

FINAL REGULATIONS - CHAPTER W-2 - BIG GAME

ARTICLE I - GENERAL PROVISIONS

#206 - APPLICATIONS AND DRAWINGS FOR LIMITED LICENSES

- A. Exceeding of Quota: The Division shall only exceed the number of licenses authorized by the Commission:
1. If there is proof of Division error in the application for or issuance of a limited license, provided that the director or his designee determines there will be no detrimental impact to the subject wildlife population.
 2. To issue licenses to hunters with mobility impairments or United States Armed Services Wounded Warrior hunters, who qualify for such licenses in accordance with regulation #206(B)(4)(g) or #206(B)(4)(h), provided there is no detrimental impact to the established herd population and sex ratio objectives. For each of these two programs:
 - no more than 100 limited antlerless deer, 100 limited doe pronghorn, and 200 limited antlerless elk licenses may be issued each year.
 - no more than 100 total antlered or either-sex licenses for deer or elk and buck pronghorn licenses in the aggregate may be issued each year.Provided further, that limited license numbers for wildlife ranching properties cannot exceed the levels established by the Division and the landowner on the Ranching for Wildlife Seasons Form.
- B. Application and Drawing Provisions and Restrictions:
1. General Provisions and Restrictions
 - a. Number of Applications: No person may submit more than one application per year for the regular drawing process for a limited license for any big game species, or more than one application per year for a leftover limited license draw for any species.
 - b. Additional Choice Applications: Any additional choice on any application must be for the same species as the first choice.
 - c. Valid Applications: Only complete and correct application forms will be accepted. Any forms involved in a violation of (a) or (b) above will be considered to be incorrect. Any incorrect application by one member of a group will invalidate the entire application.
 - d. To be eligible for any big game license draw an individual must have first purchased either a veterans lifetime resident combination license, a first responder lifetime resident combination license, an annual small game license, an annual small game/fishing combination license, an annual senior small game/fishing combination license, a senior lifetime fishing upgrade to an annual combination small game/fishing combination license, or an annual spring turkey license valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply.
 1. To be eligible for the Secondary Draw, an individual must have first purchased either an annual fall turkey license valid for the same license

year as the big game license for which they are applying or any one of the licenses listed in #206.B.1.d. valid for the same license year as the big game license for which they are applying. Individuals that do not hold one of these qualifying licenses may not apply for the Secondary Draw.

- e. Group Applications: Group applications are accepted for the regular drawing for all species except moose and desert bighorn sheep, with no limit on the number of applicants per group except as follows:

Bighorn Sheep	2 applicant maximum
Mountain Goat	2 applicant maximum

Provided further that residents and nonresidents may not apply for the sheep or mountain goat on same group application.

- f. Ranching for Wildlife: Non-residents are not eligible to apply for public Ranching for Wildlife licenses for any big game species.
- g. Bighorn Sheep Access Program: Non-residents are not eligible to apply for public Bighorn Sheep Access Program licenses.

2. Restrictions by Species

- a. Bighorn Sheep: Any person who harvests a Rocky Mountain bighorn sheep ram, one-half (½) curl or larger, except one taken on a Division auction or raffle license or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for, or participate in the drawing for a Rocky Mountain bighorn sheep ram license for the five years following the year in which the harvest occurred. During this five-year period a person may apply for a ewe license, but if unsuccessful will not receive preference points or chances. Any person who harvests a desert bighorn sheep, shall never again be eligible to apply for or participate in a desert bighorn sheep license drawing.
- b. Mountain Goat: Any person who harvests a mountain goat, except one taken on an auction or raffle license, a special goat management license, or a license issued in accordance with regulation #271 or #272, shall not be eligible to apply for or participate in the drawing for a mountain goat license for the five years following the year in which the harvest occurred.
- c. Moose: Any person who harvests an antlered moose, except one taken on an auction or raffle license, or a license issued in accordance with regulation #271 or #272 shall never again be eligible to apply for or participate in an antlered or either-sex moose license drawing.

3. Application Submittal

- a. Applications for limited licenses will be accepted only by methods (on-line or by phone) provided by the Division.
- b. Application submittal shall include a non-refundable application fee for residents and nonresidents in accordance to the fee structure in Chapter W-0 Appendix F.

- c. Applications for the regular drawing must be submitted appropriately no later than 8:00 PM Mountain Time on the first Tuesday in April. Applications not submitted by this deadline are void.

4. Preference Systems

Note: see also §33-4-103, C.R.S.

a. Landowner Preference: General Provisions

1. Preference for hunting licenses under the Landowner Preference Program shall only be given to eligible landowners who apply using the Landowner registration form(s) provided by the division. Only complete and correct registration forms will be accepted. Except for the carryover registration provided in § 33-4-103(2)(c), C.R.S., registration in the Landowner Preference Program is valid for 5 years. All landowners shall re-register their properties every 5 years (or on or before July 1, 2016 for carryover registrations) to continue participation, if desired, in the Landowner Preference Program.
2. As a condition of registration and participation in the Landowner Preference Program, landowners shall provide and maintain accurate ownership information with the division for all lands registered in the Program. During the statutory period of carryover registration provided in §33-4-103(2)(c), C.R.S., and any five-year registration period, landowners shall notify the division of any changes to required registration information in writing within 30 days.
3. Landowner preference is species specific and available only in units that are totally limited for all rifle licenses for deer, elk or pronghorn and vouchers will be allocated to eligible landowners by unit, species, sex and season. In units where vouchers remain after the initial allocation, eligible landowners may apply for the unused vouchers and shall pay \$25 for each reallocated female (antlerless/doe) and \$40 for each either-sex or male (antlered/buck) voucher. Unsuccessful applicants will receive a refund check.
4. Vouchers not otherwise allocated to landowners as part of the Landowner Preference Program shall be made available as licenses to the general public in the remaining limited licenses draws or sales.
5. All landowners and hunters participating in the Landowner Preference Program shall file reports using the forms provided by the division. Reports must be complete and correct, and submitted to the Division by within 30 days after the close of the season.
6. Landowners and their registered properties may be audited for compliance with eligibility requirements of the Landowner Preference Program during any carryover or 5-year registration period. Notice of any noncompliance will be provided in writing to the landowner and the landowner shall have 30 days to resolve the noncompliance or withdraw the property from the Landowner Preference Program.

