

Colorado Parks and Wildlife Commission
Resolution - 15-01
Regarding Colorado State Forest State Park

The Colorado Parks and Wildlife Commission hereby resolves to negotiate with the State Land Board in a very positive, affirmative, diplomatic, and considerate fashion to retain the existing State Forest State Park and all of its amenities, services, staff and facilities including taking in, as a part of the negotiations, the existing North Park Campground - formerly the KOA property, and incorporating it into our park system. The Commission's objective is to create and sustain an even better State Forest State Park as an end product of this negotiation.

Adopted September 11, 2015

Robert Bray, Chairman
