of licenses shall be rounded up for public distribution licenses.

ROCKY MOUNTAIN BIGHORN SHEEP				
Private Share of Licenses			Public Share of Licenses	
% of total allocation to each enrolled property			% of total allocation to each enrolled property	
Option	Ram	Ewe	Ram	Ewe
A	67	0	33	100
B	75	0	25	100
C	50	0	50	100

4. Enrolled properties with a sustainable Rocky Mountain bighorn sheep population already present will have the choice between two license distribution options (option A or B). In order to receive the license allocation percentages listed in option B, a competent, skilled guide will be provided for free to the public ram hunter. The guide must be competent and knowledgeable of the property and of bighorn sheep behavior and use patterns on the property. The guide provided to the public ram hunter must be the same guide provided to the private ram hunter, unless otherwise agreed to in writing by the Division. In order to receive the license allocation percentages listed in option A, each public sheep hunter will receive free access to the property and a free area for camping if the property is located 40 minutes or more from public accommodations. No free guiding services are provided under option A.
5. Option C is available for property owners who would like their land evaluated for bighorn sheep transplant or augmentation for inclusion in the BSAP under option C. Notice of interest must be submitted in writing to the local district wildlife manager by April 1 annually. If the Division approves the transplant and property enrollment, the Division and landowner will share the costs of the trap and transplant operation. When the Division and property owner determine that the transplanted herd can sustain hunting harvest, the property will be opened to hunting under option C. Properties enrolled in the BSAP under option C will be enrolled for a 10-year period with bighorn sheep ram licenses being issued at a 1:1 public/private ratio during that period. After 10 years of hunting, the landowner may choose to withdraw from the program or re-enroll in a new contract under option A or B.
6. Public ram hunters will be allowed to bring a maximum of two additional non-hunting persons with them onto the property during their hunt. Ewe hunters will be allowed to bring a maximum of one additional non-hunting person with them onto the property during their hunt.
7. Landowners are not required to provide pre-draw or pre-season scouting access in any license allocation option.

F. License Distribution

1. Applications
  - a. Applications for private ram licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
  - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process.

Each PAC shall be made up of a spokesperson representative from each nonprofit, conservation organization selling an auction or raffle license for that species and a spokesperson representative of the Division. Each organization shall maintain records of activities relating to auction and raffle proceeds retained by the organization. Such records shall be available for inspection by the Division at all reasonable times and subject to audit by the state.
2. The Division shall provide each conservation organization with a list of all projects that have been approved for auction and raffle funding each year.
3. The Division shall provide the PAC committees with current auction and raffle fund balances by May 1<sup>st</sup> of each year.
4. Recipients of auction and raffle funds must provide an annual status report to the Division by July 1<sup>st</sup> for each fiscal year funding is provided. The Division may request additional follow-up information such as more detailed records of results and expenditures. Failure to provide a satisfactory report or follow-up information can result in termination of

### #257.5 - SPECIAL RESTRICTIONS

#### A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

B. Units 79 (south of Colo 112), 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.
3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits

1. The United States Fish and Wildlife Service (USFWS) allows a maximum of five (5) elk hunters to access and hunt on the Alamosa (GMU 83) and Monte Vista (GMU 80) National Wildlife Refuges at any one time. This application and drawing process creates a hunter list for each season identifying the first five (5) hunters and the position of the others on the list. As elk are harvested, hunters from the list are given permits to hunt. To be eligible for an access permit, hunters must hold an elk license that is valid for the season and refuge for which they wish to apply. The following seasons are currently open to permitted hunting on each of these refuges:
  - a. Archery;
  - b. Muzzleloader;
  - c. First rifle;
  - d. Second rifle;
  - e. Third rifle;
  - f. Fourth rifle.
2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: [montevista.wildlife@state.co.us](mailto:montevista.wildlife@state.co.us). Hunters will receive an automatic email response with a link to the Refuge Access Permit Application Form. Hunters must provide the following information to apply:
  - a. The hunter's name, phone number and email address. The email address of another person will be accepted as long as the hunter can be contacted directly via the phone number provided.
  - b. The hunter must have purchased a license that is valid for both the unit and the refuge prior to submitting the application.

- c. The hunt code for the license with which they wish to hunt.
- d. The hunter's customer identification number (CID).

Hunters will need to complete the Application Form and select the correct refuge for which their license is valid in order to be entered. Applications will be accepted for five days starting the day after the left-over license day. Permits for the refuges will be issued via email after a random drawing held under the direct supervision of the area wildlife manager and no later than August 25.

- 3. The Baca National Wildlife Refute (GMU 82) is open to hunters who have purchased a valid regular season public land elk license for GMU 82. Contact the Monte Vista office for refuge-specific rules and information.

Basis and Purpose  
Chapter W-2 - Big Game**

**Basis and Purpose:**

Subsequent to the adoption of the 2022-2023 big game seasons, staff identified items that required administrative cleanup. Corrections have been made to the regulations; however, these changes in no way alter the overall intent of the big game season structure as previously approved by the Parks and Wildlife Commission or the big game season regulations adopted by the Commission in January of 2022.

In addition, the prices of the resident and nonresident application fees for limited big game licenses have been updated based on adjustments to the Denver-Aurora-Lakewood Consumer Price Index, as adopted by the Commission in November 2021.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing [dnr\\_cpw\\_planning@state.co.us](mailto:dnr_cpw_planning@state.co.us) or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

**The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.**

**EFFECTIVE DATE – THE REGULATIONS HEREIN SHALL BECOME EFFECTIVE MAY 1, 2022 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED OR SUPERSEDED.**