b. Landowner Preference: Voucher Requirements and Restrictions

1. Vouchers shall only be transferred by the landowner or the landowner's land manager, if any, directly to an individual to be used by that individual for the purchase of a license. Landowners may only designate one land manager for all lands registered in the Landowner Preference Program in any one unit.
2. The transfer of any voucher must include permission to access and hunt all lands in the unit registered in the Landowner Preference Program for the entire season for which the voucher was awarded. Such access shall be allowed without discrimination between hunters accessing the property, and without restriction other than manner of access restrictions (foot, horseback, vehicular) that are reasonably necessary to prevent damage to property.
3. The transfer of a voucher by any person other than the landowner or the landowner's land manager to any person other than an individual for purchase of a license is prohibited. Violation of this prohibition shall void the voucher and any license purchased with it.
4. No person shall broker a voucher on behalf of any landowner or person, or use or possess any brokered voucher. Violation of this prohibition shall void the voucher and any license purchased with it.

c. Landowner Preference: Disqualification

1. Landowners, or the landowner's land manager, who fail to comply with any requirements of the Landowner Preference Program, may be disqualified from participation in the Program from one to five years. Disqualification of a joint or co-owner of property registered with the Landowner Preference Program shall disqualify all other joint or co-owners of the registered properties from participation in the Program.
2. Disqualification of a landowner from the Landowner Preference Program shall invalidate all preference points associated with property registered by the landowner in the Program.
3. Any landowner, or the landowner's land manager, that has been disqualified from the Landowner Preference Program shall not register properties, apply for vouchers or acquire or use any vouchers during the term of disqualification. Landowners that have been disqualified from participation in the Landowner Preference Program shall be required to re-register at the end of their period of disqualification and prior to further participation, if desired, in the Program.
4. Any other person that fails to comply with any requirements of the Landowner Preference Program may also be disqualified from participation in the Landowner Preference Program from one to five years. Any person disqualified shall not participate in the Landowner Preference Program in any manner, including, but not limited to, as a landowner, as a landowner's land manager, enrolling properties in any name, submitting applications for vouchers, receiving vouchers, transferring vouchers, redeeming vouchers or using licenses obtained with vouchers.
5. Any person convicted of a violation of the Landowner Preference Program will be given notice in writing of their possible disqualification

from the Landowner Preference Program and the opportunity to appear and show cause why they should not be disqualified from participation in the Program. Any such disqualification hearing shall be held in the Denver office of the division, or at another location acceptable to the division. Notice of any resulting disqualification shall be sent to the person by certified mail, return receipt requested.

- d. Youth Preference - a minimum of 15 percent of the number of the limited doe pronghorn licenses, limited either-sex and antlerless deer licenses and limited antlerless elk licenses established for each GMU shall be made available for purchase by qualified youth applicants. Licenses shall be available through application and computer selection from the Division headquarters, 6060 Broadway, Denver, CO 80216. Licenses not allocated to youth shall be made available to the general public in the remaining drawings.
 - 1. Any eligible hunter, ages 12-17 is entitled to youth hunt preference for all seasons and methods of take for the license types listed in the preceding paragraph, except that public, non-youth only Ranching for Wildlife and Air Force Academy licenses shall not be included in this preference. The applicant must submit an individual application for the desired, eligible license on forms provided by the Division. Group applications will not be accepted for youth preference. Where more than one (1) hunt code choice is shown on the application, all hunt codes must be youth preference-eligible hunt codes or youth-only hunt codes.
 - 2. Youth preference will be set at 50% for all antlerless deer licenses in GMUs 54, 55, 66, 67, and 551.
 - 3. Youth preference will be set at 50% for licenses issued under hunt code DF006P5R.

- e. Youth Outreach Hunting Licenses – The Director may make additional youth outreach program deer, elk and pronghorn licenses available to qualified organizations sponsoring youth hunting activities.
 - 1. There will be no more than 300 elk licenses (50 antlered or either-sex, 250 antlerless), no more than 200 deer licenses (50 antlered or either-sex, 150 antlerless) and no more than 200 pronghorn licenses (30 buck or either-sex, 170 doe) issued annually under this subsection.
 - 2. Licenses in game management units with at least one hunt code requiring 6 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection unless the request is for a hunt exclusively on private land.
 - 3. Licenses are issued on a first come, first served basis to qualified organizations. No more than 10 licenses may be issued per event to any single requesting organization.
 - 4. Requested dates for hunting events must occur between August 15 and January 31 each year.
 - 5. Organizations who wish to request a Youth Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter

Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.

6. Licenses are limited to youth hunters 12 to 17 years of age.
- f. Novice Adult Outreach Hunting Licenses – The Director may make additional novice adult outreach program deer, elk and pronghorn licenses available to qualified organizations sponsoring novice adult hunting activities.
1. For the purpose of these regulations a novice adult hunter is defined as a Colorado resident 18 years of age or older, who has either: no big game license purchase history, only held a big game hunting license(s) in the current or previous year, or has no big game license purchase history in the previous five years.
 2. There will be no more than 300 elk licenses (50 antlered or either-sex, 250 antlerless), no more than 200 deer licenses (50 antlered or either-sex, 150 antlerless) and no more than 200 pronghorn licenses (30 buck or either-sex, 170 doe) issued annually under this subsection.
 3. Licenses in game management units with at least one hunt code requiring 6 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection unless the request is for a hunt exclusively on private land.
 4. Licenses are issued on a first come, first served basis to qualified organizations. No more than 10 licenses may be issued per event to any single requesting organization.
 5. Requested dates for hunting events must occur between August 15 and January 31 each year.
 6. Organizations who wish to request a Novice Adult Hunter Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
- g. Hunting Licenses for Hunters with Mobility Impairments - The Director may make certain deer, elk, and pronghorn licenses available to qualified hunters with mobility impairments.
1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.
 2. Applications for antlerless deer and elk and doe pronghorn licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the Division, Limited License Office, 6060 Broadway, Denver, Colorado, 80216. Applications for antlered deer and elk and pronghorn buck licenses for

hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons.

