Thank you Jenna Celmer & Basecamp Outdoors for bringing us together!

Basecamp Outdoors hosted a happy hour for outdoor industry leaders, entrepreneurs, community members, and policy makers at Fajl Ravn.

Basecamp is an online community connecting individuals in the outdoor, active lifestyle, and action sports industries.

Founded by Ali Carr, Basecamp started as a core group of 200 creatives, writers, public relations folks, and marketers in the outdoor industry in 2017.

Since then, companies and brands in the outdoor industry have hired hundreds of Basecampers and we've connected thousands of candidates with the best outdoor opportunities around the globe.
