

2022 Spring Turkey Harvest Report

The post-season spring turkey harvest survey was conducted by phone and email. Approximately 25% of hunters with OTC licenses were randomly selected to participate in the spring survey, and 100% of limited license holders were selected to receive surveys. Hunters with either license that provided email addresses to CPW were given the opportunity to respond via an email survey. The survey successfully contacted 2,000 spring turkey license holders. It is estimated that nearly 20,202 hunters pursued spring turkeys in Colorado in the spring of 2022. The number of turkey hunters in Colorado, while a slight decrease from 2021, has increased by 250% since 1999.