3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. For the 2001 seasons and thereafter, once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in #250, #257, and #262 of these regulations. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.
5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.
6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify as mobility-impaired in instances where an organization assisting hunters with mobility impairments has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.
7. Hunting licenses for hunters with mobility impairments will be valid only for the season dates and any units included in the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.
- h. Wounded Warrior Hunting Licenses - The Director may make certain deer, elk, and pronghorn licenses available to qualified participants in any United States Armed Services Wounded Warrior programs.

1. Applicants must be members of the United States Armed Forces, who are residents of, or stationed in, Colorado returning from post-September 11, 2001 overseas contingency operations who have been so severely injured during combat, including combat-related support activities, that they will require years of intense, ongoing care or assistance. Additionally, applicants must be members of a United States Armed Services Wounded Warrior program, as defined in 33-4-102(1.9) C.R.S., and must be assigned to a military medical treatment facility at the time of application for this program.
2. Applications shall contain a statement from a licensed medical doctor certifying the applicant's eligibility under the criteria in 1 above. Additional documentation may be required if necessary to establish the applicant's eligibility under this program.
3. Applications for antlerless deer and elk and doe pronghorn licenses shall be made on the form available from the Division, Limited License Office, 6060 Broadway, Denver, Colorado. Applications for antlered deer and elk and pronghorn buck licenses shall be made on the form available from the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons. Licenses issued under this program shall be issued as free licenses.
4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in 250, 257, and 262 of these regulations. Licenses issued for military installations will be exempted from these minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.
5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. Licenses issued for military installations will be exempted from these preference point and minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.
6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify under this program in instances where an organization assisting Wounded Warrior hunters has

coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.

7. Wounded Warrior hunting licenses will be valid only for the season dates and any units included in the authorized hunt code. Wounded Warrior hunting licenses may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.
- i. Dream Hunt Hunting Licenses – The Director may make available additional deer, elk, pronghorn, mountain lion and black bear licenses to individuals qualified under this subsection.
1. Applicants for Dream Hunt licenses must be at least 12 and under 22 years of age, and must have a terminal illness or a life-threatening disease or injury.
 2. A request for a Dream Hunt license must be made, in writing, by a sponsoring organization, documenting the individual's life-threatening or terminal condition, desired, hunt experience, desired location, time frame and logistical considerations. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
 3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.
 4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.
- j. Preference Points and Chances
1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:
 - a. Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued manually, all accumulated preference points for that species become void. No preference points are required for purchasing a returned license placed on the leftover list. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and

bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by a three-year rolling average for the previous three limited license draws with a one year lag. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.

- b. Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for rocky mountain bighorn sheep, mountain goat or moose the applicant will be awarded one (1) weighted preference point to be used in future drawings for that species. Applicants with at least three (3) preference points or any number of weighted preference points will be given weighted preference during the license drawings for each applicable species. Weighted preference is calculated by converting the applicant's original application number into a new random application number, then dividing that random application number by the number of weighted preference points the applicant currently has for that species plus one. The resulting number is the applicant's final and only application number. Final application numbers are sorted from lowest number to highest number, with licenses awarded to applicants starting on the top of the list (lowest number), working down the list until no licenses for that species remain. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.
- c. In addition to the application fee, found in Chapter W-0 Appendix F, a resident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or a resident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$50 fee to receive a preference point or weighted preference point. In addition to the application fee, found in Chapter W-0 Appendix F, a nonresident applicant who is unsuccessful on their first choice (except youth as defined by 33-4-117 C.R.S.), or a nonresident who applies using a first choice hunt code established for the purpose of accumulating a preference point or weighted preference point only, for moose, Rocky Mountain bighorn sheep, or mountain goat will be assessed a \$100 fee to receive a preference point or weighted preference point. The fee, per species, shall entitle the hunter to preference points or weighted preference points for any unsuccessful first choice moose, Rocky Mountain bighorn sheep, or mountain goat application in that year. If the applicant chooses to not pay the preference point fee, the applicant will not receive a preference point or weighted preference point for that application.

- d. Applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.
- e. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any regular limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given the option to apply for a leftover drawing.
- c. Unsuccessful applicants will be notified of their accumulated preference points on their on-line account.
- d. Nonresident hunter drawing limitations (first choice applications only)
 - 1. Nonresidents hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process. These drawing limitations do not apply to the issuance of Bighorn Sheep Access Program (BSAP) licenses.
 - 2. Unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than ~~35~~25% of available deer, elk, bear and pronghorn licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer, elk, bear and pronghorn licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing as calculated using a rolling three-year average for the previous three limited license draws with a one year lag. These drawing limitations do not apply to the issuance of Private Land Only and Ranching for Wildlife licenses.

