Basis and Purpose:

Increasing the daily park pass fee

In 2021 as a part of SB21-249, the Commission was given the authority to raise park fees annually by any amount deemed appropriate. Over the last couple of years, all of the parks have continued to see high visitor usage. Due to the higher visitor usage, the daily park pass fee has been increased to match the high use daily parks pass fee of \$10.00 for all state parks.

Modification to the Centennial pass

CPW offers the Centennial Pass for state parks to income eligible individuals. To qualify previously, a Colorado resident was required to have an income at or below the federal poverty guidelines and provide a federal or state tax return as documentation, or sign an affidavit stating that their income was at a level that did not require them to file taxes. To serve income eligible individuals better, the program has been expanded to Colorado residents who are enrolled in any one of several specified programs for low-income households.

Removing Panorama Point, at Golden Gate Canyon State Park from the designated event facility list

Golden Gate Canyon offers a couple of event facilities for event reservations including Panorama Point. Panorama Point, however, is different from other, more traditional, event facilities on state parks in that it serves as a trailhead and viewpoint and cannot be completely closed to use by the public for those with reservations. The increase in visitation over the last few years has created challenges to “securing” this area as an event facility. Trying to “reserve” an area that is still open to the public and accommodate trail users has resulted in the displacement of other users and user conflicts. Removing the “event facility” designation at Panorama Point and no longer holding special events at that location will better accommodate the majority of users, reduce user conflict, and alleviate the current administrative burden associated with scheduling these events at the park.

Non-motor vehicle individual annual pass

The Parks and Wildlife Commission adopted regulations creating the non-motor vehicle individual annual pass at the September 2022 commission meeting. Regulations have been adopted to give discounted camping rates to those residents over 64 years of age with a non-motor vehicle individual annual pass. Regulations have also been adopted for the replacement of a lost or stolen non-motor vehicle individual annual pass.

Updating retail agent commission rates according to inflationary increase in license prices

Previously adopted regulations set the retail agent commission at 4.75% of the license fee, except for those commissions that are fixed, as described below. Statutorily, the Commission may set these rates wherever feasible. Historically, the year-to-year Consumer Price Index (CPI) change has been used as a guideline for setting these rates. However, in 2019 CPW proposed fixed commission rates for different types of licenses (6.7% for fishing/small game, and 3.6% for nonresident big game). The fixed rates approved in 2019 yield the following retail agent commissions for the 2023 license year:

Division Product Type	2022	2022	2023	2023
-----------------------	------	------	------	------

	Actual Price	Commission	Actual Price	Commission