6. Secondary Draw, Leftover Licenses, Drawing Provisions and Restrictions

- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued through a secondary drawing process if the number of remaining licenses is sufficient to justify the administrative cost, except the following licenses will not be issued through a secondary drawing process:
 - 1. Any license that required five (5) or more resident preference points to draw as determined by the current year's limited license draw unless the license cannot be manually reissued to one of the first five (5) people on the regular draw list prior to the opening of the secondary drawing application period, and
 - 2. Public Ranching for Wildlife licenses.
- b. Any eligible hunter, ages 12 – 17 shall receive preference for the secondary draw for elk, deer, pronghorn and bear licenses.
- c. There is no landowner preference for the secondary draw.
- d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
- e. Group applications are not accepted for the secondary draw.
- f. Applicants for the secondary draw must apply on-line or over the phone following the regular drawing.
- g. Secondary draw applications must be submitted no later than 8:00 PM Mountain Time the last business day in June. Applications not submitted by this deadline are void.
- h. Secondary draw applications not submitted by 8:00 PM Mountain Time the last business day in June will become void.
- i. Except for Ranching for Wildlife licenses, any licenses remaining after the secondary draw, will be placed on the leftover license list and will become available through the standard over-the-counter leftover process. For information regarding the availability of leftover Ranching for Wildlife licenses available on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

#207 - SEASON PARTICIPATION

- A. A person may hunt in only one hunting season per license year for each big game species regardless of the method of hunting used, except in accordance with regulations #207B, #207C, or in #205, when the purchase of more than one license per species is authorized or when the animal taken is not counted against an annual bag limit.
- B. Except on Ranching for Wildlife properties and in GMUs 61, 62 and 512, youths ages 12-17 may participate in any open regularly scheduled antlerless rifle elk or antlerless rifle or Season Choice deer hunt starting after the last day of the season listed on their original license, in the same DAU and for the same species listed on their original license, provided they possess an unfilled limited antlerless or either-sex elk or antlerless deer license originally valid in that same DAU from a

season which has already been completed, comply with applicable regulations for the specific open regularly scheduled antlerless rifle hunt in which they participate, and are accompanied by a mentor if under 16 years of age. A mentor must be at least 18 years of age and comply with hunter education requirements. The mentor may not hunt except in units and in seasons for which they possess a valid license. Youths with an unfilled either-sex elk license who wish to hunt in any subsequent antlerless rifle season within the same DAU may do so provided that they must bring their license to the Division and have it converted to an antlerless license for the appropriate species prior to hunting. In GMUs 61 and 62, youth hunters may participate in the extended youth seasons as provided and restricted herein, except youth are further restricted to hunting in the same GMU where their original license was valid.

- C. Youths ages 12-17 may participate in any December or January pronghorn doe season in the state, provided they possess an unfilled limited pronghorn doe or either-sex license from a season which has already been completed for any other unit and comply with applicable regulations for the specific hunt in which they participate. Youths with unfilled either-sex pronghorn limited licenses who wish to hunt in the late youth pronghorn doe hunt may do so provided that they bring their license to the Division and have it converted to a doe pronghorn license prior to hunting.
- D. Any license marked or stamped for a season and unit, or portions thereof, is valid only as marked on the license.
- E. A person may only purchase an over the counter bear license for the archery or muzzleloader bear season (hunt codes listed in #237.A.2 and #238.A.2) if they also possess a deer or elk license for the same manner of take and an overlapping game management unit listed on that bear license. A person may hunt bear with an over the counter archery or muzzleloader bear license during any regular archery or muzzleloader deer or elk season west of I-25 or in unit 140, only if they also possess a deer or elk license (filled or unfilled) valid any day of the regular archery or muzzleloader deer or elk seasons. The person may hunt bear in any unit(s) for which their bear license is valid. If the deer or elk license is a Private Land Only license, use of the bear license is restricted to private land as well.
- F. Any person may take coyotes with an unfilled big game license in the same unit and season and by the same manner of take.

ARTICLE V – BLACK BEAR

#236 - BAITING

- A. It shall be unlawful to hunt black bear over bait as prohibited in §33-4-101.3, C.R.S.

#237 - ARCHERY BLACK BEAR SEASONS – ONLY LAWFUL HAND-HELD BOWS MAY BE USED TO HUNT OR TAKE BLACK BEAR DURING THIS SEASON.

#240 - VACANT

#241 - SPECIAL RESTRICTIONS

- A. No person shall hunt, take or harass a bear in its den.
- B. No cubs shall be killed nor shall any black bear accompanied by one (1) or more cubs be killed. As used herein a "cub" shall mean any black bear less than one (1) year of age.
- C. Inspection and Seal Required.
 - 1. Black bear taken by licensed hunters shall be personally presented to the Division or other official designated by the Division for inspection and sealing within 5 working days after the taking thereof. Bear heads and hides must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads and hides as necessary for thawing sufficient to extract a premolar tooth. No fee shall be required for the inspection and issuance of a legal possession seal, which shall remain attached to the hide until such hide is tanned.
 - 2. Black bears shall not be transported, shipped or otherwise taken out of Colorado until the hide and skull are inspected and sealed by authorized personnel of the Division. Possession of any bear hide not having a seal attached within the 5 working days shall be unlawful and such hide shall become the property of the State.
 - 3. Inspection and sealing shall be arranged by contacting the Division Officer or the Division office.
 - 4. A mandatory check report shall be completed at the time of inspection.
 - 5. At the time of the mandatory check, the Division shall be authorized to extract and retain a premolar tooth.
- D. Individuals taking black bear under authority of §33-3-106(3) shall report the bear within five (5) days after the taking thereof as required by said statute and the carcass, hide and other parts of the bear shall remain the property of the state.

#251-#253 - VACANT

ARTICLE IX - ELK

#254 - ANTLER POINT RESTRICTIONS BY UNIT - ELK

- A. All antlered elk taken in the following game management units during any established season, including archery, muzzle-loading rifle or rifle seasons, shall have four (4) or more points or a brow tine on one antler: GMU's 3, 4, 5, 6, 7, 8, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 23, 24, 25, 26, 27, 28, 30, 31, 32, 33, 34, 35, 36, 37, 38, 41, 42, 43, 44, 45, 47, 52, 53, 54, 55, 59, 60, 62, 63, 64, 65, 66, 67, 68, 70, 71, 72, 73, 74, 75, 77, 78, 79 (except as referenced in 254.D), 80, 81, 82 (except as referenced in 254.D), 83, 85, 86, 131, 140, 161, 171, 181, 191, 211, 214, 231, 301, 361, 371, 411, 421, 441, 444, 471, 511, 521, 551, 581, 591, 681, 691, 711, 741, 751, 771, 851, and 861.
- B. There are no antler point restrictions for elk taken during any established season, including archery, muzzle-loading rifle or rifle seasons, in the following game management units: 1, 2, 10, 20, 29, 39, 40, 46, 48, 49, 50, 51, 56, 57, 58, 61, 69, 76, 84, 201, 391, 461, 481, 500, 501, 561, 591, 682, 791, or in any unit east of I-25 except 140.
- C. There are no antler point restrictions for elk on Wildlife Ranching properties during Wildlife Ranching seasons.
- D. There are no antler point restrictions for elk licenses issued for the following hunt codes: EF682P5R, EM682P5R, EM682P6R.

#257.5 - SPECIAL RESTRICTIONS

A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

B. Units 79 (south of Colo 112), 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.
3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to

4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

C. Units 80, 82, and 83 – San Luis Valley US Fish and Wildlife Refuge Permits

1. The United States Fish and Wildlife Service (USFWS) allows a maximum of five (5) elk hunters to access and hunt on the Alamosa (GMU 83) and Monte Vista (GMU 80) National Wildlife Refuges at any one time. This application and drawing process creates a hunter list for each season identifying the first five (5) hunters and the position of the others on the list. As elk are harvested, hunters from the list are given permits to hunt. To be eligible for an access permit, hunters must hold an elk license that is valid for the season and refuge for which they wish to apply. The following seasons are currently open to permitted hunting on each of these refuges:
 - a. Archery;
 - b. Muzzleloader;
 - c. First rifle;
 - d. Second rifle;
 - e. Third rifle;
 - f. Fourth rifle.
2. To be entered into the drawing, eligible hunters must email the following address starting the day after left-over license day: montevista.wildlife@state.co.us. Hunters will receive an automatic email response with a link to the Refuge Access Permit Application Form. Hunters must provide the following information to apply:
 - a. The hunter's name, phone number and email address. The email address of another person will be accepted as long as the hunter can be contacted directly via the phone number provided.
 - b. The hunter must have purchased a license that is valid for both the unit and the refuge prior to submitting the application.
 - c. The hunt code for the license with which they wish to hunt.
 - d. The hunter's customer identification number (CID).

Hunters will need to complete the Application Form and select the correct refuge for which their license is valid in order to be entered. Applications will be accepted for five days starting the day after the left-over license day. Permits for the refuges will be issued via email after a random drawing held under the direct supervision of the area wildlife manager and no later than August 25.
3. The Baca National Wildlife Refute (GMU 82) is open to hunters who have purchased a valid regular season public land elk license for GMU 82. Contact the Monte Vista office for refuge-specific rules and information.

#258 - Due to the severe winter of 2022 – 2023, the Commission reduced the duration of the second and third rifle seasons for over-the-counter bull elk licenses to five days if such licenses are used

in GMUs 3, 4, 5, 11, 12, 13, 14, 23, 24, 131, 211, 214, 231, 301 and 441 (“Severe Winter GMUs”). Specifically, if such licenses are used in the Severe Winter GMUs listed in the preceding sentence, the second rifle season is reduced from October 28 through November 5, 2023 to October 28 through November 1, 2023, and the third rifle season is reduced from November 11 through November 17, 2023 to November 11 through November 15, 2023. If such licenses are used outside the Severe Winter GMUs, the full season dates as specified in these rules apply. These limitations only apply to the 2023 season.

ARTICLE X - PRONGHORN

#261 - ARCHERY PRONGHORN SEASONS ONLY LAWFUL HAND HELD BOWS MAY BE USED TO HUNT OR TAKE PRONGHORN DURING THE FOLLOWING SEASONS:

E. Special Restrictions

1. All moose licensees shall complete and return a harvest questionnaire provided by the Division within 30 days after the close of their hunting season. Any moose licensee who does not complete and return the mandatory questionnaire as required shall not be considered for any future moose license.
2. All moose harvested through hunting shall be submitted for inspection to an employee of the Division on or before the 5th working day after the taking thereof. Any licensee who takes an antlered moose shall personally present the head, with antlers attached, to any Division office. Any licensee who takes an antlerless moose shall personally present a front incisor tooth or the entire head to any Division office. Moose heads must be unfrozen when presented for inspection. If not unfrozen, the Division may retain heads as necessary for thawing sufficient to extract the incisor teeth. A mandatory check report shall be completed at the time of inspection.
3. At the time of the mandatory check, the Division shall be authorized to extract and retain the incisor teeth.

Basis and Purpose:

Modification of bear, deer, elk, and pronghorn license distribution to an allocation of 75% for residents and 25% for nonresidents for non-high demand hunt codes

Currently, the license allocation system for bear, deer, elk and pronghorn licenses is 80% resident / 20% nonresident allocation for high-demand hunt codes and 65% resident / 35% nonresident allocation for all other hunt codes. After doing extensive outreach it is clear that resident hunters want to see a change to the way allocation is handled in the state by giving more preference to residents. Modifying the license allocation for non-high demand hunt codes to 75% resident / 25% nonresident allocation for deer, elk, pronghorn and bear will increase resident opportunity by 10% (~3,000 licenses).

Clean up to youth participation in late season pronghorn hunting

These regulations intend to clean up the requirements for youth participation in the late pronghorn doe seasons after the original licensed season has closed. They specifically require youth hunters to have unfilled limited doe or either-sex pronghorn licenses to participate in this option. These changes were made to align regulation with the approved Big Game Season structure for 2020-2024.

These regulations amend Chapter W-2 - Big Game - of the Parks and Wildlife Commission regulations and are necessary to properly manage big game populations in Colorado. They establish limited license numbers for deer, elk, pronghorn, moose, and black bear during seasons, which were adopted in January 2023; and include licenses for archery, muzzle loading, early, regular, plains, late rifle and private land only seasons with respect to each species. Limited license numbers are set for specific game management units or groups of units. Limited license numbers are established to maintain big game herds at or near long-term population objectives, and, in the case of antlered deer, antlered elk, buck pronghorn and moose they are also set to achieve sex ratio objectives. The herd objectives are intended to maintain healthy populations, provide a diversity of hunting opportunities for residents and nonresidents, allow and maintain public recreational opportunity, minimize or control local game damage situations on private land and provide opportunity for landowners to cooperatively manage wildlife with the Division through the Ranching for Wildlife program. These resulting limited license numbers take into account harvest estimates and hunter success rates, wildlife counts and surveys, as well as impacts of winter weather and predation on big game populations.

As is the case each year, this effort represents the culmination of numerous hours of work by various Division employees involved in the accumulation and analysis of data and a great deal of time spent with interested publics explaining both the recommendations and the rationale behind them. Further information regarding specific highlights of these annual changes are provided below.

Severe Winter Zone

The most notable changes in the 2023 recommendations are related to the severity and duration of the historic winter in the northwest corner of the state from Rangely to Steamboat Springs and to the Wyoming state line. In this severe winter zone, the winter at lower elevations where mule deer, elk, and pronghorn winter was the worst in at least 70 years because of deep, long-lasting low elevation snowpack. This includes surpassing the historic 1983-1984 winter in the severe winter zone. Snow storms began at the end of October, continued through the entire winter, and persisted relentlessly until April.

Thankfully, CPW has excellent information from both local staff and GPS-collared elk and mule deer with which to make licensing decisions. Mule deer have much lower than average survival but are doing better compared to elk and pronghorn. Adult elk and winter calf survival rates are the lowest we've ever documented and below what we previously thought possible. Pronghorn fared the worst with mortality starting in December and January. Therefore, CPW is recommending unprecedented license reductions within this severe winter zone to account for high mortality rates experienced by mule deer, elk, and pronghorn. These substantial reductions should allow herds to recover as quickly as possible.

- In the severe winter zone, male and either-sex deer license recommendations are reduced by 5,000 (-48%) combined in D-2 (Bears Ears), D-6 (Rangely), and D-7 (White River). Female licenses are reduced by 2,900 (-94%) combined and to the minimum of 10 licenses per hunt code in D-2 (Bears Ears) and D-7 (White River).
- In the severe winter zone, antlerless elk license recommendations are reduced in E-2 (Bears Ears) by 5,600 (-89%) with all public cow hunts reduced to the minimum of 10 licenses per hunt code. For E-6 (White River) we're recommending a reduction of 8,700 (-63%) antlerless licenses. For E-21 (Rangely) the reduction is 400 (-60%) antlerless licenses.
- The Commission also reduced the duration of the second and third rifle seasons for over-the-counter bull elk licenses to five days if such licenses are used in the severe winter zone. The second rifle season is reduced from October 28 through November 5, 2023 to October 28 through November 1, 2023, and the third rifle season is reduced from November 11 through November 17, 2023 to November 11 through November 15, 2023. If such licenses are used outside the severe winter GMUs, the full season dates apply.
- In the severe winter zone, pronghorn male and female license quotas are reduced to the minimum of 10 per hunt code. Male licenses are reduced by 1,100 (-74%) and female licenses are reduced by 700 (-83%) combined for all DAUs. Affected DAUs include PH-9 (Great Divide), PH-10 (Maybell), PH-11 (Sand Wash), and PH-34 (Axial Basin).
- A minimum of 10 licenses per hunt code is necessary to populate statutory and regulatory license bins such as Landowner Preference Program (20% or 25% of total quota), youth license quotas (15% of all female license quotas), and nonresident license allocations.

This winter demonstrates why CPW sets license quota recommendations annually, and as late as possible in the spring to best use the biological information we collect. As winter conditions persisted throughout March in the severe winter zone, we reduced license quotas 3 times, the last of which was April 10th. CPW maintained weekly meetings to evaluate snow conditions and real-time survival rates of GPS-collared animals. CPW issued press releases signaling to applicants the severity of the winter and that license reductions were expected to be greater than 40%.

Unlike quotas, it is not possible to set season dates and hunt codes later in the spring because hunters are applying for licenses throughout March and until the early April application deadline. Seasons and hunt codes are presented as draft to the PWC in November and approved final by the PWC in January before the full scope of winter is realized. Final hunt codes are presented to the public again in the big game brochure, which goes to print at the end of January prior to the application period opening.

The Rest of Colorado

The winter of 2022-2023 was above average in severity on the entire Western Slope. For the remainder of the Western Slope, outside of the severe winter zone, survival rates of GPS-collared elk, mule deer, pronghorn, and moose are either average or only slightly below average. East of the continental divide conditions and survival are average. For the rest of Colorado, outside of the severe winter zone, it is

business as usual with license recommendations intended to manage those herds to HMP population and sex ratio objectives, just like in any other year.

Deer

Approximately 226,000 hunters applied for Colorado deer licenses in 2023. The majority of deer hunting in Colorado is managed by limited licenses; the only exceptions are over-the-counter (OTC) white-tailed deer licenses available in the Southeast Region.

Statewide, CPW is recommending 89,400 deer licenses, which is 12,600 (-12%) fewer than last year. For all rifle seasons, we are recommending statewide total reductions of 4,500 (-9%) buck, 2,000 (-28%) either-sex, and 5,000 (-26%) antlerless licenses.

For the Northwest Region, we are recommending a reduction of 12,800 (-33%) deer licenses, which includes the severe winter zone.

Plains deer quota recommendations are slightly lower than last year with a total quota recommendation of 20,200 (-400, -2%).

Buck license recommendations were reduced in herds that are now within or below HMP sex ratio objective ranges (examples include D-8 State Bridge, D-9 Middle Park, D-13 Maroon Bells, D-40 Cimarron, and D-41 Logan Mountain).

Buck license recommendations were increased in herds that are above HMP sex ratio objectives. Examples include D-21 (West Elks), D-22 (Taylor River), D-25 (Powderhorn), and D-49 (Bijou Creek). In DAUs where CWD prevalence is greater than 5%, management actions were taken to reduce prevalence, including buck license increases for several herds (examples include D-3 North Park (9% prevalence), D-19 Uncompahgre Plateau (14% prevalence), D-23 La Sal (27% prevalence) and D-51 South Grand Mesa (9% prevalence)).

These recommendations keep regular season doe licenses at the minimum of 10 licenses per hunt code for all deer DAUs west of I-25 that are below population objective. In these below-objective herds, the majority of doe licenses are private-land-only licenses to address game damage. Private-land-only licenses and licenses with special restriction to address deer conflicts near towns make up over 80% of the doe licenses in below-objective herds.

Antlerless license reductions are recommended in herds that are within or below HMP population objective ranges (examples include D-2 Bears Ears, D-5 Table Lands, D-7 White River, D-9 Middle Park, D-28 Arkansas River, D-42 Rifle Creek, and D-45 Las Animas).

Antlerless license increases are recommended in herds that are within or above HMP population objective ranges (examples included D-8 State Bridge, D-17 Bailey, D-21 West Elk, and D-25 Powderhorn).

The statewide post-hunt 2022 deer population estimate is 392,000, down from 416,000 last year. The sum of statewide population objective ranges is 431,000-521,000 for all 54 deer herds combined. In 2022, 15 of 54 (28%) deer DAUs are within their population objective ranges. The statewide deer population has averaged 418,000 over the last 10 years. The decade prior to that was marked by significant declines in the some of the large westernmost herds in the state. Diverse habitat types and environmental conditions around the state create considerable geographic variability in population performance.

CPW annually monitors well over 1,000 GPS-collared mule deer in five Intensive Mule Deer Monitoring Areas to estimate survival. CPW also conducts post-hunt herd inventories, primarily with helicopters, to estimate the sex ratios of males/100 females and the age ratios of young/100 females. In addition to survival rates, these ratios are needed to estimate population size using population models. The Summary Tables include the number of animals classified and sex ratios by DAU, Region, and statewide. The average of sex ratio objectives for deer herds statewide is approximately 30 bucks/100 does. During the post-hunt herd inventories in 2022, CPW staff classified 87,000 deer and observed an average sex ratio of 30 bucks/100 does, which is up from 29 bucks/100 does in 2021. The statewide average observed age ratio from helicopter inventory was 60 fawns/100 does, the same as observed in 2021. Many deer herds are performing well and others are stable but at much lower population sizes than desired. CPW has concerns about declines in many deer populations; however, statewide post-hunt averages of 30 bucks/100 does and 60 fawns/100 does metrics are excellent and indicate that overall, deer herds are responding to management actions. Colorado remains a premier destination for deer hunters.

Elk

In 2023, approximately 247,000 hunters applied for Colorado limited elk licenses. All rifle antlerless, muzzleloader, first, fourth, and late season elk licenses are limited. Archery licenses and second and third rifle bull seasons in many GMUs are also limited.

Statewide, CPW is recommending 107,700 limited elk licenses, down 15,400 (-12%) licenses from last year.

The reduction is actually 18,800 licenses (3,450 greater) because of the new limited licenses in DAU E-14 (Grand Mesa). Archery hunting in E-14 was limited starting in 2023. Converting what were previously over-the-counter unlimited licenses to limited licenses results in an increase of 3,450 limited archery licenses, which masks the magnitude of the actual reduction in total limited licenses.

Continuing with a 19-year trend, antlerless elk license recommendations are reduced from last year by 16,400 (-25%) to 48,300. The statewide total for antlerless elk licenses is now 36% of what it was at its peak in 2004 of 132,500.

Antlerless license reductions are recommended in herds that are within or below HMP population objective ranges. Examples include E-8 (Troublesome), E-10 (Yellow Creek), E-13 (Williams Fork), and E-33 (Trinchera), and E-35 (Cimarron).

Antlerless license reductions are the result of a combination of mortality from the severe winter of 2022-2023, herds achieving HMP population objectives through antlerless harvest, low calf/cow ratios reducing population productivity, and increases in HMP population objective ranges.

The 2022 post-hunt estimate of 303,000 elk is slightly lower than the 309,000 elk estimated in 2021. The statewide population had been increasing for 7 years until 2022, an expected response to reductions in antlerless harvest. The sum of Colorado's post-hunt HMP population objective ranges for elk statewide is 252,000-306,000 for all 42 elk herds combined. The sum of statewide objective ranges is partially based on historic HMPs. Plans written before 2001 were written with outdated population models that underestimated elk numbers; as we update plans, we expect population objectives to change. Because season and license setting is designed to use antlerless harvest to bring elk populations to herd objectives, further reductions in antlerless licenses are anticipated in the future as more elk populations reach objectives or population objectives increase.

As we've intentionally reduced elk populations to achieve population objectives, hunters and outfitters increasingly have expressed concern that elk populations are becoming too low in some herds, despite the fact that 18 of 42 (43%) elk herds are above their current population objective ranges. Nonetheless, public perception of the desired number of elk in Colorado varies. CPW gives serious consideration to changing population objectives in herds as HMPs are updated and tries to balance public interests of landowners, local communities, public land management agencies, and hunters. Long-term experience with balancing these interests has informed CPW on the upper and lower social thresholds for elk population size in many herds, which benefits us greatly in herd management planning efforts. CPW monitors nearly 800 GPS-collared elk combined in 3 Research study areas (E-2 (Bears Ears), E-15 (Avalanche), and E-20 (Uncompahgre Plateau), 3 new Elk Monitoring Areas (Middle Park, Gunnison, and South Park) that were initiated this winter, and as part of numerous other projects.

The average of post-hunt sex ratio objectives in totally limited elk DAUs and expected sex ratios in over-the-counter DAUs for elk herds statewide is approximately 23 bulls/100 cows. In 2022, during the post-hunt herd inventories, CPW staff used primarily helicopter surveys to classify an incredible 110,000 elk and observed a statewide average sex ratio of 21 bulls/100 cows.

During these surveys over the past decade, CPW has documented declining calf/cow ratios in the southern half of the state. Northern Colorado historically has had higher calf ratios by about 10 calves/100 cows. In 2022, we observed an average of 40 calves/100 cows during post-hunt herd inventories, the same as 2021. Elk research and continued management changes are necessary since calf production remains low in many herds. Low calf ratios reduce the number of elk licenses CPW can issue. The 2023 reductions in antlerless licenses outside of the severe winter zone are consistent with annual reductions of the last 19 years because many herds are near the desired population size and some have lower calf ratios. Having a combination of units that are limited in all seasons and units with both limited and over-the-counter hunting seasons allows us to offer a wide range of hunting opportunities on the nation's largest elk population.

Pronghorn

In 2023, approximately 99,000 hunters applied for limited pronghorn licenses. The majority of pronghorn licenses are limited, with the notable exception of over-the-counter archery licenses available in 70% of GMUs.

Statewide, CPW is recommending 18,700 limited pronghorn licenses, down 3,500 (-16%) licenses from last year.

CPW is recommending reductions in both buck and doe licenses for 8 of 11 (73%) plains DAUs. These reductions are intended to manage populations toward their HMP objectives (examples include PH-1 Escarpment, PH-5 Haswell, PH-6 Hugo, PH-7 Thatcher, PH-13 Tobe).

Pronghorn license reductions are the result of a combination of mortality from the severe winter of 2022-2023, previously high licenses to intentionally reduce populations, increases in population objective ranges, and lower fawn/doe ratios due to drought reducing population productivity.

The estimated statewide post-hunt pronghorn population is 73,000, down from 78,000 in 2021. The sum of statewide population objective ranges for hunted pronghorn herds is 69,000-81,000 combined. Six of 29 (21%) pronghorn DAUs are within HMP population objective ranges.

Pronghorn are productive and will respond quickly when we receive better moisture. Colorado offers some excellent hunting for one of North America's most iconic animals.

Moose

In 2023, approximately 58,000 hunters applied for Colorado moose licenses.

We are continuing the trend of increasing license recommendations with a total of 644 limited moose licenses, an increase of 52 (+9%) from last year.

These recommendations include 268 (+17, +7%) bull and either-sex licenses and 376 (+35, +10%) antlerless licenses.

Antlerless moose license recommendations are designed to manage moose populations toward HMP population objectives and keep moose populations within the capability of their habitat. Additionally, antlerless licenses have considerably lower success rates than antlered licenses.

The estimated statewide 2022 post-hunt moose population is 3,500, the same as in 2021.

We now have moose hunting in 74 GMUs, up from 39 GMUs in 2013. We are fortunate our moose populations continue to do well because many other states are experiencing declines in moose. The growing number and distribution of moose in Colorado have resulted in greater hunting and viewing opportunities.

Black Bear

In 2023, CPW is recommending 20,100 limited licenses for all seasons and methods of take for black bear. This is 630 less than last year and represents a 3% decrease in limited licenses. In 2023, statewide harvest is projected to be about 1,600 bears with a statewide total mortality of approximately 2,150 bears. As in 2022, the availability of add-on OTC bear licenses in half of Colorado's 17 DAUs is expected to continue to help reach harvest objectives in those specific units.

Bear season structure changes implemented as part of the BGSS in 2020 were designed to remove unnecessary barriers to bear hunting whenever possible to achieve DAU harvest objectives, while still managing bear hunter crowding during the early seasons or in quality deer and elk units.

Current management objectives are to reduce bear populations in 9 DAUs and stabilize populations at present levels in the remaining 8 DAUs. These DAU objectives are what guided managers' selection between one of the two bear licensing strategies that are available to structure hunting opportunity under the 2020-2024 BGSS. Over-the-counter licenses will be available during archery, muzzleloader and concurrent rifle seasons in 9 DAUs (plus B-99 Eastern Plains), as well as all statewide PLO hunts.

License sales in 2022 appear to have stabilized at 2021 levels and are no longer increasing, following the large gains in hunter numbers seen since 2019 due to the non-resident fee reduction and availability of OTC bear licenses in many DAUs. Increased hunter numbers in DAUs identified in 2020 for the unlimited add-on license strategy have been successful in providing additional harvest towards management goals.

Conclusion

The 2023 big game license recommendations are based on substantial biological data in relation to herd management plans, and provide for an economically significant and diverse amount of big game hunting throughout Colorado. These recommendations and the associated OTC licenses provide the opportunity

for more than 300,000 hunters to enjoy the incredible big game resources of the State. They also represent thousands of hours of employees' collective efforts to conduct herd inventories, obtain harvest estimates, incorporate this information into predictive models, and finally to set limited license recommendations. I am pleased to present these recommendations as a testament to the incredible wildlife resources CPW manages for the enjoyment of the people of Colorado and its visitors.

The statements of basis and purpose for these regulations can be obtained from the Colorado Division of Parks and Wildlife, Office of the Regulations Manager by emailing dnr_cpw_planning@state.co.us or by visiting the Division of Parks and Wildlife headquarters at 6060 Broadway, Denver, CO, 80216.

The primary statutory authority for these regulations can be found in § 24-4-103, C.R.S., and the state Wildlife Act, §§ 33-1-101 to 33-6-209, C.R.S., specifically including, but not limited to: §§ 33-1-106, C.R.S.

EFFECTIVE DATE – THE REGULATIONS HEREIN SHALL BECOME EFFECTIVE JULY 1, 2023 AND SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL REPEALED, AMENDED, OR SUPERSEDED.

APPROVED AND ADOPTED BY THE PARKS AND WILDLIFE COMMISSION OF THE STATE OF COLORADO ON THIS 3RD DAY OF MAY, 2023.
